Dutchess County at a Glance

History

Established in 1683 as one of New York's original twelve counties, Dutchess has played a pivotal role in American history. The County was home to the Continental Army's Fishkill Supply Depot and the second state capital at Poughkeepsie during and after the Revolutionary War, which hosted New York's debates on the Federal Constitution in June and July 1788. Throughout the 19th century, industry boomed in Dutchess with labor provided by continued immigration from Europe. Brickyards and textile mills thrived in Beacon and Poughkeepsie, while the Livingstons and Roosevelts managed lucrative shipping trades and farmed their huge estates along the Hudson River waterfront. Bolstering trade, Dutchess County became a major railroad transportation hub connecting New York City to Albany, Canada, and New England. These rail links fueled new manufacturing industries and expanded agricultural enterprises, including a thriving dairy industry that provided the Union Army's primary supply of condensed milk during the Civil War. In the twentieth century, the County rose to prominence as the birthplace of President Franklin Delano Roosevelt and as a test site for many of his New Deal projects. Following the Second World War, Dutchess joined the frontline of the computer age as the home of IBM. The County remains the lynchpin of the Hudson Valley corridor today and is home to a thriving variety of commercial, agricultural, and cultural endeavors that honor Dutchess County's deep historical roots.

Location

Dutchess County is 825 square miles in the heart of the Hudson Valley, midway between New York City and Albany, New York State's capital. The western border includes 30 miles of Hudson River shoreline with Connecticut forming the eastern border. The character of the area is predominantly suburban and rural with two cities on the Hudson River.

Government

The voters approved Dutchess County's charter government in 1967. The charter separates the government into two branches: executive and legislative. The County Executive, who is elected on a county-wide basis to serve a four-year term, heads the executive branch. The County Executive is the chief executive officer and chief budgetary officer of the County and is responsible for preparing and submitting the annual operating budget to the County Legislature for approval. The Executive has veto power over nearly all legislative enactments, though his veto can be overridden by a two-thirds majority vote of the Legislature. The executive branch consists of all administrative departments. Department heads are appointed by the Executive; most are subject to confirmation by the Legislature.

The legislative branch consists of 25 legislators elected from single member districts for two-year terms. The 25 members represent 25 districts, meeting on the second Monday of each month. The legislature has the power to levy taxes, adopt the County budget, make appropriations, and adopt local laws subject to approval by the County Executive. It has standing committees and boards with citizen participation.

Other county-wide elected officials include the County Clerk, County Comptroller, District Attorney, and Sheriff.

Municipalities within Dutchess County

There are 2 cities, 20 towns and 8 villages within Dutchess County.

- City of Beacon
- City of Poughkeepsie

Population

Dutchess County has a population of 295,911 according to the 2020 United States Census. Following a boom in the 90s that resulted in an 8-percent population increase, Dutchess has experienced moderate growth with a slight decrease in the 2020 Decennial census and remains just below 300,000 residents. According to the 2020 Census, the population and land area by municipality is reflected in the following charts.

Towns & Municipalities

Municipality	Population	Land Area (Square Miles)	Municipality	Population	Land Area (Square Miles)
Amenia	3,769	43.67	Pine Plains	2,218	31.13

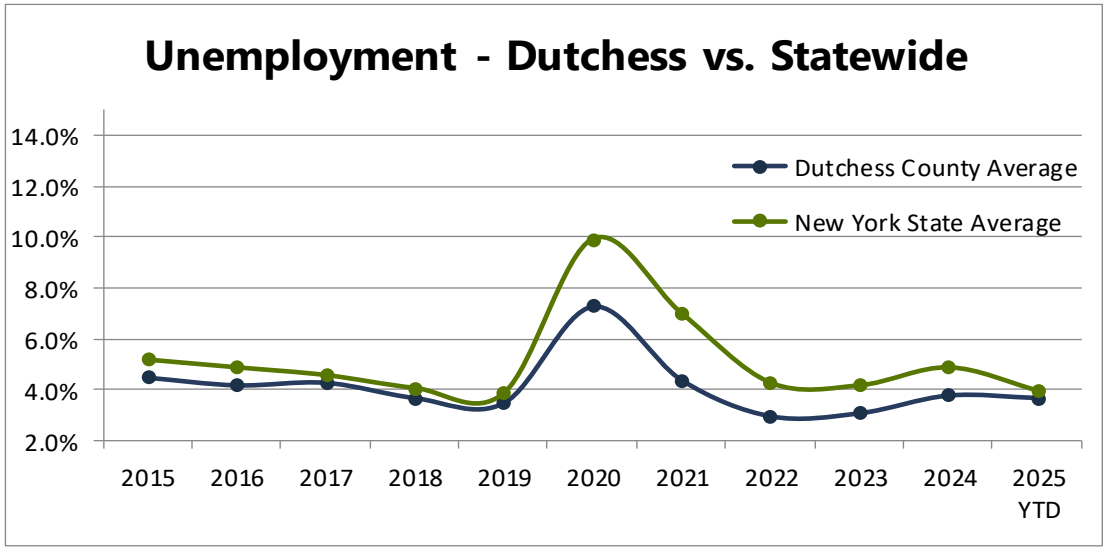
Major Employers in Dutchess County

- Bard College
- Central Hudson Gas & Electric
- Culinary Institute of America
- GAP, Inc. Northeast
- IBM Corporation
- Marist College
- Mid-Hudson Regional Hospital
- Northwell Health
- Onsemi Corporation
- Vassar College



**Source: New York State Department of Labor*

The economy continues to rebound from the pandemic as businesses struggle to compete for labor in a tight market with unemployment now exceeding pre-pandemic levels.

The 2023 American Community Survey estimated that Dutchess County is home to more than 115,500 households. The estimated median household income is $96,824 and the median individual earnings are estimated at $51,551.

Bond Rating

In March of 2025, S&P Global Ratings (S&P) assigned its AA+ long term rating to Dutchess County. The rating reflects Dutchess County's history of balanced operations and very strong budgetary flexibility and liquidity, supported by its robust economy. S&P noted a strong track record of sound financial management, with cautious estimates for both revenue and expenses, conservative budgeting practices, robust reserve levels, and manageable debt profile were a few of the factors that contributed to the County's AA+ rating.

At the end of 2025 the County is projected to have total indebtedness of $300.2 million and net indebtedness (total debt less 2025 appropriations for principal payments) of $281.3 million. As a result, for 2025 the County will only be at 9.2 percent of our $3 billion constitutional debt limit.

