The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Dutchess County, New York for the first time for its Annual Budget for the fiscal year beginning January 1, 2014, and received the award for a third time for the 2016 Annual Budget.

In order to receive this award, Dutchess County was required to publish a budget document that meets program criteria as a policy document, operations guide, financial plan, and communications device.

Although the award is valid for the fiscal year in which it is awarded, we believe the 2017 Executive Budget document continues to successfully meet program requirements, and will be submitted to GFOA to determine its eligibility for another award.

## DUTCHESS COUNTY ADOPTED BUDGET

MARCUS J. MOLINARO

DUTCHESS COUNTY EXECUTIVE

### A BOLD VISION FOR DUTCHESS WORKING TOGETHER WITH COMMUNITY PARTNERS FOR COUNTY-WIDE SUCCESS

Over the past six years, we have transformed county government, reducing costs and maximizing efficiency. These efforts have resulted in the third consecutive property tax cut and a tax rate reduction. In 2017, we will continue our strategic focus on economic development, the criminal justice system, population health and prevention efforts. We welcome your feedback on the 2017 adopted budget, as we make Dutchess County stronger, safer, healthier, and kinder.

Experiencing the lowest unemployment rate in eight years, with over \$1.4 billion in large projects currently under construction or recently completed and \$1.8 billion in the planning or permitting stages, we are building a stronger Dutchess County, one that is fiscally secure and on a continued track of economic growth through targeted investment in business retention, tourism, arts and agriculture.

Dutchess County's unique and innovative model of restorative justice focuses on four key areas: prevention, intervention, diversion and transition. Additional resources will help to address identified issues that slow the criminal justice system to avoid incarceration, reduce recidivism, drive down costs for taxpayers and improve public safety.

The County is committed to prevention and population health, with the goal of becoming the Healthiest County in New York State. We are focused on education, awareness and prevention to combat drug abuse and addiction and are working with our community partners to establish a Stabilization Center reshaping and expanding mental health services.

As a community, we have made great strides to ThinkDIFFERENTLY. In 2017 we will expand on our success, joining with partners around the state to collaborate on new ideas to make this county, and other communities across New York, more accessible and inclusive for residents with all abilities. We are also advancing human rights, assisting our veterans and investing in our youth.

# STRONGER

## ECONOMIC DEVELOPMENT

### Focus on Job Growth, Business Attraction & Retention

Five of the primary economic development organizations in the county are now located in a one-stop shop. Combining the efforts of the Industrial Development Agency, the Local Development Corporation (LDC), the Workforce Investment Board, the Women's Enterprise Development Center, and the Assistant County Executive for Economic Development, the Think Dutchess Alliance for Business is implementing our county-wide economic development strategy. In 2016, Think Dutchess has participated in 11 trade shows, conferences, exhibitions and forums targeting the aviation, biopharmaceutical, data and manufacturing industries.

Our efforts are yielding success, with the unemployment rate continuing to drop to a 8-year low at 4%, and resident civilian labor force increasing by 1,200 jobs in 2016 over 2015. In the first quarter of 2016 alone, employment increased by 1,885 jobs. Throughout the year, more than \$3.2 billion in projects were under construction or planned/permitted, and the office and industrial vacancy rates in the county continue to be the lowest in the region.

Public Transit services are set to expand in 2017, with Sunday service for our most popular routes, and the addition of a new route in the Town of Poughkeepsie. The County is also planning to expand transit services into the City of Poughkeepsie mid-year following the City's discontinuation of bus services. These new services will greatly enhance transit options for county residents and visitors.

in economic  
development &  
tourism promotion*

## HUDSON VALLEY REGIONAL AIRPORT

Dutchess County is capitalizing on our own economic assets with the renaming and rebranding of the airport as the Hudson Valley Regional Airport. Through privatization of Fixed Based Operation Services, we have reduced the taxpayer subsidy for the airport by 77% since 2011.

We are driving progress with grant-funded physical improvements to the terminal building,

fire rescue enhancements and the water line connection project, which is well underway. One of the exciting opportunities is the new Aviation Maintenance Management Program, in partnership with Dutchess Community College, and the creation of a new Aviation Maintenance and Education Center at the airport for hands-on learning and job opportunities.

## RESTORATIVE JUSTICE

### Prevention, Intervention, Diversion, & Transition

The building of the Law Enforcement Center, and subsequently the Justice and Transition Center, will allow Dutchess County to move forward with our innovative model of Restorative Justice. The RESTART program, a cognitive behavioral training program currently underway in the jail facility, has shown significant success since it began in 2015. This effort will expand in 2017 with a \$1.8 million grant from the New York State Division of Criminal Justice Services to enhance the preparation of RESTART graduates and probationers for employment. This program will also ensure they receive the programs, training and therapies necessary to combat their criminal behavior and substance abuse after they are released.

We are improving the court system by continuing to provide arraignment defense 24 hours a day, seven days a week. The addition of prosecutors is aimed at accelerating the sentencing process to reduce the county jail population. The Public Defender's Office is now providing parole hearing defense to reduce jail days while decreasing assigned counsel expenses.

We have petitioned the New York State Office of Court Administration to establish a Veterans Treatment Court in Beacon in 2017 to assist veterans who become involved with the criminal justice system. Understanding the unique challenges veterans may be struggling with, the court project aims to divert veterans from the criminal justice system and into the programs and services where they can be better served. Additionally, veterans can connect with other veterans in the Peer-to-Peer Support Program.

## PUBLIC SAFETY

The County is improving law enforcement coordination and response in a number of areas. The Department of Emergency Response and the Sheriff's Office led an effort to develop an Active Threat/Active Shooter Educational Program to ensure timely interagency and interjurisdictional coordination among local, state and federal public safety agencies. To date, over 300 career and volunteer first responders have been trained.

The Dutchess County Sheriff's Office established a tactical training program for local law enforcement, including simulations to ensure local police are able to quickly and effectively mitigate threats.

Other safety initiatives included in the 2017 budget:

- Crisis Intervention Training (CIT) continues for law enforcement to recognize individuals in crisis and divert them from the criminal justice system, instead connecting them to services.
- Personal, GPS enabled devices to ensure safe return home for special needs individuals and seniors with Alzheimer's or dementia. Tracking and communication features can also support domestic violence victims.
- Continued training for residents in preparedness skills; over 500 residents have participated to date.

AFTER SCHOOL PROGRAM

## THE CHALLENGE:

### Enriching diets, creating jobs & enhancing health

Dutchess County looks at health as more than healthcare, we embrace the population health model, which considers a multitude of factors that influence health outcomes. One of those factors is prevention, and Dutchess County is an innovator in public health prevention strategies through our initiative to deliver microgreens, nutrient-dense seedlings of edible herbs and vegetables, to two of our most vulnerable populations — children and senior citizens — to bring about healthier outcomes. As part of this national grant awarded effort, ex-offenders who qualify can be placed in jobs and trained to grow these greens in local indoor gardens and vacant properties can be repurposed.

## STABILIZATION CENTER

### Diverting those in Crisis from the Criminal Justice System

The final piece to enhance the County's ability to intervene and divert people in crisis from our community emergency rooms and criminal justice system is the new Stabilization Center at 230 North Road, Poughkeepsie, which will be completed in the fourth quarter of 2016 and opened early in 2017. Law enforcement and our 24/7 mobile crisis team can utilize the center to provide those with behavioral health or substance abuse issues, the immediate help they need to de-escalate and plan for ongoing services. Through this new resource, their needs can be better met, without involvement in the criminal justice system or community emergency rooms. This county-sponsored endeavor is a collaborative effort with contributing partners: Mid-Hudson Regional Hospital, Hudson Valley Mental Health, Mid-Hudson Alcohol Recovery Center, Lexington Center for Recovery, Astor Children Services, Mental Health America of Dutchess County, Access: Supports for Living and PEOPLE, Inc.

# THINK DIFFERENTLY

In 2017, Dutchess County will continue to expand our ThinkDIFFERENTLY initiative throughout our county government, local communities and municipalities across New York State. The initiative has captured statewide attention with the New York State Association of Counties (NYSAC) unanimously passing a resolution to promote the ThinkDIFFERENTLY initiative in all 62 counties in the state. To date, more than 40 villages, towns, cities, and counties across New York have adopted resolutions to find ways to ThinkDIFFERENTLY.

We are building a statewide network to exchange ideas to make our communities more inclusive and accessible for people of all abilities. Our newly appointed Deputy Commissioner for Special Needs will foster and expand this network advocating for state and federal policy changes to ensure every individual has access to the resources they need to live life fully.

Dutchess County will continue our ThinkDIFFERENTLY efforts, including:

- Community Parks roundtable to coordinate efforts for greater recreational accessibility;
- ThinkDIFFERENTLY Summit to improve integration and coordination of service provision to the special needs community;
- County staff training in disability etiquette to enhance public interaction;
- Special Needs Parenting program to provide education and skill building for parents with mental and/or developmental disabilities;
- Day Care training to make providers more accessible for special needs children,
- Employment program with our partner agencies to provide opportunities; and
- Personal tracking and communication devices for improved personal safety for individuals with special needs.

## HUMAN RIGHTS

**Dutchess County's Human Rights Officer, in partnership with the newly appointed Human Rights Commission, will organize events for World Human Rights day and engage in a series of listening sessions throughout 2017 to learn about human rights issues facing the county. The group will work to transform the dialogue by fostering working relationships and strengthening the fabric of our community.**

## MAKING A DIFFERENCE

In 2017, we continue to focus on targeted prevention programs for youth:

### STRENGTHENING FAMILIES

This evidence-based family skills training program has been proven to significantly improve parenting skills, reduce problem behaviors, delinquency, alcohol and drug abuse in youth and improve social competencies and school performance. The six-week program employs a workshop setting where families share a meal and work towards improving family development.

### COMMUNITY SCHOOLING

In partnership with the Poughkeepsie City School District, Dutchess County's Department of Community and Family Services will work to address the needs of at risk youth by embedding services in local schools. Establishing the community schooling model will integrate academics and services, utilizing the school as a central hub of service provision.

### BETTER FOR FAMILIES

This State reform program is aimed at improving the Family Court system for youth by involving families earlier in the court process, using a multidisciplinary approach to achieve set goals. A team of partners works together to improve safety, permanence and wellbeing for children.

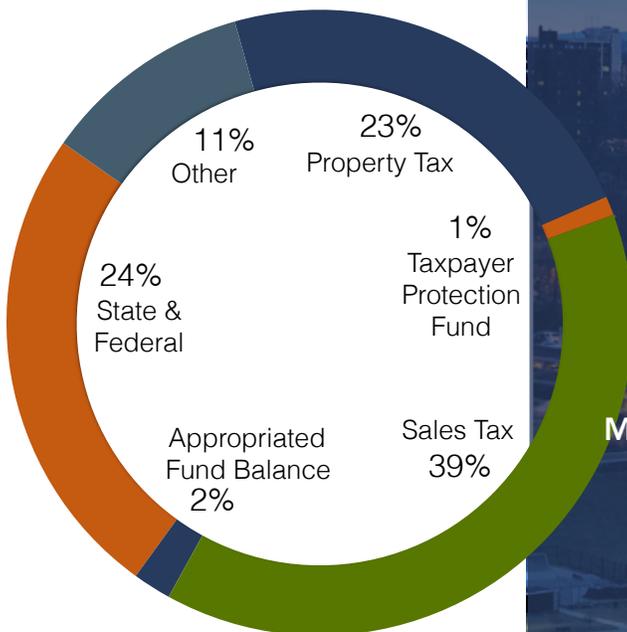

### YOUTH PROGRAMMING

The County will seek a vendor to offer a positive alternative and safe environment for youth at risk for juvenile justice involvement. The 2017 County Budget identifies \$100,000 through our needs assessment to provide at-risk youth with social activities and foster connections with adult mentors in a youth center setting.

# OPERATING REVENUE

## WHERE DOES THE MONEY COME FROM?

Funding Source	2016 Adopted Budget	2016 Modified Budget	2017 Adopted Budget
Property Tax Levy (NET)	\$105,644,908	\$105,644,908	\$105,470,935

# Distinctly DUTCHESSES

The tourism industry in Dutchess County continues to grow with visitor spending increasing to nearly \$530 million in 2015 and record attendance at many destinations so far in 2016. Industry employment is also on the rise from 9,283 jobs in 2014 to 9,914 jobs in 2015, driving up sales and hotel tax revenue for the county. The 2017 budget includes a \$1.3 million investment in Dutchess Tourism and the Arts, an increase of \$225,000 over the prior year.

These additional resources will be critical in expanding marketing, advertising and public relations efforts, including participation in major consumer shows, printed magazine advertisements and extensive international outreach. In 2017, Dutchess Tourism will partner with the County to promote events such as the Speed of Sound Festival, KFest and other popular events.

the 2017 Adopted  
County Budget  
please visit:

**DUTCHESSNY.GOV**

The 2017 budget includes a 10% increase in arts funding that supports 19 arts organizations across Dutchess County. This support not only ensures a lively arts scene across the county, but also provides \$19 million in direct economic impact and 700 area jobs. The arts attract 644,000 visitors annually, generating \$62 million in visitor spending.

Farm Fresh Dutchess expanded this year, working with Amtrak and Metro North to bring New York City visitors to Dutchess County to visit our farms, farm markets, craft beverage venues and our quaint towns and villages. Twelve farms and 10 food and beverage facilities were included in the tours that run from late August until early November.

Dutchess Tourism played a major role in a number of high-profile special events throughout the county in 2016 including: 2016 Special Olympics Winter Games, Dutchess Dragon Boat Race and Festival, Fireball Run television show, Walkway Marathon, Chamber of Commerce Balloon Festival, and many more!

# Dutchess County at a Glance

## History

---

Established in 1683 as one of New York's original twelve counties, Dutchess has played a pivotal role in American history. The County was home to the Continental Army's Fishkill Supply Depot and the second state capital at Poughkeepsie during and after the Revolutionary War, which hosted New York's debates on the Federal Constitution in June and July 1788. Throughout the 19<sup>th</sup> century, industry boomed in Dutchess with labor provided by continued immigration from Europe. Brick yards and textile mills thrived in Beacon and Poughkeepsie, while the Livingstons and Roosevelts managed lucrative shipping trades and farmed their huge estates along the Hudson River waterfront. Bolstering trade, Dutchess County became a major railroad transportation hub connecting New York City to Albany, Canada, and New England. These rail links fueled new manufacturing industries and expanded agricultural enterprises, including a thriving dairy industry that provided the Union Army's primary supply of condensed milk during the Civil War. In the twentieth century, the County rose to prominence as the birthplace of President Franklin Delano Roosevelt and as a test site for many of his New Deal projects. Following the Second World War, Dutchess joined the frontline of the computer age as the home of IBM. The County remains the lynchpin of the Hudson Valley corridor today and is home to a thriving variety of commercial, agricultural, and cultural endeavors that honor Dutchess County's deep historical roots.

## Location

---

Dutchess County is 825 square miles in the heart of the Hudson Valley, midway between New York City and Albany, New York State's capital. The western border includes 30 miles of Hudson River shoreline with Connecticut forming the eastern border. The character of the area is predominantly suburban and rural with two cities on the Hudson River.

## Government

---

Dutchess County's charter government was approved by the voters in 1967. The charter separates the government into two branches: executive and legislative. The County Executive, who is elected on a countywide basis to serve a four-year term, heads the executive branch. The County Executive is the chief executive officer and chief budgetary officer of the County and is responsible for preparing and submitting the annual operating budget to the County Legislature for approval. The Executive has veto power over nearly all legislative enactments, though his veto can be overridden by a two-thirds majority vote of the Legislature. The executive branch consists of all administrative departments. Department heads are appointed by the Executive; most are subject to confirmation by the Legislature.

The legislative branch consists of 25 legislators elected from single member districts for two-year terms. The 25 members represent 25 districts, meeting on the second Monday of each month. The legislature has the power to levy taxes, adopt the County budget, make appropriations, and adopt local laws subject to approval by the County Executive. It has standing committees and boards with citizen participation.

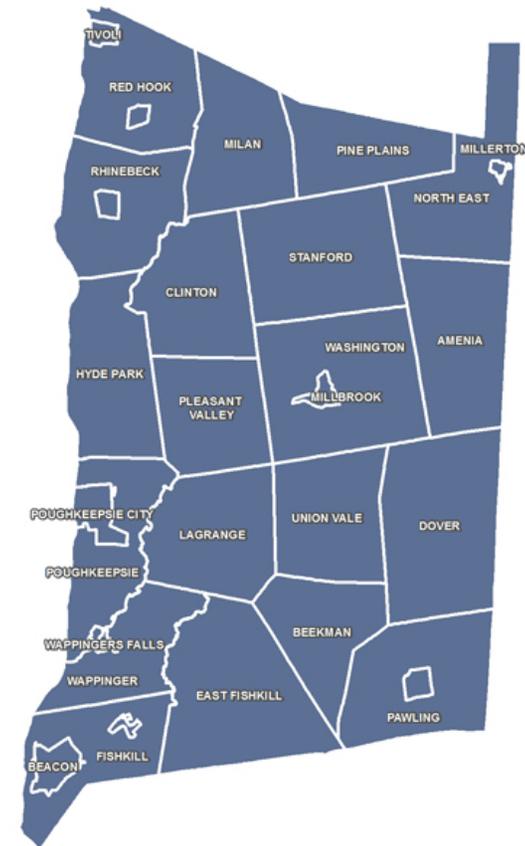

Other countywide elected officials include the County Clerk, County Comptroller, District Attorney, and Sheriff.

## Municipalities within Dutchess County

---

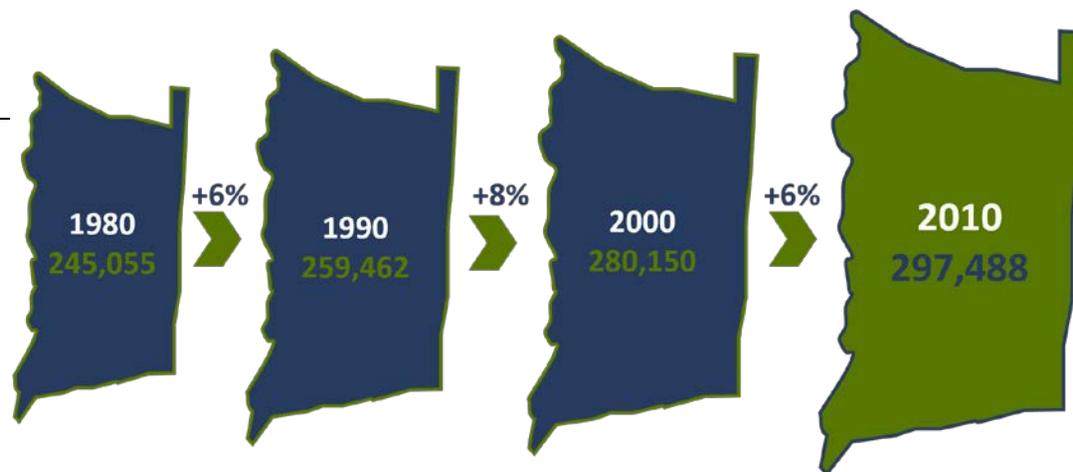

There are 2 cities, 20 towns and 8 villages within Dutchess County.

- Town of Amenia
- Town of Beekman
- Town of Clinton
- Town of Dover

## Population

Dutchess County has a population of 297,488 according to the 2010 United States Census. Following a boom in the 90s that resulted in an 8-percent population increase, Dutchess has experienced moderate growth and remains just below 300,000 residents. The population and land area by municipality is reflected in the following chart according to the 2010 Census.

## Towns & Municipalities

Municipality	Population	Land Area (Square Miles)	Municipality	Population	Land Area (Square Miles)
Amenia	4,436	43.67	Pine Plains	2,473	31.13

- NYS Dept of Transportation
- Taconic Developmental Services
- Vassar Brothers Medical Center
- Vassar College
- Wappingers School District

These economic engines have helped to maintain Dutchess County's high employment levels, with an average of 134,492 residents employed in 2015 according to the New York State Department of Labor. The historically low unemployment rate County-wide consistently trends below the average Statewide.

The 2014 American Community Survey estimated that Dutchess County is home to more than 106,898 households. The estimated median household income is \$72,471 and the median individual earnings were estimated to be \$40,525.

## Bond Rating

---

Dutchess County Government once again demonstrates a strong economy with a stable outlook, as confirmed by a rating from Standard and Poor's (S&P) Rating Services of a AA+ bond rating in June 2016. This AA+ rating indicates the County demonstrates a very strong capacity to meet financial commitments. Standard & Poors noted several strengths that led to the AA+ rating including the County's strong budgetary performance and fiscal management, low debt burden, increased fund balance and strong cash levels. With total indebtedness of \$118.8 million, Dutchess County is at only 4.86% of our \$2.1 billion constitutional debt limit. According to S&P, only 1 of the rated New York State (NYS) counties has a higher bond rating. S&P's review and rating provides an important measure of the county's fiscal condition and how we compare to other county governments nationwide. The following table indicates S&P Financial Service Rating of New York State Counties as of June 2016.

S&P	
Rating	Number of Counties*
AAA	1
<b>AA+</b>	<b>2</b>
AA	7
AA-	8
A+	7
A	3
A-	2
BBB+	0
BBB	1
BBB-	0

\*Note: S&P rates 31 of 57 New York State Counties excluding New York City.

## Culture, Recreation, and Higher Learning

---

Cultural resources flourish throughout Dutchess County, enriching and enhancing the community. From the iconic Bardavon 1869 Opera House, to Dia: Beacon, the Cunneen-Hackett Arts Center, and the Rhinebeck Performing Arts Center; arts and entertainment venues abound.

Historical landmarks are a ubiquitous part of the Dutchess County landscape. Countless visitors enjoy historic sites such as the home of Franklin D. Roosevelt, the Locust Grove Estate, the Mount Beacon Incline Railway, the Old Rhinebeck Aerodrome Museum, and the Vanderbilt Estate.

A variety of County parks including Bowdoin Park, Quiet Cove Riverfront Park, Dutchess Stadium (home to the Hudson Valley Renegades minor league baseball team), Wilcox Memorial Park, the Harlem Valley Rail Trail, and the William R. Steinhaus Dutchess Rail Trail, provide ideal recreational outlets for visitors and residents. The natural resources and beauty of the area is available for all residents and guests to enjoy through a network of over 70 trail systems totaling 300 miles. Many municipal and state parks dot the riverfront, perhaps the most noteworthy of which is the Walkway Over the Hudson State Historic Park in Poughkeepsie which is now connected to the WRS Dutchess Rail Trail. The Walkway has attracted over four million visitors from all 50 states and at least 42 countries since its opening in 2009.

Dutchess County is home to several esteemed institutions of higher learning including Dutchess Community College, Marist College, Vassar College, Bard College, and the Culinary Institute of America. The campuses of these schools create cultural hubs spurring economic development and vibrancy throughout the County.

## Mission, Vision, and Strategic Planning

### Mission Statement

---

The mission of Dutchess County Government is to provide quality, responsive services to residents, businesses, and visitors in a fiscally responsible manner while striving to preserve our heritage, promote economic development and enhance the quality of life for current and future generations.

### Vision

---

We envision a county that capitalizes on its history, its geography, and its diverse economy to create a broad range of opportunities for its residents in how they live, work, and play.

We envision a robust economy with a skilled workforce that attracts employers who seize opportunities presented by the County's unique advantages and provide jobs that create prosperity.

We envision a sustainable system of community health, public safety, assistance for our youth, families, seniors, and veterans, parks and recreation, and infrastructure, in which development and growth complement our natural resources and environment.

We envision a model community governed in an open and ethical manner, where great ideas are replicated and brought to scale, public input is sought, and municipalities and community partners work collaboratively with the County to attain shared goals.

### Core Principles

---

The below four key principles serve as the basis for all administrative budgetary allocation decisions and policies to affect the County's mission and vision:

- Focus- County government cannot be all things to all people, so we must prioritize, set aside personal or political agendas, confront challenges because we lead with less- delivering a smaller, smarter, and more successful government.

- Inclusion- The administration will engage stakeholders in decision making by empowering residents and other business, community and elected leaders to participate in a robust and civil discourse in order to mold consensus. Importantly, the administration will listen. Good ideas and great volunteers will always be embraced. We will seek to redefine democracy, and earn the trust and maintain the confidence of those who call our county home.
- Logic- Do what makes sense. A practical approach to problem solving that saves time, energy, and resources. The administration will conduct the necessary analysis, outline the viable options, establish expected outcomes, and make decisions supported by facts.
- Fairness- Compassion and civility in discourse is no weakness. The administration must be concerned with the individual while acting for the good of the whole community.

Overall, the administration will consider the economic benefit or impact of every decision and how those decisions when applied, affect our shared quality of life and the attainment of our vision.

## Strategic Planning & Building the Budget

---

County Executive Marcus J. Molinaro took office January 1, 2012, bringing to county government a host of ideas to transform the way government functions. During his Oath of Office Address, County Executive Molinaro posed two important questions:

*Who are we as a people? And how do we hope to live?*

The answers to these questions begin to define how this administration seeks to confront the many challenges facing Dutchess County Government.

The single most critical responsibility of the County Executive is the preparation and oversight of the county's annual operating budget. Responsible fiscal stewardship in a democracy requires clearly defined measurable expectations, thorough communication, continued education, and ongoing stakeholder involvement.

Dutchess County's most important assets are our people: the families, young people, seniors, veterans, business owners, farmers, and volunteers who call Dutchess home. It is vitally important we listen to each other and provide opportunities to identify needs, establish goals, and set priorities. We want a community engaged in a civil, robust dialogue answering the questions that confront us, and offering ideas and input so we have shared investment in the results of our decision making.

The annual decision making process begins in January; the executive team meets to develop a strategic plan to move forward the priorities for the new year. Meetings are held with Department Heads to review the prior year goals and outcomes as well as finalize the new year's goals and action plans outlined in the adopted budget.

The adopted budget identifies the annual appropriations necessary to achieve the department’s expectations for service delivery and planned performance outcomes in the next fiscal year; in short, it defines the resources for accomplishing the County’s established goals. This document is approved by the County Legislature and serves as the annual fiscal plan for the County. Throughout the year, the executive team and department heads are monitoring the budget and accomplishment of established goals while planning for the following year. In essence, the budget is the annual strategic plan for Dutchess County and is carefully crafted and closely monitored to ensure adherence.

In July and August, the planning process begins in earnest for the following year. A strategy is designed and goals are established then presented to the County Legislature in the form of the Executive Budget. The Legislature will review, make changes, and approve the budget as the Adopted County Budget. Once the budget takes effect in January, the executive team starts the process again. Throughout the year, the Budget Office and Executive’s Office continue to monitor and make adjustments to the plan.

## Strategic Goals

---

The budget document, as discussed above, reflects the annual implementation of the strategic plan of Dutchess County, and is developed within the context of the mission statement, vision, and following countywide strategic goals:

**Goal 1: Exemplary Stewardship of the Public Trust and Resources**

*Utilize core decision making principles to ensure the resources of county government are well protected and used efficiently to accomplish the mission and vision for Dutchess County.*

**Goal 2: Provide the Highest Possible Quality of Service**

*Balance the fiscal challenges with the need to provide an excellent level of vital services to residents.*

**Goal 3: Enhance and Maintain Exceptional Quality of Life in Dutchess County**

*Provide essential services, resources, and infrastructure needed to make Dutchess County a wonderful place to live, work and play.*

**Goal 4: Promote Public Safety and Well-being**

*Ensure that the committed efforts of the public safety partners continue to maintain and improve the safety and security of the people of Dutchess County.*

**Goal 5: Foster a Vibrant Economic Environment**

*Promote economic opportunity for all, by creating a business-friendly economic climate that produces stable and diverse economic resources.*

# Budget Overview

## Approach to Budgeting

---

The procedures outlining the required preparation, submission and adoption of the County budget are stipulated in Article 29 of the County’s Administrative Code. In addition to specific Administrative Code requirements, the County provides information to help the public and community stakeholders better understand the mission, goals and policies of the County within the context of an operational and financial plan. The Budget, “Budget in Brief,” authorized positions, and capital program, is designed with the following goals in mind:

Define Policy-	Provide a defined executive direction and general goals for the community including any significant policy initiatives or changes;
Financial Plan-	Provide information regarding the history of expenditures and revenues as well as current year funds, where the money is coming from, and what it will pay for. The budget also includes a five-year plan for capital expenditures and provides related debt information and data;
Operations Guide-	Provide direction for management to develop priorities and plans through the use of goals and objectives to establish performance expectations; and
Communications-	Provide a platform for communication to the public on the activities, policies and financial plan for county government in the coming year.

These goals are met through the production of all budget materials released collectively as the Executive’s Tentative Budget.

## Budget Documents

---

The Executive’s Adopted Budget is comprised of two main components:

1. Adopted Budget- includes the following sections: the “Budget in Brief,” County Overview, Fiscal summaries which provide summary fiscal information as well as the assumptions, details, policies and highlights for both appropriations and revenues, and the major cost areas of General Government Support, Education, Safety, Health, Transportation, Economic Assistance, Culture & Recreation, Community Services, Unallocated Fringe Benefits, and Debt Service. There are also sections detailing position information, the budget index and a glossary of terms. Each cost area within the sections includes a mission for the area and % of budget appropriations, table of contents, a description of

the functions of the department, key budgetary issues affecting the department, initiatives included in the budget, goals and workload measures, fiscal summary, programmatic organizational chart, summary position information and the line item detail of each department broken down to the lowest level of sub-department. The budget also provides two previous years of actual information as well as the current year adopted budget, modified budget, percentage of appropriations spent / revenue realized year-to-date, and the year-to-date expenses spent or revenue received. The budget year cycle includes three levels: “*Dept Request*” which is the departmental request for the budget year; “*Executive Recommend*” which is the Executive’s recommendation; and “*Adopted*” which reflects the Legislature’s adopted budget. The Tentative Budget only includes the Dept. Request and Executive Recommend levels. The Adopted budget includes the Adopted level. Comments are provided in the budget where greater explanation is necessary.

2. Capital Improvement Program- a five-year plan of capital projects necessary to maintain and improve the County’s assets and infrastructure. This plan provides schedules that detail the County’s current balances on previously authorized projects, a history of indebtedness levels as well as a history of debt service paid. It also provides a table of debt authorized and not yet issued as well as projected debt service associated with the proposed projects. Any funding sources are detailed as an offset to the project costs.

## Budget Document Format

---

### The Executive Budget-

The first section in the Executive Budget is the **Budget in Brief**. The Budget in Brief identifies key fiscal challenges for the County and how the County will deal with those challenges in the coming budget year. It also identifies the County Executive’s priorities, initiatives and policies, where the money comes from and where the money goes. It serves as a budget overview for residents that is easy to read and understand.

The second section is the **Overview**, which includes an introduction to Dutchess County, including information about population, land area, local economic data, history, our approach to budgeting, a detailed description of the Budget documents and format, timeline of the budget process, and ways to access the budget. It provides an outline explaining the basis of budgeting, maintenance and monitoring of the Budget, and organizational and financial structure of the County.

The third section is the **Fiscal Summaries** section. This section helps the user better understand the concepts of revenue and appropriations and details major areas of each, highlighting current trends and how projections are formulated. It also provides fiscal data and summaries to better understand the county’s annual budget as well as initiatives and direction for the new year.

The fourth through thirteenth sections provide detail on the major budget areas including: General Government Support, Education, Safety, Behavioral and Community Health, Transportation, Economic Assistance & Opportunity, Culture & Recreation, Community Services, Unallocated Fringe Benefits, and Debt Service. Each of these sections include multiple departments that fall under that budget category. The below information and budget detail is provided for each department:

- **Mission and % of Appropriations**
  - Describes each department’s mission and how much of total appropriations are spent in that area
- **Functions**
  - The functions provide an overview of each department.
- **Key Budgetary Issues**
  - Highlights any budgetary issues, projections or assumptions used to budget for the department.
- **Budget Year Initiatives**
  - Highlights new programs or significant changes to programs planned for implementation in the coming budget year.
- **Goals, objectives and indicators**
  - This table provides the key goals as well as the related performance indicators.
- **Fiscal Summary & Graphs**
  - Provides a Net to County analysis as well as a visual graphic representation of the department’s finances.
- **Organizational Structure**
  - Organization charts reflect the programmatic organizational structure rather than staff assignments.
- **Authorized Positions**
  - A summary of all the positions, grades, and costs for positions are listed for each department with positions.
- **Line-Item budget**
  - Appropriations by line and then revenues by account are presented for each department.

The fourteenth section provides **Supplemental Information** including a history of Full-Time Equivalent (FTE) positions by budget area. Also included are positions added, position restructuring (reclassified or reallocated), positions deleted in the budget year, and salary schedules.

The final sections are the **Index** which provides the page number for different departments within each area of the budget and finally a **Glossary** of budget terms.

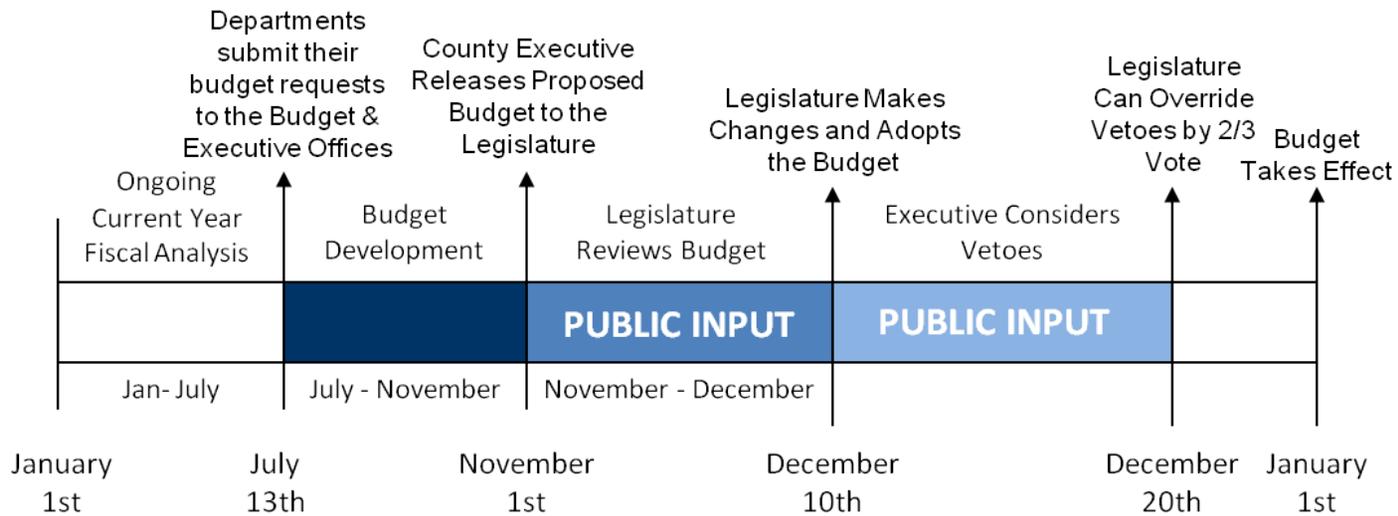

## The Capital Improvement Plan-

The first section is the *Introduction* which provides an overview of the capital planning process, information about debt service, impacts of the plan on the operating budget, and key highlights of the program. The *Summary* section provides a five-year overview of projects by cost area detailing the total cost and county cost by year for the five-year period. The third section, *Projects*, provides a detailed explanation of each project in the plan. The final section, titled

*Finances*, includes each project over the five years including anticipated funding sources associated with each project. It also includes a listing of all open capital projects and balances, capital expenditure trends and outlays, graphs representing total indebtedness and debt service, a list of debt authorized but unissued, and the debt service associated with the five-year capital plan projects.

## Budget Timeline

---

### January – July

- January 1<sup>st</sup> County fiscal year begins
- Tax bills sent to taxpayers
- Budget Office reviews State Budget impacts
- Budget Office monitors revenue and expense trends as well as economic indicators
- Unaudited financial statements submitted to State Comptroller and the County Legislature
- 1<sup>st</sup> Quarter & 2<sup>nd</sup> Quarter department reports are analyzed
- Current year fiscal update presented to the Legislature
- Budget Office trains departments in budget development

## July – November

- Departments submit operating budget requests
- County Executive Office and Budget Office meet with departments to review operating requests
- Audited financial statements submitted to the State Comptroller and the County Legislature
- County Executive Office and Budget Office develop policy and prepare recommendations for the Tentative Executive Budget
- Ongoing communications with Legislature regarding budget development
- Town hall forums and other community outreach events

## November – December

- By November 1<sup>st</sup> County Executive submits the Tentative Budget to the County Legislature
- Public Hearing Notice given five days before hearing- with hearing held no later than December 5<sup>th</sup>
- The County Legislature may strike or reduce items from the budget and add or increase items
- Property Tax Levy Cap Calculation submitted to the Office of the State Comptroller prior to budget adoption by the Legislature
- The County Legislature returns the Adopted Budget to the Executive with all Legislative changes by December 10<sup>th</sup>
- The County Executive may line item veto any change and return it to the Legislature by December 15<sup>th</sup>
- The County Legislature has until December 20<sup>th</sup> to override any vetoes with a 2/3 vote of the Legislature

## Budget Access

---

All budget documents are available on the County’s website at [www.dutchessny.gov](http://www.dutchessny.gov). All of the budget documents are also available for reference at the Adriance Memorial Library, 93 Market Street, Poughkeepsie, NY 12603.

To control costs, the Budget Office prints a limited number of budgets. Special requests for additional copies of the budget must be submitted in writing to:

Dutchess County Budget Office  
22 Market Street- 6<sup>th</sup> Floor  
Poughkeepsie, NY 12601

## Maintenance of the Budget and Monitoring

---

Throughout the year, the Budget Office and Executive Office monitor the budget, track changes and key indicators, variations in revenue and key appropriation areas, State and Federal Aid impacts, approve budget transfers and prepare budget adjustments for approval by the Legislature.

- **Monitoring the Budget-** Departments submit to the Budget Office a quarterly analysis of appropriations and revenues for their department, vacancy savings projections, and report any other issues impacting their operating and capital budgets, programs, or policies. The Budget Office reviews this analysis in the context of the County's full fiscal picture and makes adjustments as necessary. The Executive's Office closely monitors travel and training costs as well as purchasing throughout the year. Department Heads meet regularly with the Assistant County Executive and the Chief of Staff to provide status updates of specific strategic goals for both the administration of the department and the programs and policies as established at the beginning of the year. These updates include an action plan to accomplish the goal in the stated timeframe.
- **Tracking Changes-** The Budget Office tracks sales tax, mortgage tax, housing trends, utility costs and usage, unemployment, consumer price index, hotel and motel tax, off track betting revenue, and other key revenues and economic indicators. The State and Federal budgets, both on different fiscal years, are analyzed for specific county impact.
- **Budget Transfers-** Throughout the year, line item budget adjustments or modifications may be required within each functional area or unit of the adopted budget. When changes are made, the new changed budget is referred to as either the amended budget or the modified budget. Appropriation transfers can be made between classification of expenditures (ie: equipment, supplies, operation, personnel costs, etc.) and within each unit of the county. If a transfer is necessary between county functional areas or units, any unencumbered appropriation may be transferred with the approval of the County Legislature.
- **Budget Adjustments-** If, during any fiscal year, there is revenue available for appropriation that has been received from sources not anticipated in the budget for that year, or revenues received from anticipated sources but in excess of the budget estimates, the County Legislature may make supplemental appropriations for the year not to exceed, such additional revenues. To meet a public emergency affecting life, health or property, the County Legislature may make emergency appropriations. To the extent that there are no available unappropriated revenues to meet such appropriations, the County Legislature may adopt a resolution by 2/3 vote to appropriate all or any part of the appropriations in the general contingency fund for general county purposes.

