

Dutchess County Transportation Council

Public Notice

Federal Fiscal Year (FFY) 2017-2021 Transportation Improvement Program (TIP) Amendment # 17-04

October 3, 2017

The Dutchess County Transportation Council (DCTC) proposes an amendment to the [Federal Fiscal Year \(FFY\) 2017-2021 Transportation Improvement Program \(TIP\)](#): the five-year capital program that assigns federal funds to transportation projects located in Dutchess County. The Transportation Council periodically updates the TIP to add new projects, remove existing projects, or change a project's cost, schedule, or scope. Significant changes are classified as amendments and require that the Transportation Council hold a 15-day public comment period prior to action.

Amendment #17-04 addresses eleven federally funded transportation projects: seven transit, two highway, and two park-and-ride projects. The transit projects include the addition of a new project to support the expansion of bus services by Dutchess County Public Transit in the Poughkeepsie area, and the removal of six projects by the City of Poughkeepsie. For the two highway projects, NYSDOT is adding funds to a countywide traffic signal project and removing an Intelligent Transportation System (ITS) project on I-84. Lastly, Amendment #17-04 adds two new NYSDOT park-and-ride projects: one at the Taconic State Parkway/NYS Route 52 interchange in East Fishkill and a second along the I-84 corridor in southern Dutchess.

Please see the attached TIP project listing for more information.

Public Comments

This comment period provides the public with an opportunity to review and comment on the proposed changes. Comments should be sent in writing to the address below by **4:00 p.m. on Tuesday, October 17, 2017**. Comments may be made by standard mail or email.

Dutchess County Transportation Council

About the DCTC: Established in 1982, the DCTC serves as the designated Metropolitan Planning Organization (MPO) for Dutchess County. Federal law requires that all Urbanized Areas, U.S. Census defined metropolitan areas with over 50,000 people, be represented by a MPO, which is responsible for ensuring that Federal transportation dollars (highway and transit) are committed through a locally driven, comprehensive planning process. The DCTC includes representatives from local municipalities, the New York State Department of Transportation, and the Metropolitan Transportation Authority.