S&P's review and rating provides an important measure of the County's fiscal condition and how we compare to other county governments nationwide. The table to the right includes S&P's ratings of the 27 counties they cover in New York State as of March 2024.

S&P	
Rating	**Number of Counties***

*Note: S&P rates 27 of 57 New York State Counties excluding New York City.

Culture, Recreation, and Higher Learning

Cultural resources flourish throughout Dutchess County, enriching and enhancing the community. From the iconic Bardavon 1869 Opera House to Dia: Beacon, the Cunneen-Hackett Arts Center, and the Rhinebeck Performing Arts Center; arts and entertainment venues abound.

Countless visitors enjoy historic sites such as the home of Franklin D. Roosevelt, the Locust Grove Estate, the Mount Beacon Incline Railway, the Old Rhinebeck Aerodrome Museum, and the Vanderbilt Estate. A variety of County parks including Bowdoin Park, Quiet Cove Riverfront Park, Heritage Financial Park (home to the Hudson Valley Renegades minor league baseball team), Wilcox Memorial Park, the Harlem Valley Rail Trail, Northside Line, and the William R. Steinhaus Dutchess Rail Trail, provide ideal recreational outlets for visitors and residents. The natural resources and beauty of the area is available for all residents and guests to enjoy through a network of over 70 trail systems totaling 300 miles. Many municipal and state parks dot the riverfront, perhaps the most noteworthy being the Walkway Over the Hudson State Historic Park in Poughkeepsie, which is now connected to the WRS Dutchess Rail Trail. The Walkway attracts over 500,000 people from all over the world annually to Dutchess County and provides a significant positive contribution to our local economy. Dutchess County is also home to several esteemed institutions of higher learning including Dutchess Community College, Marist College, Vassar College, Bard College, and the Culinary Institute of America. The campuses of these schools create cultural hubs spurring economic development and vibrancy throughout the County.

Mission, Vision, and Strategic Planning

Mission Statement

The mission of Dutchess County Government is to provide quality, responsive services to residents, businesses, and visitors in a fiscally responsible manner while striving to preserve our heritage, promote economic development and enhance the quality of life for current and future generations.

Vision

We envision a county that capitalizes on its history, its geography, and its diverse economy to create a broad range of opportunities for its residents in how they live, work, and play.

We envision a robust economy with a skilled workforce that attracts employers who seize opportunities presented by the County's unique advantages and provide jobs that create prosperity.

We envision a sustainable system of community health, public safety, assistance for our youth, families, seniors and veterans, parks and recreation, and infrastructure, in which development and growth complement our natural resources and environment.

We envision a model community governed in an open and ethical manner, where great ideas are replicated and brought to scale, public input is sought, and municipalities and community partners work collaboratively with the County to attain shared goals.

Core Principles

The below four key principles serve as the basis for all administrative budgetary allocation decisions and policies to affect the County's mission and vision:

- Focus- County government cannot be all things to all people, so we must prioritize, set aside personal or political agendas, confront challenges because we lead with less- delivering a smaller, smarter, and more successful government.
- Inclusion- The administration will engage stakeholders in decision making by empowering residents and other business, community, and elected leaders to participate in a robust and civil discourse in order to mold consensus. Importantly, the administration will listen. Good ideas and great volunteers will always be embraced. We will seek to redefine democracy and earn the trust and maintain the confidence of those who call our county home.

- Logic- Do what makes sense. A practical approach to problem solving that saves time, energy, and resources. The administration will conduct the necessary analysis, outline the viable options, establish expected outcomes, and make decisions supported by facts.

- Fairness- Compassion and civility in discourse is no weakness. The administration must be concerned with the individual while acting for the good of the whole community.

Overall, the administration will consider the economic benefit or impact of every decision and how those decisions, when applied, affect our shared quality of life and the attainment of our vision.

Strategic Planning & Building the Budget

The single most critical responsibility of the County Executive is the preparation and oversight of the County's annual operating budget. Responsible fiscal stewardship in a democracy requires clearly defined measurable expectations, thorough communication, continued education, and ongoing stakeholder involvement.

Dutchess County's most important assets are our people: the families, young people, seniors, veterans, business owners, farmers, and volunteers who call Dutchess home. It is vitally important we listen to each other and provide opportunities to identify needs, establish goals, and set priorities. We want a community engaged in a civil, robust dialogue answering the questions that confront us, and offering ideas and input so we have shared investment in the results of our decision-making.

The annual decision-making process begins in January; the executive team meets to develop a strategic plan to move forward the priorities for the new year. Meetings are held with Department Heads to review the prior year goals and outcomes as well as finalize the new year's goals and action plans outlined in the adopted budget.

The adopted budget identifies the annual appropriations necessary to achieve the department's expectations for service delivery and planned performance outcomes in the next fiscal year; in short, it defines the resources for accomplishing the County's established goals. This document is approved by the County Legislature and serves as the annual fiscal plan for the County. Throughout the year, the executive team and department heads are monitoring the budget and accomplishment of established goals while planning for the following year. In essence, the budget is the annual strategic plan for Dutchess County and is carefully crafted and closely monitored to ensure adherence.

In July and August, the planning process begins in earnest for the following year. A strategy is determined, and goals are established then presented to the County Legislature in the form of the Executive Budget. The Legislature will review, make changes, and approve the budget as the Adopted County Budget. Once the budget takes effect in January, the executive team starts the process again. Throughout the year, the Budget Office and Executive's Office continue to monitor and adjust the plan.

Strategic Goals

The budget document, as discussed above, reflects the annual implementation of the strategic plan of Dutchess County, and is developed within the context of the mission statement, vision, and following county-wide strategic goals:

Goal 1: Exemplary Stewardship of the Public Trust and Resources
Utilize core decision-making principles to ensure the resources of county government are well protected and used efficiently to accomplish the mission and vision for Dutchess County.

Goal 2: Provide the Highest Possible Quality of Service
Balance the fiscal challenges with the need to provide an excellent level of vital services to residents.

Goal 3: Enhance and Maintain Exceptional Quality of Life in Dutchess County
Provide essential services, resources, and infrastructure needed to make Dutchess County a wonderful place to live, work and play.

Goal 4: Promote Public Safety and Well-being
Ensure that the committed efforts of the public safety partners continue to maintain and improve the safety and security of the people of Dutchess County.

Goal 5: Foster a Vibrant Economic Environment
Promote economic opportunities for all, by creating a business-friendly economic climate that produces stable and diverse economic resources.