If at any time during the fiscal year, it appears that the revenues available will be insufficient to meet the amounts appropriated, the County Executive shall report to the County Legislature without delay the estimated amount of the deficit, remedial action taken by him, and his recommendations as to further action. The County Legislature shall take such action as it deems necessary to prevent any deficit. For that purpose, it may, by resolution, reduce one or more appropriations; but no appropriation for debt service may be reduced, and no appropriation may be reduced by more than the unencumbered balance or below any amount required by law. The Legislature may also authorize borrowing temporarily pursuant to applicable law in an amount not greater than the projected deficit.

# Financial Policies

## Countywide Financial Policy

---

The County recognizes the importance of formalized financial policies to direct fiscally sound decision making. The following policies and practices provide a financial framework to support the long-term goals and mission of Dutchess County.

- To annually develop and maintain a balanced operating budget in which total appropriations are equal to total revenues. This goal shall be achieved through prudent financial planning, forecasting, and budgetary oversight and control.
- Avoid practices that balance current expenditures at the expense of future revenues.
- Seek out and maintain diversified revenue sources. When possible, rely on revenue that is sustainable and predictable, thus not impacted by changes in economic conditions.
- Effectively manage cash flow to adequately meet daily spending needs, while maximizing interest revenue on the investment of county cash balances.

## Debt Issuance and Management Policy

---

- Debt or long-term borrowing will be issued for the purpose of financing capital projects, and will not be used to finance current operations or normal maintenance.
- Debt service costs paid through the General Fund are not to exceed 10% of total General Fund revenue.
- Total general obligation debt at the end of the year shall not exceed the statutory limit of \$2.1 billion of the five-year average full valuation of taxable property in the County as required by the Local Finance Law.
- Debt issued will be repaid in a period not to exceed the expected useful life of the improvement or equipment financed by the borrowing.
- When appropriate, debt will be issued on an annual basis if cash flow requires it. If there is significant cash flow to finance upcoming capital projects and debt issuance and interest on debt is greater than interest received on the County's cash balances, cash should be used to temporarily fund capital projects.
- The County shall seek to maintain the highest possible credit rating to minimize the cost of borrowing.
- Types of debt issued include, but are not limited to: General Obligation Bonds, Bond Anticipation Notes, Installment Purchase Agreements, Special Obligation Bonds, Certificates of Participation, and Revenue Bonds.

## Fund Balance Management Policy

---

Fund Balance reflects the County's reserve, which can be used to address the needs of Dutchess County Government in the event of unanticipated and unavoidable occurrences, which would adversely affect the financial condition of the County, jeopardizing the continuation of necessary or mandated public services. The New York Office of the State Comptroller details the following Fund Balance Classifications:

Nonspendable – consists of assets that are inherently nonspendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale, and principal of endowments.

Restricted – consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations or other governments; or through constitutional provisions or enabling legislation.

Committed – consists of amounts that are subject to a purpose constraint imposed by a formal action of the government's highest level of decision-making authority before the end of the fiscal year, and that require the same level of formal action to remove the constraint.

Assigned – consists of amounts that are subject to a purpose constraint imposed by a formal action of the governments; such as through constitutional provisions or enabling legislation.

Unassigned – represents the residual classification for the government's general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting in overspending for specific purposes for which amounts had been restricted, committed, or assigned.

These classifications indicate the extent to which the County is bound to honor constraints on the specific purposes for which resources in a fund can be spent.

- The County will strive to maintain an undesignated general fund balance of 5-10% of net general fund revenue as a means of maintaining financial stability.
- To the extent that general fund undesignated fund balance exceeds 10%, funds will be used to provide property tax relief through offsetting current year operating expenses, or to pay down or avoid indebtedness.

## Capital Planning Strategies

---

- The County will review and adopt a five-year Capital Improvement Program on an annual basis to reflect the changing needs and priorities of the County.

- The Capital Improvement Program shall strive to respond to mandates or opportunities to promote greater efficiency, while controlling debt service costs and the impact on the County's operating budget.
- When possible, capital expenditures will be funded through pay-as-you-go programs and alternative financing mechanisms, such as State and Federal funds.

For more information about Capital Planning, see the Dutchess County 2017 Capital Improvement Program.

## Investment Policy

---

- County funds will be managed with fiscal responsibility and diligence. The primary objectives of investment activities, in priority order, shall be: safety of principal, liquidity, and yield.
- Pursuant to the County Charter and Administrative Code, the responsibility for administration of the investment program is delegated to the Commissioner of Finance through the County Executive.
- It is the policy of Dutchess County Government to diversify its deposits and investments by financial institution, by investment type, and by maturity scheduling.

## Multi-Year Financial Planning

---

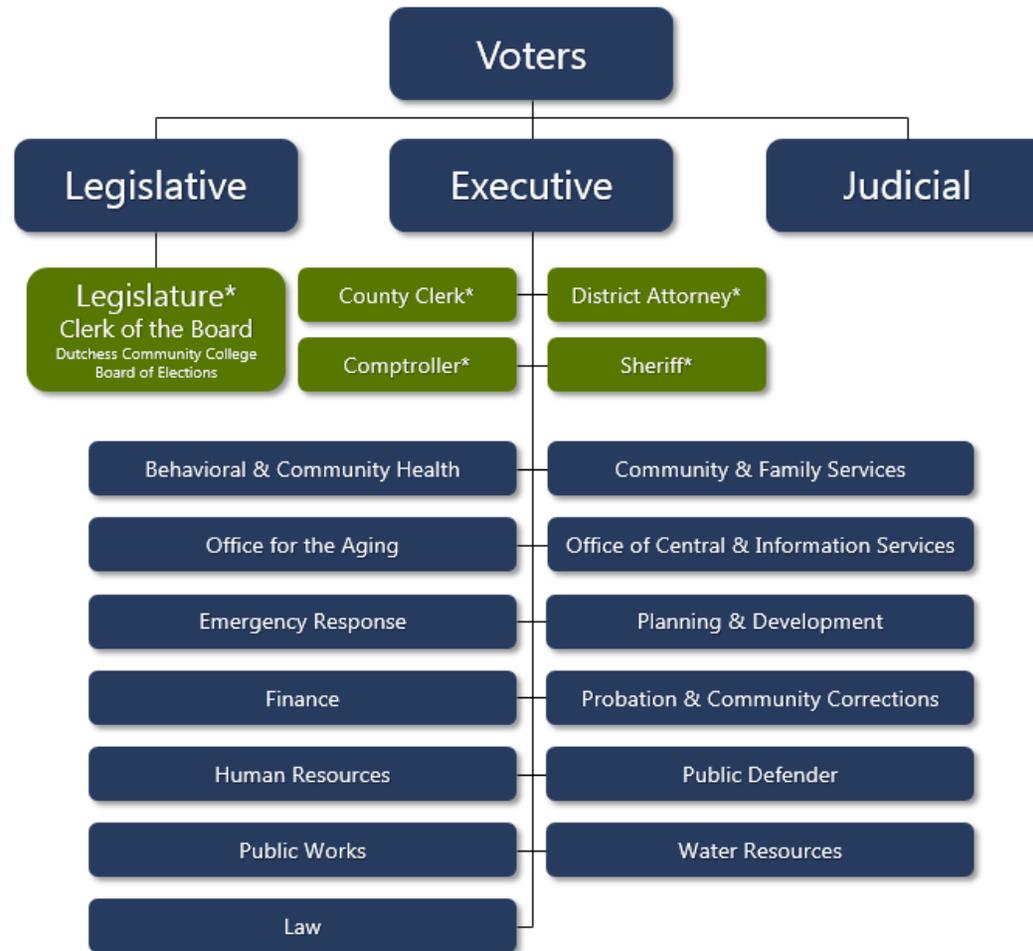

The Dutchess County economy is vibrant and ever changing. Long term financial planning must account for the complexity of the economic factors that impact forecasts for County revenues and expenditures in the coming years. The following multi-year financial goals drive decision making and fiscal policy.

- Maintain fund balance at the recommended 5-10% of total budget. Strong fund balance reserves help to protect against future unexpected exposures and promote a favorable credit rating which allows the County to benefit from low interest rates.
- Control the cost of government in Dutchess County. When possible, partner with local municipalities to identify areas where shared services can be employed to improve efficiency and thereby reduce the total cost to the taxpayer. The Municipal Innovation Grant Program provides financial incentives to improve collaboration between county and local governments through consolidation of services, regional service delivery, and elimination of duplicative layers of government ultimately producing smaller, smarter government that yields savings for taxpayers.
- Reduce dependence on economically sensitive revenue sources. Protect and stabilize County revenues by driving down reliance on sources of revenue that are most severely impacted by economic downturns.
- Maximize utilization of State and Federal funding opportunities.
- Continue to advocate for comprehensive State mandate relief. Actively support mandate reform to produce greater local autonomy from the State to more efficiently manage the county's finances and save taxpayer money.

- Negotiate labor agreements that are both fair to union employees and fair to taxpayers. Recognize that employees are County government’s most vital resource through fair and equitable compensation.
- Constantly seek out and eliminate duplicative services to improve efficiency and service delivery within county government.
- Minimize the reliance on one-year or non-recurring revenue to balance the budget.

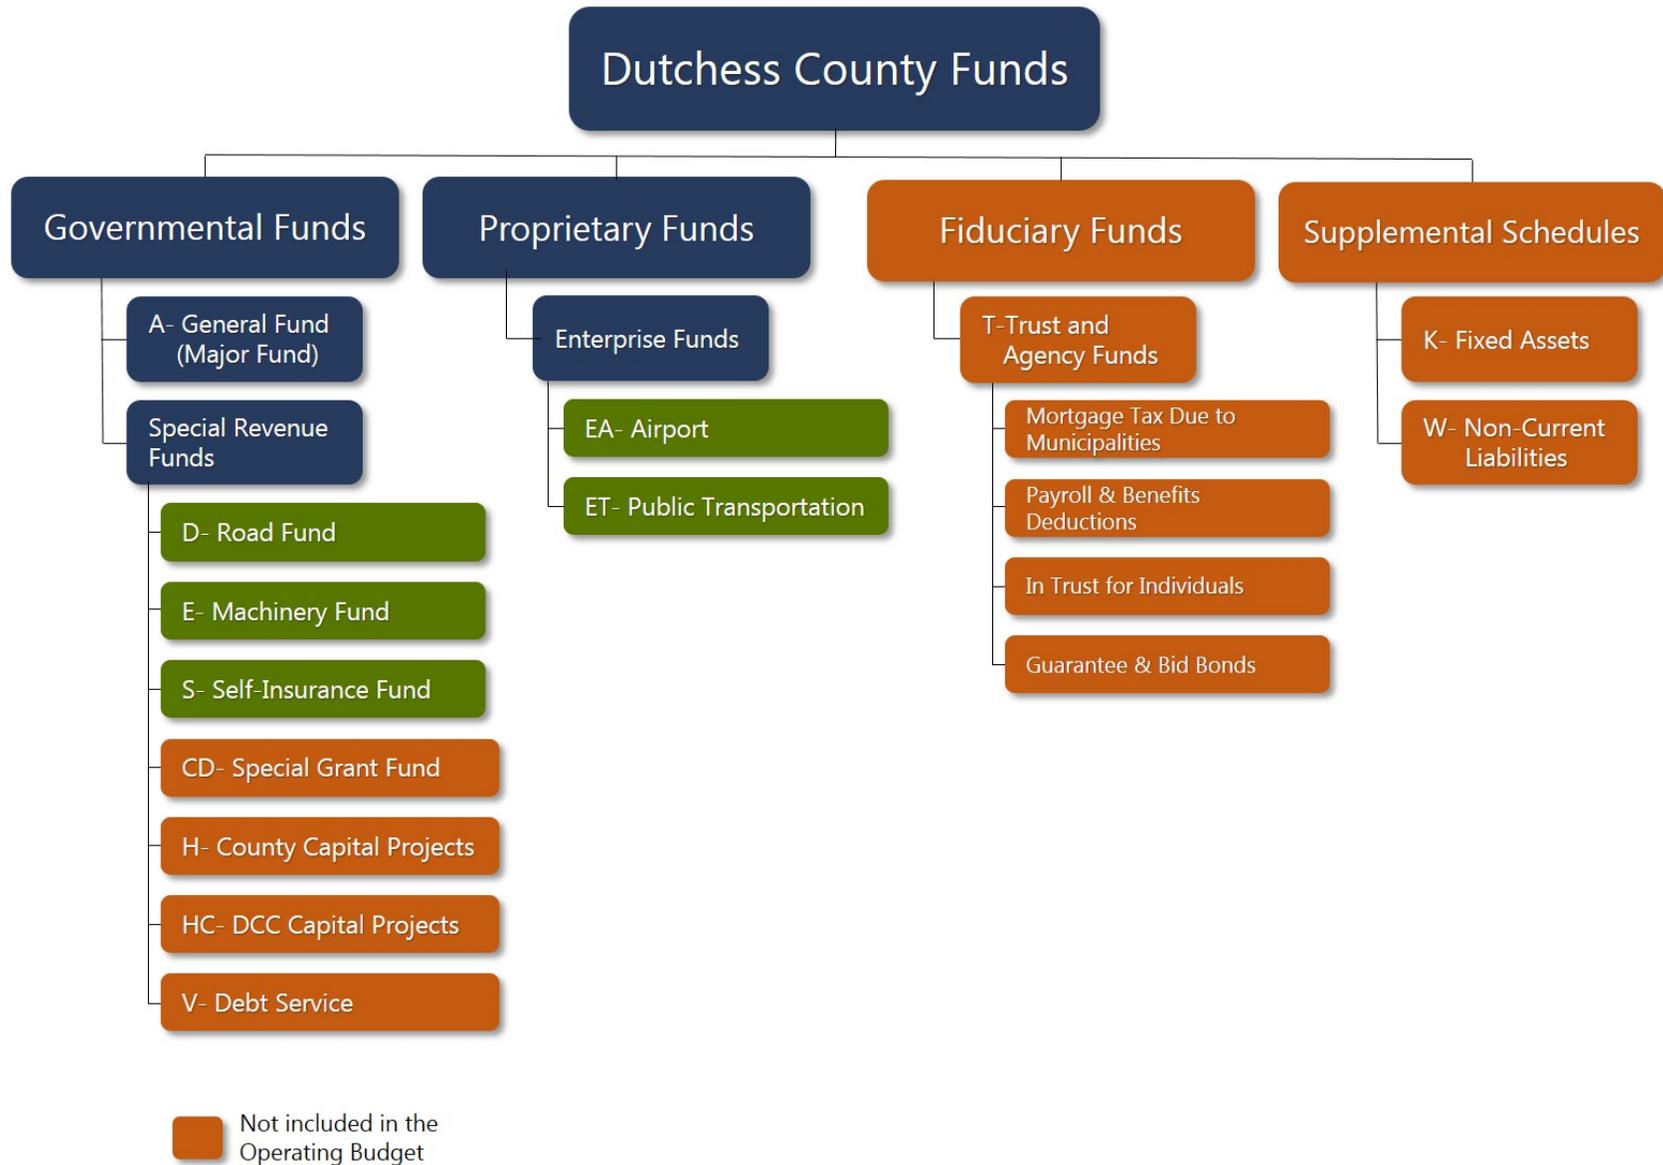

## Organization

---

\*Independently elected official

# Fund Structure

The County Budget and accounting system are organized in and function on a “fund basis”, the fiscal and accounting breakdown required in governmental accounting are shown above. The operations of each fund are separately budgeted and maintained throughout the year. The New York State Office of State Comptroller defines the funds as follows:

Governmental Funds:

- A- General Fund is the principal operating fund and includes all operations not required to be reported in a separate fund.
- D- Road Fund is required by Highway Law §114 and accounts for salaries and expenditures of the County Highway and Engineering Division including their administrative offices, maintenance of county roads and bridges, snow removal, plus construction and reconstruction of county roads not funded through the capital fund.
- E- Road Machinery Fund is required by Highway Law § 133 and accounts for purchases, repairs, and maintenance of highway machinery, tools and equipment; for construction, purchase and maintenance of buildings for the storage and repair of highway machinery and equipment; and for the purchase of materials and supplies to provide an adequate central stockpile for highway, snow removal, and bridge purposes.
- S- Self Insurance Fund accounts for insurance coverage when the governing body has decided to have a self-insurance program on an actuarial basis.
- CD- Special Grant Fund accounts for Federal and State grants for Community Development Block Grants, the Workforce Investment Act, and other fully funded programs.
- H & HC- Capital Project Funds account for the financial resources to be used for the acquisition or construction of capital facilities, other than those financed by enterprise funds, and equipment purchases financed in whole or in part from the proceeds of obligations. An individual capital project fund is established for each authorized project and for fiscal periods that correspond to the lives of the projects.
- V- Debt Service Fund accounts for the accumulation of resources for the payment of principal and interest on long-term debt. Debt Service Funds are not required unless segregation of resources is legally mandated. This includes:
  - Proceeds from the sale of property on which debt is outstanding;
  - State and Federal Aid received for a project on which debt is outstanding;
  - Interest earned on the proceeds of long-term debt which were not budgeted as a source of financing for the project;
  - Unexpended proceeds of long-term debt; and
  - Resources for a “Reserve for Payment on Bond Indebtedness” established pursuant to General Municipal Law § 6-h.

## Proprietary Funds:

EA & ET- Enterprise Funds are used to account for activities for which a fee is charged to external users for goods or services. Activities are required to be reported as an enterprise fund if any one of the following criteria are met:

- Where laws and regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges rather than with taxes of similar revenues; and/or
- The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

## Fiduciary Funds:

T- Trust and Agency Funds account for assets held by a government as an agent for individuals, private organizations or other governments and/or other funds. They also account for funds that are required to be held for members and beneficiaries of defined pension or other employee benefit plans. Additionally, they account for all other trust arrangements under which principal and income benefit individuals, private organizations or other governments.

The County operating budget includes the A, D, E, EA, ET, and S funds only.

Supplemental Schedule K- Accounts for capital assets of a government not accounted for through enterprise or trust in agency funds.

Supplemental Schedule W- Accounts for the unmatured general long-term debt and liabilities of a government, which is not recorded as a liability in another fund.

## Basis of Budgeting

---

The Dutchess County Budget is in accordance with Generally Accepted Accounting Principles (GAAP) using the modified accrual basis of accounting, as are our annual financial statements. Under the modified accrual basis, revenues are recognized when measurable and available to pay current obligations, and expenditures are recognized when the related obligation is incurred. For enhanced budgetary control, the Dutchess County Budget is administered using encumbrance accounting. An encumbrance account does not represent a GAAP expenditure and is only a commitment to expend resources.

<sup>1</sup>As of January 23, 2017.

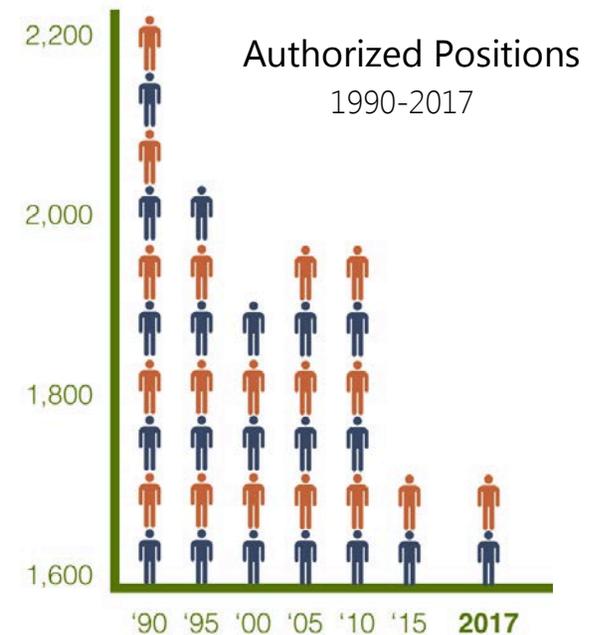

Dutchess County’s 2017 Adopted spending plan totals \$466.7 million, a slight decrease of (0.7%) compared to the 2016 modified budget, demonstrating our commitment to control spending, restructure, and transform county government. Significant areas of expenditure and initiatives are outlined below, along with an explanation of policy efforts to identify efficiencies and reduce costs.

## Workforce Costs

Workforce costs for 2017, including salaries and fringe benefits for all county employees, are 3% higher compared to the 2016 modified budget. This includes a net increase in full-time equivalent (FTE) positions of 18.93. Of the 18.93 FTE positions recommended, most are targeted for key programs which are significantly reimbursed or save costs in other related budget areas. An example of this is the addition of a prosecutor position in the District Attorney’s Office, who will be focused on reducing length of stay in the jail, saving higher back end costs. Another example is an Accountant being added in the Department of Public Works to maximize State and Federal Aid on the County’s capital projects. There are also 40 positions restructured in the 2017 budget to better accommodate the needs of county departments so they can continue to deliver core programs and services with a structure that is smaller, smarter, and more effective.

At 1,739.65 FTE positions in 2017, the County workforce is still lower than the 1,796 FTE the County employed over 30 years ago in 1984, and significantly lower than the 2,177.5 employed at its height in 1990.

The 2017 budget includes step increments and longevities for the CSEA and DCSEA unions as their current contracts expire at the end of 2016. The County is currently negotiating new contracts with both of these unions. Based on the new PBA contract for the period 2016-2019, the budget includes a cost of living increase (COLA) of 2%, longevities, and other adjustments. For the DSA bargaining unit, the budget includes a 2% COLA, longevities and merit award (same system as management and confidential, see below section), partially offset by a new contribution to health insurance based on their 2016-2019 union contract. The budget includes a 2.5% COLA for management, confidential and Board of Elections employees. A merit award was included for management and confidential employees based on their performance evaluations and a step equity percent was included for BOE employees, as they are not using the performance management system.

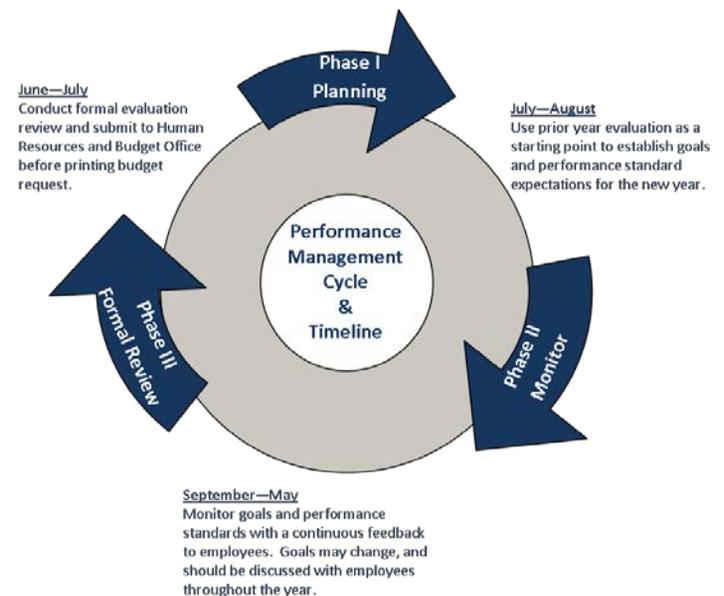

Fringe benefits for 2017 are increasing by \$3.8 million, due primarily to an increase in health insurance costs for employees and retirees, partially offset by a decrease in pension costs as the rates have declined slightly.

### *Performance Evaluation System for Management & Confidential Employees and DSA Employees*

Beginning in 2008-2009, as the economy declined, merit awards that had been given based on annual evaluations as defined in the Management and Confidential Plan were either limited or discontinued for this group of employees. Without the associated merit awards, most departments discontinued the evaluation process, or if they did do evaluations, there was no countywide standard. In 2015, County Executive Molinaro established a workgroup including both management and confidential employees from across County Government to revise the current annual evaluation and merit award program to a more logical, meaningful performance management system that is fair to both employees and taxpayers.

The goals of the workgroup were to focus on the redesign of the performance evaluation component of the management confidential plan so the county can retain talented employees by rewarding outstanding effort, offer incentives for employees to take management positions outside of the union when they become available, and attract viable candidates from the private sector when there are openings. In 2015, the County Executive approved the workgroup's recommendations and the new management and confidential performance evaluation system was implemented in place of the previous appraisal process.

The new performance management system focuses on managing performance continuously to provide feedback to help employees maximize their potential, know where their performance measures compare to expectations at all times, and allow them to focus their efforts on specific pre-identified goals and projects. There are three phases of the performance management cycle: Planning, Monitoring, and Formal Review. The cycle began in September 2015 with Planning and ended with the Formal Review at the end of July 2016, with a corresponding merit award included in the 2017 budget.

All employees were evaluated based on nine performance standards specific to their roles, in addition to four goals or project oriented assignments set together with their evaluators. Performance standards range from job knowledge and decision making, to communication, initiative and motivation.

Overall, the four goals and nine performance standards are averaged for an overall rating between 1-5. Merit awards are included in the 2017 budget as follows: 1 - Unsatisfactory 0%, 2 - Needs Improvement 1.5%, 3 - Effective Employee 2.75%, 4 - Highly Effective Employee 2.85% and 5 - Outstanding Employee 2.95%. The budget also includes a step equity of 2.75% for BOE employees.

## Mandates

---

In Dutchess County, 70% of net county costs are required to pay for mandated programs and services. The remaining 30% is “optional spending,” including crucial government functions such as health and mental health services, sheriff road patrols, road repair, snow removal, public transportation, 911 dispatch, and senior services.

Mandates continue to dominate our budget, including a net to county cost of \$41.3 million for Medicaid, \$13.6 million for Foster Care, \$3.5 million for Safety Net, \$10.8 million for the Preschool Special Education and Early Intervention Programs, and \$37.6 million for Jail operating expenses.

Because 70% of the county budget is consumed by mandated expenses, we work diligently to control these costs and work as efficiently as possible. The jail is a good example, where although we are mandated to provide the service, we are committed to find solutions to limit costs. The county jail is too old, too small, and too inefficient. As a result, the County was paying more than \$8 million a year to house our inmates in other counties’ jails and continues to face increased maintenance costs and limited access to programs to rehabilitate inmates.

By constructing temporary housing units and bringing inmates back to Dutchess, the County is reducing the average length of stay for inmates that was inflated due to systemic and travel constraints. Additionally, in 2017, the County is adding targeted programs to reduce recidivism. Alternative to incarceration programming, and positions in both Probation and the District Attorney’s Office are designed to reduce jail length of stay in order to further reduce the inmate population with the ultimate goal of decreasing the size of the planned Dutchess County Justice and Transition Center (DCJTC). As proposed, with the construction of the new DCJTC, the County will also significantly improve the inmate-to-officer ratio, produce operational efficiencies, and provide cost savings for years to come.

Another mandated area the County was targeted for cost containment and reduction is foster care and child placement. Now totaling over \$39.5 million in appropriations and \$13.6 million in net county costs not including staff, this area was identified in 2016, with continued dedication in 2017, for increases in prevention efforts in order to reduce high cost placements by working to strengthen families.

The County continues to be a strong vocal advocate for mandate relief from New York State, by recommending either to remove the mandated cost or to provide the funding required to deliver the program or service. Assembly Bill A06202, would have required the state by 2023 to fully fund indigent legal services, a \$3.7 million cost to Dutchess County. Not only would this bill have rectified an inequity – the state was ordered to fund these costs for

five counties in the state – but it would have also ensured that every individual, regardless of means, has access to their constitutionally protected right to legal defense. This bill would have produced significant and lasting mandate relief, but was vetoed by Governor Cuomo on the last day of 2016. Additionally, the below two resolutions are submitted with the 2017 Executive Budget:

#### Repeal of the MTA Payroll Tax

Dutchess County Government, like all corporations, private and independently owned companies, not-for-profit agencies, hospitals, school districts and others, must pay 34 cents on every \$100.00 of payroll. The MTA payroll tax has cost Dutchess County Government more than \$2.2 million since its inception in 2009 and will be an additional cost of \$400,000 for residents in 2017. The resolution calls for the immediate repeal of the payroll tax.

#### Increase in Revenue Share for State DMV Services Provided by Dutchess County

The Dutchess County Clerk's Office is mandated by New York State (NYS) to operate a local Department of Motor Vehicles (DMV) Office, a prime example of the services provided by counties for NYS. Under current law, NYS takes 87.3% of all fees collected and the remaining 12.7% local share has not increased since 1999, despite the increasing cost and workload for local DMV offices. The resolution calls for an increase in the county share of DMV revenue, and points to Senator Patty Richie's bill, which would raise the 12.7% share to a 25% share, keeping almost \$2 million of local DMV revenue in Dutchess. The bill S4964B, co-sponsored by Senator Sue Serino, passed the Senate in June 2016, but still requires passage in the NYS Assembly and approval by the Governor.

## Economic Benefit Strategy for the Dutchess County Airport

In 2015, Dutchess County selected FlightLevel as the Fixed Based Operator at the Dutchess County Airport. This public-private partnership has tremendous potential to enhance the economic vitality of the airport. Since its arrival, FlightLevel has begun operation of an aviation maintenance facility and is in the final stages of becoming certified as a Cirrus Jet service center.

The water line connection project is well underway, with the Water and Wastewater Authority in the design stage of the project. The FAA has granted approval and is providing funding for the design of the new Aviation Rescue and Fire Fighting (ARFF) building, which will house both fire rescue and snow removal equipment. The ARFF building project will enable the creation of an airport wide water distribution system, which will increase development opportunities on and around the airport.

The airport terminal is in the process of capital maintenance and improvements, as a result of a nearly \$900,000 State grant through the Governor's Aviation Capital Grant Program. The airport has also become a great event location with numerous popular events including The Wings of Freedom Tour and the Speed of Sound Festival returning for a third year.

Capitalizing on the regional nature of the Airport as part of the 2017 budget, Dutchess County Airport has been re-named and re-branded as the Hudson Valley Regional Airport. This new name will underscore the broad development activities underway on the Airport property. In the spring of 2017, we will conduct an open house/fly in partnership with FlightLevel to showcase our regional airport and the opportunities that exist.

The County is also excited to announce plans to build on the success of the Dutchess Community College (DCC) Aviation Program by expanding to include an Airframe and Power plant (A&P) Program. In order to facilitate this added programming at the airport, a new Aviation Maintenance and Education Center has been proposed. The facility will consist of a classroom area, a teaching laboratory and an experiential hangar, in which students can participate in hands-on internships with a professional, licensed aviation maintenance company. The facility was approved for financing, in part, by the New York State Education Department Dormitory

Authority and also through an appropriation of the County fund balance which has been set aside for capital purposes, thus significantly reducing the debt service associated with this project. It is anticipated that revenue rental income will be able to cover the related debt service payment. The resolution proposing this new building was approved by the Dutchess County Legislature in conjunction with the budget.

We look forward to the bright future that our partnerships with Dutchess Community College and FlightLevel will create. The continued investment in the airport reflected in the 2017 budget will make it possible to realize the full potential of the Hudson Valley Regional Airport as a vibrant economic engine in our County.

## Tourism & Arts

Our investments in Dutchess Tourism are paying dividends. Visitor spending in Dutchess County rose 4% from \$509 million in 2014 to \$528 million in 2015, generating \$37.7 million in local tax dollars and providing nearly 7,000 tourism industry jobs for our residents. Hotel tax, which offsets property taxes, have increased by an average rate of 5.1% for the past three years as overnight visitation has increased.

Dutchess Tourism is engaged in international marketing, advertising and promotion efforts, and in 2016, attended meetings in the United Kingdom, Ireland, Australia, and New Zealand, reaching hundreds of tour operators and travel agents. Agritourism has expanded through Farm Fresh Tours that include 12 farms and 10 food and beverage businesses.

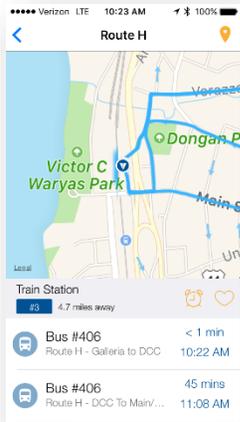

In 2017, we continue to invest in the promotion of this industry with a total investment of \$1.3 million, an increase of \$225,000 over the prior year, to enhance marketing and arts promotion for Dutchess County highlighting the many high profile special events in our area. By bringing visitors to Dutchess, we create tourism industry jobs and generate local tax dollars to offset the cost of county and municipal services.

The 2017 budget includes a 10% increase in funding for the Arts community. This funding supports 19 arts organizations across Dutchess County to ensure a lively arts scene with extensive performing arts, music, film, theatre, visual arts, and cultural festivals happening from Beacon to Pawling to Wassaic. In addition to the intrinsic value of a vibrant cultural scene, the County benefits economically from this investment, with \$19 million in annual direct spending related to arts and nearly 700 direct jobs.

The arts also positively impact the County by attracting over 644,000 visitors that contribute \$62 million in spending to the local economy. Arts and Tourism are critical components of our county's overall economy and enrich the quality of life here, which can be marketed to businesses looking to relocate.

## Public Transit

The 2017 budget includes new expanded public transit services, including the addition of limited Sunday Service for A, B, C and H routes, a new route in the Town of Poughkeepsie, and mid-year expansion of transit service into the City of Poughkeepsie. Sunday Service and the new Route "I" will be launched in the first quarter of 2017 as a pilot to provide transit service 7 days per week and offer expanded transit access to the Town of Poughkeepsie. The planned mid-year City of Poughkeepsie service expansion will offer improved service to City residents by extending daily hours of operation of four City routes. This new City service is fully offset by state and federal revenue and comes at no additional cost to County taxpayers.

Also in 2017, Public Transit will install new and improved bus stop signage and launch a new mobile app, that will allow public transit riders to plan their routes in advance, view bus schedules, and track the location of buses in real time, adding efficiency and making Dutchess County Public Transit more user-friendly than ever before.

## Economic Development & Think Dutchess

The unemployment rate in Dutchess County for 2016 continues to drop to an eight-year low and in December, the Dutchess-Putnam Local Area Unemployment Rate was the second lowest in the state at 4.0%. Additionally, the Resident Civilian Labor Force increased by 1,200 over 2015, and in the first quarter of 2016 alone, employment increased 1,885 between January (107,598) and March (109,483). More than \$3.2 billion in projects were under construction, planned or permitted, and the office and industrial vacancy rates in the county continue to be the lowest in the region.

Five of the primary economic development organizations in the county are now located in a one-stop shop off Route 9 in the Town of Poughkeepsie. Dutchess County Industrial Development Agency, Dutchess County Local Development Corporation (LDC), Dutchess County Workforce Investment Board, Women's Enterprise Development Center, and the Assistant County Executive for Economic Development now share office space, conference rooms, office equipment, information technology, administration and compliance services. The LDC does business as Think Dutchess Alliance for Business, and the five organizations along with DCRCOC and Dutchess Tourism work together as a team. In 2016, Think Dutchess specifically, the LDC and the Assistant County Executive participated in 12 trade shows, conferences, exhibitions and forums targeting the aviation, biopharma, data, and manufacturing industries. This alliance is providing a coordinated response to the needs of local business through targeted business retention strategies.

### **Agency Partner Grant Program & Partnership for Manageable Growth**

The Agency Partner Grant Program (APGP) was established in 2013 to fund nonprofit agency programs that address unmet, priority community needs. This competitive, outcome based program is used to improve and enhance the County's efforts in the areas of economic development, workforce training, public health, victim assistance, poverty/homelessness, environmental protection, and agricultural/farming sustainability. In 2016, there were 46 applications with a total request for nearly \$1.7 million in funding, compared to an available funding of \$820,000. Of those applications, 15 agencies were awarded 22 grants. For 2017, which will be the first year the program is run on a calendar year, there are 46 applications requesting over \$2.2 million in funding, compared to the available funding amount of \$900,000.

The Partnership for Manageable Growth was recapitalized with an additional \$1 million in December of 2014, the first recapitalization since 2008. In 2015, the Department of Planning and Development released applications with a priority given to agricultural preservation. In March 2016, \$935,855 was awarded to permanently protect six farms throughout Dutchess County. The proposed 2017 budget includes a \$1 million capital commitment for the continuation of the Partnership for Manageable Growth Program.

## **Municipal Innovation Grant Program**

Since 2012, Dutchess County has embarked on an aggressive campaign to not only shrink the size of county government, but to also collaborate and consolidate services and programs with its municipal partners. The Municipal Consolidation & Shared Services Grant Program (MCSSGP) was created to incentivize municipal projects that consolidate services, produce shared services, establish regional delivery of services, and/or offer other efficiency improvements. In 2016, six municipalities were awarded \$925,000. The 2017 budget maintains level funding at \$1 million under the new name “Municipal Innovation Grant Program”.

In October 2016, the County brought together over 50 local and state officials at the Municipal Innovation Summit to continue efforts to reduce the total cost of government. The summit topics were selected through a survey of Dutchess County mayors and supervisors who identified healthcare cooperatives, emergency services and information technology as the topics that were the most challenging and that they wanted to discuss.

In 2017, the Municipal Innovation Grant Program will focus on three areas:

- **Criminal Justice/Law Enforcement:** Dutchess County has a criminal justice system that uses best practices for intervention for at-risk individuals, addressing victim’s needs, and reduction of recidivism. Funding may be used for local activities which support these efforts including crisis intervention training, costs associated with participation in the County’s Drug Task Force (including backfill reimbursement) and modernization and streamlining of law enforcement and court processes.
- **Land Use/Economic Development:** Land is one of the most highly regulated assets in our economy. Excessive regulations stifle job creation and the rebuilding of our main streets, limiting housing choices for many. This funding will help communities modernize and streamline their land use regulations and review processes.
- **General Innovation:** Transformative municipal cooperative activities that result in fiscal and operational efficiencies and/or cost savings, while optimizing municipal resources. Priority will be given to entities that identify and demonstrate best practices that will result in immediate savings and/or efficiencies, while demonstrating a long-lasting community impact, including a reduction of the property tax levy.

## **Restorative Justice in Dutchess County**

The Criminal Justice Council's (CJC) Needs Assessment report, issued in 2012, recommended a two-pronged approach for dealing with the housing out problem that plagued Dutchess County for so many years, costing taxpayers over \$8 million dollars a year. First, the CJC acknowledged a need for more capacity, since approximately 200 inmates needed to be housed in other counties' jails due to a lack of capacity at the county jail facility. Secondly, the CJC recommended the continuation, expansion and enhancement of the work that has been done in Alternative to Incarceration (ATI) programs. On average, every month, over 600 individuals are supervised in ATIs rather than being incarcerated. Dutchess County is already the model in New York State with our programs, services and highly effective infrastructure. Through innovation and creativity, we are embarking on cutting edge approaches to further improve our system.

