Housing for Older Adults in Dutchess County

Adequate, affordable, and appropriate housing remains a critical concern for older adults in Dutchess County. The Dutchess County Office for the Aging has prepared this guide to provide basic information regarding available subsidized senior housing, low-income tax credit property, legal rights, and other information.

There are several forms of housing for senior citizens listed in this brochure:

Low Income Tax Credit Properties

Tax credit properties have fixed rents paid by the individual. Rent is determined by HUD (Housing and Urban Development) based on the median income for the county. Rent may go up or down according to that determination and is done on a yearly basis every April. Tax credit properties have maximum and minimum eligibility requirements. These incomes are calculated just prior to signing a lease on an apartment. If income rises or falls after that time, your qualification is unaffected.

Subsidized Housing

In this type of housing, the state and federal government supplements the rental paid by an individual. Generally, an individual pays 30% of his or her gross annual income and the state or federal government pays the balance of the rent. Rents are adjusted on an annual basis. Eligibility is determined by gross annual income.

Subsidized Housing covers several of the listings in this brochure including: Section 8 (you'll find more information about Section 8 on the following page), Section 236, Poughkeepsie and Beacon Housing Authorities, and U.S. Department of Agriculture Rural Development Properties.

Although they are not listed in this brochure, some established private apartment complexes in Dutchess County offer senior citizen discounts on rent. You can inquire with the individual complexes about these discounts.

For a general search of available housing throughout New York, visit

nyhousingsearch.gov

Section 8 Vouchers and Certificates 2024-2025

In addition to Section 8 housing, this program also includes vouchers and certificates which may be used to help pay a portion of the rent for qualified applicants in privately owned apartments. The landlord must be willing to comply with the program's requirements and the apartment must pass inspection. There are waiting lists for the Section 8 vouchers and certificates. Income guidelines and contacts are listed below.

Income Guidelines, April 2024 - March 2025

Maximum Gross Annual Income (GAI):

1 person - \$40,200

2 people - \$45,950

Lease Termination Rights for Senior Citizens

Senior citizens are given certain protections with respect to terminating apartment or other residential leases providing they are moving into certain specialized types of housing.

This law applies if the senior is relocating to an adult care facility, a residential health care facility (nursing home), low income housing, or senior citizen housing. It protects anyone age 62 or older, or anyone who will reach that age during the term of the lease agreement. It also covers the spouse of such persons, provided the two are living together.

There are some requirements. Written notice must be provided to the landlords which includes documentation of admission or pending admission to one of the covered facilities. The tenant must make the effective termination date no earlier than thirty days after the date on which the next rental payment is due.

The law also provides for penalties to landlords who do not comply. Anyone who interferes with the removal of property from the premises will be guilty of a misdemeanor, allowing for up to one year in jail and/or a one thousand dollar fine. Senior citizens may also terminate their lease or tenancy to move in with a family member upon certification by a physician that they are no longer able to live independently.

They also are allowed a three day "cooling off" period to cancel or rescind a lease or contract entered into for senior citizen housing and that they be given an opportunity to reinstate their original lease or rental agreement until midnight of the fifth business day after notification of terminating that lease or rental agreement.