Budget Overview

Approach to Budgeting

The procedures outlining the required preparation, submission and adoption of the County budget are stipulated in Article 29 of the County's Administrative Code. In addition to specific Administrative Code requirements, the County provides information to help the public and community stakeholders better understand the mission, goals, and policies of the County within the context of an operational and financial plan. The Budget, "Budget in Brief," authorized positions, and capital program, is designed with the following goals in mind:

Define Policy- Provide a defined executive direction and general goals for the community including any significant policy initiatives or changes.

Financial Plan- Provide information regarding the history of expenditures and revenues as well as current year funds, where the money is coming from, and what it will pay for. The budget also includes a five-year plan for capital expenditures and provides related debt information and data.

Operations Guide- Provide direction for management to develop priorities and plans using goals and objectives to establish performance expectations.

Communications- Provide a platform for communication to the public on the activities, policies, and financial plan for county government in the coming year.

These goals are met through the production of all budget materials released collectively as the Executive's Tentative Budget.

Budget Documents

The adopted budget document includes the following sections: the "Budget in Brief," County Overview, Fiscal summaries which provide summary fiscal information as well as the assumptions, details, policies, and highlights for both appropriations and revenues, the major cost areas of General Government Support, Education, Safety, Health, Transportation, Economic Assistance, Culture & Recreation, Community Services, Unallocated Fringe Benefits, and Debt Service. There are also sections detailing position information, the 5 Year Capital Plan, the budget index and a glossary of terms. Each major cost area includes a mission for the area and percentage of budget appropriations, table of contents, a description of the functions of the department, key budgetary

issues affecting the department, initiatives included in the budget, goals and workload measures, fiscal summary, programmatic organizational chart, summary position information, and the line-item detail of each department broken down to the lowest level of sub-department.

The budget also provides two previous years of actual information as well as the current year adopted budget, modified budget, percentage of appropriations spent / revenue realized year-to-date, and the year-to-date expenses or revenue received. The budget year cycle includes three levels: "*Dept Request*" which is the departmental request for the budget year; "*Executive Recommend*" which is the Executive's recommendation; and "*Adopted Budget*" which reflects the budget as adopted by the Legislature. The Tentative Budget only includes the Dept. Request and Executive Recommend levels. The Adopted Budget includes the Adopted level. Comments are provided in the budget where greater explanation is necessary.

The 5 Year Capital Plan is also included in the budget document and is a 5-year plan of capital projects necessary to maintain and improve the County's assets and infrastructure. This plan provides schedules that detail the County's current balances on previously authorized projects, a history of indebtedness levels as well as a history of debt service paid. It provides a table of debt authorized and not yet issued as well as projected debt service associated with the proposed projects. Any funding sources are detailed as an offset to the project costs.

Budget Document Format

The first section in the Executive Budget is the **Budget in Brief**. The Budget in Brief identifies fiscal highlights and the County Executive's priorities, initiatives and policies. It serves as a budget overview for residents that is easy to read and understand.

The second section is the **Overview,** which includes an introduction to Dutchess County, including information about population, land area, local economic data, history, our approach to budgeting, a detailed description of the Budget documents and format, timeline of the budget process, and ways to access the budget. It provides an outline explaining the basis of budgeting, maintenance and monitoring of the Budget, and organizational and financial structure of the County.

The third section is the **Fiscal Summaries** section. This section helps the user better understand the concepts of revenue and appropriations and details major areas of each, highlighting current trends and how projections are formulated. It also provides fiscal data and summaries to better understand the County's annual budget as well as initiatives and direction for the new year.

The next 10 sections provide detail on the major budget areas including: General Government Support, Education, Safety, Behavioral and Community Health, Transportation, Economic Assistance & Opportunity, Culture & Recreation, Community Services, Unallocated Fringe Benefits, and Debt Service. Each

of these sections include multiple departments that fall under that budget category. The information below and budget detail are provided for each department:

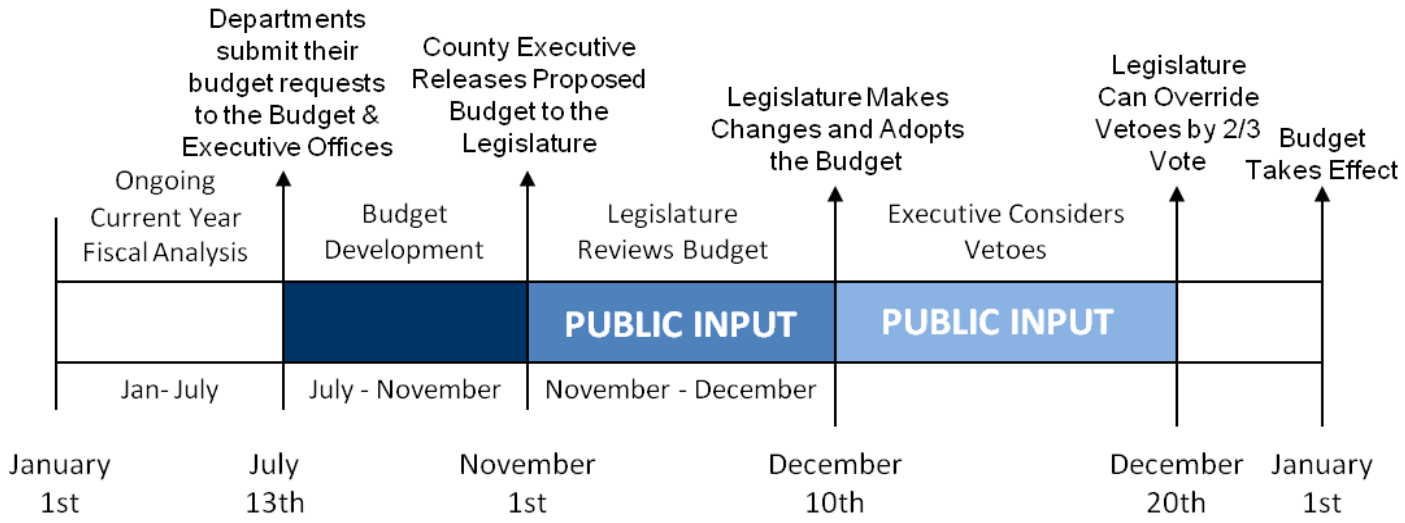
- **Mission and Percentage of Appropriations**
  - Describes each department's mission and how much of total appropriations are spent in that area
- **Functions**
  - The functions provide an overview of each department.
- **Key Budgetary Issues**
  - Highlights any budgetary issues, projections or assumptions used to budget for the department.
- **Budget Year Initiatives**
  - Highlights new programs or significant changes to programs planned for implementation in the coming budget year.
- **Goals, Objectives, and Indicators**
  - This table provides the key goals as well as the related performance indicators.
- **Fiscal Summary & Graphs**
  - Provides a Net to County analysis as well as a visual graphic representation of the department's finances.
- **Organizational Structure**
  - Organization charts reflect the programmatic organizational structure.
- **Line-Item Budget**
  - Appropriations by line and then revenues by account are presented for each department.