With Legislative approval for the design and construction of the Law Enforcement Center and the Justice and Transition Center secured in the spring of 2016, Dutchess County has taken the necessary steps to begin to build the infrastructure to efficiently and cost-effectively address the responsibilities we have concerning those individuals the courts remand to incarceration. Design of the new Law Enforcement Center is nearly complete. The subsequent construction of this facility and the Justice and Transition Center will allow the county to move forward with our innovative and unique model of Restorative Justice focused on prevention, intervention, diversion and transition.

The RESTART program began in the current jail facility in 2015, under the guidance of the county's Alternatives to Incarceration consultant. This program has been well received by the high-risk inmates it was designed to help. The program uses Cognitive Behavioral Training (CBT) and is showing significant signs of success as the program continues to graduate inmates, with 277 graduates to date.

Key to the program's success is the continuation of CBT in the community so released inmates do not suffer from a termination of the professional assistance that served them so well during their incarceration. Our many community partners have joined together to provide services to create a critical support network to help prevent recidivism. The Criminal Justice Council's Special Populations Workgroup will continue to advise on programs that can provide for the seamless transition for jail inmates back to the community.

The County is focused on breaking the cycle of offense many jail inmates get caught in, through targeting the issues that exist with housing and employment. In 2017, in conjunction with our partner Project MORE, which oversees Day Reporting, Transitional Housing, Women's Reporting and the RESTART program, we will begin an employment readiness and job placement initiative. The County and Project MORE were successful in securing a 5-year, \$1.8 million NYS Division of Criminal Justice Services grant which will focus efforts on RESTART program graduates and other individuals monitored by the Department of Probation. The grant will enhance the preparation of these individuals for employment while also providing employer incentives to hire, train and retain these previously incarcerated individuals. This program will also help to ensure these individuals continue to get the programs, training and therapies that deal with their criminogenic and substance abuse issues even after release.

These efforts will help reduce the Average Daily Population (ADP) of the jail. As we expected, the ADP has been reduced substantially with the construction of temporary housing. The county's ADP has dropped considerably from over 500, when we were housing out more than 200 inmates per day, to an average around 400 over the last several months.

The Criminal Justice Council subcommittees continue to work in several different areas, effectively providing resources to meet the dynamic complexities of our criminal justice system. Our risk-based data analysis continues to help focus on the most critical areas needing attention. Dutchess County has committed to a partnership with the federal government to monitor, document and analyze criminal justice data and improve our handling of "high utilizers" with serious mental illness, substance abuse and chronic health problems who repeatedly cycle through multiple systems, including jails, hospital emergency rooms, shelters and other services. This White House Data-Driven Justice initiative will complement our ongoing data analysis efforts and help identify systemic issues and strategies to continue our focus on driving down the number of incarcerated individuals.

Mental health issues continue to be a major factor contributing to incarceration. Co-occurring disorders involving substance abuse, especially heroin and opioid use, challenge us to find ways to balance the need to rehabilitate, the requirement to incarcerate, and the maintenance of public safety. The combination of the front-end diversion process, which includes the new Stabilization Center, the robust list of existing alternatives to incarceration and

in-jail programming, supplemented by the aftercare being provided through our community service providers, should have a very positive impact in helping to reduce the number of individuals in the jail.

## **Active Shooter Training**

In 2016, following a number of tragic events throughout our country and the world, we began the development of an organizational framework to ensure effective and timely inter-agency and inter-jurisdictional coordination concerning an Active Threat/Active Shooter educational program. This included a two-pronged approach:

1. The Dutchess County Sheriff's Office, using a grant, created a Tactical Training program for Law Enforcement. Working with multiple police agencies throughout the county over a four-week period, simulations were run to ensure our local police would be able to quickly and effectively mitigate threats that might develop.
2. The Emergency Response Department led the coordinated effort to develop a Concept of Operations (CONOPS) with local state and federal public safety agencies, elected leaders, healthcare and mental health providers, individuals, families and the public to deal with the response and recovery from an Active Threat/Active Shooter incident.

With assistance from the Department of Behavioral and Community Health, the Dutchess County Sheriff's Office and the New York State Police, these programs were documented followed by eight training sessions to over 300 career and volunteer first responders, conducted by industry expert Tetra-Tech.

In 2017, we will conduct the training with our own trainers with continued focus on establishing effective Family Assistance Centers and the need for long term recovery efforts. Many County departments will be involved in our efforts, including the Medical Reserve Corps.

## **Veterans Services**

Following the success we have achieved in other specialty courts, we have petitioned the New York State Office of Court Administration to establish, in 2017, a Veterans Treatment Court in the City of Beacon to assist veterans who become involved with the criminal justice system. Understanding the unique challenges veterans may be struggling with is key to diverting veterans from the criminal justice system and into programs and services where they can be better served. Additionally, veterans can connect with other veterans in the Peer-to-Peer Support Program. The 2017 budget also includes additional resources for the Veteran's Services Office to ensure veterans receive all of the benefits that they and their families are eligible for.

# Healthier

---

## **Mental Health Services**

The County's efforts in the area of Mental Health Services have been focused on prevention, intervention and diversion. The Department of Behavioral and Community Health (DBCH) is engaged in extensive public outreach to emphasize awareness and prevention. DBCH staff have participated in and helped to facilitate seven public forums on the topic of substance abuse and prevention in 2016.

The prevention focused Second Step Program is in place in 18 elementary and middle schools throughout the county, teaching students social/emotional skills to help develop communication and coping resources to encourage good decisions and avoid peer pressure and substance abuse.

The Mental Health First Aid training program has shown tremendous success with 1,500 individuals trained since April of 2014. Narcan training has also been well attended in 2016 with 900 residents trained in 2016, and 1,582 trained in total since the program began in 2014.

The final piece to enhance the County's ability to intervene and divert people in crisis from our community emergency rooms and criminal justice system is the new Stabilization Center at 230 North Road in Poughkeepsie, which has been completed and is opening in early 2017. Certification has been received from the New York State Offices of Mental Health and Alcohol and Substance Abuse Services, which will allow the County to bill Medicaid and other insurance plans. The 2017 budget includes funding for the 23-hour center as well as the related revenue associated with the anticipated services.

Law enforcement, our 24/7 Mobile Crisis Intervention Team, and families can utilize the center to provide those with behavioral health or substance abuse issues the immediate help they need to de-escalate and connect to programs and ongoing services. Their needs can be better met without involvement in the criminal justice system or community emergency rooms. This County initiative is a collaborative effort with contributing partners including MidHudson Regional Hospital, Hudson Valley Mental Health, Mid-Hudson Alcohol Recovery Center, Lexington Center for Recovery, Astor Children Services, Mental Health America of Dutchess County, Access: Supports for Living and PEOPLE, Inc.

In addition, Crisis Intervention Training (CIT) provided to law enforcement personnel, includes information and procedures for using this valuable county resource. To date, 250 law enforcement officers throughout the county have received CIT training and in 2017, we plan to train 200 more.

This comprehensive collection of prevention, intervention and diversion strategies continue to make a difference for residents and families struggling with substance abuse and addiction.

## **Healthy Counties Challenge**

Dutchess County looks at health as more than healthcare; we embrace the population health model, which considers a multitude of factors that influence health outcomes. One of those factors is prevention, and Dutchess County will soon be an innovator in preventing certain health issues by delivering microgreens, nutrient-dense seedlings of edible herbs and vegetables, to two of our most vulnerable populations – children and senior citizens – in an effort to bring about healthier outcomes.

Collaborating with Indoor Organic Gardens of Poughkeepsie, LLC, Dutchess County and the City of Poughkeepsie will be the lead agencies in a program to distribute microgreens to three local groups: students in the Poughkeepsie City School District; City of Poughkeepsie inner city youth who take part in an after-school program run by Hudson Valley Community Center; and seniors who receive Dutchess County Office for the Aging (OFA) home-delivered meals or congregate meals served at OFA Senior Friendship Centers.

Dutchess County’s goal is to establish a program that delivers a high volume of nutrients in an easily consumed manner – microgreens can be blended into smoothies or added to salads, for example – and promotes the prevention of certain undesirable health outcomes, as well as overall well-being for the populations involved.

Dutchess County has been selected as one of 50 members nationwide of the HealthyCommunity50 in the Healthiest Cities & Counties Challenge to receive a \$10,000 community seed award to launch this program. By participating in the Challenge, Dutchess County is in the running to receive a \$500,000 prize to support this local program. The project also has the support of numerous local organizations, including the Dyson Foundation, Health Quest and Rose & Kiernan Insurance, who have agreed to partner with Dutchess County, with financial backing for the program.

The program will also benefit both the City of Poughkeepsie and Dutchess County as a whole, by providing employment for ex-offenders who will learn about growing microgreens, building their confidence, ability to be productive and self-sufficient working alongside others, thus easing their transition back into the community. Ex-offenders will be employed at Indoor Organic Gardens of Poughkeepsie as part of its Re-Entry Stabilization Transition and

Reintegration Track (RESTART) program, an evidence-based program designed to provide treatment and re-entry services, reduce recidivism and assist inmates as they transition back into the community and there will be opportunities to repurpose vacant properties with independent gardens.

Kinder

---

## **Youth Prevention Services**

Over the past few years, Dutchess County has experienced an increase in the number of children and youth requiring our care, as well as an increase in the number of youth placed in secure and non-secure detention. From 2010 to 2015, 694 youth were remanded by a judge to detention facilities and 170 were placed in residential facilities. The Department of Community and Family Services is engaged in an aggressive effort to combat this trend and prevent the need for child placements. The 2017 budget includes a number of targeted youth prevention initiatives:

- **Strengthening Families** is an evidence-based family skills training program that has been proven to significantly improve parenting skills, reduce problem behaviors, delinquency, alcohol and drug abuse in children, and improve social competencies and school performance. This six-week program employs a workshop setting where families share a meal and work toward improving family development while preventing issues that could later result in severed families.
- **Community Schooling**, in partnership with the Poughkeepsie City School District, we will work to address the needs of at-risk City youth by embedding services in local schools. Establishing the community schooling model will integrate academics and services, utilizing the school as a central hub of service provision. This concept will reduce the need for students to travel to appointments before or after school, while providing services in a more flexible manner geared toward the needs of each individual. This program will improve outcomes for youth returning to the community after juvenile justice placement through increased community awareness and improved integration of aftercare services. The Department of Community and Family Services and other agency partners, including Astor Children's Services and the Office Probation and Community Corrections, will co-locate services to ensure comprehensive and coordination service provision for identified youth. This program utilizes existing staff that will be relocated to mobile offices within area schools.
- **Better for Families** is a State reform program aimed at improving the Child Welfare system and the Family Court system as it relates to youth. This model seeks to involve families earlier in the court process using a multi-disciplinary approach with regular meetings to work towards goals. This evidence-based program has been launched in Judge Denise Watson's Court. A team of partners works together to improve safety, permanence and wellbeing for children. Serving as a pilot for the State, Dutchess County will track results and monitor outcomes closely to evaluate the program for state-wide implementation.
- **Agency Partner Grant Funding** - Offering positive alternatives in a safe environment, is a proven prevention/early intervention strategy for youth at risk of juvenile justice involvement. The 2017 County budget, as part of the needs assessment for 2017, has identified \$100,000 in funding that will be committed to providing at-risk youth with social activities and connection with adult mentors.

In addition to the initiatives detailed above, Dutchess County is actively partnering with the Family Court system to strengthen the system of detention alternatives to reduce the need for placements along with the high cost associated with such placements. Through these programs, we will continue to seek to engage families and work toward partnerships and solutions that will benefit our community's most vulnerable youth.

### **Human Rights**

Dutchess County's Human Rights Officer, in partnership with the newly appointed Human Rights Commission, will organize events for World Human Rights Day and engage in a series of listening sessions throughout 2017 to learn about human rights issues facing the county. The group will work to transform the dialogue by fostering working relationships and strengthening the fabric of our community.

### **Project Safe Return**

In 2017, the County will implement the use of personal, GPS devices to locate individuals who are at-risk to wander or have other issues that necessitate the ability to locate the person and provide immediate help. Special needs individuals and seniors with Alzheimer's Disease and dementia can use these devices so their loved ones can find them and return them safely home if necessary. These personal devices will have the ability for two-way voice communication and will provide 24-hour a day on-call assistance customized to meet the individual needs of the user. The tracking and communication features may also be used for personal security to support domestic violence victims.

## **ThinkDIFFERENTLY.**

In 2017, Dutchess County will continue to expand our "ThinkDIFFERENTLY" initiative throughout our county government, local community and beyond our county borders to communities across New York State. The initiative has captured statewide attention with the New York State Association of Counties (NYSAC) unanimously passing a resolution to promote the "ThinkDIFFERENTLY" initiative in all 62 counties. To date, more than 40 villages, towns, cities and counties across New York have adopted resolutions to find ways to "ThinkDIFFERENTLY". We are building a statewide network for the exchange of ideas and opportunities so we can make our communities more inclusive and accessible for people of all abilities. Our newly appointed Deputy Commissioner for Special Needs will foster and expand this network as she advocates for state and federal policy changes to ensure every individual has access to the resources they need to live life fully.

Here in Dutchess County, we will continue our own “ThinkDIFFERENTLY” efforts. Our Deputy Commissioner for Special Needs, together with our Parks Director, have coordinated a special Community Parks roundtable for community recreational leaders to coordinate efforts to provide greater universal accessibility with fun and engaging parks equipment throughout the county. In 2017, we will bring together service providers from throughout the region for our first “ThinkDIFFERENTLY” Summit to identify strengths and weaknesses in the services currently being offered and determine how services can be better integrated and coordinated to best serve families and individuals.

Starting in the Department of Community and Family Services (DCFS), county employees are participating in “Disability Etiquette/Title II Program Services” workshop presented by Access VR and Cornell representatives of the ADA Trainer and Leadership Network. We are looking comprehensively at our ADA policies throughout the county to ensure we are as accessible as possible to all.

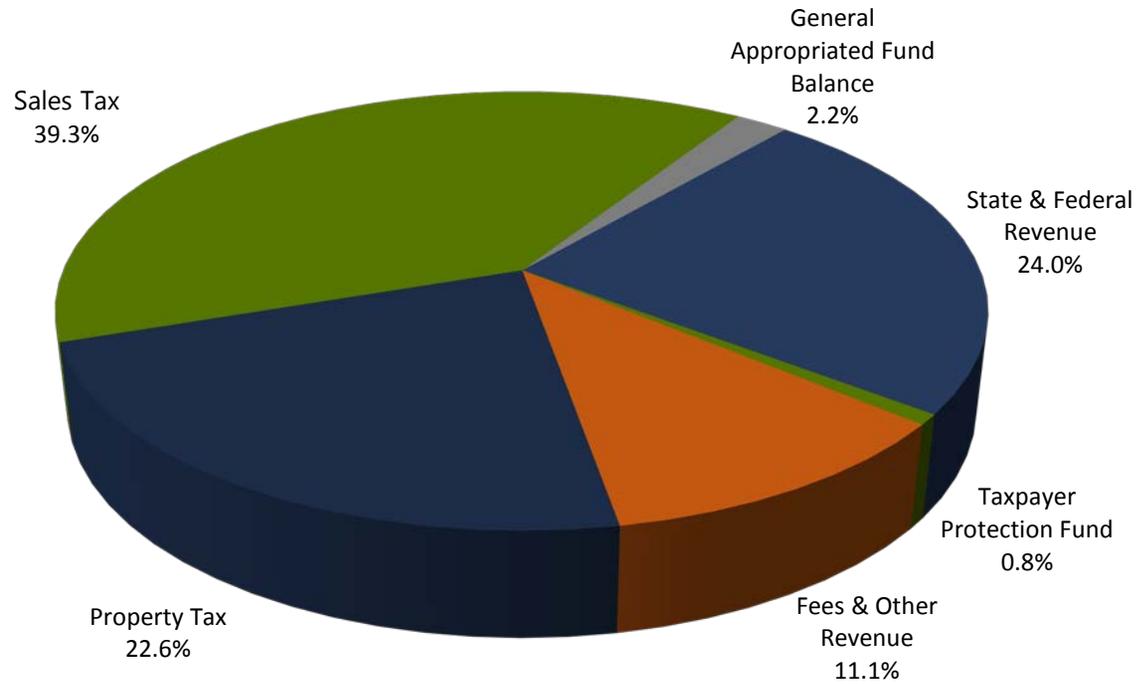

DCFS is partnering with the Child Abuse Prevention Center to offer Special Needs Parenting Program (SNPP) to parents challenged with mental and/or developmental disabilities who depend upon SSI/SSD assistance. The program aims to provide parenting education and skills building in order to reduce/prevent child abuse and neglect in families defined as high-risk due to the developmental disabilities of the parent(s). Additionally, the program seeks to improve the overall quality of life for the family unit through intensive case management, job skills development, and homelessness prevention, by helping the family to maintain housing through money management, and provide a safe parenting environment.

DCFS is also partnering with Abilities First and The Child Care Council to make day care programs more accessible for children with disabilities. The program will assist day care providers with required individual assessments of each child with disabilities and provide specialized staff training to help make reasonable accommodations to their programs and policies, helping to ensure children have appropriate care.

The Dutchess County Clerk’s Office will also seek to expand employment opportunities for those with disabilities by partnering with a local organization for a new record retention/document scanning and archiving project that is part of ongoing countywide efforts to promote greater efficiency and productivity.

## 2017 Adopted Revenue

Revenues:	2014 Actual	2015 Actual	2016 Adopted	2016 Modified <sup>2</sup>	2017 Adopted
Property Tax (Net)	106,111,199	106,934,533	105,644,908	105,644,908	105,470,935
Sales Tax	175,811,195	176,781,835	176,858,000	178,288,000	183,595,250
Hotel Surcharge	2,224,079	2,465,111	2,410,000	2,410,000	2,571,000
General Appropriated Fund Balance <sup>2</sup>	0	0	11,745,000	16,694,402	10,150,000

<b>Total Revenues</b>	<b>452,012,006</b>	<b>482,397,559</b>	<b>458,725,982</b>	<b>470,046,149</b>	<b>466,742,525</b>

<sup>1</sup>As of January 23, 2017.

<sup>2</sup>An appropriation of fund balance is used to balance the budget and although actual revenues are never realized, fund balance is reconciled in the annual financial statements.

# Property Tax

The 2017 budget includes the third consecutive decrease in the property tax levy to a total of \$105 million. Additionally, this year, for the second year, the County’s tax base is increasing by nearly \$320 million to \$29.8 billion. The property tax levy cut, coupled with the growth in the tax base, results in a reduced property tax rate for taxpayers in 2017. The tax rate will decrease from \$3.60 per \$1,000 of full value assessment, down to \$3.58 per \$1,000 of full value assessment for a property tax rate decrease of .55%.

New York State implemented the Property Tax Freeze Credit Program for STAR-eligible property taxpayers who reside in local governments that stayed below the property tax cap and submitted a successful government efficiency plan. Dutchess County delivered both for its residents, ensuring property tax rebate checks. This portion of the State’s property tax freeze program has ended; however, the mandated property tax cap is still in effect.

The cap is set at 2% or the rate of inflation, whichever is lower. For 2017, the State has set the cap at .68% based on inflation. The Office of the State Comptroller prescribes the calculation of the tax levy limit, including the allowable levy growth factor and the permissible exclusions and adjustments. The Dutchess County total property tax levy cap is calculated annually, and totals \$109,623,169 for 2017. The County cannot exceed this cap without two-thirds majority approval of the County Legislature. Dutchess County has not only stayed below the cap for the past four years, but has reduced the property tax levy. The formula includes multiple components, as seen in the table to the right:

<b>2017 Preliminary Property Tax Cap Calculation</b>	
2017 Property Tax Levy Limit	113,188,203
WWA Benefit Assessments	(3,245,784)
Chargebacks for Assessment Roll Printing	(113,498)
Chargebacks for Erroneous Assessments	(34,906)
Chargebacks for Erroneous Assessments (Special Districts)	(170,846)
<b>2017 County Property Tax Levy Cap:</b>	<b>109,623,169</b>
2016 Adopted Levy (Gross):	106,644,908
<b>Allowable Increase within Tax Cap</b>	<b>\$2,978,261</b>
<b>Percentage Allowable:</b>	<b>2.79%</b>

## Economically Sensitive Revenue

Certain revenues are significantly tied to the economy and fluctuate based on economic growth or recession. Forecasting future revenues in these areas requires close monitoring and analysis of key economic indicators such as unemployment, consumer price index, home sales, foreclosure rates, and Department of Community and Family Services caseloads and client count. These revenues – Sales Tax and Hotel Surcharge – are described in detail below.

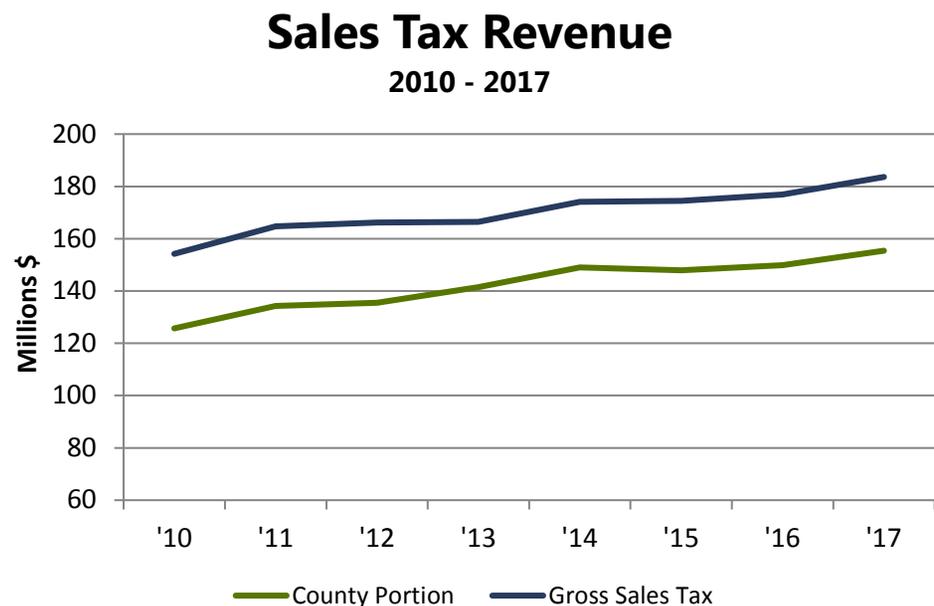

### Sales Tax

The sales tax rate in Dutchess is 8.125%, of which 3.75% goes to the County, 4% goes to the State and .375% goes to the MTA. State approval is required to increase the sales tax rate and to keep the current rate as well. Twenty-seven payments are received annually from New York State and are tracked closely to project year-end revenue.

The County, as required by law, has a contract with the City of Poughkeepsie and City of Beacon to distribute sales tax, as the cities have relinquished their right to charge separate city sales tax. In 2013, the sales tax contract was renegotiated by the County Executive, agreed to by the Cities, adopted by the County Legislature and approved by the State Comptroller's Office to change the sharing formula. The current agreement guarantees the distribution of \$25 million to municipalities each year and additionally provides for the distribution of 18.5% of any growth in sales tax from the 2012

base year to the cities and towns based on population. Villages receive a portion of the town's allocation determined by the percentage of full valuation of real property in the village within the town, as compared to the full valuation of real property in the entire town. The following chart displays historic sales tax trends.

Careful reviews of historic trends, along with analysis of economic indicators and conditions that impact sales tax receipts, are used to forecast anticipated sales tax revenue. Factors, such as household debt service ratio as a percent of disposable income, building permits, gas prices, and other regional labor

market trends, impact the economic state of the county and are used as helpful indicators in predicting economically sensitive revenue. These projections are closely monitored throughout the year and are used to finalize projections during the budget process.

The projection for 2017 sales tax was based on the receipts through November with a continued 2% projected economic growth for the remainder of 2016 and 1.4% growth for 2017. Any growth in the gross sales tax receipts between the 2012 base year and 2017 actual receipts will be shared with municipalities at a rate of 18.5% according to the sales tax contract. The 2017 budget includes \$28,213,900 projected for distribution to municipalities, which includes the \$25 million guaranteed payment plus expected growth.

2017 Gross Sales Tax Projection	
2015 Sales Tax	\$ 176,781,835
2016 Projected with Growth of 2% in the remaining payments	4,315,382
2017 Projected with Growth of 1.4%	2,498,033
<b>Total 2017 Gross Sales Tax Projection</b>	<b>\$183,595,250</b>

The **2016 Sales Tax projections** are based on the following assumptions:

- National and Statewide economic growth will continue to be driven by growth in a number of sectors including: financial services, health care, and retail trade. Local economic growth in the healthcare and housing sectors is expected to continue.
- National and regional consumer spending will continue to grow at a modest 1% in the 2<sup>nd</sup> half of 2016.
- Inflation will remain low during the final quarter of 2016, remaining close to the 1% annualized rate the county has experienced to date this year.
- Local unemployment is expected to remain stable with the year to date rate of 4.1%, a decline from the 2015 annual average of 4.6%.

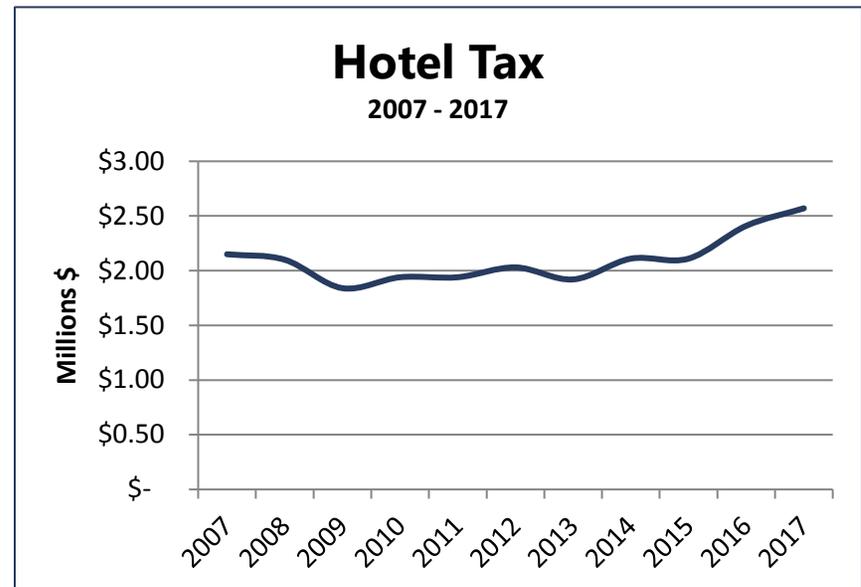

The **2017 Sales Tax projections** are based on the following assumptions:

- The national economy will expand at a modest pace in the coming year, with an estimated 1% increase in consumer spending in 2017.
- Inflation should remain stable at a rate of about 1% in the coming year.
- Dutchess area employment is expected to increase between 0.5% and 1.0% in 2017, with the average rate of unemployment for 2017 projected to remain under 4.5%.
- Recovery in the regional housing sector will continue, with closed sales increasing significantly year to year.
- Economic drivers in the local economy are expected to grow slightly in the coming year, including business and professional services, health care, construction, leisure and hospitality, and retail trade.

### Hotel Surcharge

Hotel Tax revenue has experienced modest fluctuations year-to-year, remaining fairly stable over time. This surcharge provides vital revenue that is reinvested in economic development and tourism. The county has made investments in tourism promotion and marketing over the past two years that are reaping benefits. The 2017 budget assumes the tourism, leisure and hospitality sector will continue to experience growth in the coming year. The 2017 hotel tax projections are based on growth in hotel tax of 5% in 2016 over 2015 and an additional 4% growth from 2016 to 2017.

2016- 5% | 2017- 4%

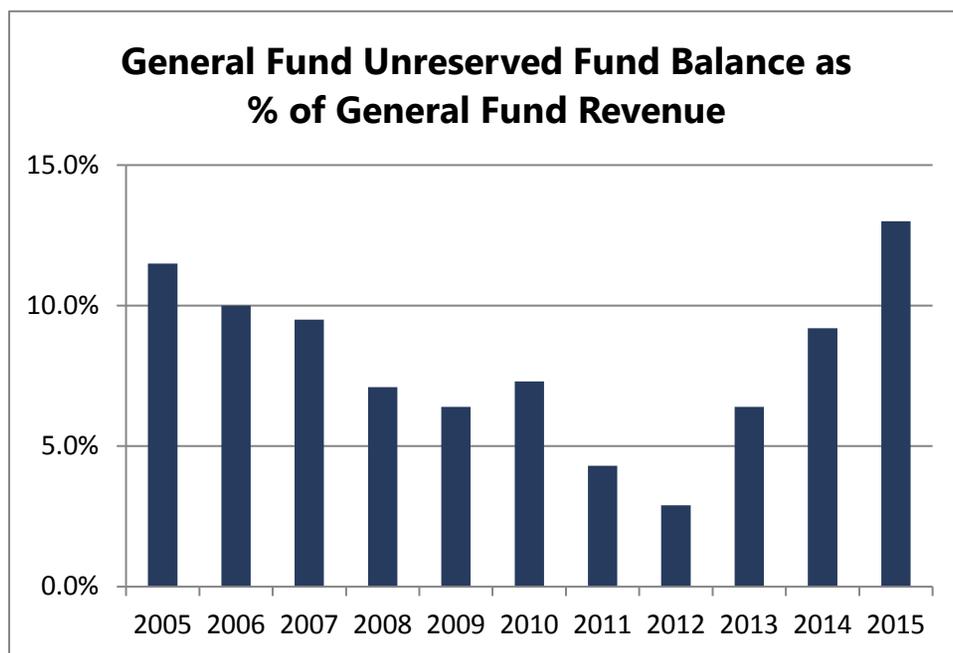

## Appropriated Fund Balance

Fund balance refers to the difference between a fund’s assets and liabilities. The County’s fund balance provides the county the flexibility to absorb changes in revenue or unexpected new costs without dramatically impacting the county finances. Fund balance can be appropriated as a source of revenue to offset tax increases and to avoid reductions in programs and services. Fund balance is reported in accordance with GASB 54, which established the following five classifications of fund balance: Non-Spendable, Restricted, Committed, Assigned, and Unassigned.

Financial institutions and bond rating agencies recommend a county’s general unassigned fund balance to minimally be 5-10% of the county’s realized revenues. For Dutchess, this means the county’s fund balance should be between \$23 million and \$45 million.

The historic annual general fund balance as a percentage of the county budget is displayed in the charts below. Our audited general fund balance for 2015 was \$56.8 million.

Year	General Fund Revenues (in millions)	Unreserved General Fund Balance (in millions)	General Fund Balance As a % of Revenues
2005	\$365.4	\$41.9	11.5%
2006	\$340.3	\$34.0	10.0%
2007	\$389.4	\$37.1	9.5%
2008	\$395.0	\$28.2	7.1%
2009	\$383.5	\$24.5	6.4%
2010*	\$403.5	\$22.2	5.5%
2011*	\$416.9	\$11.4	2.7%
2012	\$411.4	\$12.1	2.9%
2013	\$411.9	\$26.4	6.4%
2014	\$430.3	\$39.5	9.2%
2015	\$437.9	\$56.8	13.0%

\*Reflects adjustments to the amounts reported in the 2010 and 2011 audited financial statements. These adjustments are detailed in footnote 2 of the 2012 audited financial statements.

Fund balances for the remaining county funds are summarized in the table below, which details reserves and appropriations of all fund balances.

### Summary of Fund Balances for All Funds 2015 - 2017 Fund Balance

Fund Name	Unreserved 12/31/2015	Additional		Appropriated 2017 Budget
		Appropriations as of 12/2016	Estimated 12/31/2016	
General*	\$ 56,847,283	\$3,292,177	\$ 52,555,106	\$ 12,250,000
Community Development	417,675		417,675	
Road	1,673,871		1,673,871	
Machinery	613,824		613,824	
Enterprise Airport	(838,287)		(838,287)	
Enterprise Transportation	4,820,299		4,820,299	1,400,000
Capital Projects	41,118,541		41,118,541	
Self Insurance - Workers Comp	2,978,956		2,978,956	
<b>Total</b>	<b>\$ 107,637,032</b>	<b>\$3,292,177</b>	<b>\$ 103,339,985</b>	<b>\$ 13,650,000</b>

\* Includes Taxpayer Protection Fund and Capital Set Aside

The County’s fund balance goal is to maintain an undesignated fund balance of between 5-10% of net general fund revenue as a means of maintaining fiscal stability. To the extent that general fund undesignated fund balance exceeds 10%, funds will be used to provide property tax relief through offsetting operating expenses, paying down debt or avoiding indebtedness. As the County’s fund balance totaled 13% of general fund revenue, consistent with fund balance goals, in April of 2016, the County put aside \$10 million to establish the “Taxpayer Protection Fund” and set aside \$3.3 million for County and municipal capital projects.

The 2017 budget includes an appropriation of \$8.75 million from the General Fund (A), \$1.4 million from the Public Transportation Fund (ET), and \$3.5 million from the Taxpayer Protection Fund. Additionally, in 2016, the County appropriated \$1,042,177 from the capital set aside for a capital supplemental to the Municipal Consolidation and Shared Services Grant Program. With the 2017 budget, the County submitted a capital project that partners with Dutchess Community College to build an “Aviation Maintenance and Education Center” at the airport as discussed in the appropriations section. This capital project was approved and drew down \$2.25 million from the capital set aside in December of 2016.

With the proposed \$8.75 million appropriation from General Fund (A) balance, and \$3.5 million from the Taxpayer Protection fund, general fund balance is projected to total 10% of general fund revenue at the 2016 year-end closeout. This demonstrates the administration’s continued efforts to maintain fund balance, ensuring fiscal stability. The County must continue to be vigilant in maintaining reserves to weather the impact of unanticipated expenses, including increased costs for state mandates, volatile utility costs, and unexpected changes in economically sensitive revenue streams.

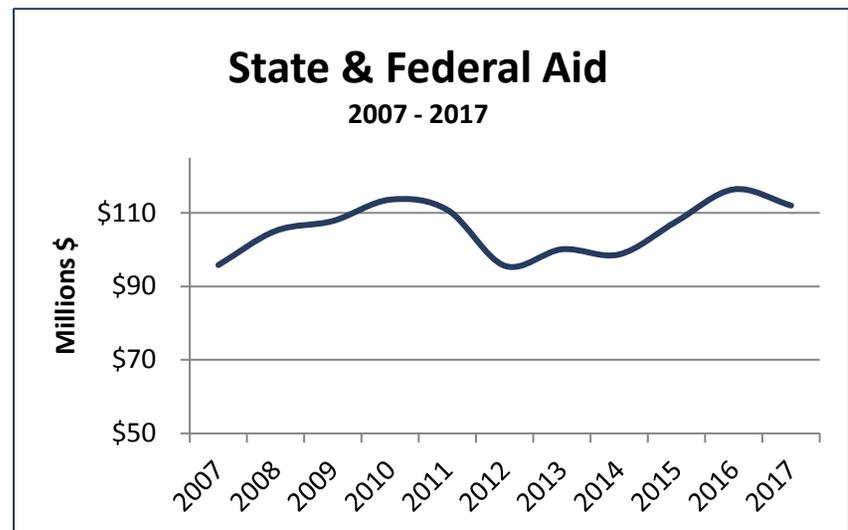

Additionally, two of the County’s bargaining units, CSEA and DCSEA, have expired contracts which will likely necessitate an appropriation of fund balance when settled.

Fund Balance Applied in 2017	
Fund	Amount
General Fund- A:	
General Fund	8,750,000
Taxpayer Protection Fund	3,500,000
Public Transportation Fund- ET:	1,400,000
<b>Total</b>	<b>13,650,000</b>

## State & Federal Revenue

State and federal revenue and grants partially offset the cost of mandated services and programs. When this revenue is cut, other taxes or fees must be increased, or optional programs and services must be cut in order to balance the budget. State aid is largely expense-driven and includes regular state aid reimbursement, as well as grant funds.

State and federal mandates consume 70% of the Dutchess County budget, necessitating the continued lobbying of the County’s state and federal representatives to provide mandate relief. Over the past two years, we have worked with our state representatives Senator Sue Serino and Assemblywoman Didi Barrett to secure \$2 million in critical funding for vital mental health programming. That funding is expected to continue and is included in the 2017 budget.

## Fee Revenue

---

These revenue streams support the cost of providing the associated service or program. Increasing fees, fines, permits and licensing is not a significant source of revenue. Fees and fines are evaluated annually and adjusted when deemed appropriate. Some fee schedules are set or limited by law, while others must remain competitive and reasonable for taxpayers. For the 2017 budget, some user fees, including park programming fees and airport fees have been adjusted to help offset the cost of providing those desired services.

## 2017 Adopted Budget Summary by Fund

<u>Fund</u>	<u>Total Appropriations</u>	<u>LESS Non-Property Tax Revenues<sup>1</sup></u>	<u>LESS Appropriated Fund Balance</u>	<u>Balance of Appropriations to be Levied</u>
A - General	\$ 437,070,351	\$ 331,317,311	\$ 12,250,000	\$ 93,503,040
D - Road	11,442,878	1,889,950	-	\$ 9,552,928
E - Machinery	2,430,217	15,250	-	\$ 2,414,967
EA - Airport	1,357,559	1,357,559	-	\$ -

## 2017 Adopted Budget Property Tax Levy & Rate

Item Descriptions	2014	2015	2016	2017
Appropriations	\$ 439,337,161	\$441,748,835	\$458,725,982	\$466,742,525
Non-Property Tax Revenue	(330,363,001)	(330,227,017)	(341,336,074)	(347,621,590)
Approp. Fund Balance & Reserves	(2,000,000)	(4,875,000)	(11,745,000)	(13,650,000)
Provision for Uncollected Taxes	800,000	800,000	800,000	800,000
Provision for Tax Refunds	200,000	200,000	200,000	200,000
<b>Property Tax Levy</b>	<b>\$ 107,974,160</b>	<b>\$107,646,818</b>	<b>\$106,644,908</b>	<b>\$106,470,935</b>
True Value Assessments	\$29,575,302,089	\$ 29,224,529,259	\$ 29,432,468,944	\$ 29,752,447,165
Property Tax Rate/\$1,000	\$3.65	\$3.68	3.62*	\$3.58

The direct comparison of this year's rate to last year's rate is invalid as a means to estimate the change in an individual property's tax bill.

\*Note: With the sale of property by IBM to Global Foundries on July 1st of 2015, the IBM PILOT payment ended and Global Foundries was required to pay a pro-rated amount of property taxes for the remaining half a year which is considered "omitted taxes". Omitted taxes lower the adopted tax levy to be apportioned for the following year only, which for 2016 results in a rate of \$3.60 versus the \$3.62. This is a one-time adjustment and we do not expect to see this large amount of omitted taxes again next year.