The next section provides **Position Information** including a history of Full-Time Equivalent (FTE) positions by budget area. Also included are the salary schedules used to develop the budget, new positions recommended, position restructuring (reclassified or reallocated), positions deleted in the budget year, and positions being held vacant for the year.

Following the Position Information section is the **5 Year Capital Plan,** which includes five sections. The first two sections are an overview providing information on the County's debt policies, debt service, ongoing projects, non-recurring capital projects planned in the following year and the impact on the operating budget including the impact by department. The third and fourth sections provide a summary of projects as well as a detailed description of each project requested for the next five years. The first year of the capital plan details both the total cost of the project and the projected county share for the project, but the four following years only highlight the total cost of the project. Formulas for matching funds and any related funding streams are identified for each project. The final section of the 5 Year Capital Plan is the finances section, which provides listing of all open capital projects and balances, capital expenditure trends and outlays, graphs representing total indebtedness and debt service, a list of debt authorized but unissued.

The final sections are the I**ndex,** which provides the page number for different departments within each area of the budget and finally a **Glossary** of budget terms.

Budget Timeline



January – July

- January 1st County fiscal year begins
- Tax bills sent to taxpayers
- Budget Office reviews State Budget impacts
- Budget Office monitors revenue and expense trends as well as economic indicators
- Unaudited financial statements submitted to State Comptroller and the County Legislature
- 1st Quarter & 2nd Quarter department reports are analyzed
- Current year fiscal update presented to the Legislature
- Budget Office trains departments in budget development

July – November

- Departments submit operating budget requests
- County Executive Office and Budget Office meet with departments to review operating requests
- Audited financial statements submitted to the State Comptroller and the County Legislature
- County Executive Office and Budget Office develop policy and prepare recommendations for the Tentative Executive Budget
- Ongoing communications with Legislature regarding budget development
- Town hall forums and other community outreach events

November – December

- By November 1st County Executive submits the Tentative Budget to the County Legislature
- Public Hearing Notice given five days before hearing- with hearing held no later than December 5th
- The County Legislature may strike or reduce items from the budget and add or increase items
- Property Tax Levy Cap Calculation submitted to the Office of the State Comptroller prior to budget adoption by the Legislature
- The County Legislature returns the Adopted Budget to the Executive with all Legislative changes by December 10th
- The County Executive may line item veto any change and return it to the Legislature by December 15th
- The County Legislature has until December 20th to override any vetoes with a 2/3 vote of the Legislature

Budget Access

All budget documents are available on the County's website at www.dutchessny.gov. To control costs and limit the use of paper, the Budget Office does not print any copies of the budget document. Special requests for printed budgets can be made by calling the Budget Office at 845-486-2010 or emailing countybudget@dutchessny.gov

Maintenance of the Budget and Monitoring

Throughout the year, the Budget Office and Executive Office monitor the budget, track changes and key indicators, variations in revenue and key appropriation areas, State and Federal Aid impacts, approve budget transfers, and prepare budget adjustments for approval by the Legislature.

- Monitoring the Budget- Departments submit to the Budget Office a quarterly analysis of year end projected appropriations and revenues for their department, vacancy savings projections, and report any other issues impacting their operating and capital budgets, programs, or policies. The Budget Office reviews this analysis in the context of the County's full fiscal picture and adjusts as necessary. The Executive's Office closely monitors travel and training costs as well as purchasing throughout the year. Department Heads meet regularly with the Assistant County Executive and the Chief of Staff to provide status updates of specific strategic goals for both the administration of the department and the programs and policies as established at the beginning of the year. These updates include an action plan to accomplish the goal in the stated timeframe.
- Tracking Changes- The Budget Office tracks sales tax, mortgage tax, housing trends, utility costs and usage, unemployment, consumer price index, hotel and motel tax, off track betting revenue, and other key revenues and economic indicators. The State and Federal budgets, both on different fiscal years, are analyzed for specific county impact.
- Budget Transfers- Throughout the year, line-item budget adjustments or modifications may be required within each functional area or unit of the adopted budget. When changes are made, the new changed budget is referred to as either the amended budget or the modified budget. Appropriation transfers can be made between classification of expenditures (i.e.: equipment, supplies, operation, personnel costs, etc.) and within each unit of the County. Additionally, the Departments of Risk Management and Finance oversee the areas of insurance, retirement, social security, unemployment, other fringe benefits and workers' compensation. The County budgets for these items within the different departments to present a better picture of the costs for each area of County government. Both Risk Management and Finance transfer funds across units of government, but only for the categories of expense noted above as they oversee and budget for them in each department. If a transfer is necessary in any other category of expense, between county functional areas or units, any unencumbered appropriation may be transferred with the approval of the County Legislature.
- Budget Adjustments- If, during any fiscal year, there is revenue available for appropriation that has been received from sources not anticipated in the budget for that year, or revenues received from anticipated sources but more than the budget estimates, the County Legislature may make supplemental appropriations for the year not to exceed, such additional revenues. To meet a public emergency affecting life, health or property, the County Legislature may make emergency appropriations. To the extent that there are no available unappropriated revenues to meet such appropriations, the County Legislature may adopt a resolution by 2/3 vote to appropriate all or any part of the appropriations in the general contingency fund for general county purposes.

If at any time during the fiscal year, it appears that the revenues available will be insufficient to meet the amounts appropriated, the County Executive shall report to the County Legislature without delay the estimated amount of the deficit, remedial action taken by him, and his recommendations as to further action. The County Legislature shall take such action as it deems necessary to prevent any deficit. For that purpose, it may, by resolution, reduce one or more appropriations; but no appropriation for debt service may be reduced, and no appropriation may be reduced by more than the unencumbered balance or below any amount required by law. The Legislature may also authorize borrowing temporarily pursuant to applicable law in an amount not greater than the projected deficit.