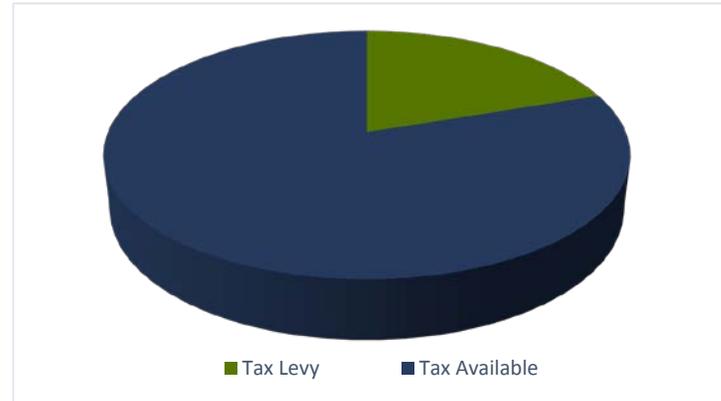

## Projected Constitutional Tax Margin

The Constitutional Tax Limit of the County is determined in accordance with Section 10 of Article VIII of the State Constitution. This limits the amount counties may raise in real estate taxes in any given fiscal year, exclusive of debt service, to 1.5% of the five-year average full value of taxable real estate to the County.

2017

Total Taxing Power	\$	445,915,469	
Tax Levy*	\$	88,312,392	19.8%
Tax Margin Available	\$	357,603,077	80.2%

\*Tax Levy includes adjustments for omitted taxes, Real Estate Taxes and Charge backs. It also excludes debt service for capital projects.

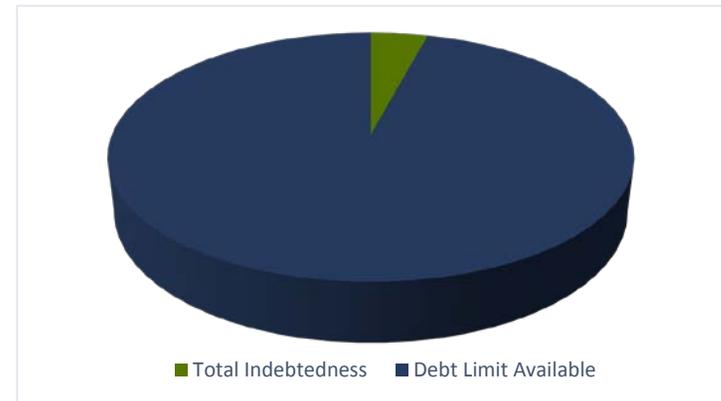

## Projected Constitutional Debt Limit

The Debt Limit of the County is computed in accordance with the provisions of Article VII of the State Constitution and Title 9 of Article 2 of the Local Finance Law. These provisions limit the amount of debt, which can be incurred to 7% of the five-year average full value of taxable real property.

2017

Debt Limit	\$	2,080,938,854	
Total Indebtedness*	\$	86,910,000	4.2%
Debt Limit Available	\$	1,994,028,854	95.8%

\*Total indebtedness, for purposes of this computation, is reduced by the 2017 appropriations of \$14,875,000.

# Capital Projects & Debt Service

## Overview

---

Like most governments, Dutchess County utilizes borrowing to finance capital expenditures such as road and bridge projects, equipment acquisition, building construction and renovations, and other authorized activities. Capital projects are typically multi-year projects financed by the issuance of debt which is repaid with interest over the useful life of the project or capital asset. The County's operating budget includes annual re-payment of principal and payment of interest through "debt service."

There are many advantages to this method of financing capital expenditures. Borrowing, typically through issuance of bonds, helps to create a more stable expenditure pattern that does not fluctuate severely as projects are undertaken. Borrowing also enables the County to complete capital projects that would be unattainable through a strictly pay-as-you-go financing basis. Furthermore, this policy enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets.

The uses and terms of debt are largely regulated by New York State and Local Finance Law. According to the County charter, the authorization to issue bonds requires adoption of a bond resolution approved by at least two-thirds of the County Legislative body. These resolutions delegate the power to the Chief Fiscal Officer, the Commissioner of Finance, to authorize and sell bond anticipation notes in anticipation of the issuance and sale of bonds authorized, including renewals of such notes. The decision to issue bonds is evaluated annually based on cash needs of each project and projected county cash flow. The County is assisted by bond counsel and financial advisors, who play a key role in the issuance, regarding the structure, timing, official statement and legal requirements, as well as with the application to the rating agency. For more information regarding debt service policy, refer to the Budget Overview – Financial Policies section of the budget document.

## Debt Service

---

As of December 31, 2015, Dutchess County had total outstanding debt of \$118,868,760 and approved appropriations to pay down \$16,243,760 in 2016. Thus the net indebtedness for the County as of December 31, 2015 was \$102,625,000. The net indebtedness is subject to the constitutional tax limit of \$2.1 billion, and the amount as of December 31, 2015 represents 4.86% of this limit. As of December 31, 2015, the County had authorized but unissued debt totaling \$14,524,391. The following table represents a summary of the County's debt service obligation as of December 31<sup>st</sup>, 2015.

<b>YEAR</b>	<b>PRINCIPAL</b>	<b>INTEREST</b>	<b>TOTAL</b>
2016	\$16,243,760	\$4,383,258	\$20,627,018
2017	14,875,000	3,797,438	\$18,627,438
2018	13,160,000	3,153,138	\$16,313,138
2019	12,205,000	2,564,669	\$14,769,669
2020	10,340,000	2,066,106	\$12,406,106
2021-2025	32,400,000	5,646,506	\$38,046,506
2026-2030	15,215,000	1,734,172	\$16,949,172
2031-2035	4,430,000	279,497	\$4,709,497
	<b>\$118,868,760</b>	<b>\$23,624,784</b>	<b>\$142,493,544</b>

Dutchess County utilizes comprehensive debt management strategies to minimize annual debt service and maximize benefit to the County's fiscal condition while protecting taxpayer resources. Debt management planning includes continual administrative review, adherence to local finance law, emphasis on pay-as-you-go financing when possible and responsible, and use of bond counsel and financial advisors.

In 2003, Dutchess County undertook debt management initiatives through the formation of a local development corporation known as the Dutchess Tobacco Asset Securitization Corporation (Dutchess TASC). The County assigned its rights to receive tobacco settlement revenues under a Master Settlement Agreement to the Dutchess TASC for \$41.97 million which was funded through the issuance of turbo-redemption bonds, resulting in a reduction of the County's outstanding indebtedness at December 31, 2003 to \$53.9 million, a decrease of \$39.5 million over the previous year. This corporation, together with similar corporations for Oswego and Rockland counties, formed a pool known as New York Counties Tobacco Trust III. As a result, the County was able to defease \$47 million in debt. This total includes \$37.3 million in principal and \$9.7 million in interest.

In November 2005, the Dutchess TASC together with 23 other County TASCs, formed a pool known as New York Counties Tobacco Trust V (NYCTT V). NYCTT V issued \$199,375,348 in Tobacco Settlement Pass-through Bonds yielding 6%-7.85% interest and an average expected life from 14 to 27 years. Dutchess TASC's portion totaled \$25.5 million. As a result, Dutchess County was able to defease \$9.5 million in debt issued December 2004 and receive \$16 million in the Capital Projects Fund.

In addition to the above transactions, the County has been vigilant in refunding bonds to issue new ones at lower interest rates. This process is undertaken periodically depending on interest rates and potential savings. In May 2006, bonds were issued to advance a refund of \$10.2 million in Public Improvement (Serial) Bonds originally issued by the County. The total overall savings was \$522,505 to the County.

In February 2009, Dutchess County issued \$15,095,000 in Public Improvement Refunding (Serial) Bonds, 2009 Series dated February 18, 2009. The bond principal decreased \$390,000; interest decreased \$679,585. The total overall savings was \$1,069,585 to the County.

In December 2011, the County issued \$5,395,000 in Serial Bonds which were used to advance refund \$5,750,000 of the 2003 public improvement serial bonds. The County recorded a gain on bond refunding in the amount of \$544,473 related to this transaction.

In June 2015, the County issued \$14,800,000 in Serial Bonds which were used to advance refund \$15,150,000 of public improvement bonds issued in 2004 and 2006. The total overall saving to the County was \$956,326.

In October 2016, the County issued \$10,960,000 in Serial Bonds which were used to advance refund \$11,800,000 of public improvement bonds issued in 2007 and 2008. The overall savings to the County was \$1,413,527.

County fiscal staff continues to seek out other responsible debt management practices to effectively reduce costs. This includes the deferral of borrowings based upon the County's liquidity position. As a result of our current strong liquidity, annual borrowing for 2016 will be deferred until 2017, saving the County interest between \$250,000 and \$500,000 in 2017.

## Ongoing Projects

---

Dutchess County utilizes the annual Capital Improvement Program as a means to maintain and improve county infrastructure. The following represent ongoing projects that are necessary on a routine basis to maintain county infrastructure, many of which have been proposed as part of the Capital Improvement Program for 2017.

- Energy Efficiency Improvements at Various County Facilities
- Building Planning, Design and Renovations at Various County Facilities
- Roof Replacement Program
- HVAC Piping & Infrastructure Replacement Program
- Highway & Bridge Improvement & Reconstruction
- Highway Construction Vehicles and Equipment Replacement
- Airport Maintenance and Obstruction Removal

- Dutchess Community College Infrastructure Improvements
- Partnership for Manageable Growth
- County Vehicle Replacement Program

These programs and projects are undertaken to respond to mandates or opportunities to promote greater efficiency and protect county assets.

## Planned Capital Projects in 2017

---

Along with the routine ongoing capital projects listed above which occur on an annual basis, there are a number of necessary non-recurring capital projects for 2017 that are adopted as part of the five-year capital plan. The following projects have been proposed as part of the Capital Improvement Program for 2017.

<b>Non-Recurring Capital Projects for 2017</b>		
<b>Department</b>	<b>Project</b>	<b>Estimated County Cost (\$000)</b>
Dutchess Community College	Purchase Creek Road Property	\$87.5
Dutchess Community College	Aviation/A&P (Airframe and Power Plant) Program	\$3,000.0
DPW – Airport	Replace ARFF/SRE Building (Construction)	\$146.3
DPW – Airport	On-Airport Water Distribution (Construction)	\$59.2
DPW – Airport	Replace Engineering Materials Arresting System (EMAS) (Design)	\$17.5
DPW – Buildings	Petroleum Bulk Storage Tank Replacements – Phase II	\$175.0
DPW – Buildings	Emergency Response Master Plan Implementation – Phase I	\$2,000.0
DPW – Parks	Parks Master Plan Implementation – Phase I	\$1,000.0
DPW – Public Transit	Transit Facility Exterior Upgrades	\$165.0
DPW – Public Transit	Purchase Bus Simulator	\$16.0
<b>Total</b>		<b>\$6,666.5</b>

For detailed information regarding these projects, including project descriptions and total project costs, please refer to the 2017 Dutchess County Capital Improvement Program.

## Impacts on Operating Costs

---

Capital projects and the capital improvement program impact the budget in a number of ways. When debt is issued for a particular project, those costs increase the total debt service cost included in the ensuing year’s operating budget.

Dutchess County strives to minimize frequency of borrowing and to utilize a pay-as-you-go project financing method when possible. The fiscal impact of each project is carefully reviewed to determine if and when borrowing becomes necessary to finance the project.

Many of the on-going capital projects, such as roof replacements and energy efficiency improvements at County facilities, minimize departmental operating expenses by reducing utility and maintenance costs. These adjustments are included in the calculation of the annual operating budget during the budget process and are included in the analysis and decision-making process for individual capital projects.

The 2017 Debt Service Obligation by Fund is detailed in the table below.

<b>2017 Debt Service Summary by Fund</b>			
<b>Fund</b>	<b>Serial Bond Principal</b>	<b>Serial Bond Interest</b>	<b>Debt Service Totals</b>
General Fund	13,206,839	3,566,889	16,773,728
Community College	1,131,595	130,343	1,261,938
Airport	255,965	48,891	304,856
Public Transportation	280,601	51,315	331,916
<b>Total</b>	<b>14,875,000</b>	<b>3,797,438</b>	<b>18,672,438</b>

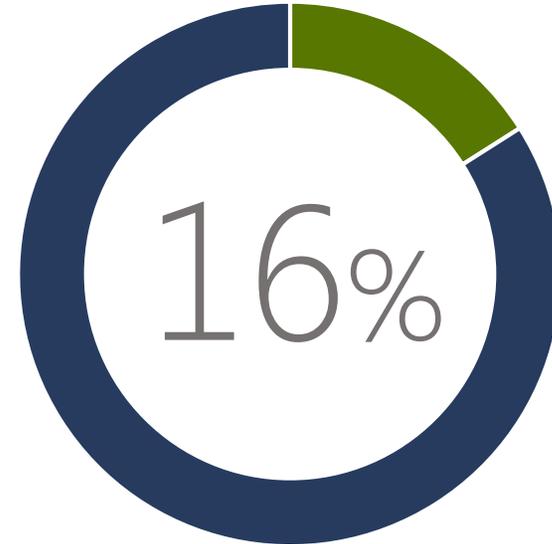

The below table indicates the projected 2017 debt service by department.

<b>2017 Debt Service Summary by Department</b>			
<b>Department</b>	<b>Serial Bond Principal</b>	<b>Serial Bond Interest</b>	<b>Debt Service Totals</b>
Community College	\$1,131,595	\$130,343	\$1,261,938

Percentage of the County Budget

## Mission

To promote the rule of law and serve the public by achieving just and timely resolution of all matters before the courts.

Percentage of the County Budget

# Courts

## Functions

The Judicial branch includes all courts and the Commissioner of Jurors. Dutchess County falls within the Ninth Judicial District. The Supreme and County Courts fall within a judicial district statewide. The Commissioner of Jurors is appointed for a four-year term, and maintains the central jury system for the County, providing trial and grand jurors for courts serving the County.

### Justices & Constables (A.1110)

The Surrogate's Court was created in 1778 by New York State. The Surrogate is elected for a ten-year term, handles all estate matters, wills and has general supervision of property left by deceased persons.

### County Court (A.1162.02)

The County Court of Dutchess County handles all felony criminal cases for Dutchess County. There are two judges in the County Court who preside over criminal matters.

### Supreme Court (A.1162.03)

The Supreme Court of Dutchess County is a court of unlimited original jurisdiction. There are nine judges assigned to the Supreme Court, either full or part-time, and two Referees, who hear civil cases.

### Family Court (A.1162.04)

There are four judges, two support magistrates and one Court Attorney Referee in the Family Court. Family court presides over cases involving domestic issues, such as divorce and child custody.

## Key Budgetary Issues:

- The 2017 Budget includes continued funding for the Public Defender's Family Court Unit to reduce Family Court assigned counsel costs. Staff and administrative costs for this unit are nearly covered 100% by grants from NYS Indigent Legal Services Fund (ILSF).
- In addition to cost savings, improvement in the quality of representation has been realized. The assigned counsel plan previously in Family Court could not meet several standards set by the New York State Bar Association with regard to providing state mandated representation. By bringing representation in-house, Dutchess now meets those standards.
- It should be noted that 34 counties in New York State, including Ulster and Columbia, use their Public Defender's Office to provide Family court indigent legal representation.

## 2017 Initiatives:

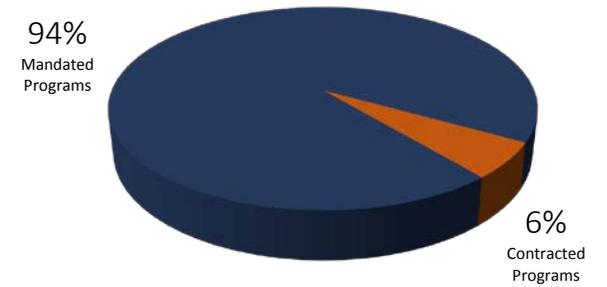

- Family Court is implementing a pilot program called The State Wide System Reform Program-Better for Families (SSRP-BFF) designed to improve outcomes for children and families by increasing the frequency of court appearances and monitoring, as well as, accelerating permanency outcomes.

# Board of Elections

## Mission

To promote citizen confidence in the democratic process and enhance voter participation in elections by ensuring that all eligible residents of Dutchess County have an opportunity to register and vote in all elections.

Percentage of the County Budget

# Board of Elections

## Functions

Under New York State Election Law, responsibilities are delegated to the Board of Elections of each county to oversee the compliance of all laws and regulations as it pertains to the administration of elections.

### Board of Elections (A.1450)

The department's duties include: registration and maintenance of voter registration submissions; being sole custodian of enrollment lists and maps of election districts; certification of election results and polling places; appointment, training, supervision and payment of election inspectors; taking delivery of and processing petitions filed for candidates to public office and referendums comprised within Dutchess County; preparation of ballots specific to each election district; maintenance, preparation, storage and transportation of voting machines; processing of absentee ballot materials including military and federal voters; ensuring information is readily available including information provided on the organization's website as well as information regarding campaign finance and data included in the state-wide voter database; responding to FOIL requests and general inquiries from public officials and the general public regarding all of the above-listed functions.

### Key Budgetary Issues:

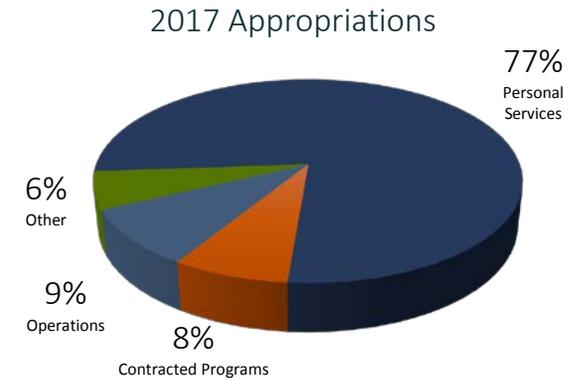

- The Board of Elections is responsible for maintaining and repairing 257 voting machines, which are a combination of electronics, firmware, and mechanically moving parts. These machines are no longer under warranty, and the State is looking at mandating new machines over the next few years.
- Prior year grants for ADA accessibility and training are no longer available.

# Goals and Workload Measures

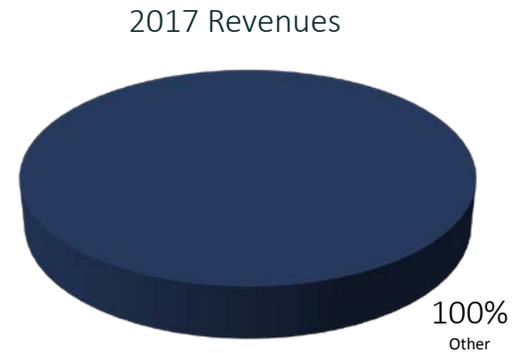

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>To promote citizen confidence in the democratic process and enhance voter participation in elections.</b>

# Comptroller

## Mission

The Comptroller's Office audits and approves all payments made by Dutchess County. The office also audits county departments and agencies receiving county funds, providing recommendations to strengthen internal controls, enhance revenues and ensure the effective use of taxpayer dollars.

Percentage of the County Budget

# Comptroller

## Functions

The Comptroller functions as chief accounting and auditing officer of the county. As a county wide elected official, the Comptroller is directly accountable to the taxpayers and voters of Dutchess County. Consequently, the Comptroller's Office is not an agency of the Executive or the Legislature.

### Comptroller (A.1315)

The Comptroller chairs the Audit Committee which provides oversight of the annual audit and all regulations, policy, and procedures affecting the accounting and financial procedures of Dutchess County. The Comptroller, with the assistance of staff, audits, provides consultation and offers assistance to county departments and outside agencies funded by the county. The Comptroller then reports the results to the County Executive and Legislature with the recommended actions to strengthen internal controls, curb expenses, enhance revenues and protect the taxpayers' interests. The Comptroller's Office also audits and approves all payments for capital contracts, all payments to vendors, and contracts with outside agencies and contractors.

The Comptroller performs all processing and record keeping responsibilities including pre-audit of claims, certification of availability of funds, encumbrance of funds, and processing and record keeping required by federal, state, and local law for encumbrance, payment, and recording of financial transactions. The office ensures all applicable federal, state, and local laws are adhered to in the handling of county funds and their application in providing services to the general public.

## 2017 Initiatives:

- The Comptroller's Office will spearhead the migration of county departments from tracking the contractual payments via spreadsheets to the contract module in LOGOS. This encompasses over 7,000 contractual payments of the 25,000 payments reviewed annually. This will benefit the County by streamlining and establishing safeguards for knowledge sharing throughout Departments and succession concerns.
- The Comptroller's Office is committed to bring vendors into the modern payment methodology of ACH payments. The cost-savings and convenience of streamlined banking is beneficial to both the County and vendors.

- The Comptroller's Office will focus on auditing agencies that hold high-dollar/high-risk payment contracts to ensure county dollars are spent achieving goals and projected benchmarks.
- The Comptroller's Office will assist the administration in its departmental review of processes to increase effectiveness, stream-line processes, and increase cost-savings and revenue capture to safeguard taxpayer dollars.
- The Comptroller's Office will assist the administration in its implementation of the 2017 budget and provide support in payment and project oversight.

# Office of Central and Information Services

## Mission

Provides dedicated services to county departments to increase their efficiency, effectiveness and support their administration with assistance and reducing costs. The Department is developing on-line services focused on the County's e-government platform which provides internet based systems for use by the public, businesses and other government agencies.

Percentage of the County Budget

# Office of Central and Information Services

## Functions

The primary goals of the Office of Central and Information Services (OCIS) are as follows:

### **Central Services (A.1610.01)**

The division of Central Services provides central purchasing, contract administration, duplicating and printing, mail service, inventory control, central billing, U.S. and interoffice mail deliveries, supply delivery, and office supplies. The Division also coordinates the procurement of goods and services for the County by implementation and maintenance of a system in full accordance with requirements set forth in General Municipal Law, Sections 103 and 104B, and local County Law. Each request to purchase is evaluated to determine the appropriate means for acquisition at the best price available.

The Central Services division coordinates support services such as, the county-wide copier program, supplies contracting, and bid development request for proposal (RFP) to provide efficiencies and cost savings for the County. New centralized programs to reduce costs are continually under review for implementation.

In addition to serving all county departments, the Division of Central Services also serves qualified outside agencies, and local municipalities, such as, Towns, Villages, Fire Districts, etc. The Division will assist in the continued development and enhancement of county wide purchasing cooperatives among participating municipalities and other shared services to further reduce costs for all agencies involved.

### **Telecommunications (A.1650)**

The Telecommunications division provides efficient telephone services and fast fiber optic telecommunications across county government departments.

### **Stores (A.1660)**

The County maintains and operates a Storeroom that initiates term contracts for office supplies, copy paper, trash can liners, paper products and Green/Environmentally Preferred cleaning supplies. The Storeroom uses these contracts to order in bulk, realizing savings for the County and uses couriers to distribute ordered items.

The Storeroom also maintains a surplus area and website for surplus furniture and equipment that may be reused throughout the county. Remaining surplus furniture and equipment is made available to municipalities throughout the County or sold at public auction.

### **Printing (A.1670.18)**

Dutchess County maintains and operates a Print Shop for all county departments in order to provide the most cost effective printing service. Additionally, Municipalities, Fire Districts, School Districts, and other approved agencies can procure printing and copier services through the Print Shop. Services include typesetting, design and layout, offset printing and photocopying in, full color and black and white, as well as bindery, and delivery service.

### **Mail (A.1670.19)**

Central Services maintains a centralized mail and courier service for the County. The couriers collect all mail from the various departments for delivery to the mailroom where it is sorted and processed based on US postal guidelines. Additionally, the couriers collect all interoffice mail for sorting and delivery to the various county departments.

### **Computer Information Systems (A.1680)**

The Division of Computer Information Systems uses automation to help the county meet its strategic objectives, improve workflow and increase operational efficiencies providing cost savings. The goal is to improve data access and availability to enable county departments, businesses and the public to accomplish their jobs in a more efficient and effective manner. The Department is focused on improving communications and collaboration between county departments and external agencies through the County-wide E-mail system, Internet services, and work flow applications.

In addition to serving all county departments, the Division of Computer Information Systems provides Shared IT Services to local municipalities and provides internet application and e-government services to the public.

The Division is continuing to expand and improve the Wide Area Network (WAN) including both data and voice services and implement state of the art technologies such as GIS, imaging, mobile computer, and Enterprise Content Management (ECM).

The Computer Information Systems division also provides technical expertise concerning application software utilization, software selection, computer equipment and telecommunications implementation, and the evaluation of new technologies. The division also works to streamline and improve computer system installations and maintenance through the implementation of cost saving technologies such as: Thin Client workstations, virtualized servers and consolidated disk storage.

### **Key Budgetary Issues:**

- An increase in equipment lines is necessary to support the required upgrade to the County's Tyler Public Safety software. This will increase the reliability and access to these critical Public Safety applications, as well as, allow the County to increase shared services by hosting the Town of Poughkeepsie Police Department on our system. The cost will be offset by revenue from the town creating savings for both the County and the Town.

- The budget includes the replacement of aging and unmaintainable printing equipment in the print shop. Additionally, a new County-wide copier program will be implemented in 2017 along with increased color copier capacity at the print shop, improving the scope of projects the print shop can handle.

## 2017 Initiatives:

### Computer Information Systems (A.1680)

- Advance digitization and storage of records through the Enterprise Content Management (ECM) system. Work in 2017 will involve:
  - Human Resources Records
  - Health Permits and Inspections
  - DPW Work Permits – Provide mechanism for the public to submit applications
  - Expanded Public Portal
- Redesign the County website in a “Responsive Design” format to be adaptive to mobile devices.
- “Host” Arlington Fire District computer environment and provide Application support.
- Expand OCIS IT Shared Services to municipalities including website development for interested municipalities.
- Enhance and streamline the County Clerk’s operation by expanding Electronic Filings and E-Recording.
- Expand electronic payments.
- Implement expansion of the IP Phone System, including integration of email and voice mail as well as a “pilot” project for video conferencing.

### Central Services (A.1610.01)

- Review user guidelines for the Best Value requirements, such as warranty, training, experience, and cost to maximize our benefits while minimizing cost when purchasing goods and services.
- Implement a new County-wide copier program.
- Create a P-Card online training system.
- Review P-Card program options, including rebate programs.
- Train county departments in asset tracking and department responsibility.
- Expand the Active Commodity Contracts to include all bids and commonly used NYS Contracts.
- Create an internet database system to track surplus furniture and equipment.
- Explore the inclusion of additional towns and municipalities in the e-waste program.
- Create training for county departments and municipalities on state contract usage and proper purchasing procedures.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Central Services - To provide a system with a cost effective and efficient procurement program.</b>						
	Purchase Orders Issued	1,034	1,100	1,100	-	0%
	P-Card Transactions	3,314	3,825	3,825	-	0%
	Dollar Value of PO's (\$M)	\$15.1	\$12.4	\$12.4	-	0%

# County Clerk

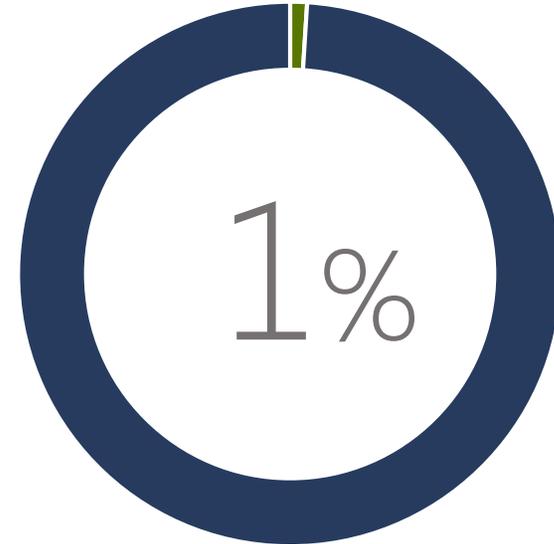

## Mission

In all divisions, the County Clerk's Office is committed to the delivery of accurate information in order to facilitate successful transactions and satisfied customers.

Legal Division – To accurately record and index land records, court records and other public records in accordance with the duties of the County Clerk's Office as set forth in the NYS Constitution. To deliver personal service, process passport applications and arrange for Naturalization ceremonies for our newest citizens on behalf of the Federal Government.

Department of Motor Vehicles – To help customers successfully navigate the sometimes complex state regulations pertaining to non-driver identification cards, drivers' licenses and registrations.

Records Management Division – To accurately inventory, store and record all non-current and archival records for all County Departments and agencies.

Percentage of the County Budget

# County Clerk

## Functions

The Office of the County Clerk is one of the oldest governmental offices in Dutchess County, established in 1715 as Clerk of the Court and keeper of the County Records. Over time, additional responsibilities have been added to the County Clerk's office. Currently, the duties are allocated as follows: Administration, Department of Motor Vehicles, Legal Division, Records Management, and functional oversight and administrative support for the Department of History.

### **Administration (A.1410.01)**

Provides overall guidance and department management, oversees expenditures and establishes the goals and objectives of the County Clerk's Office.

### **Department of Motor Vehicles (A.1410.13)**

Dutchess County is one of 51 counties across New York State where the County Clerk, acting as the agent for the New York State Commissioner of Motor Vehicles, provides a wide range of motor vehicle services to the public. Services are provided at the County Office Building, as well as in Wappingers Falls and Beacon on all weekdays. Service is provided in Millbrook on Monday, Wednesday and Friday and in Pawling on Tuesday and Thursday.

### **Legal Division (A.1410.14)**

The Legal Division is constitutionally charged with indexing and filing the records of the Supreme and County Courts, as well as, recording all records relating to the title of lands within the County. Originally maintained as paper records, since 1989 all land records are stored electronically. In partnership with the Office of Central and Information Services, today more than 1,483,660 land and legal documents are available to the public through [dutchessny.gov/countyclerk](http://dutchessny.gov/countyclerk) for viewing and purchase. Additional court filings are available through New York State Courts Electronic Filing (NYSCEF) system.

Additional responsibilities include:

- For Veterans- File military discharge papers, issue Veteran's Peddler's Permits, and administer the "Return the Favor" program.
- For Citizens- Act as agent for the Department of Homeland Security for passport services and administer the Oath of Allegiance to new citizens at bi-monthly naturalization ceremonies.
- For Businesses- As Chief Notary of the County, maintain the registry of notaries. Also issue assumed name business certificates, as well as, corporate filings.
- For Government- Record Oaths of Offices for County and municipal office holders. Collect and distribute taxes and fees for multiple entities.

## Records Management (A.1410.20)

The County Clerk serves as the Records Management Officer of Dutchess County. Long term record storage is located at 170 Washington Street where more than 48,000 boxes house document collections of every department of county government, as well as, historical documents. The Records Center also provides documents to departments upon request and re-files those documents upon return.

## Key Budgetary Issues:

### Department of Motor Vehicles

- 2017 revenues will begin to recover as the license renewal cycle returns to normal following a 3 year drop off. While revenues are projected by NYSDMV to increase 16% over 2015, there will still be a projected deficit in the revenue for the provision of DMV services.
- Overall, Dutchess County DMV revenues are continuing to be negatively impacted by the expansion of internet transactions provided by NYSDMV. In FY 2016, loss of revenue retention on potential transactions will exceed \$900,000. This amount exceeds the projected loss in the DMV budget significantly. Policy decisions by the State of New York have changed Dutchess County DMV from a fully funded operation in 2012 to another costly unfunded mandate in 2016.

### Legal Division

- The inception of voluntary electronic filing (efiling) of civil court cases on February 18, 2014 has also reduced the need for physical case files saving the County money. The conversion of efiling from voluntary to mandatory was instituted on December 15, 2015. The County Clerk's office is currently e-filing 50% of all clerk's minutes cases.

## 2017 Initiatives:

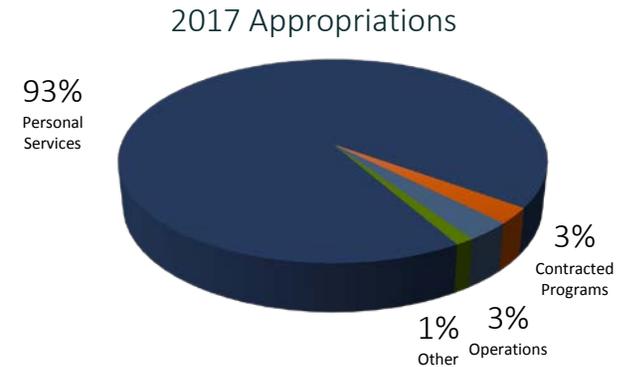

- In 2017, the office will offer expanded electronic recording (E-recording) of land records to customers. This will reduce postage costs as well as processing costs.
- The budget proposal also includes the implementation of the "ThinkDifferently" initiative. This initiative involves indexing and digitizing documents currently stored at the records management facility. The back scanning project allows for the increased accessibility of documents and frees up space at the records center. By utilizing a local, non-profit agency, we will increase the agency's capacity to provide meaningful employment training to a non-traditional work force while addressing a longstanding county need for digitization of permanent records in the Electronic Content Management System. The project will be supervised and under the direction of an Archivist.
- The administration will continue to examine existing policies and procedures in order to enhance workforce development and efficiencies.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
Department of Motor Vehicle - To deliver personal service at a reasonable cost while generating revenue for the county. The County Clerk's Office will continue to encourage our residents to "Renew Local First" in order to keep tax dollars in the county.						
	DMV Transactions	247,328	250,000	280,000	30,000	12%
Legal Division - To serve as receiver and custodian of all land records, the collector of mortgage and deed transfer taxes and receiver of court documents. The Legal Division will also continue to process passport applications, assist in setting up new businesses and conduct naturalization ceremonies for new American citizens.						
	Recordings and Transactions	102,579	105,400	112,000	6,600	6%
Records Management - To provide cost effective and efficient method of records retention.						
	Request for Records	2,788	2,800	2,800	-	0%
	Records Added	1,792	2,000	2,000	-	0%
	Records Destroyed	2,644	3,000	3,000	-	0%

# County Executive & Budget Office

## Mission

To provide quality, responsive services to residents, businesses, and visitors in a fiscally responsible manner while striving to preserve our heritage, promote economic development and enhance the quality of life for current and future generations.

Percentage of the County Budget

# County Executive & Budget Office

## Functions

The County Executive is the chief executive officer of the County, serves a term of four years, and exercises all of the executive powers and duties conferred or imposed by law or Charter. The Budget Office serves the County Executive and his administration on all budgetary issues and is responsible for the preparation and oversight of the annual operating budget and capital plan. The County Executive's Office and the Budget Office work together to advance the County Executive's priorities and implement policy. They provide the necessary research and cost benefit analysis necessary to make informed program and policy decisions. The County Executive's Office and Budget Office provide oversight and involvement in the policies and implementation of initiatives. These initiatives are described and included in the departmental areas of the budget.

### County Executive (A.1230)

The County Executive is the chief budgetary officer of the County. He approves or disapproves proposed local laws, ordinances, legalizing acts, or resolutions. As well as makes, signs and implements all contracts on behalf of the County.

The County Executive's responsibilities consist of appointing department heads and appointive executive officers of the County Government, subject to confirmation by the County Legislature; to supervise, direct and control the administration of every department of the executive branch of County Government, their internal structure and organization, including the appointment and dismissal of employees. Furthermore, the County Executive appoints, supervises and terminates all executive committees, commissions and boards to assist him in the exercise of his executive functions and in the planning, formulation and administration of executive policies and programs.

### Budget (A.1340)

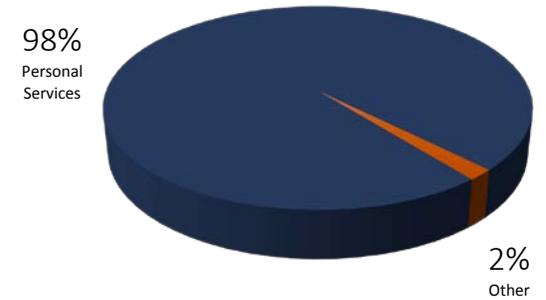

The Budget Office is also responsible for monitoring expenditures and revenues throughout the year to ensure compliance with the budget, analyzing the impact of New York State and Federal legislation on the county's fiscal plan and assisting the County Executive's Office and departments with special projects.

Dutchess County is required by Administrative Code to submit the County Executive's Tentative Budget, including both the operating budget and the capital budget for the ensuing fiscal year, to the Legislature by November 1st. A final budget must be adopted by the Legislature for the next fiscal year by December 21st.

# County Legislature & Clerk

## Mission

The Legislature's mission through open and transparent government is to provide efficient, effective, and reliable resources to enhance the health, safety and quality of life of the citizens of Dutchess County.

Percentage of the County Budget

# County Legislature & Clerk

## Functions

The County Legislature is the policy-making and appropriating body of County Government. It is comprised of 25 part-time Legislators elected from separate districts throughout the County. It has standing committees composed of its members, as well as advisory committees and boards with citizen participation.

### County Legislature (A.1010)

The Office of the Chairman includes the Assistant to the Chairman who serves at the pleasure of the Chairman and performs duties and assignments as directed.

The Legislative Attorney advises the Legislature in its deliberations, renders opinions, prepares legal documents, and attends committee meetings and legislative sessions to give legal advice to all Legislators.

### Clerk of the Legislature (A.1040)

The Clerk of the Legislature and the staff serve as the administrative arm of the County Legislature and are the Legislature's official link to all other departments in the County and the constituency at large.

## 2017 Initiatives:

- Working in conjunction with a member of the County Attorney's office and General Code, the Clerk and Deputy Clerk are in the process of codifying all Laws of Dutchess County. The codification process is designed to strengthen the county and will enable an ever increasing transparency allowing County departments, as well as the public, to search and retrieve all county laws, Dutchess County Charter, and Administrative Code.
- As a progressive department, we are seeking to digitalize all prior year bound proceedings providing reliable and accurate access to the public and County departments to search and retrieve laws of Dutchess County. The goal is to allow access to digitized resolutions into the early 1980's.

## Mission

To successfully meet all mandates and County Charter directives relative to the administration of all financial affairs of the County, as well as the Real Property Tax administration, providing local assessors with resources needed to carry out the assessment function and provide public access and information.

Percentage of the County Budget

# Finance

## Functions

The Commissioner of Finance is the Chief Fiscal Officer of the County, encompasses the role of Treasurer, and is charged with the responsibility of receipt and disbursement of County Funds. The Commissioner of Finance is also responsible for enforcement of real property taxes levied for county, town, school district and village purposes. All state and federal aid monies, fees collected by departments and other cash payments receivable by the County are deposited with the Commissioner of Finance, who, in turn, is responsible for investing funds which are not immediately needed for payment of goods and services provided to County government.

### **Finance (A.1310)**

The accounting and cash management functions include those treasury functions associated with the Chief Fiscal Officer of the County. Such responsibilities include receipt, disbursement, investment of funds, debt management, maintenance of accounting records and preparation of financial statements. Finance also performs the payroll function for the county, collects Hotel taxes and provides the tax enforcement function including collection of delinquent real property, and In-Rem foreclosure action.