Financial Policies

County-wide Financial Policy

The County recognizes the importance of formalized financial policies to direct fiscally sound decision-making. The following policies and practices provide a financial framework to support the long-term goals and mission of Dutchess County.

- To annually develop and maintain a balanced operating budget in which total appropriations are equal to total revenues. This goal shall be achieved through prudent financial planning, forecasting, and budgetary oversight, and control.
- Avoid practices that balance current expenditures at the expense of future revenues.
- Seek out and maintain diversified revenue sources. When possible, rely on revenue that is sustainable and predictable, thus not impacted by changes in economic conditions.
- Effectively manage cash flow to adequately meet daily spending needs, while maximizing interest revenue on the investment of County cash balances and deferring borrowings when appropriate to reduce overall interest cost.

Debt Issuance and Management Policy

- Debt or long-term borrowing will be issued for the purpose of financing capital projects and will not be used to finance current operations or normal maintenance.
- Debt service costs paid through the General Fund are not to exceed 10 percent of total General Fund revenue.
- Total general obligation debt at the end of the year shall not exceed the statutory limit of $2.3 billion of the five-year average full valuation of taxable property in the County as required by the Local Finance Law.
- Debt issued will be repaid in a period not to exceed the expected useful life of the improvement or equipment financed by the borrowing.
- When appropriate, debt will be issued on an annual basis if cash flow requires it. If there is significant cash flow to finance upcoming capital projects and debt issuance, and interest on debt is greater than interest received on the County's cash balances, cash should be used to temporarily fund capital projects.
- The County shall seek to maintain the highest possible credit rating to minimize the cost of borrowing.
- Types of debt issued include, but are not limited to: General Obligation Bonds, Bond Anticipation Notes, Installment Purchase Agreements, Special Obligation Bonds, Certificates of Participation, and Revenue Bonds.

Fund Balance Management Policy

Fund Balance reflects the County's reserve, which can be used to address the needs of Dutchess County Government in the event of unanticipated and unavoidable occurrences, which would adversely affect the financial condition of the County, jeopardizing the continuation of necessary or mandated public services. The New York Office of the State Comptroller details the following Fund Balance Classifications:

Non-spendable – consists of assets that are inherently non-spendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale, and principal of endowments.

Restricted – consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

Committed – consists of amounts that are subject to a purpose constraint imposed by a formal action of the government's highest level of decision-making authority before the end of the fiscal year, and that require the same level of formal action to remove the constraint.

Assigned – consists of amounts that are subject to a purpose constraint imposed by a formal action of the governments, such as through constitutional provisions or enabling legislation.

Unassigned – represents the residual classification for the government's general fund and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting in overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County will strive to maintain an undesignated/general fund balance of 1-2 months of general fund operating expenditures in the general fund balance as a means of maintaining financial stability. To the extent general fund balance exceeds 2 months of operating expenditures, the County will use general fund balance to pay down or avoid indebtedness and/or provide property tax relief through offsetting current year operating expenses.

Capital Planning Strategies

- The County will review and adopt a five-year Capital Improvement Program on an annual basis to reflect the changing needs of the County.
- The Capital Improvement Program shall strive to respond to mandates or opportunities to promote greater efficiency, while controlling debt service costs and the impact on the County's operating budget.
- When possible, capital expenditures will be funded through pay-as-you-go programs and alternative financing mechanisms, such as State and Federal funds.

For more information about Capital Planning, see the section- **Capital Improvement Program**

Investment Policy

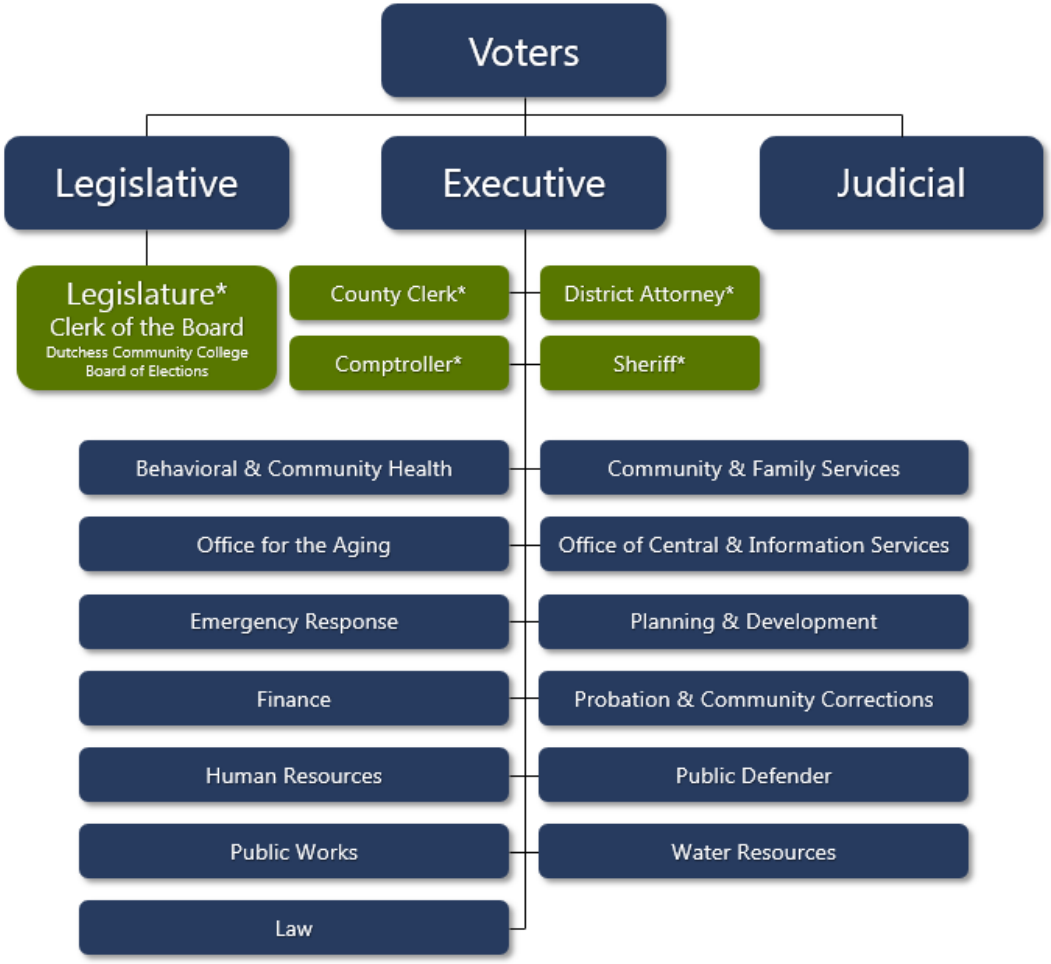
- County funds will be managed with fiscal responsibility and diligence. The primary objectives of investment activities, in priority order, shall be safety of principal, liquidity, and yield.
- Pursuant to the County Charter and Administrative Code, the responsibility for administration of the investment program is delegated to the Commissioner of Finance through the County Executive.
- It is the policy of Dutchess County Government to diversify its deposits and investments by financial institution, by investment type, and by maturity scheduling.

Multi-Year Financial Planning

The Dutchess County economy is vibrant and ever changing. Long term financial planning must account for the complexity of the economic factors that influence forecasts for County revenues and expenditures in the coming years. The following multi-year financial goals drive decision-making and fiscal policy.

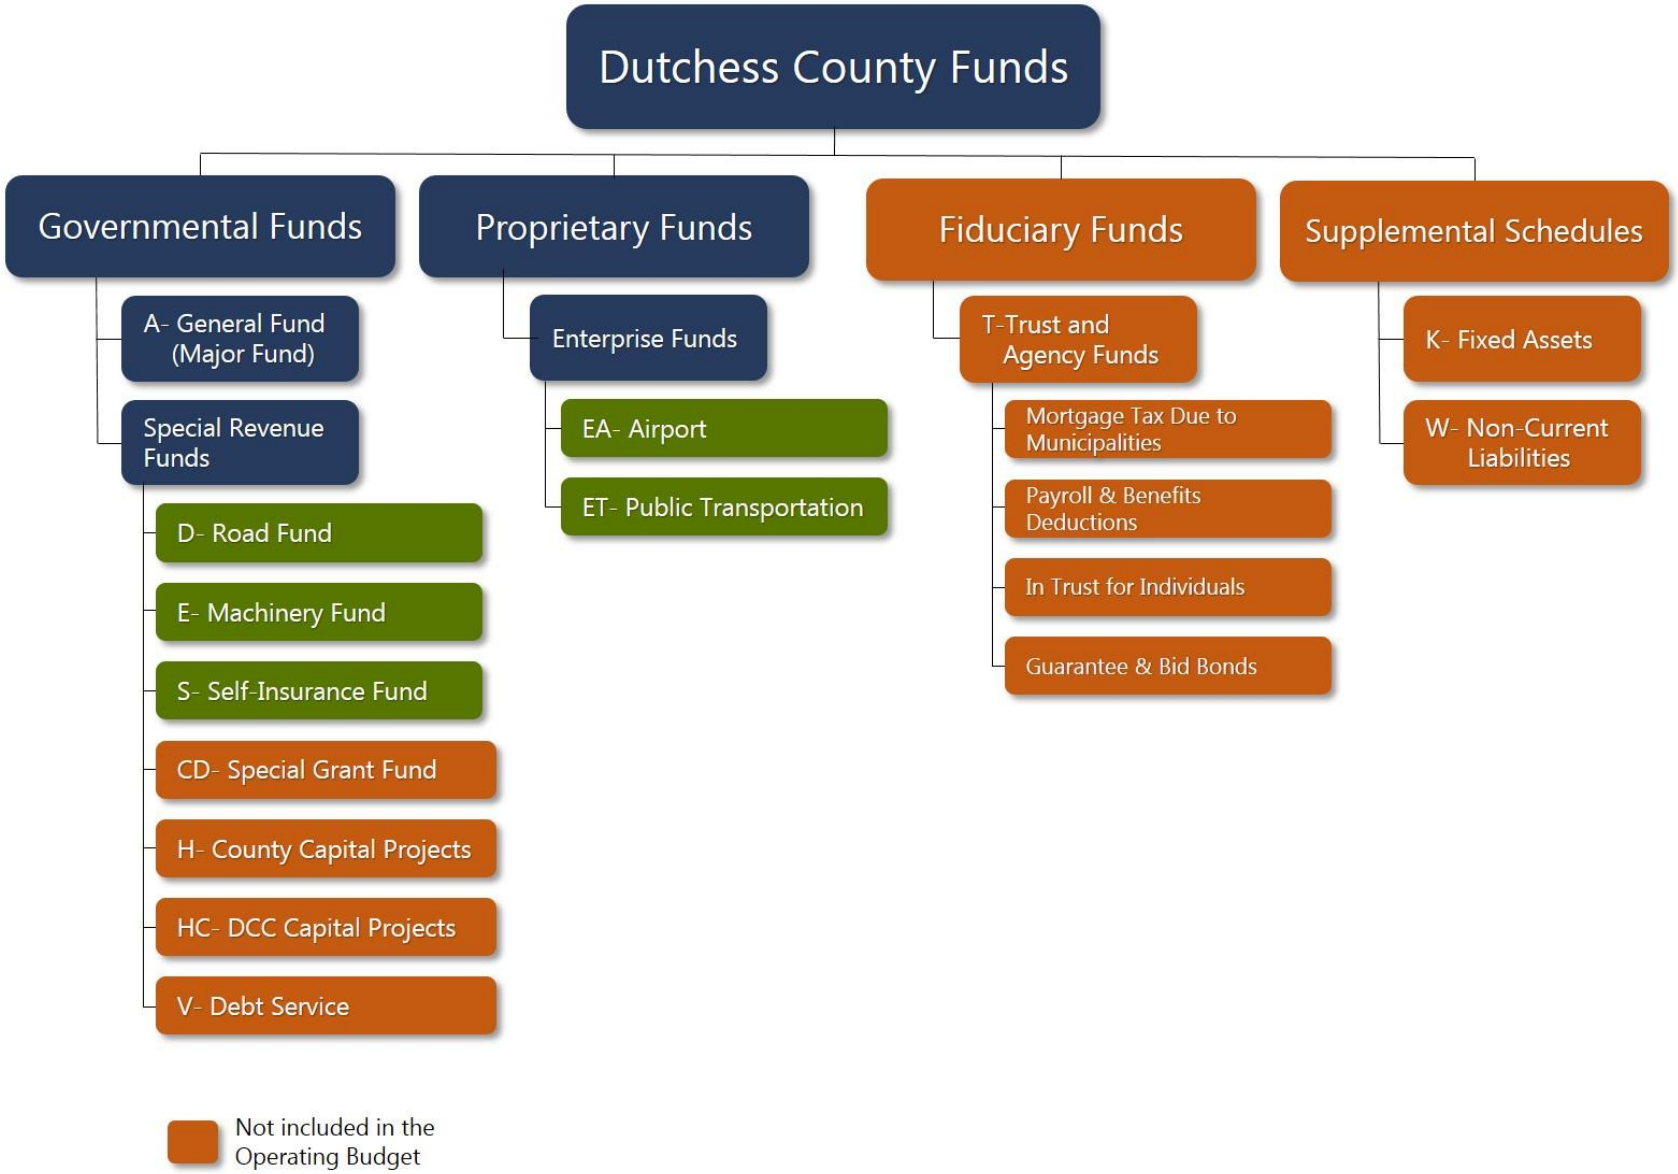
- Maintain fund balance at 1-2 months of general fund operating expenditures. Strong fund balance reserves help to protect against future unexpected exposures and promote a favorable credit rating, which allows the County to benefit from low interest rates.
- Control the cost of government in Dutchess County. When possible, partner with local municipalities to identify areas where shared services can be employed to improve efficiency and thereby reduce the total cost to the taxpayer. The Municipal Innovation Grant Program provides financial incentives to improve collaboration between county and local governments through consolidation of services, regional service delivery, and elimination of duplicative layers of government ultimately producing smaller, smarter government that yields savings for taxpayers.
- Reduce dependence on economically sensitive revenue sources. Protect and stabilize County revenues by driving down reliance on sources of revenue that are most severally impacted by economic downturns.
- Maximize utilization of State and Federal funding opportunities.
- Continue to advocate for comprehensive State mandate relief. Actively support mandate reform to produce greater local autonomy from the State to manage the County's finances and save taxpayer money.
- Negotiate labor agreements that are both fair to union employees and fair to taxpayers. Recognize that employees are County government's most vital resource through fair and equitable compensation.
- Constantly seek out and eliminate duplicative services to improve efficiency and service delivery within county government.
- Minimize the reliance on one-year or non-recurring revenue to balance the budget.