### **Finance - Real Property Tax (A.1355)**

The agency produces and maintains tax maps for the County which are the bases for much of the County's Geographic Information System. Other functions include education and training for assessors, their staffs, Board of Assessment Review, transfers (sales) and escrow processing, administrative corrections to tax rolls, calculations of tax rates and processing of omitted and relieved taxes.

The department works closely with local assessors and offers a wide variety of information and services related to assessment administration and research and guidance. Department also provides information and assistance to other County departments and the general public. The department produces assessment and tax rolls, bills, associated documents, and forwards data as required or requested to the NYS Dept. of Tax and Finance. The department also acts as a liaison between NYS Office of Real Property Tax Services and the local assessors.

### **Tax Advertising & Expense (A.1362) & Exp Property Acquired for Taxes (A.1364)**

The tax enforcement function encompasses those responsibilities set forth in Real Property Tax Law governing the collection of delinquent real property taxes. The Commissioner of Finance is charged with the duty of enforcing collection of all delinquent county, town, school and village taxes within the county except those parcels located within the cities of Beacon and Poughkeepsie. The enforcement process includes acquisition of property through an In-Rem foreclosure action and subsequent sale at public auction. These accounts reflect the costs associated with this process.

### **Municipal Association Dues (A.1920)**

Dues paid to municipal associations, including the New York State Association of Counties.

### **Taxes & Assessment County Property (A.1950)**

Taxes due on property owned by the County.

### **MTA Payroll Tax (A.1980)**

Expense associated with the .34% MTA payroll tax on gross County payroll, paid on a bi-weekly basis.

### **General Gov't Support (A.1989)**

Includes miscellaneous expenses including tuition reimbursement and assigned counsel for Parole Hearing representation.

## **Key Budgetary Issues:**

- Based on Hotel and Occupancy Tax realized through the second quarter, the year-end projection exceeds budgeted amounts of \$2.4 million for 2016. The revenue for the first two quarters of 2016 is running approximately 5% over last year.
- Off Track Betting has advised to budget little if any revenues in the future unless there is legislation passed by NYS to exempt OTB revenues from NYS mandates. We have used a very conservative figure based on 2016 actual revenues collected.
- Based on actual results for the winter and spring semesters, community college chargeback appropriations for 2016 are expected to approximate the budgeted amount of \$2.57 million; however, rates and enrollment are expected to increase in 2017.
- The NYS Retirement payment budget is based on two components, the payment required for the plan year ending 3/31/17 (25% of the 2017 budget) and for the plan year ending 3/31/18 (75% of the budget). The payment to the NYS Retirement System is based on a calculation prepared by the NYS Retirement System which multiplies the actual salary times a pension rate for each employee. The 2017 budget is lower than the 2016 budget due to a decrease in the overall pension rate from 16.0% to 15.6% for the plan years ending 3/31/17 and 3/31/18 respectively.
- Finance continually works with our banks and their representatives to pursue services which reduce the risk of check fraud as well as all banking safeguards regarding Cyber-attacks to online banking. Interest received on the deposits is very low for 2016, with no sign of significant change in 2017.
- Sales Tax - Economic growth in revenue for 2016 is up for the first three quarters of the year compared to the first three quarters of 2015. The projection for 2017 sales tax was based on the receipts through November with a continued 2% projected economic growth for the remainder of 2016 and 1.4% growth for 2017.
- Real Property Tax – A Program Assistant position was permanently transferred to Finance lowering staffing to eleven for 2017.

## 2017 Initiatives:

- Finance will continue to implement new GASB pronouncements as they are required. They will continue working with our outside auditors to improve accounting practices and implement recommended and required changes to our financial reports.
- 2017 will include the release of a web base portal which will grant employees access to view and maintain much of their payroll and Human Resource information through the eSuites model, which is part of our current New World Financial Software.
- The Finance Department will be further implementing the use of our financial software's electronic bank reconciliation capabilities. This will save time and expedite the bank reconciliation process handled by Finance.
- Finance will be working closely with all departments to improve workflow and find efficiencies with financial procedures. The Department will automate more of the banking procedures and reviewing the internal processes in each division of Finance. Cross training and communication will continue to be a priority throughout the upcoming year.
- The Department of Real Property Tax plans to maintain the satisfactory completion of all mandated duties, local programs and duties assigned by the County charter, and continue to seek, develop and implement more efficient ways to do so. The agency will continue to offer educational opportunities for local assessors and encourage the adoption and implementation of assessment standards as approved by the State Board of Real Property Tax Services.
- The Department of Real Property Tax will accurately and efficiently implement the changes to the STAR Income Tax Credit Program. This new mandate will include both assessment software updates as well as ongoing assessment data updates in 2017.

# Goals and Workload Measures

# Department of Law

## Mission

The County Attorney is the sole legal advisor for the Executive branch of County Government. The Department of Law is responsible for protecting the interests of the County in all judicial matters in involving the County in state and federal courts as well as administrative proceedings. It further provides legal advice to the County Executive and all executive departments of the County. The goal of the Department of Law is to provide excellent legal services to the County of Dutchess in a comprehensive, efficient and collegial manner.

Percentage of the County Budget

# Department of Law

## Functions

The County Attorney is the sole legal advisor for the Executive Branch of County Government. The Department of Law represents the interests of the County in all judicial proceedings involving the County in state and federal courts. It further represents the County in Freedom of Information Law (FOIL) requests, contract and lease negotiations, administrative hearings, drafting resolutions and local laws, public hearings, federal and state grants review, personnel and employee relations, disciplinary actions, labor contract negotiations and legal research and opinions.

### Department of Law (A.1420)

The County Attorney's office is involved in eminent domain proceedings, highway/right-of-way takings, tax refunds, Behavioral & Community Health legal proceedings, and the Federal Urban County Program, as well as civil litigation in actions against the County challenging bid awards on County projects, In Rem tax enforcement proceedings, Medicaid fair hearings and pursuit of tax claims in Bankruptcy Court, ongoing activity in the acquisition of open space and trail rights throughout the county and persecution of juvenile delinquency and persons in need of supervision cases in family court.

A division of the County Attorney's office is assigned to the Department of Community and Family Services (DCFS). This unit provides legal advice to the various social service divisions and represents DCFS in Family Court cases and in related matters in other court and legal forums; handles cases involving adult protection, child abuse and/or neglect, foster care and severance of parental rights; and prosecutes support collection cases.

## Key Budgetary Issues:

- An additional Family Court Judge began January 1, 2016. As a result, the Department of Law requires additional staff resources in order to appear and process cases in 4 active family courts.

## 2017 Initiatives:

- Ongoing review and analysis of county contract content to potentially improve and strengthen the language in order to prohibit misuse of County funds by vendors.
- Collaborate with the County Legislature to compile a codification of all local law in an in-depth publication.
- Complete the integration of our various office wide software programs to create a user friendly system for email, document filing and digital communication.
- Develop a digitized office wide file index for more efficient file retrieval.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
County Attorney processes all County contracts, amendments and extensions; reviews related scopes of service and insurance; handles leases; claims and litigation for and against The County; prepares local laws and resolutions for submission to County Legislature; provides legal support to all County departments.						
	New Contract Files Opened (in OnBase only)	780	700	700	-	0%
	New Contracts Processed	493	648	600	(48)	-7%
	Total Contracts with Extensions/Amendments & Leases Processed	670	516	650	134	26%
	Resolutions Processed	225	216	200	(16)	-7%
	Litigation - Torts*	100	100	69	(31)	-31%
	Other Litigation	290	290	290	-	0%
	Administrative Proceedings	45	45	97	52	116%
	Enforcement Proceedings -when orders are ignored	40	40	40	-	0%
	Real Property Matters	300	300	275	(25)	-8%

\* Tort claims, as of 1/1/15, are provided to Risk Mgmt, who in turn forwards to the insurance carrier, NYMIR; this represents "run off" files.

\*\* Administrative proceedings, as of 2017, now includes open cases in addition to the hearings.

County Attorney prosecutes Juvenile Delinquent and Persons In Need of Supervision cases in Family Court; appears for extensions and violations.						
	Juvenile Delinquent (JD) Files Opened	68	70	60	(10)	-14%
	JD Active Files	165	183	183	-	0%
	JD Petitions Filed	36	54	48	(6)	-11%

# Human Resources

## Mission

To provide a full range of high quality human resource management services for Dutchess County departments and employees and to administer the New York State Civil Service Law for the county and all municipalities within the County including towns, villages, cities, special districts, school districts and Dutchess Community College.

Percentage of the County Budget

# Human Resources

## Functions

The Commissioner of Human Resources acts as the Civil Service Officer (local civil service commission) for the County of Dutchess as defined by Section 15 of Civil Service Law. This includes the responsibility for administering Civil Service Law for the County, and all of the towns, villages, cities, school districts and special districts located within the geographic boundaries of Dutchess County. The Commissioner is assigned by the County Executive with the responsibility for administering labor relations for County bargaining units, including participation in collective bargaining negotiations. The Equal Employment Opportunity Program for the County is currently overseen by the EEO / Human Rights Officer under the direction of the Human Resources Department.

### **Human Resources (A.1430)**

Human Resources is responsible for both civil service and personnel administration. Civil Service Administration is done for County agencies and municipalities; and includes maintaining all civil service records; the civil service examination process; civil service roster records; application review and annual payroll certifications. Personnel administration is provided for all County departments and includes all personnel records, contract negotiation, interpretation and implementation; grievances; discipline; labor relations issues; and interpretation and enforcement of County policies and procedures.

The Dutchess County Human Rights Commission, as well as the Equal Employment Opportunity Program work to promote diversity in the County's workforce and applicant pool. It also reviews complaint investigations related to equal opportunity, affirmative action, sexual harassment, and workplace violence. The Dutchess County Human Rights Commission will be re-established and will work to create a respectful community for all by raising awareness about human rights, identifying community concerns and responding to concerns about discrimination and intolerance. The Equal Employment Opportunity Program, operating through an equity and inclusion framework, works to promote diversity.

### **Risk Management (A.1910.64)**

This division is responsible for the oversight of employee benefits, workplace safety, workers' compensation, 207c benefits and property casualty and liability insurances for Dutchess County. Through shared services the division also handles workplace safety, workers' compensation, and 207c benefits for two component agencies and thirteen local municipalities. Risk Management establishes and reviews insurance requirements for approximately 1,500 County contracts, leases, permits` and special events. Risk Management also works with departments and municipal partners to prevent injury especially in high risk units like Public Works, Sheriff and Jail.

### **Workers Compensation (S.1710/1720)**

Human Resources also oversees Dutchess County's Self Insured Workers' Compensation Trust which includes 15 other participants; manages the Third Party Administrator (TPA) outcomes, reviews claim reports and follows-up; conducts claim reviews with department heads; trains staff on workers' compensation reporting; recommends and implements safety/policy initiatives; updates participants on recent NYS Workers'

Compensation Board regulations and initiatives. Work with 207C Attorneys, Workers' Compensation Attorneys and County Attorney's Office to review cases for potential fraud.

## Key Budgetary Issues:

- The budget includes the impact of all settled union contracts as well as COLAS and merit awards for management and confidential employees. Both the CSEA and DCSEA bargaining units have contracts expiring at the end of 2016.

## 2017 Initiatives:

- Review all County positions in conformance with new Fair Labor Standards.
- Expand ongoing salary studies.
- Collaborate with vendors to transform and modernize the health insurance, worker's compensation, property, and casualty insurance program.
- Continue ongoing updates of the Rules for the Classified Service of Dutchess County and the Policy and Procedure Manual.
- In coordination with OCIS, implement the digitization of records through the Enterprise Content Management/Document Management System for benefits, personnel, worker's compensation records and employee files. Human Resources will be piloting a "ThinkDIFFERENTLY" approach to scanning through a contract with a not for profit to provide opportunities for those with special needs.
- Continue negotiations with CSEA, and DCSEA labor contracts/collective bargaining agreement for expiring contracts.
- Implement second phase of the Workplace Violence Prevention and Response program training to all County employees.
- Negotiate Union Contracts.
- Develop goals, objectives and outcomes for the Human Rights Commission that include fostering dialogue and conflict resolution processes, as well as assisting people with complaints.
- Develop and conduct trainings for county employees, both in-house and through outside resources in harassment prevention, best supervisory practices, diversity, equity and inclusion training for leadership staff.

- Support the “ThinkDIFFERENTLY” initiative by creating an ADA policy Expand pathways for recruitment of diverse candidates for exams and positions.
- Continue review of County’s insurance limits and coverage details to ensure best practices are used to meet the needs of the County.
- Re-evaluation of the training programs related to Defensive Driving and BOSH trainings to maximize alternate training opportunities while continuing to meet the needs of County and Workers’ Compensation Trust members. Work to implement online training programs for some classes of employees.
- Emergency evacuation plan is near completion for all County buildings and employees.
- Continue to streamline ongoing operation of online benefit enrollment portal. Conduct reconciliations to avoid unnecessary additions and terminations.
- Hold quarterly claim reviews with liability claims TPA and enhance oversight of vendor’s claims system to monitor claim handling and better determine risk exposure.
- The department will roll out a web base portal which will grant employees access to view and maintain much of their payroll and Human Resource information through the eSuites model, which is part of our current New World Financial Software.

# Goals and Workload Measures

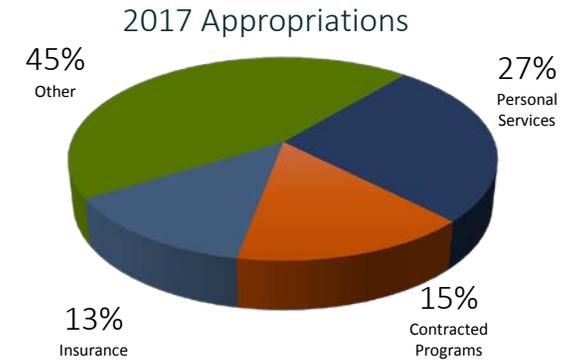

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
Provide personnel and civil service administration direction and information and support others in meeting legal requirements, ensure employees are treated fairly, and ensure related records are maintained accurately.						
	Tuition Reimbursements Processed	23	20	20	-	0%
	Payrolls Certified/Reviewed	23	74	74	-	0%
	County Personnel/Payroll/Roster Changes	3,119	3,376	3,200	(176)	-5%
	Non-County Personnel/Payroll/Roster Changes	7,725	9,640	9,800	160	2%
	Grievances/Stipulations/Arbitrations	15	14	15	1	7%

# Public Works Administration & Buildings

## Mission

The Department of Public Works oversees the maintenance and operations of all County buildings, parks, roads, bridges, the County Airport and County Public Transit as well as the administration and accounting of these divisions. The administration and buildings divisions plan, design, build and maintain the physical county infrastructure and provide supervision of the design and construction of capital projects in the Capital Improvement Program.

Percentage of the County Budget

# Public Works Administration & Buildings

## Functions

The Department of Public Works has the responsibility for the administration, construction, maintenance, supervision, repair, alteration, and care of all County buildings, highways, bridges, parking lots, parks, and any other Public Works' facilities within the county. The Department is also responsible for the supervision of the design and construction of capital projects in the Capital Improvement Program. There are other units within the Department of Public Works, however for presentation purposes, Administration and Building Management are part of the General Government Support section.

### DPW Administration (A.1490)

Provides overall guidance and department management, oversees expenditures and capital projects management, and establishes the goals and objectives of the Public Works Department.

### DPW Buildings (A.1620)

Responsible for the operation and maintenance of 186 County owned or leased buildings totaling approximately 1.2 million square feet. The major objective of this division is to ensure the safety and comfort of all county employees and residents visiting the County's facilities. A full range of services is provided or administered to achieve this goal including overseeing design, construction, administration, building maintenance, security services, off-street parking, and operation of the county-owned facilities.

## 2017 Initiatives:

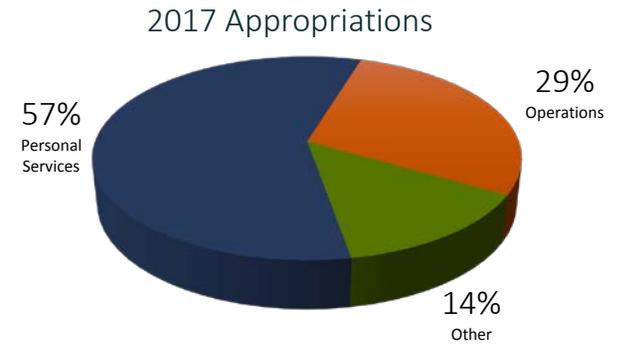

- Elevator upgrades – 22 Market St, 10 Market St, 60 Market St, and 236 Main St. 2016/2017 (funding approved in 2016).
- HVAC piping and infrastructure replacement program at various buildings, based on the 2014 Hazmat and Infrastructure Survey.
- Various planning, design, and renovations to multiple county buildings.
- The 60 Market Street lobby design and renovations will be completed in 2017.
- Farm and Home renovations for various departments will be completed in 2017.
- 230 North Road building renovations.
- Continued Petroleum Bulk Storage compliance.

# Contingency & Vacancy Factor

## Contingency

The County cannot always know what is coming. By budgeting contingency, the County recognizes the need to have funds to apply to unplanned for obligations.

## Vacancy Factor

Vacancy factor is the budgeting of savings resulting from vacant positions. When employees leave the County or move to other positions, it takes time to refill the position.

# Contingency & Vacancy Factor

## Functions

### Contingency & Vacancy Factor (A.1990)

Contingency funds are monies budgeted for future events or circumstances that are possible but cannot be predicted with certainty. Vacancy factor is a negative appropriation that reflects the dollars expected to be saved by having a number of unoccupied positions throughout the year.

### Key Budgetary Issues:

- Vacancy factor is budgeted at (\$2.2M). This amount is up from last year's (\$1.6M) budget. This change is based on the actual savings being realized in excess of \$1.6M over the past 6 years.
- General Contingency is budgeted at \$1.5 million consistent with 2016.

# Contribution to Enterprise Fund

## Mission

To minimize the support to the Enterprise Funds including the County Airport and Public Transit.

Percentage of the County Budget

# Contribution to Enterprise Fund

## Functions

### **Contribution to Enterprise Fund (A.9901.63)**

DPW Airport (EA Fund) and DPW Public Transit (ET Fund) operate as Enterprise funds. The difference between revenue and expenses in each fund is offset by a contribution from the General Fund known as the County subsidy.

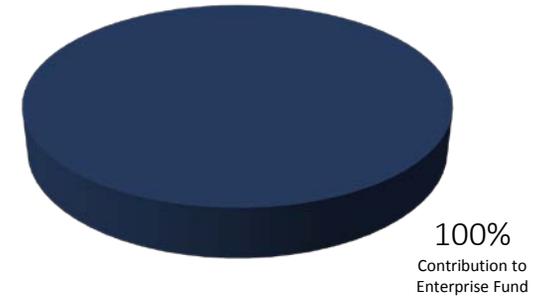

### Key Budgetary Issues:

- EA Fund Contribution is budgeted at \$185,211, which pays for Airport debt service – there is no longer an operating subsidy.
- ET Fund Contribution is budgeted at \$1,117,936. The 2017 budget also includes \$1,400,000 from ET fund balance to reduce the County subsidy.

# Interfund Transfers

Interfund transfers are a necessary accounting function to move money between funds.

Percentage of the County Budget

# Interfund Transfers

## Functions

### **Interfund Transfer (A.9901.65)**

The interfund transfer reflects the necessary transfer between funds for the Self Insured Workers Compensation Fund. In 2017, this area includes the interfund transfer of \$250,000 to increase the reserve for claims.

### **Workers' Compensation (S.9901.21)**

In 2017, this area includes the interfund transfer of \$307,500 from the S Fund to the General Fund (A) to reimburse Risk Management for salary and benefits for employees who administer Workers' Compensation and related safety programs.

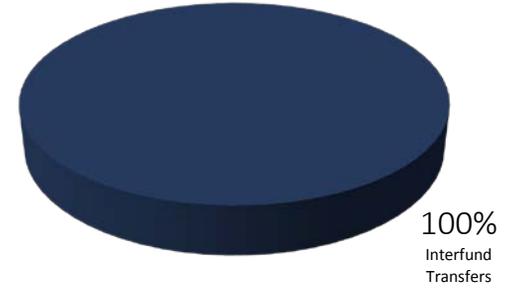

## Key Budgetary Issues:

- There are significant liability claims outstanding. As such, the 2017 budget continues to increase the reserve to set aside funds to pay settled obligations up to the \$250,000 liability insurance deductible. At the end of 2016 the reserve is projected to total \$1.3M with an additional \$250K appropriated to increase the reserve in 2017.

# Property Tax

## Mission

To minimize property taxes to the extent possible while maintaining core County services and programs. The property tax levy has decreased for 3 consecutive years. In 2017 the corresponding tax rate is also decreasing 1%.

Percentage of the County Revenue

# Property Taxes

## Functions

The 2017 proposed tax levy of \$106,470,935 reflects the 3<sup>rd</sup> consecutive property tax levy decrease resulting in a property tax rate reduction for taxpayers.

### **Finance –Real Property Tax (A.1310)**

The 2016 General Fund (A) real property tax is \$94,503,040.

### **Property Tax Adjustments (A.9999)**

The 2017 General Fund (A) real property tax provision for uncollected taxes is (\$200,000) and the provision for tax refunds is (\$800,000).

### **Finance –Real Property Tax (D.1310)**

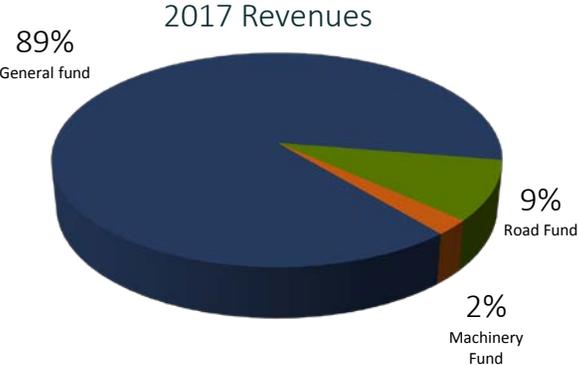

The 2017 Road Fund (D) real property tax is \$9,552,928.

### **Finance –Real Property Tax (E.1310)**

The 2017 Machinery Fund (E) real property tax is \$2,414,967.

# Appropriated Fund Balance

## Mission

The County will strive to maintain an undesignated/general fund balance of 5-10% of net general fund revenue as a means of maintaining fiscal stability to the extent that general fund balance exceeds 10%, funds will be used to provide property tax relief through offsetting operating expenses, or to pay down or avoid indebtedness.

Percentage of the County Revenue

\* Includes appropriation from Taxpayer Protection Fund

# Appropriated Fund Balance

## Functions

Fund Balance is not a cash account to be spent. Instead, it is the difference between the county's assets and liabilities at a single point in time. There are also different fund balance classifications including non-spendable, restricted, committed, assigned and unassigned. Appropriated Fund Balance is classified as assigned.

### **Appropriated Fund Balance (A.9998)**

The 2017 proposed budget includes an \$8,750,000 appropriation of general unassigned fund balance and an appropriation of \$3,500,000 from the taxpayer protection fund for a total appropriation of \$12,250,000 in the General Fund (A).

### **Appropriated Fund Balance (D.9998)**

The 2017 proposed budget does not include the use of Road Fund (D) fund balance.

### **Appropriated Fund Balance (E.9998)**

The 2017 proposed budget does not include the use of Machinery Fund (E) fund balance.

### **Appropriated Fund Balance (ET.9998)**

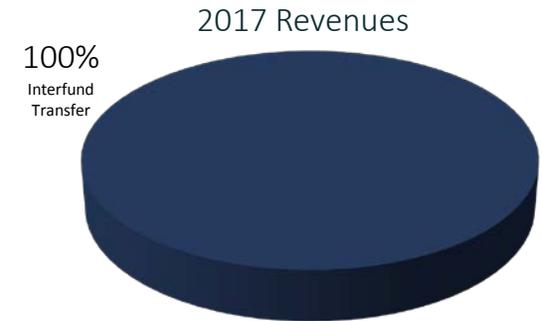

The 2017 proposed budget includes a \$1,400,000 appropriation of fund balance in the Public Transit Fund (ET).

## Key Budgetary Issues:

- With an audited 2015 financial statement unassigned general fund balance of \$56.8 million, the County set aside \$10 million in a taxpayer protection fund to offset taxes over the next few years. With the use of \$8.75 million in general unassigned fund balance and \$3.5 million from the taxpayer protection fund, with projected typical replenishment, the County is still projecting to maintain fund balance at 10% of revenue at the 2016 year end close out.

# Shared Revenue

The Shared Revenue section of the budget includes: Sales Tax, Off-Track Betting, Hotel Tax and Pilot Payments.

Percentage of the County Budget

# Shared Revenue

## Functions

Shared Revenues includes sources of county revenue that are for general use and fund all county operations.

### **Distribution of Sales Tax (A.1985)**

This account reflects the distribution of sales tax revenues to municipalities through the sales tax sharing agreement that is in place. The County, as required by law, has a contract with the City of Poughkeepsie and City of Beacon to distribute sales tax, as the cities have relinquished their right to charge a separate city sales tax. The current sales tax sharing agreement guarantees the distribution of \$25 million to municipalities and provides for the distribution of 18.5% of any growth in sales tax from the 2012 base year and is distributed based on population. Villages receive a portion of the town's allocation determined by the percentage of full valuation of real property in the village within the town, as compared to the full valuation of real property in the entire town.

### **Sales Tax (A.1331)**

The Sales Tax rate in Dutchess County is 8.125%, of which 3.75% goes to the County, 4% goes to the State and .375% goes to the MTA. Twenty-seven payments are received annually from New York State and are reflected in this account.

### **Off-Track Betting (A.1335)**

Off-track betting (OTBs) corporations are a type of local authority that provides sanctions gambling on horse racing outside a race track. OTBs are required to pay local governments a portion of the dollars wagered, as a form of local tax revenue.

### **Hotel Tax Revenue (A.1336)**

County hotels, motels, bed & breakfasts, boarding houses, conference centers and tourist homes which are used for lodging guest pay a 4% occupancy tax to the County.

### **Shared Revenue (A.1930)**

This account reflects negotiated Payments in Lieu of Taxes (PILOTs) paid to the County in lieu of property taxes based on assessed value.

## Key Budgetary Issues:

### Sales Tax

- The projection for 2017 sales tax was based on the receipts through November with a continued 2% projected economic growth for the remainder of 2016 and 1.4% growth for 2017. Any growth in the gross sales tax receipts between the 2012 base year and 2017 actual receipts will be shared with municipalities at a rate of 18.5% according to the sales tax contract. The 2017 budget includes \$28,175,000 projected for the distribution to municipalities which includes \$25 million plus growth.

<b>2015 Sales Tax</b>	<b>\$176,781,835</b>
<b>2016 Projected with Growth of 2% in the 4<sup>th</sup> Quarter</b>	<b>4,315,382</b>
<b>2017 Projected with Growth of 1.5%</b>	<b>2,498,033</b>
<b>Total 2017 Gross Sales Tax Projection</b>	<b>\$183,595,250</b>

### Hotel Tax

- The County's 4% hotel tax is estimated to generate approximately \$2.6 million in revenue in 2017 which is \$150,000 higher than the 2016 projection. The hotel tax also includes \$50,000 projected from entering a contract with Airbnb to collect tax due the County.

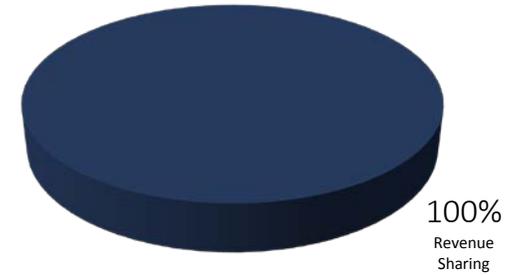

## 2017 Initiatives:

- To establish a contract with Airbnb to collect taxes due the County.

Percentage of the County Budget

# Handicapped Parking Education Program

## Mission

To provide education and advocacy to both the public and municipal authorities to increase awareness and sensitivity to handicapped parking laws as well as deter potential violators.

Percentage of the County Budget

# Handicapped Parking Education Program

## Functions

The Dutchess County Traffic Safety Board was charged with creating a Handicapped Parking Education Program, in response to Chapter 497 of the New York State Law of 1999 which requires every county to establish a separate handicapped parking and education program.

The purpose of this program is to provide education to increase the awareness of handicapped parking laws. The implementation of this plan is dependent upon revenue generated from a mandatory NYS thirty-dollar handicapped parking fine surcharge, which is routinely reassessed under local ordinances by municipal courts/judges impacting program funding. The program will use these funds for activities such as public service announcements, public education and awareness campaigns, distribution of literature and other activities aimed at deterring handicapped parking violators.

## Handicapped Parking (A.2989)

The objective of this program is to be creative in finding ways to advocate for individuals with disabilities by making law enforcement agencies and the public conscious of the laws and penalties for violations.

## Key Budgetary Issues:

- There are concerns with program sustainability as municipalities continue to code fine surcharges to local ordinances diverting funds from the program.

## 2017 Initiatives:

- Incorporate handicapped parking awareness and sensitivity training curriculum in the Sheriff's Police Academy.
- Community presentations and press releases are planned to promote and enhance public awareness.

# Dutchess Community College

## Mission

To offer educational opportunities that prepare individuals to realize their full potential and contribute to a diverse and global society.

Percentage of the County Budget

# Dutchess Community College

## Functions

Dutchess Community College, a unit of the State University of New York (SUNY) offers 58 programs of study leading to associate in science, associate in arts, and associate in applied science degrees, as well as career certificates. Capital costs for the College are shared by Dutchess County and the State of New York; operating costs are financed by student tuition and fees, State Aid and contributions from Dutchess County.

### **Community College (A.2490)**

This account reflects a Capital Chargeback and paid to other community colleges for Dutchess County residents that attend those institutions as mandated by New York State. The college also receives Capital Chargeback revenue from other Counties that have students attending Dutchess.

### **Contribution to Community College (A.2495)**

This account reflects Dutchess County's contribution to the operating expenses of Dutchess Community College, as well as Dutchess County's portion of the principal and interest payments for the capital costs of the College.

## Key Budgetary Issues:

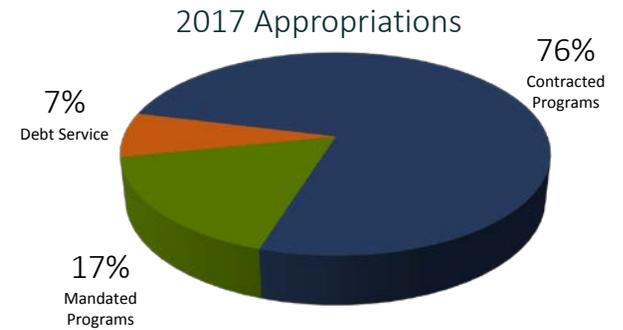

- The 2017 budget allocates \$13.5 million as its sponsor share to the college, an increase of \$1.35 million over 2016.
- Debt service paid by County Government for the Community College is \$1,261,938 for 2017.
- Tuition and Capital Chargeback costs for Dutchess County residents attending community colleges outside Dutchess County are projected at \$3 million for 2017, an increase of almost \$500,000 over 2016.

# Behavioral and Community Health – Early Intervention & Preschool Special Education Programs

## Mission

To identify and evaluate children who may have a developmental delay/disability, and if the children meet NYS eligibility standards, to provide funding for services to remediate those delays.

Percentage of the County Budget

# Behavioral and Community Health – Early Intervention & Preschool

## Functions

The Early Intervention & Preschool Special Education Division works with families, medical providers, specialists and/or school districts to assure the earliest identification of eligible children to ensure that each child receives the necessary individualized assistance to maximize growth and development as well as to prepare them to enter the school system. Eligibility and program criteria is set by New York State.

### DBCH – Preschool Special Education 3-5 (A.4046)

The department provides eligibility determination and referrals for preschool special education services for children ages 3-5. School districts are responsible for arranging services, for this age group and the County provides the funding.

### DBCH – Early Intervention Programming 0-3 (A.4059)

The department provides eligibility determination, referrals and service coordination and funding for early intervention services for eligible children ages 0-3 who have special needs.

## Key Budgetary Issues:

- The 2017 County budget includes a rate increase of 2% for center based providers. It is uncertain what NYS will approve and mandate.
- The 2017 budget includes a rate increase for occupational therapy, physical therapy, speech and counseling to be more in line with surrounding Counties.

## 2017 Initiatives:

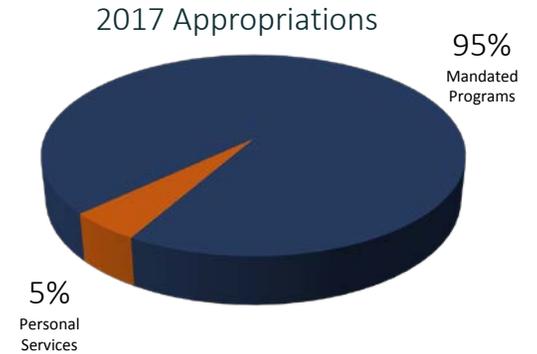

- Focus on recruitment of therapists to better meet the needs of the children within the program, to reduce wait times and provide services in a timely manner.
- Support the “Think Differently” initiative by offering educational workshops to providers and families regarding local agency services and community resources available to our special needs students.
- Provide regulatory guidance and support to Early Intervention and Preschool Special Education provider agencies as well as the Committee for Preschool Special Education Chairpersons in our 16 school districts to ensure our children are receiving the most appropriate and effective services needed to improve their delay or disability.

Percentage of the County Budget

# District Attorney

## Mission

To ensure offenders are held accountable for their criminal conduct and that voices of the victims are heard and their experiences with the criminal justice system are as safe and convenient as possible.

Percentage of the County Budget

# District Attorney

## Functions

The District Attorney is an independently elected official who prosecutes, or otherwise disposes of, all crimes committed in the County of Dutchess, including State institutions and correctional facilities for the People of the State of New York. These crimes include both felonies and misdemeanors.

### **Asset Forfeiture (A.1165.05)**

New York State law provides that “proceeds” and “instrumentalities” of a crime can be forfeited to law enforcement agencies. These funds can be used to support public safety purposes. Asset forfeiture funds are not budgeted on an ongoing basis.

### **District Attorney (A.1165.06)**

This division includes prosecutors, investigators and administrative staff, not included in the other divisions below. The District Attorney, supported and assisted by his staff, seeks justice by holding offenders accountable for their criminal conduct, ensuring public safety and providing needed assistance to victims of crime.

### **Stop DWI (A.1165.07)**

The general purpose of the three special DWI prosecutors, is to devote their time to the prosecution of DWI cases, both misdemeanor and felony, arising in Dutchess County. For the past four years these prosecutors have handled the prosecution of approximately 1,500 cases per year.

### **Grand Jury (A.1165.08)**

Before a crime can be prosecuted in the County Court of Dutchess County as a felony, the Grand Jury must review the facts of the case to determine if there is reasonable cause to believe the defendant has committed such crime. The Grand Jury is composed of 23 people. A quorum of 16 is necessary to transact business and an affirmative vote of 12 is necessary in order to return an indictment. The Grand Jury is staffed by two grand jury stenographers whose responsibility is to take and transcribe all proceedings conducted before that body, as well as oversee the running of the grand jury on a day-to-day basis.

### **Drug Task Force (A.1165.09)**

The objective of the Drug Task Force, through the use of undercover surveillance, undercover agents, search warrants, wiretaps and other investigative resources is to help eliminate the sale and possession of illegal drugs in Dutchess County. The Dutchess County Drug Task Force conducts drug investigations on a County-wide basis. The unit is comprised of manpower supplied by the Dutchess County Sheriff’s Office, City of Poughkeepsie Police Department, the Town of Poughkeepsie Police Department, and the City of Beacon.

The Task Force conducts their drug investigations as an autonomous unit but, when necessary, interacts with all other police departments in Dutchess County as well as the Drug Enforcement Administration, Federal Bureau of Investigation and other law enforcement agencies investigating drug activities which may affect Dutchess County.

### Domestic Violence (A.1165.10)

The District Attorney's Office oversees a Domestic Abuse Response Team (DART) in conjunction with Family Services and Grace Smith House as contracted and administered by the Department of Community & Family Services, with the goal of swiftly and appropriately prosecuting domestic violence crimes.

### Key Budgetary Issues:

- The budget includes two new positions, two reclassifications and one pilot clerical position. These positions and restructuring are recommended in order to impact length of stay at the jail and combat human trafficking.
- Three contracts for Family Services, Inc. are being moved to the Department of Community and Family Services to maximize revenue.

### 2017 Initiatives:

- Dedicate a focused position to handle the investigation and prosecution of Human Trafficking cases. This position is an essential component of the newly created Dutchess County Task Force on Human Trafficking. In addition to prosecution, this position will address issues of law with the Task Force dealing with Human Trafficking, attend its meeting and conferences and participate in public awareness events.
- 2016 is the first full year that we have had the services of Bosch, a Service Dog specially trained to provide comfort, support and confidence to crime victims, many of whom have to overcome the trauma associated with having to recall and testify about horrific personal events. Bosch has proven to be invaluable in this regard. In 2017, we plan to expand his availability to the Child Advocacy Center by underwriting the necessary training for an employee of that Center to become a handler so that Bosch can be utilized in a timely fashion whenever needed.
- Continuing, within the structure of the Special Victim's Bureau, to emphasize the prosecution of cases involving Domestic Violence, child and elder abuse, as well as facilitating the necessary support for the victims of these crimes with human care services;
- Aggressively prosecuting DWI offenders while at the same time initiating programs with support agencies to aggressively address the problem of under-age drinking and the serious legal and health consequences associated with such conduct.
- Addressing the problem of recidivism by joining with judges, defense attorneys, alcohol and drug rehabilitative agencies, and mental health experts to more effectively deal with the unique challenges associated with those non-violent offenders who have drug addition, alcohol dependency, or mental health issues that led to their committing crimes.

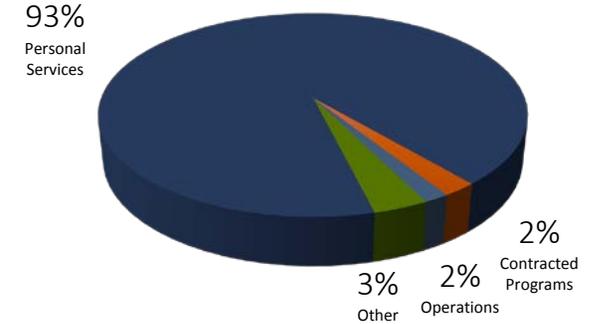

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>District Attorney - To prosecute crimes by way of insuring that offenders are held accountable for their criminal conduct within permissible legal standards.</b>						
	Prosecutions (excluding investigations) - Cases	7,690	7,862	8,255	393	5%
	Prosecutions (excluding investigations) - Charges	18,323	18,408	19,328	920	5%

# Emergency Response

## Mission

To assist the emergency first responders of Dutchess County and local municipalities to prepare and respond to natural and man-made emergencies in their communities.