Organization



*Independently elected official

Fund Structure



The County Budget and accounting system are organized in and function on a "fund basis," the fiscal and accounting breakdown required in governmental accounting are shown above. The operations of each fund are separately budgeted and maintained throughout the year. The New York State Office of State Comptroller defines the funds as follows:

Governmental Funds:

A- General Fund is the principal operating fund and includes all operations not required to be reported in a separate fund.

D- Road Fund is required by Highway Law §114 and accounts for salaries and expenditures of the County Highway and Engineering Division including their administrative offices, maintenance of county roads and bridges, snow removal, plus construction and reconstruction of county roads not funded through the capital fund.

E- Road Machinery Fund is required by Highway Law § 133 and accounts for purchases, repairs, and maintenance of highway machinery, tools and equipment; for construction, purchase, and maintenance of buildings for the storage and repair of highway machinery and equipment; and for the purchase of materials and supplies to provide an adequate central stockpile for highway, snow removal, and bridge purposes.

S- Self Insurance Fund accounts for insurance coverage when the governing body has decided to have a self-insurance program on an actuarial basis.

CD- Special Grant Fund accounts for Federal and State grants for Community Development Block Grants, the Workforce Investment Act, and other fully funded programs.

H & HC- Capital Project Funds account for the financial resources to be used for the acquisition or construction of capital facilities, other than those financed by enterprise funds, and equipment purchases financed in whole or in part from the proceeds of obligations. An individual capital project fund is established for each authorized project and for fiscal periods that correspond to the lives of the projects.

V- Debt Service Fund accounts for the accumulation of resources for the payment of principal and interest on long-term debt. Debt Service Funds are not required unless segregation of resources is legally mandated. This includes:

- Proceeds from the sale of property on which debt is outstanding.
- State and Federal Aid received for a project on which debt is outstanding.
- Interest earned on the proceeds of long-term debt which were not budgeted as a source of financing for the project.
- Unexpended proceeds of long-term debt.
- Resources for a "Reserve for Payment on Bond Indebtedness" established pursuant to General Municipal Law § 6-h.

Proprietary Funds:

EA & ET- Enterprise Funds are used to account for activities for which a fee is charged to external users for goods or services. Activities are required to be reported as an enterprise fund if any one of the following criteria are met:

- Where laws and regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges rather than with taxes of similar revenues; and/or
- The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

Fiduciary Funds:

T- Trust and Agency Funds account for assets held by a government as an agent for individuals, private organizations, or other governments and/or other funds. They also account for funds that are required to be held for members and beneficiaries of defined pension or other employee benefit plans. Additionally, they account for all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

The County operating budget includes the A, D, E, EA, ET, and S funds only.

Supplemental Schedule K- Accounts for capital assets of a government not accounted for through enterprise or trust in agency funds.

Supplemental Schedule W- Accounts for the unmatured general long-term debt and liabilities of a government, which is not recorded as a liability in another fund.

Basis of Budgeting

The Dutchess County Budget is in accordance with Generally Accepted Accounting Principles (GAAP) using the modified accrual basis of accounting, as are our annual financial statements. Under the modified accrual basis, revenues are recognized when measurable and available to pay current obligations, and expenditures are recognized when the related obligation is incurred. For enhanced budgetary control, the Dutchess County Budget is administered using encumbrance accounting. An encumbrance account does not represent a GAAP expenditure and is only a commitment to expend resources.

Key Budget Drivers

The County remains committed to providing critical programs and services for residents, prioritizing the protection of our community, our employees and making sure that every tax dollar is spent with purpose and every purpose comes back to people. The 2026 Adopted Budget protects taxpayers by controlling spending and uses the Community Benefit Fund and the County's Fund Balance to make key investments in our community while offsetting property taxes. The property tax levy remains under the tax cap while continuing to support programs and services necessary to protect our community and residents.

The 2026 Adopted Budget limits workforce costs with a net decrease of 5 positions and holds an additional 15 positions vacant. Ten positions are being deleted, two new fully funded Deputy Sheriff School Resource Officers will be added to expand the SRO program, and the Legislature added two Senior Assistant District Attorney III positions as well as a Junior Accountant for the District Attorney. Despite holding the line on the number of positions in the budget, workforce costs continue to climb, due primarily to rising pension costs and health insurance premiums, which together are up almost $5.1 million. Investment in the County workforce is critical to attract and retain the employees who provide the various programs and services offered to residents. From snowplow operators to 911 dispatchers, Sheriff Deputies, Child Protective Service workers, and District Attorney prosecutors and Public Defense lawyers, our County's workforce is critical to the programs and services we provide.