Percentage of the County Budget

# Emergency Response

## Functions

The Department of Emergency Response provides the coordination of activity among various Fire and EMS resources in the County. The Commissioner, Coordinators, and Deputy Coordinators assist incident commanders and municipal leaders at significant emergencies and assist them in responding to and recovering from significant disasters. The department provides a Fire Police Response Team, a Hazardous Materials Response Team, a Fire Investigation Team, a Critical Incident Response Team, and coordination of the medical reserve corps. Deputy Coordinators are assigned to lead the HazMat and Fire Investigation Team and all of the Deputy Coordinators are volunteer staff who are provided with additional training, protective equipment and communication tools. Additional insurance and approved expense reimbursement is also provided to Deputy Coordinators and special team members. Volunteer resources are being strained due to lower numbers and increasing demands from the public causing a greater demand for the services provided by Emergency Response.

## Safety (A.3020)

The Dispatch / Communication Systems division administers and manages the County-wide Enhanced 9-1-1 System, which provides emergency dispatch to 36 Fire Districts, four Ambulance Services, and 13 Police Agencies within Dutchess County. This enhanced 9-1-1 system is an integrated system utilizing the latest telecommunication technology. Police agencies are dispatched using the “Closest Car Concept,” allowing the law enforcement officer closest to the emergency to respond. The county-wide 9-1-1 system allows for all the emergency service agencies to communicate with each other in emergency situations. With a central dispatch operation, resources can be deployed more quickly allowing for an immediate coordinated response.

The 9-1-1 Dispatchers are all trained to provide “Emergency Medical Dispatch” (EMD) service. This service provides the caller with instructions on how to aid the victim until medical help arrives.

This division oversees the radio/microwave communications network serving Dutchess County. The system is maintained and upgraded to ensure the safety of personnel in the field, and provide swift and accurate exchange of information most vital during emergency incidents. This communications system provides necessary contact between all County fire departments, rescue squads, police agencies, area hospital emergency departments and neighboring county 9-1-1 Dispatch Centers.

A critical part of the Enhanced 9-1-1 System is the Address Database Management System. This data must be frequently updated to ensure that individual addresses, streets and mapping is accurate for dispatchers to direct emergency apparatus and police as efficiently as possible. Coordinated efforts must be maintained with the U.S. Postal Service, Telephone Companies, County’s Real Property Tax Services, Computer Assisted Dispatch System (CADS) Geo files and local municipality’s assessors.

## Emergency Response (A.3410)

The primary function of the Emergency Management Office is to develop and maintain a comprehensive emergency management capability in cooperation with other governmental agencies and the private sector. This Office is also responsible for reviewing the local Emergency Management Plans including those of schools and nursing homes, and maintains an Emergency Operations Center (EOC) in state of readiness. The EOC serves as the central location for representatives of all emergency service agencies, county departments and support groups (i.e. Central Hudson, Verizon, etc.) to meet and coordinate responses to emergency situations. The Emergency Manager also provides assistance to local municipalities on prevention and mitigation of natural and man-made disasters.

The Fire Coordinator, which serves as the Regional Fire Administrator for the State of New York, is responsible for overseeing the operation of the Dutchess County Fire Mutual Aid Plan, as well as the County's participation in the New York State Fire Mutual Aid Plan. The County's volunteer staff of Deputy Fire Coordinators assist the Fire Coordinator with field tasks as well as assist the local Fire Chiefs at major fires and emergencies. The Fire Coordinator also oversees the County Fire Training Center which provides training opportunities to approximately 1,400 volunteer fire, 290 emergency medical services (EMS), and 200 law enforcement personnel in Dutchess County. The Fire Training Facility is operated by the County offering a variety of fire, rescue, EMS and police courses and simulation exercises. This facility must be maintained in safe operational conditions at all times. New York State Instructors, Dutchess County Fire Instructors and Fire Department instructors offer over 40 different NYS fire training courses, plus seminars and special training opportunities.

As a shared position, the Emergency Medical Services (EMS) Coordinator serves the needs of EMS agencies and the Dutchess County Behavioral and Community Health (DBCH). This position is also the liaison between the County's Departments of Emergency Response and DBCH and the local career and volunteer rescue squads, the commercial EMS providers and Hospital Emergency Rooms and ensures the DBCH's Bio-Terrorism Plan is compatible with the Comprehensive Emergency Management Plan, which is an "all hazards plan".

## Homeland Security (A.3410.70)

Emergency Response receives funding from the U.S. Department of Homeland Security to further prevent, prepare for, protect against, and respond to natural disasters, acts of terrorism, and other man-made disasters.

## LEPC (A.3989)

The Department of Emergency Response is designated as the coordination point for the Dutchess County Local Emergency Planning Committee (LEPC). This requires the collection and maintenance of all LEPC SARA Title III records and files for distribution to requesting agencies and the public. The activities and demands of the Chemical Emergency Response System within Dutchess County, requires this office to fulfill its coordinating responsibilities in response to the Dutchess County Chemical Emergency Master Plan.

## Key Budgetary Issues:

- The 2017 budget includes funding for a 911 CAD/GIS coordinator to provide effective maintenance, updating, testing, and functionality of Computer Aided Dispatch (CAD) as it relates to the Dutchess County 911 communication center.
- Additionally, the \$2 million SICG round 4, grant funded communications projects were moved from the operating budget to capital in 2016 by resolution.

## 2017 Initiatives:

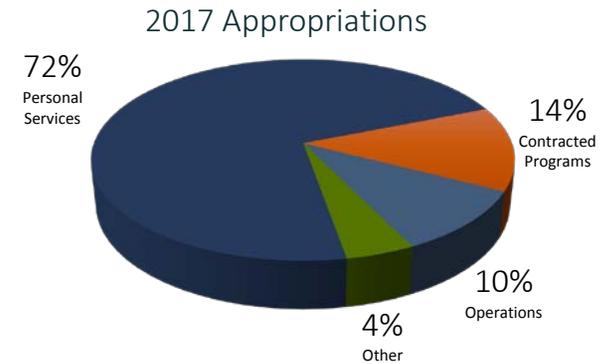

- Utilizing grant funding, The Department will work with the Department of Planning and Public Works to develop a Debris Management Plan. This is a new requirement from FEMA and having a compliant plan in the event of a large scale emergency could determine whether or not we receive federal funding assistance during and after a disaster.
- Emergency Response also has three other grant funded planning efforts for 2017. These include updating the County's Radiation Response Plan, developing a Special Needs Registry, and developing a Continuity of Government plan (COG). The COG project will include training for key county employees and in 2017 an exercise of the new plan.
- The grant funded Citizen Preparedness Program in 2017 will focus on those residents with Special needs.
- In 2017, the department will complete two significant radio system upgrades. The entire microwave radio system throughout Dutchess County will be replaced. This system is a network that all Public Safety communications are supported and transmitted over. The department will also replace every radio dispatch console in the Dutchess County 911 Communications Center. Both of these enhancements are with the latest in technology and will fill a variety of present and future communication needs and enhancements and are funded through a competitive grant process that Dutchess was awarded.

# Goals and Workload Measures

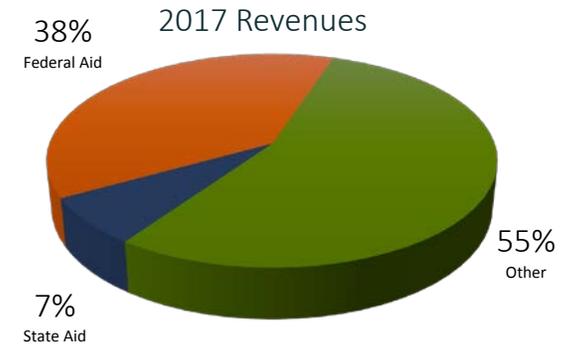

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Safety - To efficiently and effectively answer E-911 calls and dispatch the appropriate personnel.</b>						
	Total Calls Received	261,519	266,000	269,000	3,000	1%

# Probation

## Mission

To protect the community through intervention in the lives of those under supervision by facilitating compliance with court orders and serving as a catalyst for positive change. We operate in collaboration with our criminal justice partners and the community. We provide services to courts, help strengthen families and give victims a voice in the justice system. We provide leadership and services in a cost effective community based setting.

Percentage of the County Budget

# Department of Probation & Community Corrections

## Functions

The major goals of the Department of Probation & Community Corrections include the protection of persons and property by the application of cost effective community based correctional interventions and assisting victims of crime. A variety of interventions are utilized to prevent recidivism by juvenile delinquents and adult offenders to alleviate family dysfunction.

### Probation (A.3140)

Family Court Intake, Investigation, Pretrial Release and Supervision, are the agency's four main functions.

#### Preliminary Procedures for the Family Court

This function, usually called intake, is a process in which Probation staff work with individuals and families whose problems may come under the jurisdiction of the Family Court. This function ranges from answering questions to the complex assessment and adjustment procedures outlined in Dutchess County's Persons In Need of Supervision (PINS) Plan. The process is comprised of four basic steps (sift, screen, refer, adjust) and involves working closely with a wide variety of community resources. Both PINS and Juvenile Delinquency (JD) cases are screened and adjusted in this process.

Cases deemed unsuitable or ineligible for diversion services may be advanced to Family Court. These cases may be returned to Probation for "formal" supervision. A juvenile pretrial release program was created in 2009 to provide the Family Court with alternatives to detention/placement.

#### Investigation

The investigation function responds to the need, usually mandated by law, for information by all criminal courts, the Family Court and Supreme Court in Dutchess County and any other court outside Dutchess County when the defendant or one of the litigants resides in Dutchess. Staff interviews the defendant or respondents, verify the data received, check sources for additional data, contact and assist victims, frequently visit the home of the defendant or litigants and submit a written report to the Court with an evaluation and a recommendation for judicial action. Enhanced investigations on sex offenders are mandated.

#### Pretrial Release (Release on Recognizance/Supervision)

This is a twofold function-investigation and monitoring of un-sentenced adult defendants is available to all remanding courts in the county. Each day, all new un-sentenced inmates are interviewed in the field prior to arraignment or at the Dutchess County Jail. Using a validated risk assessment tool, the Probation Officer recommends to the Judge whether or not the defendant should be released on a pretrial supervision program. If released into a pretrial program by the court, probation officers monitor the defendant until disposition of the case.

## Supervision

This is the most widely known function of the agency. Its activities include using “best practice” intervention strategies to target criminal thinking and behavior to prevent further unlawful behavior. Probation Officers must facilitate compliance with court orders. Program objectives include preparing the probationer (and family) for independent, law abiding living through the identification, utilization and creation of community resources to fulfill probationers’ program needs; providing restitution to victims and community service are also high priority activities. In all areas, Probation Officers rely on chemical and breath testing for illegal substances and alcohol. Special interventions are designed and used to maximize effectiveness with certain offender populations, i.e. Intensive Supervision Program, DWI program, the Domestic Violence Program, the Intensive Treatment Alternative Program, the Sex Offender Program, and the Juvenile Electronic Monitoring Program.

The agency puts a high priority on jail population management. A range of alternatives and interventions have been developed to address the issue of jail overcrowding. Using a graduated alternatives model, the department applies cost effective interventions designed to meet both offenders’ needs while providing community safety.

- The Day Reporting Center, known as the Community Transition Center (CTC) provides educational, vocational, and life skills programs;
- The Community Residence, a 38 bed facility, is a highly structured alternative to incarceration for individuals attending the Drug and Alcohol Rehab program: Intensive Treatment Alternative Program (ITAP) or awaiting a bed in an inpatient treatment program; and
- Electronic Monitoring allows individuals to remain in the community under intensive supervision.

The agency is also focused on placement prevention for juveniles as reflected in mandatory PINS Diversion, J-RISC and Functional Family Therapy. The Department is assisted in its work by community volunteers and student interns.

In addition to “Probation” work, the agency provides research and support to the Criminal Justice Council, pretrial screening and supervision to the Drug Court, the Integrated Domestic Violence Court and the felony Drug/Diversion Court. The agency is also a member of the Family Court Drug Treatment Team, which focuses on parents with substance abuse problems. In 2002, the agency began a major initiative to obtain risk/assessment tools for all functions. This enables staff to assess for risk, needs, and protective factors and to ensure progress toward goals. It also provides outcome data for both case management and research purposes. All functions now use actuarial tools for assessment and case management.

The Women’s Center provides gender-specific evidence-based programming for women under the supervision of the Office of Probation. With technical assistance from the National Resource Center on Justice Involved Women and the Center for Effective Public Policy on Inventory of Needs was developed specifically to understand the unique needs of incarcerated women.

## Key Budgetary Issues:

- The department is following new supervision rules that require more contacts with higher risk probationers as determined by an actuarial assessment. The rules are founded on sound evidence-based principles, but are more labor intensive. In addition, there have been an increased emphasis on ignition interlock enforcement, as well as, an expansion of the supervision population subject to ignition interlock due to new legislation. These changes increase the need for overtime to perform enhanced duties, accomplish the required community contacts and to make these contacts, during “non-traditional” days and hours.
- Although the initiative to raise the age of criminal responsibility from the current 16 years of age to 18 years of age in New York State was not signed into law this year, it will likely be on the horizon in the future. If passed, this legislation will likely have a major effect on the workload of the department, significantly increasing the number of youths requiring Intake and Diversion services.
- Evidence-based programming will continue to be provided both through the department and through contract agencies. Now that inmates have returned to our jail, there will be efforts made to partner with correctional staff to ensure a seamless transition from incarceration back to the community. The Office of Probation has had a significant involvement in the development and operation of the jail-based RESTART Program.
- The 2017 budget includes a new probation officer dedicated to pre-sentence investigation aimed at reducing the jail population. Another position is being restructured to provide adequate supervision and case oversight for higher risk/need probationers with mental health/chemical dependency issues.

## 2017 Initiatives:

- Continue to explore ways to implement evidence-based practices through collaborative work with the Criminal Justice Council.
- The Transitional Treatment Program (TTP) will provide education and counselling services to residents in the transitional house waiting for placement in an inpatient facility.
- Augment training in order to build and maintain a highly effective staff that can impact our community by achieving change in the lives of those under probation supervision.
- Implement the use of new technology that will allow the department to more effectively supervise offenders in the community.
- Expand the use of computer hardware and software capabilities in order to improve the overall operation of the department through the use of new and enhanced management tools at all levels.
- Enhance programs and services that aid in the reduction of length of stay in the Dutchess County Jail, such as pre-trial services, RESTART and the newly implemented expedited pre-sentence investigation initiative.
- A DCJS 5-year grant for \$1.8 million (1st year \$364,400) has been awarded to our partners Project More and will help provide job readiness to at risk probationers for training, mentoring and placement.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
------	------------------	-------------	---------------	-----------	--------	----------

Collect the maximum amount of restitution possible as ordered by the courts in order to make victims whole. Note: Collections depend on amount ordered by the court.

	Restitution Collected	\$341,375	\$350,000	\$350,000	-	0%
	Fees Collected	\$63,466	\$65,000	\$65,000	-	0%

Family Court - Assess risks and needs using actuarial assessments. Apply effective supervision practices to reduce unnecessary detention and placement and promote public safety by reducing recidivism and promoting positive outcomes. \*

	Family Court Diversion / Supervision Cases Received	342	400	400	-	0%
--	-----------------------------------------------------	-----	-----	-----	---	----

\* Indicator: 75% of mandated preventative cases will close successfully and not result in placement. Outcome: 95% of mandated preventative cases did not require placement. Strategy: Continue evidence based practices.

Investigation - Provide a timely and accurate legal and social report to courts in Dutchess County. \*

	Investigations received (Juvenile and Adult)**	1,553	1,600	1,600	-	0%
--	------------------------------------------------	-------	-------	-------	---	----

\* Indicator: All investigations will contain mandated information and risk assessment. Outcome: All cases met standards. Strategy: Monitor through quality assurance.

\*\* Adult investigations increased; juveniles decreased. Successful diversion initiatives appear to have reduced investigation requests.

Pretrial Release - Provide pretrial release investigations and recommendations to courts and supervise individuals released to pretrial programs for compliance with court orders. \*

	Pretrial Investigations Completed	2,341	2,400	2,400	-	0%
	Pretrial Cases Received	984	1,000	1,000	-	0%

\* Indicator: 75% of cases will close successfully. Outcome: 78% of cases were successfully closed. Strategy: Continue evidence based pretrial practices.

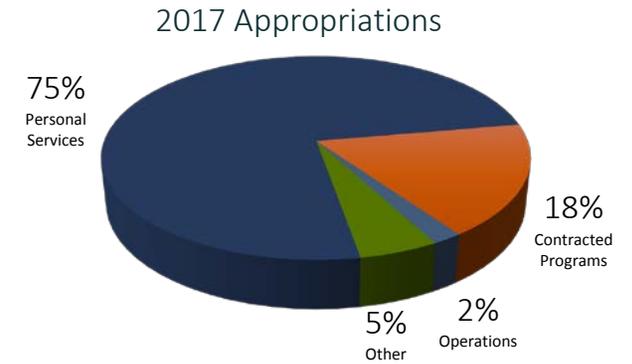

Supervision - Supervise adults sentenced to probation according to criminogenic risks and needs in order to promote public safety and reduce recidivism.

	Probation Supervision Cases Received	955	1,000	1,000	-	0%
--	--------------------------------------	-----	-------	-------	---	----

\* Indicator: 80% of cases will not be re-arrested for a felony within 1 year of completing probation. Outcome: 88% of probationers were not arrested for a felony within 1 year of sentence. Strategy: Continue to apply evidence based practices. (2011 Data)

# Public Defender

## Mission

To provide legal representation to indigent criminal defendants in Criminal Court, adult litigants in Family Court, and individuals facing parole matters.

Percentage of the County Budget

# Public Defender

## Functions

The Public Defender represents people accused of a crime or any offense by which the individual may be subject to a jail sentence when the individual cannot afford to retain private legal counsel. The United States Constitution and the New York State Constitution as well as New York State Law mandate the right to legal counsel in criminal proceedings. The right to counsel has also been extended to ancillary proceedings such as extradition proceedings, probation violation proceedings, sex offender classification proceedings as well as other types of proceedings. The duties of the Dutchess County Public Defender are directed and authorized by County Law.

The Public Defender Office also handles appeals to the Appellate Term of the Supreme Court, the Appellate Division and the New York State Court of Appeals. The New York State Court of Appeals is the highest Court in the state.

### **Public Defender (A.1170)**

The Public Defender Office is charged with competently representing those who qualify for its services at every stage of the legal proceedings.

The Dutchess County Public Defender Office services all the Town and Village Justice Courts, City Courts and County Courts in Dutchess County. Dutchess County has twenty (20) towns, eight (8) villages and (2) cities. In cases where conflicts occur the courts have a duty to assign conflict counsel.

### **Family Court (A.1170.04)**

In 2012, the Public Defender began the provision of legal representation to adults in Family Court. The Public Defender continues to handle, among other matters, family offense, neglect, abuse, custody and child support matters.

### **Conflict Defender SWAP Program (A.1170.72)**

The Public Defender provides representation in Ulster County to criminal defendants and adult litigants that the Ulster County Public Defender is conflicted from doing so. In return the Ulster County Public Defender's Office provides representation in Dutchess in instances of conflict.

### **Arraignment Defense (A.1170.73)**

The Public Defender provides around the clock arraignment services in all criminal courts in Dutchess County.

## Key Budgetary Issues:

- New York State's funding for indigent legal representation continues to evolve, with a bill currently before the governor for the state to provide significant mandate relief by fully funding the Public Defender's Office through a phased approach. The 2017 budget includes grant distributions allocated by the Office of Indigent Legal Defense.

## 2017 Initiatives:

- Monitor the counsel at arraignment programs.
- Work with the Office of Indigent Legal services to make sure the Public Defender's Office meets any newly established New York State regulations and requirements.
- Evaluate possible expansion of the conflict defender shared service program with Ulster County; and
- Provide legal services to indigent clients who have had their parole revoked or have been denied release on parole.

# Sheriff & Jail

## Mission

To be a champion of Public Safety and Law Enforcement throughout Dutchess County. To maintain a safe and crime free environment for the community at large. To enforce laws and provide security through a staff of well trained and well equipped personnel that are prepared to respond to the ever increasing calls for police services and emergencies.

Percentage of the County Budget

# Sheriff & Jail

## Functions

The Sheriff is an independently elected official, elected by the people he protects and serves. The Sheriff carries out his duties through Deputies who are required to live in the county in which they serve. The Sheriff is the first line of defense to protect the citizens of Dutchess County from predators, attack and disaster, man-made or natural. The Sheriff is the Chief Law Enforcement Officer of the County and works with federal and state agencies on matters that affect Dutchess County and will support police departments within his jurisdiction.

### **Asset Forfeiture (A.3110.05)**

New York State law provides that “proceeds” and “instrumentalities” of a crime can be forfeited to law enforcement agencies. These funds can be used to support public safety purposes. Asset forfeiture funds are not budgeted on an ongoing basis but are applied mid-year when available and necessary.

### **Law Enforcement (A.3110.25)**

The Sheriff’s office includes a uniformed patrol force, detective bureau, juvenile aid bureau, records and training department, civilian business staff, communications support and specialized response units. The Sheriff’s Office is also responsible for judicial enforcement of any judgments handed down by a court. Typically, these matters are carried out through civil process such as the service of summons, levy’s, evictions, financial executions, garnishments and seizures. These judicial orders are carried out by uniformed and plain clothes Deputies appointed by the Sheriff.

The Sheriff maintains specialized units made up of regular law enforcement deputies and detectives. These members support the Sheriff’s mission or other agencies that request support from the Sheriff. These units can operate special equipment like motorcycles, ATV’s, boats, and bicycles. Special operations can include police canines, underwater search and recovery, crash and crime scene investigation, emergency services unit (special weapons and tactics), crimes against children, computer crimes and recording or storing any type of image.

Another major function that the Sheriff provides to the County is the maintenance of all records generated and the issuance of pistol permits within the County. Records are maintained and provided to the public. Pistol permits are applied for and issued after background investigations.

### **Security Other Governments (A.3110.26)**

The Sheriff’s Office provides policing services by contract to municipalities throughout Dutchess County. The cost of this program is fully offset by the revenue from the participating municipalities. This shared service provides greater efficiency and cost savings to reduce the total cost of government.

### Homeland Security Grant (A.3110.70)

The Sheriff's office receives funding from the U.S. Department of Homeland Security to further prevent, prepare for, protect against, and respond to natural disasters, acts of terrorism, and other man-made disasters.

### School Resource Officer Program (SRO) (A.3110.71)

The SRO Program is a proactive initiative based on prevention, education, and intervention, where specially trained and experienced Deputy Sheriffs are placed in local schools on a full time basis. The goal is to create a safe school environment while bridging the gap between youth and law enforcement.

### Jail (A.3150)

The Jail is run by a Corrections Colonel appointed by the Sheriff. The Jail maintains in a safe and secure manner any person sentenced to incarceration for up to one year and also houses any inmate awaiting transfer to state prison, and inmates awaiting trial who have not yet made bail. The Sheriff also insures safe and secure transport of every inmate to court appointments to any jurisdiction in the county.

## Key Budgetary Issues:

- With the approval of the design and construction of the Justice and Transition Center, the Jail will continue to operate and staff temporary housing PODs during the construction of the new facility. Staffing for these temporary facilities as well as the current structure, includes the use of part time experienced Correction Officers.
- The budget includes the continued support of the New York State Legislature of \$500,000 for the 2017-2018 State Fiscal Year for Jail transitional and re-entry programming.

## 2017 Initiatives:

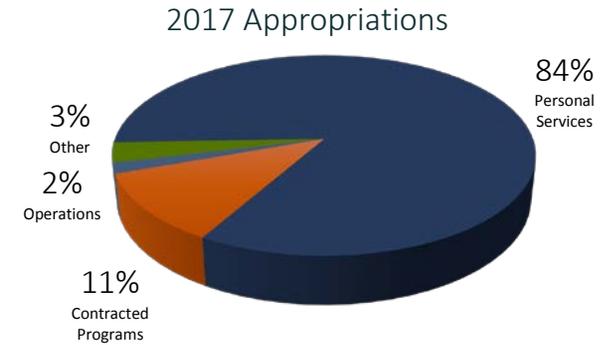

- Lexipol Policy and Procedure Program will be secured and initiated providing comprehensive, defensible policies by constantly monitoring and reviewing government legislation and case decisions.
- Continue design development and preconstruction preparation with The Department of Public Works and assorted vendors in the construction of the new Law Enforcement Center and Justice and Transition Center.
- Conduct Countywide Active shooter and Crisis Intervention Training for both new hires and existing staff.
- Graduation of a Part-Time Police Academy in June of 2017 will add 20 part-time members to the Sheriff's part time / per diem work force.
- The Jail will continue to expand its part time Correction Officer staffing to help reduce overtime and provide support for full time staff.
- The Jail will continue its partnership with Hudson Valley Mental Health and Project More, Inc. to provide targeted behavioral and transitional training for inmates to facilitate more successful re-integration into the community upon release.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Sheriff - Provide responsive investigations of complaints, and active availability and visibility in the community.</b>

# Traffic Safety & STOP DWI

## Mission

To support effective traffic safety and injury prevention programming that targets reductions in the number of injuries, fatalities and related economic issues for all Dutchess County roadway users. Additionally, Traffic Safety / STOP DWI aims to deter alcohol/drug impaired driving through enhanced enforcement, prosecution, rehabilitation and education services.

Percentage of the County Budget

# Traffic Safety & STOP DWI

## Functions

The Traffic Safety Board is a coalition of law enforcement, education, health and human service agencies and individuals committed to ensuring that our streets, sidewalks and residents remain safe and secure.

STOP-DWI stands for *Special Traffic Options Program for Driving While Intoxicated*. The STOP-DWI Program was enacted by the State Legislature in 1981 for the purposes of empowering county governments to coordinate local efforts to reduce alcohol and other drug-related traffic crashes within the context of a comprehensive and financially self-sustaining alcohol and highway safety program.

### Traffic Control / Safety (A.3310)

The Traffic Safety Board works to educate the public about safe driving, bicycling and walking habits through a multi-faceted program based on education and enforcement initiatives. Programs focus on aggressive driving, the special needs of older/mature drivers, proper bicycle and pedestrian behaviors relating to injury prevention, school bus safety, and motorcycle safety awareness. Traffic Safety also supports and coordinates local law enforcement efforts to increase compliance with state safety belt laws and reduce the number of crashes related to aggressive driving behaviors and excessive speed. The Traffic Safety Board will assist with coordination of efforts, data collection, and reporting activities conducted by law enforcement agencies/grantees awarded funding to participate in the Police Traffic Services (PTS) grant project.

Traffic Safety coordinates child passenger safety seat check events/activities/training(s) countywide through support of the Dutchess County Child Passenger Safety Coalition.

### STOP DWI (A.3315)

The STOP-DWI Program is funded from the fines collected from individuals who have been found guilty of Driving While Intoxicated violations within Dutchess County. Programs are administered internally in the Departments of the Sheriff, District Attorney, and Probation and externally through contracts with Lexington Center for Recovery, The Council on Addiction Prevention and Education of Dutchess County, and with various municipal police departments. The STOP-DWI Program also supports educational programs and special projects to deter drinking and driving by providing information to the general public and community groups to reduce the prevalence of related crashes and injuries.

DC Community Corrections/Probation Enhanced Supervision Project, through the DC Department of Probation & Community Corrections, supports limited overtime for probation officers to affect enhanced supervision (after hour home/work visits) on high risk offenders in an effort to increase surveillance and compliance with court orders.

The Drug Recognition Expert (DRE) Call Out Reimbursement Initiative funds the utilization of DREs with a countywide call out procedure. The STOP program has established policy/procedures where reimbursement will be provided to the respective law enforcement agency if a DRE was called to assist with drug recognition based on established protocol.

The Department supports the Annual Regional (Mid-Hudson) STOP-DWI Conference with the other 8 counties in the region. DC STOP-DWI will support law enforcement officers or Assistant District Attorneys and other community partners by extending the opportunity to attend the conference and related training workshops at no cost to their respective departments.

## Key Budgetary Issues:

- Due to major policy changes with the National Traffic Safety Administration (NHTSA) and the Governor's Traffic Safety Council, no "block" grant applications were allowable for participation in the "Police Traffic Services" (PTS) grant project in the upcoming grant cycle. However, police agencies are able to apply directly to the state to draw down the funds.
- Child safety seats are no longer an allowable expense.

## 2017 Initiatives:

- Multi-jurisdictional Sobriety Checkpoint Campaign: STOP DWI will develop an operational plan to schedule, organize, notify, and conduct multi-agency sobriety check points to enhance public awareness and provide/reinforce deterrence.

# Community & Family Services - Juvenile Detention

## Mission

Ensuring the provision of supervision and care for the youth in the criminal justice system, thereby enhancing community safety.

Percentage of the County Budget

# Community and Family Services – Juvenile Detention

## Functions

Provides placement of youth ages 8 through 18 during the court process including pre-adjudication and disposition by Family Court. Detention regulations are part of the Family Court Juvenile Act #304 and Social Services Law #432(2) which mandates the local Department of Community & Family Services to pay temporary juvenile detention until a Family Court ruling can be made.

### **DCFS – Juvenile Detention (A.3145)**

The Juvenile Detention unit of the Department of Community and Family Services (DCFS) is responsible for the provision of temporary housing for juvenile delinquents in hold-over facilities or non-secure detention facilities, depending on the juvenile's offense. The temporary placement remains until the Family Court makes a decision on the case. Transportation is also required and is provided by the Dutchess County Sheriff's Department to transport the juveniles to and from these placements to court appearances as ordered by Family Court.

## Key Budgetary Issues:

- Juvenile Detention cases have increased and costs have shown a large spike. The Department is expanding the ability to use respite placement as an alternative to detention to minimize the increased cost.

## 2017 Initiatives:

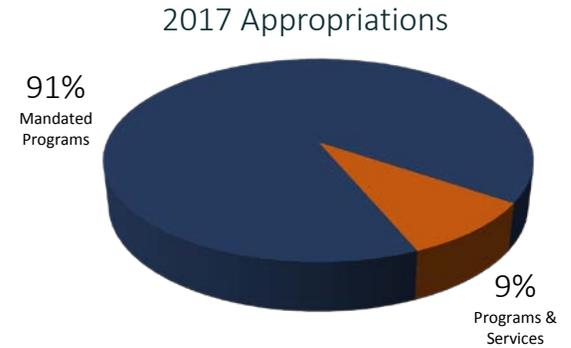

- Expand the ability to use respite placement in lieu of detention and reduce costs through a collaborative effort with DC Family Court, County Attorneys, and Probation to strengthen the system of detention alternatives.

# Goals and Workload Measures

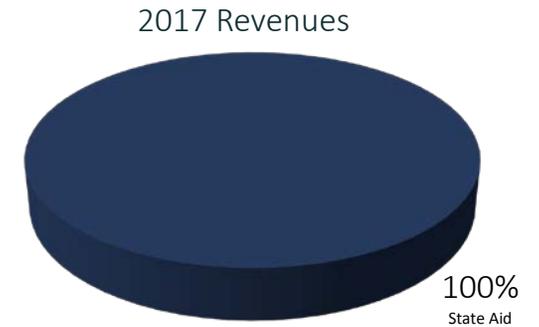

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
Provide secure facilities to house youth who have been charged with serious crimes while they are awaiting court disposition and provide secure transportation for detained youth to and from court appearances.						
	Number of Sheriff Transports	220	220	200	(20)	-9%
	Number of Youth in Secure Detention (unduplicated)	34	36	30	(6)	-17%
Provide non-secure facilities to house youth who are charged with less serious crime, and who are deemed at risk of not appearing in court, to ensure that they appear in court.						
	Number of Youth in Non-Secure Detention (unduplicated)	82	100	85	(15)	-15%
	Number of Non-Secure Care Days	2,606	2,900	2,700	(200)	-7%

# Criminal Justice Council

## Mission

To maximize resources resulting in an enhanced Criminal Justice process by engaging in a collaborative process of information sharing. This work is done through utilizing research based practices to ensure community safety, through the promotion and support of intervention for at risk youth and adults, addressing victims' needs, and reduction of recidivism.

Percentage of the County Budget

# Criminal Justice Council

## Functions

The Criminal Justice Council (CJC) was established by local law in 1993. As outlined in the local law, the CJC advises the County Government and may assist in the development of ways to relieve jail overcrowding, improve case processing and dispositions, and encourage and monitor Alternative to Incarceration (ATIs). However, the CJC does not oversee the internal operation of any agency.

### Criminal Justice Council (A.3010)

Specific duties of the Criminal Justice Council include, but are not limited to, promoting cooperation among criminal justice stakeholders, establishing committees or special task groups to advance the goals of the criminal justice system, developing and recommending policies, as appropriate, to achieve improved management of the criminal justice system, planning group for relief of jail overcrowding, advise and assist with the development and administration of the Criminal Justice Management Information Systems.

Centered around evidence based practices, the CJC researches, develops, recommends and reviews new programs or initiatives. The Criminal Justice Council provides statistical analysis and evaluation of data to enhance the criminal justice system's effectiveness, which is measured through evaluation of internal processes and outcomes. These findings are communicated to involved agencies and the public.

The CJC is focused on increasing the capacity of the ATI programs including the County's day rehabilitation program for the chemically dependent: Intensive Treatment Alternatives Program (ITAP), Transitional Housing and Day Reporting, and Electronic Monitoring.

The Criminal Justice Council, with the assistance of its consultant, will continue to review and evaluate the criminal justice system and promote efficiencies that will alleviate population stresses at the jail and reduce recidivism through effective jail programming, ATIs and pretrial programs.

## 2017 Initiatives:

- Apply for grant funding to support re-entry programming.
- Review opportunities for technical assistance.
- Review the RESTART Program.
- Focus on data involving length of stay to spearhead initiatives to drive jail days down.
- The Victims Committee is planning educational programs for the community.

# Behavioral and Community Health

## Table of Contents

Department of Behavioral and Community Health .....469

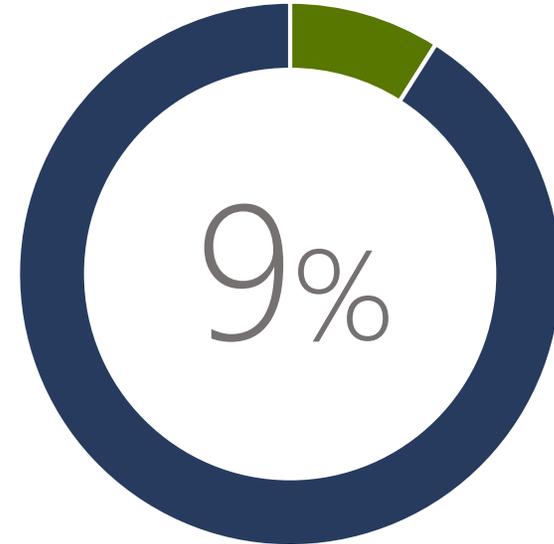

Percentage of the County Budget

# Behavioral and Community Health

## Mission

Dutchess County will be the healthiest county in New York State. The Dutchess County Department of Behavioral and Community Health will assess and protect the community from health risks, assure access to high quality services, and promote holistic care that integrates physical and behavioral health outcomes.

Percentage of the County Budget

# Department of Behavioral and Community Health

## Functions

As of January 1, 2016, the Departments of Health and Mental Hygiene transitioned into the newly merged Department of Behavioral and Community Health (DBCH). Merging behavioral, physical, and public health into a single holistic community health oversight agency highlights the County's commitment to improve health care delivery, while maximizing efficiencies.

### **Medical Examiner's Office (A.1185)**

The Office is mandated by law to investigate any sudden, unexpected, violent or suspicious death within the County, in order to determine cause and manner of death. The Medical Examiner's Office serves law enforcement, public health and safety, the New York Organ Donor Network, State and County agencies, and all County residents.

### **Public Health Planning and Education (A.4010.27)**

The purpose of the division is to disseminate to the community continuous, accurate, timely and meaningful information designed to reduce health risks, promote better health, and to provide the DBCH workforce with reliable access to high quality information resources. The Division is responsible for the planning, development, implementation, and evaluation of the departments strategic plan, Community Health Improvement Plan (CHIP), Community Health Assessment (CHA), Workforce Development Plan, Quality Improvement Plan, and the Dutchess County Health Emergency Response Plan. The division oversees the creation of various publications, such as the Department's annual report and various newsletters; gathers, organizes, analyzes and interprets vital and public health related epidemiological data; and ensures completion of all Public Health Emergency Preparedness grant deliveries as required by NYS Department of Health, Department of Homeland Security or Centers for Disease Control and Prevention.

### **Environmental Health Services (A.4010.29)**

Environmental Health activities include regulatory services carried out in accordance with the provisions of the Sanitary Code and the State Public Health Law. The Division permits and inspects food service facilities, tobacco retailers, children's camps, hotels, motels, campsites, parks, temporary residences, mobile home parks, public functions, swimming pools, bathing beaches, migrant labor camps, daycares and nursery schools. The Engineering section is responsible for the review and approval of plans for sewage collection, treatment and disposal systems, realty subdivisions, bathing beaches, residential and commercial sewage disposal systems, and individual and public water supplies.

### **Public Health Nursing (A.4010.30)**

The Division of Public Health Nursing provides family health programs aimed at improving maternal, infant, child, adolescents and reproductive health including children with special health care needs. The division's primary role is to provide leadership in improving health outcomes through assessment, policy development and public health interventions. This is accomplished through public and professional education, information and referrals, home visiting, as well as training and technical assistance for health care service providers and community based agencies,

collaboration with agencies serving pregnant and parenting families, infants and children, promote policy and system changes to address factors that influence health outcomes.

### **Communicable Disease Control (A.4010.31)**

The Communicable Disease Control Division conducts routine surveillance for all reportable communicable diseases and investigates communicable disease case reports as required by NYS Sanitary Code (10NYCRR 2.10) public health law. The division also investigates clusters of suspected infectious disease in schools, colleges, businesses and other congregate settings. It provides education and guidance to health care providers and other community partners on a variety of infectious disease topics. The CDC division also encompasses the Article 28 Diagnostic and Treatment clinics for Tuberculosis, STD, and HIV and provides a variety of immunizations to nearly 3,000 clinic patients annually.

### **Alcohol Addition Control (A.4250)**

The Intensive Treatment Alternatives Program (ITAP) provides day rehabilitation for chemically dependent persons who require more intensive care than can be provided in a clinic, serves as an alternative-to-incarceration and provides chemical dependency evaluation and case management support to chemically dependent public assistance recipients, probationers, and others served by the criminal justice system.

### **Mental Hygiene Services (A.4310)**

This Division is responsible for the planning, oversight, development, and provision of comprehensive community-based prevention, treatment, and recovery services and programs for people who are mentally ill, intellectually/developmentally disabled and/or chemically dependent.

### **Contracted Services (A.4320.42)**

Contracted services under the Division's auspices and oversight are provided by Abilities First, Inc.; Astor Services for Children & Families; ARC; Dutchess County Council on Addiction Prevention & Education, Inc.; Gateway Community Industries, Inc.; Hudson River Housing; Hudson Valley Mental Health, Inc.; Lexington Center for Recovery, Inc.; Mental Health America of Dutchess County, Inc.; Mid-Hudson Addiction Recovery Centers; MHRH; Access: Supports for Living, Inc.; PEOPLE, Inc.; Rehabilitation Support Services, Inc.; and Taconic Resources for Independence, Inc.

### **Partial Hospital (A.4320.43)**

The Partial Hospitalization Program provides services five days a week for patients 18 years of age and over who require daily structured treatment. The program functions both as an alternative to full-time psychiatric hospitalization for those who have supportive living arrangements and as a step-down for those patients discharged from a psychiatric inpatient unit.

### **Coordinated Services (A.4320.44)**

Coordinated Services are those functions that provide monitoring and oversight of a variety of behavioral health community support services such as Housing Coordination, Assisted Outpatient Services Coordination, Single Point of Access Coordination, Children's Services Coordination,

Prevention Services Coordination, and Family Court Evaluation coordination. Each area is headed by a Coordinator who works to identify needs in the respective areas for services in the community and works with the community based programs to develop services.

### **HELPLINE (A.4320.45)**

HELPLINE provides telephone and text counseling, crisis intervention, information, referral and operates 24 hours a day.

### **Diversion (A.4320.46 and A.4320.68)**

This diversion program provides services in the community to individuals, families and groups who are in acute distress. The Mobile Crisis Intervention Team is dispatched by HELPLINE, is available seven days a week, interfaces with police and other county agencies and intervenes with children and adults countywide. The stabilization component of the Mobile Crisis Intervention Team coordinates with the Mid-Hudson Regional Hospital In-Patient and Emergency Department staff and through a contract has allowed the Mobile Crisis Intervention Team to operate after 8PM during the week and after 4PM on the weekends, making it a true 24/7/365 operation.

### **Stabilization Center (A.4320.74)**

The first of its kind in New York state, the Stabilization Center is a multi-agency partnership providing supports, assessments and related crisis services for youth, families and adults. Services are targeted to reduce emergency department visits and for diversion from the criminal justice system. Services will focus on mental health assessments, sobering and beginning detox, respite and access to primary care. The expected outcomes will include linkages to community partners and increasing guest's knowledge of available local resources and how to access them.

### **Veterans Services (A.6510)**

The mission of this division is to promote the interests and welfare of our veterans, their dependents and survivors. The division's goal is to enhance quality of life through counseling, claims assistance, education, and advocacy in obtaining federal, state and local benefits which may be available to them. Staff provides comprehensive services including assistance with burial and survivor benefits, filing of discharge papers with the County Clerk, applying for the F.A.V.O.R. Discount Card, replacing lost Military Records, upgrading or correcting military discharges, applying for medals, and referrals to other benefit agencies. In depth counseling and follow-up service on all claims for benefits are available to all veterans and their dependents/survivors.

### **Weights & Measures (A.6610)**

This division is responsible for ensuring commercial products are marketed fairly and competitively. Responsibilities include the inspection of all scales and measuring devices in commercial establishments to ensure accuracy; testing of petroleum products for quality (octane, ethanol content and Clean Air Act Requirements); inspection of retail price scanner accuracy; weights of all commodities; and precious metal licensing. In addition, the division is responsible for enforcing the Department of Energy Conservation regulations as it pertains to gasoline storage at retail gas stations.

## Key Budgetary Issues:

- Loss of \$2 million in NYS Legislative aid to support behavioral health services to individuals throughout the county and in the Dutchess County Jail. The 2017 budget includes \$1 million in continued NYS Legislative aid, consistent with SFY 2016-2017.
- Mandatory Medicaid Managed Care is now applicable to all of New York State. The impact is that all of our currently billable services delivered to patients will have to be authorized by Medicaid Managed Care Plan, which is an additional step and is time-consuming.
- The 2017 budget includes position restructuring that will reduce middle management and flatten some units of the organization.

## 2017 Initiatives:

- The Stabilization Center will open to provide crisis intervention and criminal justice system diversion in 2017.
- Evaluate the structure of DBCH and continue to restructure, relocate and realign DBCH staff, programs and strategic initiatives. Where possible strive to fully integrate programs, staff training, communications, webpage development, emergency preparedness deliverables, and quality assurance oversight.
- Develop a comprehensive Quality Assurance program that ensures DBCH is meeting regulatory requirements and continually striving to improve the quality and efficiency of all programs and services.
- DBCH will initiate efforts to achieve meeting the standards for Public Health Accreditation.
- Direct the coordination and monitoring of the Community Health Improvement Plan with our community partners from multiple and diverse agencies and organizations.
- Actively plan for the development of adolescent inpatient psychiatric beds with Mid-Hudson Regional Hospital.
- Collaborate with the Substance Abuse Task Force and community stakeholders to address the opioid addiction epidemic through prevention and education; work with Primary Care Physicians around Prescribing Practices of Opiates for Pain Management to optimize prescribing practices.
- Promote smoking cessation and pre-diabetes screening in the behavioral health practice setting; Integrate obesity and chronic disease prevention into select behavioral health activities and engage mental health providers together with the community health partners; develop and implement a Chronic Disease Management Project for the Mental Health Population.
- Participate in the Dutchess County Sexual Assault Response Team (SART) and work with other county and community agencies on harm reduction initiatives that address domestic violence, adverse childhood experiences, child trafficking, and elderly abuse.
- Decrease the number of Dutchess County residents requiring psychiatric inpatient care and decrease the number presenting at the Mid-Hudson Regional Hospital Emergency Department.

- Obtain more supported beds with fewer restrictions in an effort to house the severely and persistently mentally ill being released from the Dutchess County Jail and discharged from the inpatient hospitals.
- Obtain more respite beds for adults and children.
- Continue to roll out training and implementation of Screening Brief Intervention Referral to Treatment (SBIRT) and Teen Intervene.
- Encourage more schools to take advantage of the Second Step curriculum and assist with implementation.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Medical Examiner - Respond to and investigate all reportable deaths, in order to determine which cases fall under the jurisdiction of the Medical Examiner. Act as an expert witness in criminal and civil cases involving deaths due to violence and live victims of violence and abuse; and investigate unresolved old cases.</b>						
	Total Caseload	765	880	880	-	0%
	Death Scene Visits	300	360	360	-	0%
	Autopsies	255	245	250	5	2%
	External Examination / Certification	90	130	130	-	0%
	Court Testimony	9	13	13	-	0%
	Consultation / Live Victims & Old Cases	14	28	30	2	7%
<b>Environmental Health - Community Sanitation Services - Inspect permitted facilities and investigate complaints.</b>						
	Inspections of camps and recreational facilities	933	800	800	-	0%
	Inspections of temporary residences (Hotels/Motels)	236	175	175	-	0%
<b>Public Health Nursing - Health Guidance and Immunization Clinic - Promote the health of mothers, infants and children through home visits to ensure engagement in primary care and preventive health services and to provide health guidance as needed. Provide immunization to the public, in particular to high risk individuals.</b>						
	Health Guidance Visits	494	516	516	-	0%
<b>Communicable Disease Control Clinics - Provide free and confidential diagnosis and treatment at the TB, HIV and STD clinics. Provide immunization to the</b>						
	Number of Clinic Visits (TB, STD,HCV & HIV)	2,293	1,793	2,400	607	34%
	Number of Individuals Immunized at CDC Clinic	758	550	550	-	0%
<b>Tuberculosis Control Program - Provide outreach, education, screening testing and treatment for persons infected and affected by Tuberculosis (TB). Ensure early identification of TB cases and prompt investigation of potential contacts in the community setting.</b>						
	TB - Total Number of new active cases	5	3	3	-	0%
	TB - Total Number of individuals screened	343	306	306	-	0%

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Rabies Program - Decrease the number of humans receiving post-exposure treatment in Dutchess County by increasing the number of pets (dogs, cats, domestic ferrets) vaccinated at rabies clinics sponsored by DBCH and community partners.</b>						
	Total Number of contacts that received post exposure treatment	40	70	70	-	0%
	Number of pets vaccinated - 3 clinics	688	680	680	-	0%
<b>Arthropod-borne Disease Program - Maintain ongoing surveillance activities and epidemiological status of reportable conditions caused by arthropod vectors, primarily ticks and mosquitoes. Develop and implement prevention education for residents. Update healthcare providers on emergent arthropod-borne disease issues, advising on approved treatments, and understanding current laboratory tools used for diagnosis.</b>						
	Total Number of lab reports (ECLRS) to include all arthropod diseases	2,834	2,950	3,100	150	5%
	Total Number of confirmed and probable cases based on NYSDOH data*	482	501	527	26	5%
* Sentinel surveillance means we investigate a randomized sample of 20% of reportable positives for Lyme disease; NYSDOH subsequently applies a statistical formula and provides an estimate of the actual number of positive cases.						
<b>Outpatient Clinic Services - Provide adults/adolescents and their families with treatment to promote recovery from chemical dependence/addiction and improve their quality of life.</b>						
	Number of Persons Served	49	40	90	50	125%
	Volume of Service	542	680	1,928	1,248	184%
<b>Outpatient Rehabilitation Services (ITAP Aftercare) - Provide chemically dependent adults with a highly structured, intensive, five day per week program with the goal of developing and maintaining a program of recovery.</b>						
	Number of Persons Served	126	125	200	75	60%
	Volume of Service	11,647	12,000	12,900	900	8%
<b>HVMH Outpatient Clinic Services - Provide adults with clinic treatment to enhance their mental health, quality of life and independence.</b>						
	Number of Persons Served	3,766	3,710	3,710	-	0%
	Volume of Service	42,384	44,735	44,735	-	0%

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Occupations, Inc. Personalized Recovery Oriented Services (PROS) - Provide adults with PROS treatment services to enhance their mental health, quality of life and independence.</b>						
	Number of Persons Served	667	640	640	-	0%
	Volume of Service	84,092	86,100	86,100	-	0%
<b>Case Management (ICM, SCM, BCM, and Generic CM Services) &amp; MHA Beacon PROS - Provide linking and coordinating services that assist mentally ill individuals to live as independently as possible, through accessing treatment services and medical, housing and vocational supports.</b>

# Public Works Highway & Engineering

## Mission

To responsibly maintain and repair the County highway infrastructure network, to insure public safety and ease of use of the County highway system, in a manner that maximizes return on public funds invested.

Percentage of the County Budget

# Public Works Highway & Engineering

## Functions

The Department of Public Works has the responsibility for the administration, construction, maintenance, supervision, repair, alteration, and care of all county highways and bridges. The department is also responsible for the supervision of the design and construction of all county related highway and bridge improvement/construction projects.

### **DPW Auto Center (A.1640)**

The Auto Center maintains vehicles for the County's automotive fleet, as well as services for five County related agencies, one municipality and one fire district. These services include maintenance and repair, purchase and registration of new vehicles, performing state inspections, responding to road calls, providing fuel, and disposing of surplus equipment. All vehicles leased by the County are coordinated through the Auto Center. The Division is responsible for the operation of ten refueling sites throughout Dutchess County. The Highway Administration Division tracks usage of gasoline, diesel and E-Z Pass.

### **DPW Highway Administration (D.5010)**

The Division of Highway Construction and Maintenance (HCM) is responsible for overseeing numerous programs to maintain the County's 395 miles of roads, 154 bridges, 186 large drainage structures and 23+ miles of rail trails. The division also provides accounting services for the Highway Division, Engineering Division, maintenance in lieu of rent (MLR) for the Buildings Division, Auto Center, \$5M - \$10M of capital expenditures and provides payroll services for all divisions in the Department of Public Works. The division is responsible for the administration and implementation of the Locally Administered Federal Aid Program. This program enables the construction of county roads and bridge projects at a net cost to the county of 5 - 20% of the total project cost.

### **DPW Engineering (D.5020)**

The Engineering Division oversees the design, construction and inspection of all county highway and bridge capital improvement projects; inspection of county drainage structures; monitoring and repairing the condition of county bridges which are inspected by NYSDOT; issues permits for all work within the county right-of-way; and performs all required subdivision and SEQRA reviews. Engineering is also responsible for: all traffic related projects and public requests concerning traffic, roads, and bridges; assures dam safety and storm water pollution prevention compliance; and performs land acquisition associated with all improvement projects. Engineering is responsible for supervision of the design and construction of all Highway and Bridge Improvement/Construction projects included in the county five-year Capital Improvement Program.

### **DPW Road & Bridge Maintenance (D.5110 & D.5120)**

This division has a pavement maintenance and rehabilitation program that includes resurfacing, reconstruction, special surface treatments and crack sealing. Roadside maintenance includes repair and replacement of pipe, guide rail and signs. Other maintenance work includes shoulder and drainage ditch cleaning, tree and brush clearing, grass cutting and bridge/culvert repair and replacement.

## DPW Snow Removal (D.5142)

Six highway facilities are used to conduct snow and ice control and repair maintenance work on county roads and bridges. The County also has shared services contracts with municipalities to provide efficient snow removal and maximize resources.

## DPW Machinery (E.5130 & E.5132)

The Highway Division is responsible to maintain 200 pieces of construction equipment (trucks, tractors, excavators, etc.) and is also responsible to manage the Auto Service Center where the County's automotive fleet is maintained.

## Key Budgetary Issues:

- Engineering Division staff salaries are no longer being charged to capital projects since there are no funds available within the Federal/State funding program to support reimbursement of in-house salary expense.
- Construction projects in 2017 will require additional staff resources to inspect and manage; therefore, overtime expenses have been increased to reflect this need.
- Highway is seeking to improve its efficiency with using salt and sand for winter snow & ice control. Liquid ice control materials are being added to the list of products used.

## 2017 Initiatives:

- Road and Bridge Projects to be completed in 2017:

Bridge RH-25, CR 78 (Broadway) over the Stoney Creek in the Village of Tivoli.

Bridge C-19, CR 14 (Hollow Road) over the Little Wappinger Creek in the Town of Clinton.

Bridge M-7, CR 51 (Academy Hill Road) over the Roeliff Jansen Kill in the Town of Milan.

Bridge PO-15X, CR 28 (New Hamburg Road) over Wappinger Creek in the Town of Poughkeepsie.

Complete reconstruction of CR 7878 (West Kerleys Corners Road) at the intersection with NYS Route 9G in the Town of Red Hook to increase safety and improve visibility to the new flashing traffic signal installed by NYSDOT.

Complete reconstruction of CR 72(North Avenue) at the intersection with Hurley Road in the Town of Pleasant Valley to increase safety.

- The Engineering Division will conduct the county-wide pavement scoring program in partnership with the Planning Department. Two summer interns will perform this work in 2017 and the Engineering Division will receive up to 94% reimbursement for their salary and training costs from the Planning Department through their FHWA funding programs.
- Update and re-issue the DPW Utility Pole Policy in collaboration with Department of Law and local utility owners (CHGE, Verizon, Frontier, NYSEG, Cablevision, etc.)
- Advance compliance and perform inspection for State and Federally mandated Municipal Separate Storm Sewer System (MS4) Program.
- Solicit bids and commence construction of a road realignment and bridge replacement project for Bridge S-37, CR 19 (Bulls Head Road) over Wappinger Creek in the Town of Stanford. This project is expected to be completed in 2018.
- Complete construction documents and right-of-way acquisition for the federal-funded Harlem Valley Rail Trail Phase IV project. construction bids will be solicited in 2017 or 2018.
- Explore more opportunities to supplement in-house resources with contracted services to deliver bridge and highway maintenance services as efficient and effectively as possible.
- Continue to monitor the new Snow Policy and make improvements if needed.

# Goals and Workload Measures

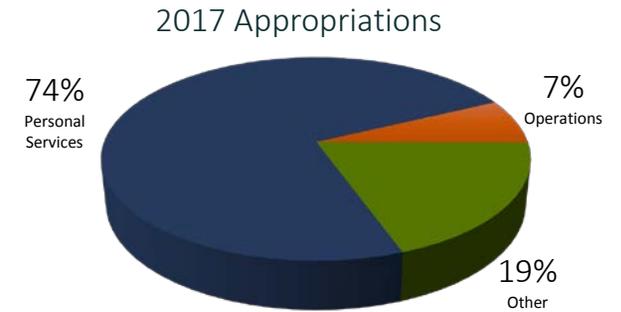

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Maintain safety-related highway equipment and traffic control devices, maintain highways free from snow/ice, and study accident locations to develop safer facilities.</b>

# Public Works Airport

## Mission

The Dutchess County Airport strives to be the Hudson Valley's first choice for business and personal air transportation, providing an engine for economic growth, while maintaining operational safety, outstanding service, and a safe environment for aircraft owners, operators, our neighbors, and the flying public.

Percentage of the County Budget

# Public Works Airport

## Functions

The Dutchess County Airport, located seven miles south of the City of Poughkeepsie in the Town of Wappinger, provides corporate and general airport transportation services. Flight Level Dutchess has begun providing Fixed-Based Operation services.

## DPW Airport (EA.5610)

The Dutchess County Airport services as an important economic and transportation resource. Federal and State grants are aggressively pursued for all eligible projects identified in the Airport Master Plan. The Division is focused on safety, security, taxiway enhancements to provide access to parcels available for future development, obstruction removal, environmental compliance, and wildlife hazard management.

## Key Budgetary Issues:

- Dutchess County is actively engaged in efforts to bring water infrastructure to the airport.
- Terminal improvements are planned as the County was awarded a grant.

## 2017 Initiatives:

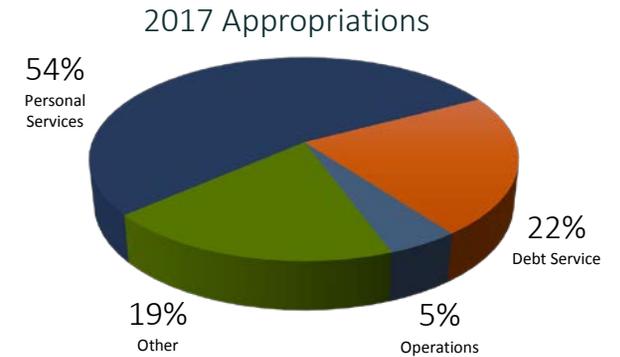

- The County's contribution has again decreased in 2017.
- The County will continue efforts to bring water and sewer infrastructure to provide greater economic opportunity.
- Develop an airport-focused marketing plan, market existing vacant airport property and real estate/land parcels, engage current valuable tenants to ensure continued tenancy at the airport.
- Solar City will build a Solar Energy array on Airport property to provide an alternative energy source for part of Dutchess County's electric requirements.
- Promote the airport as a community venue to new events.
- With the support of the Legislature the County will be re-branded and renamed the "Hudson Valley Regional Airport."
- Update and amend airport minimum standards.
- FAA/NYS DOT Capital Grants
  - Design and construction AARF/Snow Removal Equipment Building and related Phase II Water.
  - Engineered Material Arresting System Design.
- With the Legislature's approval, design and construction will begin on an educational facility at the airport so that Dutchess Community College can add an Airframe and Power Plant (A&P) program to the Aviation Program they currently run.

# Goals and Workload Measures

# Public Works – Public Transit

## Mission

To provide Dutchess County with a safe, efficient, accessible and reliable public transportation system.

Percentage of the County Budget

# Public Works Public Transit

## Functions

The Department of Public Transit provides public transportation service to Dutchess County through two modes of service: fixed route service and demand response service for participating municipalities in Dutchess County.

### Public Transit (ET.5680)

Fixed route services include Dutchess County Public Transit and RailLink. Demand response services include Dial-A-Ride, Flex, and ADA Complimentary Paratransit. The primary objective of the division is to provide Dutchess County with a safe, efficient, accessible, and reliable public transportation system. Management, operations, and maintenance staff is provided through a private management contract with First Transit. The Dutchess County Transit Administrator oversees the management company as the County representative.

The County will continue to use federal capital funds (5307 funds) to cover the cost of eligible preventive maintenance, project administration, and operating assistance. Preventive maintenance and project administration are reimbursable at 80% federal, 10% state, and 10% local. Operating assistance is reimbursable at 50% federal and 50% local.

## Key Budgetary Issues:

- As part of our ongoing bus replacement program, eight new buses are expected to be delivered in 2017. Funding will come from 80% federal and 10% state grant funds; the County's share has already been authorized.
- Municipal participation and demand for the Dial-A-Ride program is expected to be slightly lower than in past years, but ridership is expected to increase overall in 2017. Rates for municipalities will be held flat again in 2017.
- The collective bargaining agreement between First Transit (Transit Management of Dutchess County) and Teamsters Local 445 will be in place through 2017 and includes increases in staff salaries and benefits.
- New scheduling software installed in 2016 will facilitate increased ridership in 2017, efficiency in monitoring and reporting statistics, and increased public access to transit information including a new mobile APP which is currently in beta-testing.
- The New York State Operating Assistance Program will grow by 6.09% in 2017. While this is an increase in the total program, it may or may not mean an increase in our allocation.

## 2017 Initiatives:

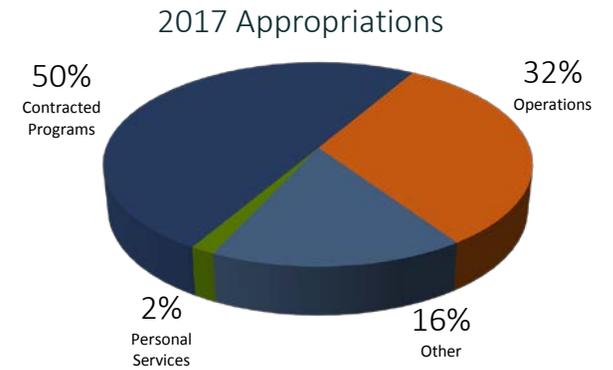

- The 2017 budget includes both the appropriations and completely offsetting revenue to expand service in the City of Poughkeepsie beginning in July 2017.
- The 2017 budget includes Sunday service and one new route in response to the Transit Development Plan requests for service. These services will be provided at no additional cost to the County.
- The Transit Development Plan work will continue in 2017 to assess the existing services and make recommendations for future services.
- Data in 2017 will be managed more efficiently with the implementation of transit software, automatic passenger counters, electronic fare boxes, and electronic bus monitoring through Mobile Data Terminals.
- Eight new buses delivered in 2017 will replace the older model buses with state-of-the-art heavy duty buses which will have an extended useful life five years past the previous buses.
- Bus stop signage will be increased in 2017 to help users identify bus stops on the routes.

# Goals and Workload Measures

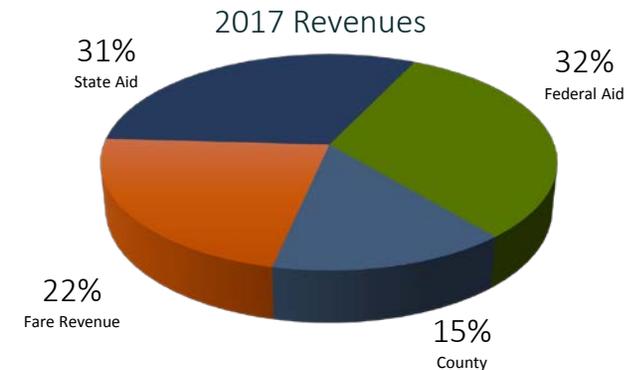

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Provide safe, efficient bus transportation for the general public.</b>						
	Number of Fixed route Passengers (Including RailLink)	474,942	485,412	631,035	145,623	30%

# Metropolitan Transit Authority

Percentage of the County Budget

# Metropolitan Transit Authority

## Functions

The Metropolitan Transit Authority (MTA) determines and certifies to Dutchess County, the cost for Metro-North Commuter Railroad to operate, maintain and use the Metro-North Commuter Railroad passenger stations located in Dutchess County, including the buildings appurtenances, platforms and land. The cost is billed to the county annually. The MTA also collects various taxes from Dutchess County residents through Mortgage Recording Fees, Payroll Taxes, and Sales Tax.

### **MTA Station Maint/Match (A.5640)**

This account reflects the amount billed by the MTA and paid by Dutchess County for MTA Station Railroad Maintenance. This account also reflects the revenue associated with “mass transportation operating assistance” payments which the MTA is required to provide Dutchess County from the MTA’s Mortgage Recording Tax (MRT-2) receipts.

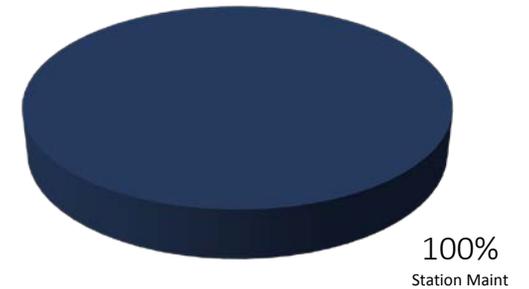

## Key Budgetary Issues:

- The Transportation Aid revenue is budgeted at \$2.2 million for 2017. This is formula driven based on Mortgage Recording Tax data provided by the County Clerk’s Office for 2016 year-to-date which has remained stable compared to 2015.
- The MTA Station Maintenance which the County pays to the MTA each September 1st is being budgeted higher than the 2016 amount based on the CPI increase for NYS. The County budgeted \$2.4 million for 2017 based on an estimated 2.58% increase in the CPI.
- The County pays MTA a required local match for NYSDOT operating assistance totaling \$380,000. This amount has remained the same since 2005.

# Economic Assistance & Opportunity

## Table of Contents

Office for the Aging .....	639
Department of Community & Family Services .....	660

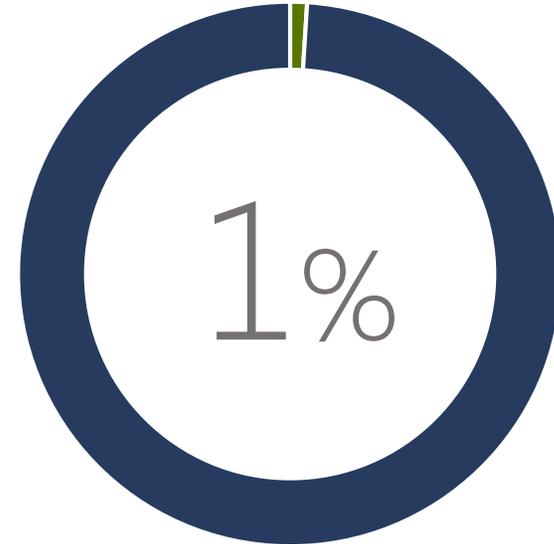

Percentage of the County Budget

# Office for the Aging

## Mission

To provide an array of community based services to the elderly and persons who require assistance in the long term care system, in an effort to promote independence, dignity and improve quality of life. Serving as an advocate and community partner, the Office for the Aging strives to ensure clients' needs continue to be met now and in the future.

Percentage of the County Budget

# Office for the Aging

## Functions

The Office for the Aging provides a variety of services assisting the healthy aging of seniors, the disabled and chronically ill living in Dutchess County and promoting successful aging at home. The department also seeks to meet the core needs of caregivers and those in the long term care system.

### Office for the Aging (A.6772.50)

The Office for the Aging (OFA) provides, either directly or through contract with community agencies, businesses and professionals, the following services: home care, case management and assessment, social adult day care, personal emergency response systems, respite, transportation, home delivered meals, congregate meals, nutrition education and counseling, senior friendship centers, case assistance, information, outreach, referral, energy assistance, housing information, recreation, education, health insurance assistance, counseling, in-home contact and support, health promotion and exercise programs, mental fitness classes, legal services, caregiver workshops and support, minor home modifications, and services to grandparents raising grandchildren.

### Senior Citizens Reserve (A.6772.51)

This reserve account is for private donations and sponsorships for senior programs and special services including the annual senior picnics.

### NY Connects (A.6772.52)

Through Dutchess NY Connects, OFA also serves as a single point of entry to the long term care system and is considered by the federal and state governments to be the Aging and Disability Resource Center (ADRC) and No Wrong Door (NWD) hub for Dutchess County. Dutchess NY Connects provides the required case management including intake and referral, determination of service needs and eligibility for care, and authorization for the Medicaid funded in-home services.

## Key Budgetary Issues:

- The County's senior population (60 years and older) grew 28% between 2000 and the 2010 Census.
- The Department's intake unit continues to experience dramatic growth in number of intakes, and is awaiting implementation of the state mandated "No Wrong Door Screen", which may further tax resources.
- The Department's nutrition programs have seen an increase in nutrition meals ordered (8% in 2015 and 17% to date in 2016).
- A new position of Home Delivered Meals Coordinator is proposed to better monitor and coordinate the program to increase effectiveness and realize all potential reimbursement.
- \$100,000 in new funding has been added to fund home health care for our seniors in need.
- \$100,000 in new funding has been added for Home Delivered Meal's five days a week for care for approximately ½ year.

## 2017 Initiatives:

- Expand health promotion services by increasing volunteers to offer additional Matter of Balance classes and Tai Chi for Arthritis classes. Both of these services are top-tier evidence based programs that have proven beneficial outcomes. These two programs are a complement to the long standing Senior Exercise and Brain Game classes and provide a greater continuum of services.
- Implementation of a new state mandated database.
- Intake staff members will begin implementing the state's No Wrong Door (NWD) Screening which will provide a more streamlined access to long term support and services across all systems (Aging, Mental Health, Developmental Disabilities, Physical Disabilities).

# Goals and Workload Measures

# Community & Family Services

## Mission

Provide temporary assistance and support services necessary to sustain vulnerable and disabled persons and assist each recipient, in a courteous, fair and efficient manner with the aim of restoring each beneficiary to maximum independence. Provide protection services to children and adults at risk of being harmed; and make available to families, services that will strengthen the family unit, encourage stability in living arrangements, and provide a nurturing environment for children.

Percentage of the County Budget

# Department of Community and Family Services

## Functions

The Department of Community and Family Services (DCFS) is responsible for the administration of the New York Social Services Law in Dutchess County. The Department administers the federal and/or state assistance programs of Family Assistance, Safety Net Assistance (SNAP), Emergency Aid to Families, Emergency Aid to Adults, Day Care, Home Energy Assistance (HEAP), Indigent Burial, Medicaid, Supplemental Nutritional Assistance Program, Adults and Youth Services. The department is also responsible for the care of children surrendered by their parents or ordered to its custody by Family Court, and to investigate reports of child abuse or neglect and to provide services for children found to be abused.

### **DCFS - Admin (A.6010)**

Personnel costs for the department are centralized in A.6010 and provide all of the department's various programs and operations. DCFS administers transitional benefits, Medicaid and Child Support as well as the cash assistance programs of Family Assistance, Safety Net Assistance, Emergency Aid to Families, and Emergency Aid to Adults. The department operates two satellite offices: the Beacon office which handles SNAP and HEAP applications and the Eastern Dutchess Government Center's Office which handles integrated applications. The department also includes a special investigations unit that investigates suspicions of clients fraudulently receiving benefits.

### **DCFS – Day Care (A.6055)**

Financial assistance for child care costs for low income families and families transitioning off of public assistance.

### **DCFS – Services for Recipients (A.6070)**

This unit reflects funding for contracted agencies providing a range of services including adult protective, domestic violence, housing and emergency placement of homeless individuals and families.

### **DCFS – Medicaid Services (A.6100)**

This unit reflects the costs associated with Medicaid for eligible Dutchess County residents unable to pay the cost of medical care. This amount has been capped by the state.

### **DCFS – Medical Assistance (A.6101)**

Reflects any Medicaid related costs paid directly by DCFS including, health insurance premiums paid on behalf of eligible Medicaid recipients and client payments for Medicare Buy-In programs.

### **DCFS – Special Needs (A.6106.75 and A.6106.76)**

This unit includes the Deputy Commissioner for Special Needs and the associated programming. The A.6106.76 is a reserve department for special needs events that receive donations and sponsors.

### **DCFS – Family Assistance (A.6109)**

Family Assistance provides financial assistance to eligible families that include a minor child living with a parent (including families where both parents are in the household) or a caretaker relative. This program seeks to provide assistance to families so that children may be cared for and to end the dependence of parents on government benefits by promoting job preparation and workforce development.

### **DCFS – Children Services (A.6119)**

This unit provides services to children placed in care through voluntary surrender by parents, court order by Family Court, or removal of a child from his or her home for abuse or neglect. Services provided include foster care, institutional care, adoption, non-secure detention, adoption subsidies and preventive care. This also includes Committee on Special Education school placements.

### **DCFS – Juvenile Delinquent Care (A.6123)**

Costs associated with the court ordered placement and care of children who are adjudicated PINS or juvenile delinquents.

### **DCFS – State Training School (A.6129)**

Costs for the care of youth in the custody of the New York State Office of Children & Family Services and placed at State operated facilities. These are children who have been adjudicated with serious juvenile delinquent offenses.

### **DCFS – Safety Net (A.6140)**

Safety Net provides financial assistance to eligible single adults, childless couples, and others who do not qualify for other assistance programs, and families who have exhausted their 60-month time limit for Family Assistance. This program also provides for the cost of burials for the indigent.

### **DCFS – HEAP (A.6141)**

Home Energy Assistance Program (HEAP) is a federal block grant designed to assist low income individuals, particularly those with the lowest income who pay a high proportion of household income for home energy in meeting their immediate energy needs. The program targets low income elderly, disabled, and households with young children, where insufficient heating and cooling can cause health and safety issues. The program includes regular assistance, emergency assistance, cooling assistance, heating equipment cleaning and tuning, and heating equipment repair and replacement.

## DCFS – Emergency Aid - Adults (A.6142)

Emergency Assistance to Adults provides assistance in the case of emergency (such as a utility shut-off or eviction) for individuals and couples who have been determined eligible or are receiving Supplemental Security Income (SSI).

## DCFS – Youth (A.7310)

Youth Services is responsible for the administration of New York State funding. This division also provides case counseling for personal, family and school conflicts; advocacy services, referrals to appropriate community resources, and workshops on a variety of youth related topics.

## Key Budgetary Issues:

- The medicaid cap continues to be effected by the Affordable Care Act.
- The cost of state training schools was capped in the Governor’s 2015-2016 Budget. Uncertainty remains relative to prior period outstanding bills and the overall cap amount formula.
- Juvenile detention cases have increased, and payments have shown a large spike. The Department is expanding the ability to use respite placement as an alternative to detention to minimize the increased cost and working through a collaborative effort with multiple departments to minimize costs.
- New SNAP income eligibility rising from 130% to 150% of the Federal Poverty Level will likely increase the caseload. However, the time limit for those deemed “able bodied without dependents” will likely offset workload.
- The Child Care and Development Act of 2014 is gradually taking effect and will impact how child care subsidies are provided as well as the cost for the provision of the services.

## 2017 Initiatives:

- Implementation of the main office reception redesign will include structural changes to the building lay out, and the introduction of self-service Kiosk for document drop off and mybenefits access.
- Implement Strengthening Families program which is an evidence-based family skills training program found to significantly improve parenting skills, reduce problem behaviors, delinquency, alcohol and drug abuse in children and improve social competencies and school performance.
- Partnering with the City of Poughkeepsie School District to address the needs of at risk city youth. Services will be embedded in the middle and high schools and DCFS and other agency partners (such as Astor and Probation) will co-locate services to ensure comprehensive and coordinated services to identified youth.
- Expand the ability to use respite replacement in lieu of detention by collaborating with Dutchess County Family Court, County Attorney’s office and Probation to strengthen the system of detention alternatives.
- Implement re-entry services to improving outcomes for youth returning to the community after juvenile justice placement through increased community awareness and availability of aftercare services.

- DCFS will evaluate opportunities provided by Workforce Innovation and Opportunity Act (WIOA) for the development of new initiatives addressing the employment needs of Temporary Assistance for Needy Families (TANF) recipients. DCFS will amend its employment plan to reflect a pro-active aggressive approach to provide rapid attachment (within 120 days of referral) to employment that can move job ready program participants to self-sufficiency; and ensure job placements with retention services for 180 days post-employment, as well as other resources to help participants sustain long-term employment.
- The department will work with Legal Services of the Hudson Valley to assist eligible clients with the initial disability applications to prevent lengthy appeals. The majority of SSI applications get denied on the first try, and the appeal process can last up to 3 years. In the meantime, the individual remains on our caseload. Currently, 68 temporary assistance recipients have been deemed eligible and referred to SSI by our agency. Our proposal aims to help people submit successful applications with the added benefit of saving public assistance costs.
- The department will launch LEAN projects to redesign our business processes to eliminate waste, improve quality and reduce cycle times so that resources can be used for higher customer value-added activities. LEAN is a management philosophy to make operations more efficient and effective; it is a systematic approach to identifying and eliminating waste through continuous improvement. We have successfully applied the LEAN principle in our court improvement project, aiming to reduce the time period between “freeing” of child to his/her adoption from 403 days to 180 days.
- The department will address an existing gap in shelter services to the homeless by enhancing the partnership with the Living Room to keep it open from 7am to 7pm year round. This will close the gap during the months of March to October when the Living Room would close at 2pm on Saturdays and Sundays, leaving a 5-hour gap before the overnight shelter services, which begin operations at 7pm year round.

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Adult Services - Utilize multi-disciplinary community resources to improve assessments and to develop service plans which reduce risk and protect adults.</b>						
	Adult Protective Intakes Annually	602	602	602	-	0%
	Average Open Cases (per month)	286	290	290	-	0%
<b>Special Investigations - Ensure that assistance payments are made only on behalf of eligible recipients and that erroneous payments are recovered promptly.</b>						
	Dollar Amount of Fraud Detected Prior to Issuance	\$4,815,204	\$5,000,000	\$5,000,000	-	0%
	Cases Closed due to Fraud	524	550	550	-	0%
	Dollar Amount of Prior Assistance Paid Back to County	\$3,727,646	\$3,800,000	\$3,800,000	-	0%
<b>Medicaid - Provide timely assistance to low income individuals to ensure that they receive access to services.</b>						
	Applications Processed Annually	4,352	4,000	3,800	(200)	-5%
	Average Monthly Caseload	21,095	19,400	18,000	(1,400)	-7%
<b>Temporary Assistance for Needy Families - Provide timely financial assistance to eligible individuals and ensure that they are provided with access to services that ensure skills or functioning so that they may achieve self sufficiency.</b>						
	Applications Processed Annually	7,219	6,300	6,400	100	2%
	Average Monthly Caseload	1,177	1,050	1,050	0	0%
<b>Children's Services - Strengthen family support and ensure that children who are removed from their birth families will be ensured stability, continuity and an environment that supports all aspects of their development.</b>

Percentage of the County Budget

## Mission

To research and preserve Dutchess County History, and to promote better understanding of its significance for residents and visitors to the County.

Percentage of the County Budget

# History

## Functions

The Dutchess County Historian's primary responsibility is to research and preserve county history and to promote the public's understanding of the County's past and how it impacts us today. Responsibilities include conducting research and designing exhibits, developing and conducting records management projects to preserve and increase access to the county archives, and collaborating with Dutchess County Tourism and historical associations throughout the County to support heritage tourism initiatives.

## History (A.7510)

The Historian provides leadership for municipal historians within Dutchess and serves as a resource for the general public on county history and programming initiatives. Other responsibilities of the County Historian include writing grant proposals and acting as a liaison with state and federal partners in the cultural sector. The Historian is appointed by the County Executive subject to confirmation by the County Legislature. The Department of History comes under the purview of the County Clerk's Office.

## Key Budgetary Issues:

- The ongoing Ancient Documents Project is largely dependent on grant funding for the imaging portion of the work. Loss of New York State Archives Grant funding would present serious challenges for continuing imaging and expanding the online document access portal for researchers.

## 2017 Initiatives:

- Seek grant and other funding sources to defray expenses of educational projects and programs.
- The "Ancient Documents" Project, in collaboration with the County Clerk's Office and OCIS, is expanding the ancient documents search portal. The Department will also expand the recruitment of local high school, college, and university students for the department's archival internship program.
- Assist with the coordination and planning for the 2017 Conference of the Association of Public Historians of New York State held in Dutchess County as well as county-wide events including the Hudson Valley Heritage Fair and the Dutchess County Historic Tavern Trail.
- Prepare commemorative and educational material for the 50<sup>th</sup> anniversary of the Dutchess County Charter of 1967.

# Public Works Parks

## Mission

To enhance the quality of life for county residents by providing opportunities for active and passive recreation in the natural scenic beauty of our facilities.

Percentage of the County Budget

# Public Works Parks

## Functions

DPW Parks provides recreational opportunities throughout the county for residents through various park facilities.

### DPW - Parks (A.7110)

The Parks Division, within the Department of Public Works, enhances the quality of life for county residents by operating six active facilities:

- Bowdoin Park, a 301-acre park in the southwest part of the County;
- Wilcox Park, which contains over 600 acres in the north central part of the County;
- Quiet Cove Riverfront Park, 27 acres featuring a 2-acre riverfront parcel in the Town of Poughkeepsie;
- William R. Steinhaus Dutchess Rail Trail, a 13.4-mile-long rail trail located in the heart of Dutchess County, from Hopewell Junction in the Town of East Fishkill to the Walkway over the Hudson connection in the City of Poughkeepsie;
- Harlem Valley Rail Trail, stretches 10 miles from the train station in Wassaic to the Village of Millerton; and
- Dutchess Stadium.

A wide variety of activities are conducted at these facilities including swimming, boating, picnicking, hiking, biking, skating, camping, miniature golf, pavilions, playgrounds, basketball, volleyball and athletic fields. Additional programs/activities include educational programs, school programs, the operation of nature/hiking trails, an education center, and special seasonal programs including the maple syrup program, summer day camps and many others.

### Dutchess Stadium (A.7110.66)

Dutchess Stadium built in 1994, the home of the Hudson Valley Renegades as well as many other community events is celebrating its 22nd year in the Hudson Valley.

## 2017 Initiatives:

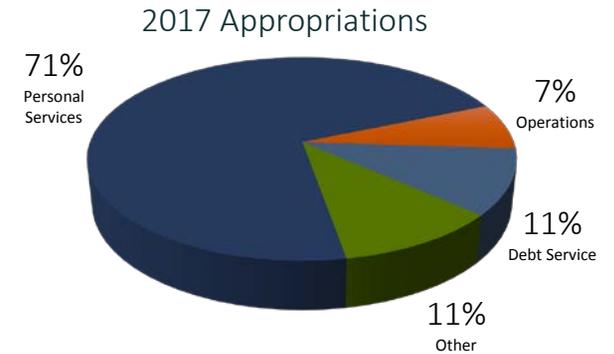

- Renovations of the facilities at Quiet Cove Riverfront Park have continued. The Parks Division plans to continue to develop the property and make improvements including shoreline restoration. Air conditioning will be installed and the Navy Barracks building will be available for rent in 2017.
- In February 2017, Bowdoin Park will host the Special Olympics New York State Games.
- In 2017 ramps will be added to the Chapel and Pavilion 1 to make them both ADA accessible.

# Goals and Workload Measures

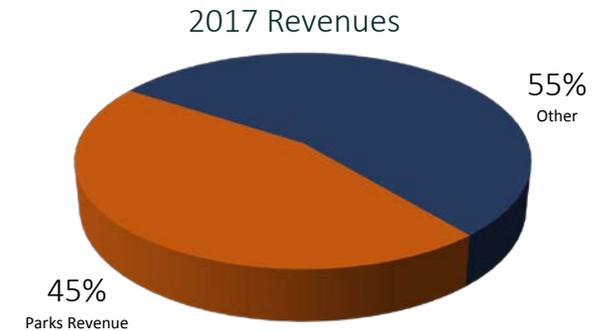

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Increase park visitation and utilization.</b>						
	Wilcox Visitors	15,000	16,000	18,000	2,000	12.50%
	Bowdoin Visitors	100,000	110,000	115,000	5,000	4.55%
<b>Provide opportunities for wilderness education and engagement.</b>						
	Educational Program Participants	1,400	1,500	1,800	300	20.00%
	Survival Program Participants	37	50	75	25	50.00%
	Archery Program Participants	260	600	725	125	20.83%
	Summer Day Program Participants	130	128	190	62	48.44%

Percentage of the County Budget

# Planning & Development

## Mission

To help maintain and enhance the County's quality of life. The Department is responsible for countywide planning, planning assistance to local governments, and comprehensive mapping and geographic information systems (GIS) data.

Percentage of the County Budget

# Planning & Development

## Functions

The Department of Planning and Development is responsible for comprehensive county-wide planning, Greenway program implementation, farmland and open space preservation, review of municipal planning and zoning development projects, planning assistance to local governments, community development, housing and prevention of homelessness, comprehensive transportation planning and capital programming, implementation of the Agency Partner Grant (APG) and Municipal Consolidation and Shared Services Grant (MCSSG) programs, public information, citizen participation, and comprehensive mapping and geographic information systems (GIS) data.

### Planning (A.8020)

The department provides technical assistance to municipalities in the County on a range of issues, including comprehensive plans, zoning, downtown revitalization, water resource management, and Greenway implementation. Also, the department assists the Department of Behavior and Community Health with “healthy communities” bicycle/pedestrian activities.

Significant projects and programs include:

- Implementation of *Greenway Connections* in cooperation with Hudson River Valley Greenway Council;
- Coordination of the County's Partnership for Manageable Growth Grant Program to protect farmland and significant open space areas and partner in development of infrastructure critical to economic development;
- Administration of the Federal Community Development Block Grant program and related housing programs;
- Management of the Poughkeepsie-Dutchess County Transportation Council activities, including comprehensive transportation planning and capital program;
- Administration of the Agency Partner and the Municipal Consolidation and Shared Services Grant Programs.
- Administration of the County's Agricultural District Program, working closely with the Agriculture and Farmland Protection Board, Division of Real Property Tax, Cornell Cooperative Extension, and the Soil and Water Conservation District;
- Creation and management of GIS-based maps and databases;
- Coordination of census and other significant socio-economic data; and
- Provides administrative oversight and support to the Traffic Safety and STOP-DWI programs, and the Criminal Justice Council.

### Solid Waste (A.8020.81)

This division is responsible for the formulation and implementation of programs for the collection and disposal of solid waste generated within the County.

## Key Budgetary Issues:

- Funds for agribusiness and agriculture / horticulture sustainability, have been established as a priority and funded separately through an RFP in 2017.
- Funds for Dutchess Tourism Inc. are increasing to provide for increased attendance at travel trade shows, serving tour operators in planning their trips to Dutchess County, increased communications focusing on digital media marketing, and product development to help place more attractions on Viator (a division of Trip Advisor). The funding for Tourism also includes an increase for the Arts.
- The American Planning Association Conference is going to be in NYC in 2017. The conference is held on the east coast every three to four years and hasn't been in NY in over 15 years. This is a rare opportunity to have a national conference of this caliber so close, presenting a unique opportunity to learn about national trends and new techniques. Travel costs have increased for staff to attend the conference.
- The budget does not include funds for a Resource Recovery Agency Net Service Fee (NSF), as there is no anticipated NSF for 2017.

## 2017 Initiatives:

### County Planning

- Assist three Dutchess County municipalities, with the assistance of Pace University to revise local planning and zoning documents to help implement economic development initiatives.
- Assist Dutchess County municipalities to adopt seven new Greenway Guides.
- Initiate a new round of applications for Partnership for Manageable Growth (PMG).
- Complete the implementation of the 2016 PMG program by closing on four funded farmland preservation projects.
- Complete the 2017 Major Projects Report.
- Complete the 2017 Rental Housing Survey.

### Municipal Planning Support

- Work with the City of Poughkeepsie to update the City of Poughkeepsie's Local Waterfront Revitalization Plan, adopt new zoning and begin work on a comprehensive plan update.
- Assist the Dutchess County Planning Federation to organize 6 short courses for planning and zoning, providing the training hours mandated for municipal board members by NYS law.
- Support Dutchess County municipalities and businesses with the Energize and Solarize programs.

### Community Investment

- Complete 2018-2022 Dutchess County and City of Poughkeepsie Consolidated Plan which identifies needs and priorities for the next 5 years for the Community Development Block Grant (CDBG) and HOME Investment Partnership Programs. Dutchess County is the lead for this project which is completed in partnership with the City of Poughkeepsie.
- Conduct 2 Agency Partner Grant related workshops. One workshop on how to write a good application, the second on how to complete payment requests and outcome reports.
- Increase technical assistance to Municipal Consolidation and Shared Services grantees. Work one-on-one with grantees to ensure projects are completed in a timely manner and comply with policies and procedures. Also provide information to grantees and potential applicants on best practices and how other communities have approached similar problems.

### **Economic Development**

- Coordinate the consolidated and expedited permitting process in Dutchess County.
- Assist communities in integrating Economic Development into their Comprehensive Planning process.
- Provide specific/focused training to communities on how to streamline their development process.
- Provide demographic, development and other socio-economic data to Th!nk Dutchess for implementing the economic development strategy.
- Provide assistance to Th!nk Dutchess for working groups related to municipal development.

### **Transportation Planning**

- Complete Sidewalk Inventory and Improvement Plans for the Arlington Business District in the Town of Poughkeepsie and the Village of Millerton.
- In conjunction with the County's Complete Streets Committee, coordinate and produce a public safety campaign to increase awareness of walking and bicycling safety issues in Dutchess County.
- Complete a Safety Assessment for one or more high-crash locations in the County, focusing on local and County roads.
- Assist the City of Poughkeepsie with the Market Street Connectivity Project.

- Ensure that the Metropolitan Planning Organization (MPO) is in compliance with the federal requirements identified in the new FAST Act metropolitan transportation planning rulemaking.
- The MPO will initiate and complete substantial work on a parking study of the City of Poughkeepsie Central Business District.

### **Solid Waste**

- Implementation of the remaining tasks listed in *Rethinking Waste*, with a focus on organics diversion.
- Expand on the Organics Study completed by Cornell Cooperative Extension of Dutchess County by evaluating the feasibility of creating a regional composting facility.
- Promote and host two (2) Household Hazardous Waste and Electronics Recycling events.
- Relicense 24 expiring hauler licenses.
- Identify unlicensed haulers and non-compliance with recycling, and issue civil penalties for non-compliance.
- Hold an America Recycles Day event to promote reuse and recycling.
- Work with RRA and NYS DEC to develop an alternative use for combustion ash.
- Implement a Recycling Recognition Program.

# Goals and Workload Measures

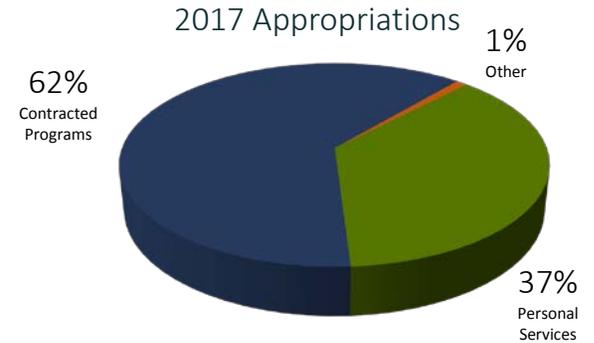

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Open Space - Partnership for Manageable Growth - Preservation of farmland and significant open space through the Partnership for Manageable Growth matching grant program.</b>						
	Projects Completed	1	2	3	1	50%
	Acres Under Easement (cumulative)	3,330	3,450	3,850	400	12%
<b>Local Government Assistance - Provide education and information to local governments and the public regarding regional, urban, rural and local land use planning so sound planning and zoning will lead to the orderly growth and development of our communities.</b>						
	Community Assistance Hours	2,162	3,500	3,600	100	3%
	Plan On It Newsletter	8	6	6	-	0%
	Training Programs	6	6	6	-	0%
	Training Participants	321	500	400	(100)	-20%
<b>Community Investment Programs - Administer the federal Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Shelter Plus Care (S+C), Agency Partner Grant (APG) and Municipal Shared Services Grant (MCSSG) programs.</b>						
	CDBG Municipal Projects Completed	7	8	10	2	25%
	CDBG Public Service Projects Completed	6	6	7	1	17%
	Housing Units Created	24	105	120	15	14%
	Owner-Occupied Rehabilitation Project Completed	-	5	5	-	0%
	Housing Units Supported by Rental Assistance	222	64	65	1	2%
	Agency Partner Contracts Award	21	23	25	2	9%
	Municipal Grants Awarded	9	10	20	10	100%
<b>Transportation Planning (MPO) - Support comprehensive county-wide, metropolitan transportation planning program through the Poughkeepsie Dutchess County Transportation Council (PDCTC).</b>						
	Number of Traffic Counts	291	275	275	-	0%
	Community Studies Completed	1	2	1		

# Goals and Workload Measures

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
<b>Planning and Community Design - Review local development proposals (239 reviews) as mandated by state law; provide lead planner assistance to communities and prepare comprehensive county-wide planning.</b>						
	Referrals Completed:	435	400	350	(50)	-13%
	Percent Completed within 21 Days	92%	90%	90%	-	0%
<b>Solid Waste Management - Responsible for the formulation and implementation of programs for the collection and disposal of solid waste generated within the County.</b>						
	Annual Municipal Solid Waste to Waste-to-Energy (WTE) Facility (in tons)	154,982	145,000	152,000	7,000	5%
	Annual Municipal Solid Waste Recycling Volumes (in tons)	107,618	105,000	105,000	-	0%
	WTE Net Electric Generation (in megawatt hours)	44,207	45,080	45,000	(80)	0%
	Annual WTE Metals Recycled (in tons)	6,470	6,500	6,300	(200)	-3%
	Household Hazardous Waste to Resource Recovery Agency (RRA) Events (pounds)	96,832	150,000	180,000	30,000	20%
	Solid Waste Enforcement Citations	37	5	5	-	0%
	New Licensed Haulers	13	4	2	(2)	-50%

# Division of Water Resources

## Mission

To promote sound water resource management and the availability of economical, sustainable water supply and wastewater treatment services throughout the County.

Percentage of the County Budget

# Division of Water Resources

## Functions

The Division of Water Resources functions include: regional and community water and wastewater planning, preliminary evaluation and development of potential Dutchess County Water and Wastewater Authority projects; efforts to “sell” County reserved capacity in the Central Dutchess Water Transmission Line; representation of Dutchess County in local, regional and statewide forums related to water and wastewater management, and water resource protection. The Division of Water Resources also acts as a bigger bridge between the County and the Authority, for both funding assistance and policy coordination.

## Division of Water Resources (A.8790)

The goal of the Division of Water Resources is to promote sound water resource management and the availability of economical, sustainable water supply and wastewater treatment services throughout the County. The provision of water and wastewater services has been recognized as a critical element in implementing the County Master Plan and in creating opportunities for economic development. Water Resources works to ensure that potential new authority water and wastewater infrastructure projects are closely coordinated and aligned with county-wide economic development, land-use planning and environmental projection goals and objectives and that services are provided in an affordable, sustainable manner.

The division provides technical and financial assistance to community efforts to plan for future water and wastewater system service areas and to evaluate the financial feasibility of specific infrastructure development projects. Water Resources works to ensure that Dutchess County’s interests are represented in local, regional and statewide forums relating to water and wastewater issues, and bringing back to the County information on innovative and successful programs being carried out in other areas.

## Key Budgetary Issues:

- **County Service Fee Payment:** The Water and Wastewater Authority does not have taxing power. The County levies taxes on properties within certain county water and sewer districts on behalf of the Authority. These amounts are paid by the County to the Authority as service fees, pursuant to several County-Authority Service Agreements. The amounts levied by the County are not revenues of the County. There is no net impact on the County’s operating budget. The service fees are used by the Authority to pay debt service on Authority bonds issued to finance the purchase, construction and/or improvement of water and sewer infrastructure for the benefit of properties within the County districts. The amount of the 2017 levy is expected to be approximately \$3.25 million. This estimate will be revised as needed when the Tentative Assessment Roll is prepared in September, and will be finalized in December when the Final Assessment Roll is completed.

## 2017 Initiatives:

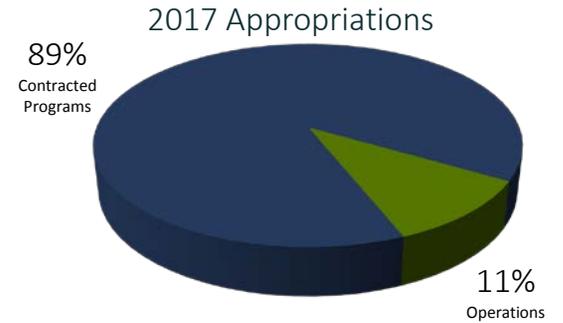

- Will commence construction to extend water service from the Central Dutchess Water Transmission Line to the Dutchess County Airport.
- Will work with the County, City of Poughkeepsie and Town of Poughkeepsie to evaluate the potential benefits, and legal implications, of transferring to the Authority the City's interests in the Poughkeepsie Joint Water Treatment Facility.
- Dependent upon the project sponsor's decision to proceed, will complete all steps required to provide water and sewer services to the proposed Red Hook Acres (Hoffman Farm) Project in the Town of Red Hook.
- DCWWA will evaluate and make funding recommendations for the proposed water and wastewater facility planning and development projects for the Partnership for Manageable Growth.
- Construction of water quality treatment improvements and distribution system improvements for the Shore Haven Water System will be completed.

# Goals and Workload Measures

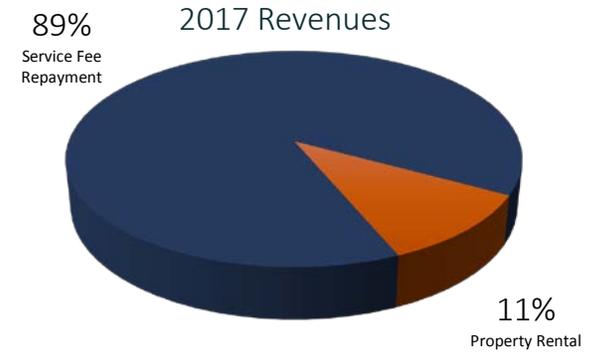

Goal	Workload Measure	2015 Actual	2016 Estimate	2017 Plan	Change	% Change
To provide technical and financial assistance to community efforts to plan for future water and wastewater system service areas and to evaluate the financial feasibility of specific infrastructure development projects.						
	Communities Assisted	4	3	2	(1)	-33%
To evaluate potential new water / wastewater infrastructure projects for consistency with County goals and provide preliminary project development support.						
	Contracts Administered	6	5	6	1	20%
	Projects Evaluated	22	19	9	(10)	-53%
	Projects to be Implemented by Authority	5	8	6	(2)	-25%
	Projects Terminated	2	3	-	(3)	-100%
	Projects Ongoing	15	8	3	(5)	-63%
To sell surplus County "reserved" capacity in the Central Dutchess Water Transmission Line.

# Natural Resources

## Mission

To form partnerships to provide technical, financial, and educational resources, whatever their source, and focus or coordinate them so that they meet the needs of the local land user for conservation of soil, water and related resources.

Percentage of the County Budget

# Natural Resources

## Functions

The area entitled “Natural Resources” in the Community Services section of the budget represents the Dutchess County Soil and Water Conservation District. The Conservation District focuses on natural resource problems and solutions.

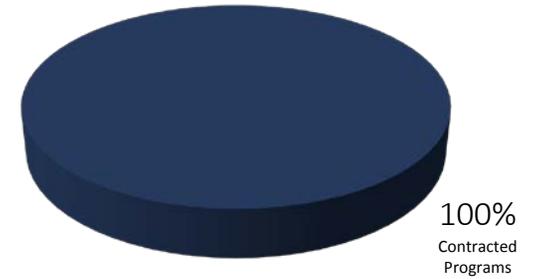

### **Natural Resources (A.8710)**

The Soil and Water Conservation District works to meet the needs of local and county governments, farmers, landowners, and other land users. The district identifies and assesses problems dealing with the conservation of our county’s resources and then develops and carries out programs to solve them. The outstanding technical expertise of the District in areas of soil erosion, water management, forestry, organic waste management, water quality preservation, and recreational development, enable it to provide specialized assistance for a variety of issues facing Dutchess County today.

# Unallocated Fringe Benefits

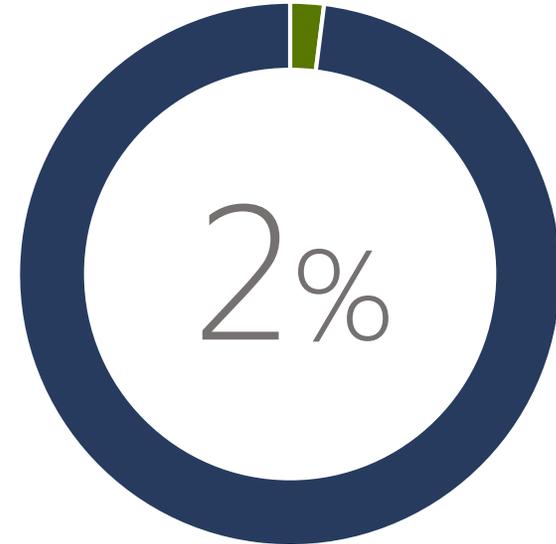

## Table of Contents

Unallocated Fringe Benefits ..... 772

Percentage of the County Budget

# Unallocated Fringe Benefits

Percentage of the County Budget

# Unallocated Fringe Benefits

## Functions

The majority of fringe benefits are allocated to each individual department, including: retirement, social security, long-term disability, health insurance, optical insurance, dental insurance, life insurance, and accidental death and dismemberment. The “Unallocated Fringe Benefits” area of the budget includes the costs associated with worker’s compensation, employee fitness program, and unemployment insurance.

This area also includes funding for retirement and social security costs for temporary help, overtime and shift differential expenditures, and fringe benefit amounts to cover changes in staff and changes in health insurance coverage which occur throughout the year, along with the County’s share of retiree health insurance.

### **Retirement (A/E.9010)**

To cover unexpected retirement costs or retirement expenses associated with temporary help and other position costs across county departments.

### **Social Security (A/D.9030)**

To cover unexpected social security costs or social security expenses associated with temporary help and other position costs across county departments.

### **Worker’s Compensation (A/D/E.9040)**

This account represents the costs of the County’s worker’s compensation self-insurance plan.

### **Life Insurance (A/D/E.9045)**

To cover unexpected life insurance costs or life insurance expenses associated with temporary help and other position costs across county departments.

### **Unemployment Insurance (A/D/E.9050)**

To cover unexpected unemployment costs across county departments.

### **Disability Insurance (A/D/E.9055)**

To cover unexpected disability insurance costs or disability insurance expenses associated with temporary help, across county departments.

### **Health, Dental & Opt Insurance (A/D/E.9060)**

To cover unexpected health, dental and optical insurance costs across county departments, as well as retiree health insurance costs.

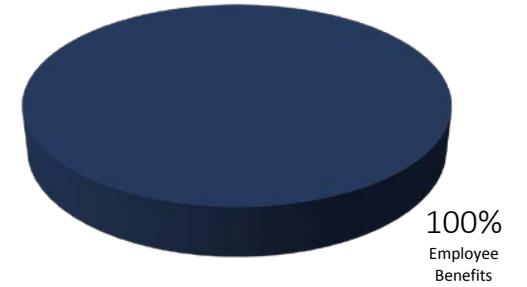

## Key Budgetary Issues:

- Health insurance rates for retirees are expected to increase 14.9% for the MVP Gold Advantage Plan, 7.6% for NYSHIP, and 10.7% for those under age 65 on the MVP active plan.

# Debt Service

## Table of Contents

Debt Service .....803

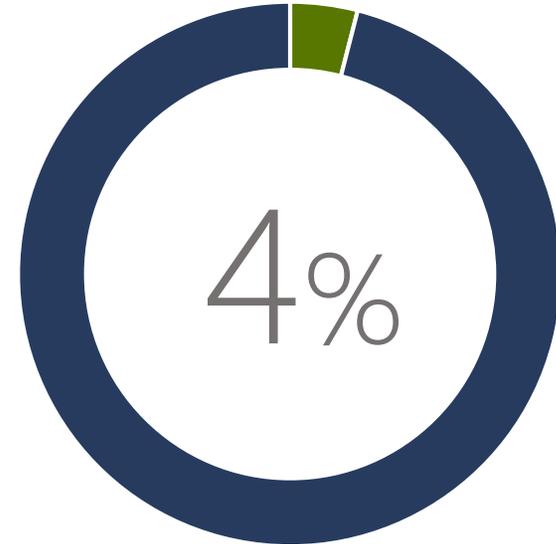

Percentage of the County Budget

# Debt Service

## Mission

To maintain a strong bond rating to minimize interest costs associated with debt.

Percentage of the County Budget

# Debt Service

## Functions

Major capital improvement projects such as the construction/reconstruction of buildings, road construction, etc., must be financed through the issuance of bonds. These obligations are paid over a period of time, which varies according to the Local Finance Law. Payments are made for principal and interest costs incurred.

### Serial Bonds (A.9710)

Expenses associated with the principal and interest of existing serial bonds. This section does not include debt service for Enterprise Funds or Dutchess Community College, which are budgeted in those respective areas.

### Debt Service (A.9700)

Reflects revenue associated with interest earnings on investments and some other miscellaneous revenues.

## Key Budgetary Issues:

- Dutchess County Government continues to demonstrate very strong credit worthiness, as confirmed by a rating from Standard and Poor's (S&P) Rating Services of AA+. The rating indicates the County has a very strong capacity to meet financial commitments. S & P's noted several strengths that led to the AA+ rating including the County's strong budgetary performance and fiscal management, low debt burden, increased fund balance and strong cash levels.
- As of December 31, 2016 Dutchess County estimates outstanding debt to be \$101,785,000. Budgeted appropriations to pay down debt in 2017 total \$14,875,000. Thus net indebtedness, for purpose of computing the constitutional debt limit as of December 31, 2016, is estimated to be \$86,910,000. This amount is subject to the constitutional debt limit of \$2.1 billion. As of December 31, 2016, the net indebtedness of the County is estimated to be at 4.2% of the constitutional debt limit.
- Given the County's strong liquidity position, no new bonds will be issued in 2016. The Commissioner of Finance anticipates a bond issuance in the second half of 2017, the proceeds of which will be used to fund Capital Projects previously authorized by the Legislature.

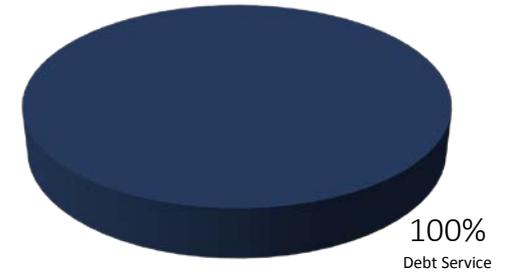

## 2017 Initiatives:

- Develop a comprehensive cash forecasting model to enable the County to defer borrowings and reduce overall interest expense while maintaining adequate liquidity levels.
- Evaluate refunding opportunities.

# Glossary

## Table of Contents

Glossary .....848

# Glossary of Budget Terms

**Account Code:** An expenditure classification based upon types or categories of spending, such as positions, office supplies, or various types of interdepartmental expenses.

**Accrual Basis of Accounting:** Transactions are recorded to a fiscal year when the event takes place, without regard for when the cash is actually received. Revenues are recorded in the periods in which the revenue-generating activities are performed. Expenses are recorded when goods and services are received. In Dutchess County, all funds are reported on the modified accrual basis of accounting.

**Appropriation:** An authorization made by the legislative body, which allows officials to incur obligations for specific purposes and to expend public funds. Appropriations are typically limited in amount and granted for a one-year period.

**Assessed Valuation:** The estimated value of real estate or other property by a government as a basis for levying taxes.

**Asset:** Property owned by the County, have a monetary value that must be accounted for.

**Audit:** The collection and review of appropriate records to assess the accuracy of financial statements and the fairness and

efficiency with which management carries out its responsibilities.

**Authorized Positions:** Positions that are formally approved by the legislative body for a given period.

**Balanced Budget:** A budget in which estimated revenues, including any appropriated fund balance, is equal to estimated expenditures or appropriations.

**Bond:** A written promise to pay a specified sum of money on a specified date in the future with a specified interest rate. Repayment of principle and interest payments are detailed in a debt schedule and are budgeted as debt service. Bonds are primarily used to fund large capital projects, such as building improvement, bridges, equipment and vehicle replacement and other large projects benefiting multiple future fiscal years. Bond authorization must be approved by two thirds of the governing legislative body.

**Bond Rating:** A system of rating securities for the purpose of indicating the relative creditworthiness. A bond rating is performed by an independent rating service. Dutchess County's Aa1 rating is higher than 83% of Moody's rated counties in New York State. The ranking indicates that

obligations are judged to be of high quality and are subject to very low credit risk.

**Budget:** A comprehensive plan of financial operation which allocates available revenues and projects expenditure requirements for a given time period. Dutchess County develops a budget for a single fiscal year, which is approved by the legislative body and the County Executive on an annual basis.

**Budget Amendment:** The legal process used to revise a budget appropriation or revenue. Authorized by legislative approval, modifications to the adopted budget specify each line item impacted.

**Budget Message:** The Budget in Brief serves as the official budget message as referred to in section 29.05 (c) of the Administrative code. It accompanies the proposed budget and articulates priorities and issues for the upcoming year. The Budget in Brief explains and highlights the most important aspects of the budget and the views and recommendations of the County Executive.

**Budget Transfer:** Modifications to the operating budget, which involve the transfer of appropriations or revenues within and between organizational units and accounts, but not between funds.

**Budgetary Control:** The control or management of a government in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and estimated revenues.

**Capital Expenditure:** The spending for the acquisition, improvement or addition to a fixed asset that has a useful life of more than one year.

**Capital Improvement Plan (CIP):** A plan of proposed capital expenditures to be incurred each year over a period of five future years. The plan details each capital project, the time period in which the project will occur, the amount to be expended and the means of financings those expenditures.

**Capital Improvements:** Improvements to land, buildings or other physical assets. Capital improvements typically include buildings, roads, or park improvements, and equipment and vehicle replacements.

**Cash Basis of Accounting:** A basis of accounting where transactions are recognized only when cash is received or disbursed.

**Constitutional Tax Margin:** The maximum legal property tax rate (or levy) at which a municipality may levy a tax. The 2014 Tax Levy in Dutchess County is only 18% of the total tax authority available.

**Constitutional Debt Limit:** The maximum legal amount of debt that can be incurred by the county. The 2014 outstanding obligations of Dutchess County are only 4.0% of the total debt authority available.

**Contingency:** A budgetary reserve set aside for unforeseen expenditures that occur during the fiscal year. An appropriation from contingency requires a two third vote of the Legislature.

**Debt Service:** The payment of principal and interest on borrowed funds, according to a predetermined payment schedule.

**Deficit:** The excess of liabilities over assets or the excess of expenses over revenues during a given accounting period or on an accumulated basis.

**Defeasance:** A method by which an outstanding bond issue can be made void, both legally and financially. Although a defeasance is generally the outcome of a refunding transaction, a defeasance can also be accomplished with cash rather than the issuance of any bonds.

**Department:** An organizational unit used to provide and deliver specific governmental service or closely related services. A department may be composed of sub-departments or divisions.

**Depreciation:** Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the

physical elements, inadequacy and obsolescence. The portion of the cost of a capital asset, which is charged as an expense during a particular period.

**Dutchess County Legislature:** The County Legislature is the policy-making and appropriating body of County Government. It is presently comprised of 25 part-time Legislators, who are elected from separate districts throughout the County.

**Encumbrance:** The commitment of appropriated funds to purchase an item or service. Encumbering funds sets aside or commits funding for future expenditure.

**Enterprise Fund:** A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The Dutchess County Airport and Public Transportation department operate as enterprise funds.

**Estimated Revenue:** The amount of revenue projected or forecasted to be collected during the current or future fiscal years. Estimated revenue becomes budgeted revenue when approved as part of the annual budget process by the County Legislature.

**Expenditure:** Charges incurred by an organization for the rendering of services, or delivery or production of goods.

**Fiscal Restraint:** The practice of restraining growth in expenditures to remain within revenue forecasts.

**Fiscal Year (FY):** A twelve month period designated as the operations year for an organization, also called the budget year. For the County, the fiscal year is January 1 through December 31. The New York State fiscal year is April 1 to March 31. The Federal fiscal year is October 1 to September 30.

**Forecast:** Re-evaluation of revenue and expenditure projections for a given fiscal period based on updated economic data and trends, providing actual revenues, expenditures, and performance for the current fiscal year to date, plus a projection for the remainder of the fiscal year.

**Full Value:** Full value is equivalent to market value. The market value of all property in the county, after exemptions, as indicated on the assessment rolls.

**Full Value Tax Rate:** The tax rate (per \$1,000 of value) that would be applied if all property were assessed at market value.

**Fund:** An independent fiscal and accounting entity that accounts for revenues and expenditures, segregated for the purpose of carrying on specific activities or attaining certain objectives.

**Fund Balance:** The difference of a fund's total assets versus its total liabilities.

**Generally Accepted Accounting Principles (GAAP):** Uniform minimum standards for financial accounting and recording, as established by the Governmental Accounting Standards Board

(GASB). Dutchess County prepares and reports its financial statements in accordance with GAAP.

**General Fund (A):** The County's primary operating fund, which accounts for most of the County's financial resources. General Fund revenues include property tax, county portion of sales taxes, State and Federal aid, licenses and permits, fees for services, and other types of revenue. The General Fund also includes expenditures and financing for most of the basic operating services, such as public safety, finance, data processing, parks and recreation, and highway and engineering.

**General Obligation Bonds:** Bonds backed by the full faith and credit of government ensuring repayment. The Legislature must approve the bonding of all capital projects by a two-thirds vote.

**Grant:** Typically, these are contributions made to local governments from the state and federal government for a specified purpose.

**Hotel Tax:** A surcharge on services rendered at hotels and motels. Dutchess County currently has a 4% hotel tax.

**Indirect Costs:** Costs associated with, but not directly attributable to, the operation of a department. These costs are usually incurred by departments in the support of other operating departments, such as Human Resources, County Attorney, Finance, OCIS, etc.

**Interdepartmental Service Charges:** A cost billed to one County department by another County department for the provision of direct and measurable services, such as printing, facilities management, computer and technical support, etc.. These represent an appropriation in the County user department's budget and a negative appropriation in the County provider department's budget.

**Interdepartmental Program Changes:** A cost billed to one County department for a service provided to the public on behalf of another County department. These represent an appropriation in the County user department's budget and a revenue in the Department's budget providing the program.

**Interest:** The price paid for the use of money, or the return on investment obtained from investing cash.

**Long Term Debt:** Debt with a maturity date of more than one year after the date of issuance.

**Mandate:** Any responsibility, action or procedure that is imposed by one sphere of government on another through legislative, executive, or judicial action as a direct order.

**Mission Statement:** A clear, concise statement of purpose for the entire County or department. The mission focuses on the broad, yet distinct, results the County or department will achieve for its customers.

**Modified Budget:** The adopted financial plan as changed by budget amendments and budget transfers between account codes throughout the year.

**Modified Accrual Basis of Accounting:** Under the modified accrual basis, revenues are recognized when measurable and available to pay current obligations, and expenditures are recognized when the related obligation is incurred. Dutchess County uses the modified accrual basis for all funds.

**Operating Budget:** Plans of current expenditures and proposed means of paying for them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled.

**Outcome:** Qualitative consequences associated with a program or service, such as the number of mental health hospitalizations prevented, or the percentage of juveniles not reconvicted within 12 months.

**Post Employment Benefits:** (Retirement benefits) Benefits that extend past the period of employment and are provided as part of the total compensation offered to qualified employees including health benefits for retirees.

**Principal:** The par value or face value of a bond, note, or other fixed amount security, payable on stated dates of maturity.

**Property Tax:** Countywide taxes levied on all real property according to the property's assessed valuation and tax rate.

**Reimbursements:** Repayments of amounts spent on behalf of another party.

**Request for Proposals (RFP):** A document prepared by the County to request offers for the provision of goods or services. An RFP is used when a competitive sealed bidding process is not practical or advantageous and price is only one of several evaluation factors to be weighted by the County in awarding the bid.

**Restricted Fund Balance:** consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations or other governments; or through constitutional provisions or enabling legislation.

**Revenue:** Income that a government receives that can be used to fund expenditures. Revenue sources include property tax, sales tax, fees and fine, receipts from other governments, interest income, state and federal grants, and more.

**Revenue Estimate:** A prediction of how much revenue will be earned from a specific revenue source for a specified period of time.

**Sales Tax:** A surcharge applied to retail sales of certain tangible personal property and services. The Sales Tax rate in Dutchess

is 8.125% of which 3.75% goes to the county, 4% goes to the State and .375% goes to the MTA.

**Self-Insurance Fund:** The County's Self-Insured Workers' Compensation Plan is administered by the County with claims managed by an experienced third-party administrator. Wage replacement and medical claims as well as related expenses are paid from a self-insurance fund up to the limit of an excess workers' compensation insurance policy.

**Serial Bond:** A written promise to repay a specified amount of money (principal face value) at a specified date in time (maturity date), with periodic interest paid at a specified percentage of the principal (interest rate).

**Tax Base:** The aggregated value of taxed items. The base of the county's real property tax is the market value of all real estate in Dutchess County.

**Tax Levy:** The total amount of money that the county will collect in property taxes.

**Tax Rate:** The amount of tax levied for each \$1,000 of assessed value.

**Tax Roll:** The certification of assessed/taxable values prepared by the Assessor and presented to the taxing authority each year. The list of all of the properties and how much they are required to pay.

**Taxes:** Compulsory charges levied by a government to finance services performed for the common benefit.

**Unassigned Fund Balance:** Represents the residual classification for the government's general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting in overspending for specific purposes for which amounts had been restricted, committed, or assigned.

**Useful Life:** The estimated period of probable usefulness of an asset, by which the depreciation schedule can be determined. The useful life also establishes the maximum period of time available, by law to repay indebtedness.

**User Fees:** The direct payment of a fee by a party benefiting from a public service, such as the rental of park pavilion.