Recruitment and retention have been specifically difficult as county government competes with remote work options and higher pay levels. Union contracts and management structures need to account for these changes and provide advancement opportunities and competitive wages to compete with the private sector, while minimizing the impact on taxpayers. The affordable housing crisis in our area increases the living wage and drives up the demand for higher wages as people see more of their income swallowed by housing.

The 2026 Adopted Budget commits an additional $2 million to the housing trust fund to increase the number of workforce housing units in the community. By using $1,500,000 from the Community Benefit Fund (CBF) and dedicating $500,000 from short-term rental revenue. The Housing Trust Fund (HTF) will increase $2 million, while minimizing the impact on property taxpayers.

State mandates continue to drive the expense side, primarily for Day Care, which is 100% reimbursed by the State and Early Intervention and Preschool Special Education, which are reimbursed between 50-60%.

The 2026 Adopted Budget is a fiscally balanced spending plan that protects our residents, our employees, our community, and our taxpayers by minimizing the impact on their county tax bills. The Community Benefit Fund in 2026 will be used to provide Emergency Medical Services through supplemental ambulance units, investment in the Housing Trust Fund, and fund key investments in law enforcement to keep our community safe.

As a result of conservative fiscal management and sound financial planning, the County is well positioned, with a fund balance of $104 million, to adjust to potential negative impacts from both State and Federal decisions, as well as possible downturns in the economy that could affect Dutchess County's economically sensitive funding streams, particularly sales tax that funds over 30% of the County's programs and services. The administration may need to make decisions in 2026 to adjust to and mitigate any negative impacts, and we stand ready.

State Mandates

In the 2026 Adopted Budget, mandates are increasing $1.3 million from the current year spending; but unlike previous years, the areas that are increasing in 2026 are highly reimbursed by the State.

Although some mandates carry substantial reimbursement, other mandates have no reimbursement. Both Court remands and Community College Chargebacks are increasing with no reimbursement. Court remands occur when an individual is found incompetent to stand trial under Criminal Procedure Law Article 730, and they are remanded to a specialized hospital for competency restoration, resulting in significant costs to the County. Each case costs approximately $50,000 per year, though actual expenses may vary. Prior to 2020–2021, the State reimbursed counties for 50 percent of these costs; however, counties are now responsible for 100 percent of the expense. In 2026, the Department of Mental Health will explore the feasibility of developing a more proactive model that includes outpatient restoration services for individuals who may be appropriate for such an intervention.

Community College chargebacks are payments made to other Community Colleges that Dutchess residents attend. The State categorizes New York City based Fashion Institute of Technology (FIT) in this group even though it is a 4-year institution. Chargeback costs for FIT are considerable, and rates are set by the State. Partially offsetting these costs was the elimination of the MTA payroll tax on July 1, 2025, saving $500,000.

Medicaid remains the highest mandated cost in the County budget at $43.1 million in 2026. Foster Care and Child Institution costs climbed to almost $22 million, costing the County a net $11 million. The Preschool Special Education and Early Intervention programs in the 2026 Budget total over $39 million, with a net to county cost of over $16 million. The County will continue to review the programs and examine creative ways to drive down costs if possible and allowable.

Workforce Costs

Forty-one percent of the 2026 Adopted Budget pays for hard-working County employees who provide critical programs and services to the residents and community. 911 emergency operators and our 988-Suicide & Crisis HELPLINE call takers answer calls, dispatch emergency services, and connect callers with the help they need. The Office for the Aging workers help seniors navigate government services for the support they need; and employees at the Department of Community and Family Services ensure children and older adults are not being neglected or abused. County highway workers clean up downed trees during storms, plow snow, and maintain our roads, providing residents the ability to get safely to work, home, and school. Deputy Sheriffs are making sure residents are safe, and the Drug Taskforce is working every day to get dangerous drugs off our streets. The Department of Mental Health, and its diversion team and mobile unit, together with recovery coaches, work to find and help those in crisis. Public Works Parks employees work hard to provide places for residents to gather, exercise, and create memories together with friends and family. These are just a few examples of the work our County employees do and we are thankful.

With remote work options, and a wage price spiral resulting from a tight labor market and inflation, positions have been vacant longer as it has been harder to recruit new employees to replace those leaving county government for better opportunities. With recruitment and retention an issue, the State has moved away from tested lists and toward a training and experience model. At the County level contract settlements with the, Police Benevolent Association (PBA) and Dutchess Staff Association (DSA), were designed to be more competitive and have also revised management structures to provide advancement opportunities. The Civil Service Employees Association (CSEA) and Dutchess County Sheriff's Employee's Association (DCSEA) contract negotiations are underway. Any settlements reached will require a resolution and appropriation of fund balance in the year of settlement with additional support in future budgets. Management and Confidential employees will be updated when the CSEA contract is settled.

The 2026 Adopted Budget reflects salaries resulting from the two settled bargaining unit contracts - PBA and DSA. The CSEA (general workforce) contract expired at the end of 2024 and the DCSEA (correction officers) contract expires at the end of 2025 and both are currently being negotiated. The budget also includes salaries for Management and Confidential (M/C) employees as promulgated by the Non-Union Benefit Plan. Per the bargaining unit agreements in place, there is a 3.25% Cost of Living Adjustment (COLA) for PBA employees whose contract runs through 2026, and a 2.75% COLA for the DSA, plus an additional $15,000 per person to increase the salary within the salary schedule based on the recently adopted

agreement that runs through the end of 2027. The PBA salary schedule has also been adjusted by increasing each grade $2,500 in 2025. A resolution will be presented for adoption when the CSEA and DCSEA contracts are negotiated and finalized. The Non-Union Benefit Plan, which covers M/C and Board of Elections employees, affords covered employees the same COLA as CSEA when finalized. The 2026 Adopted Budget also includes step increases for the CSEA, DCSEA, and PBA, as well as merit increases (in place of step increases) for DSA and M/C as follows: 1 - Unsatisfactory 0%, 2 - Needs Improvement .5%, 3 - Effective Employee 0.8%, 4 - Highly Effective Employee 1.0% and 5 - Outstanding Employee 1.2%. A step equity percent of 0.8% is included for Board of Election employees, as they are not using the performance management system.

The 2026 Adopted Budget includes the addition of five new full-time equivalent (FTE) positions but also eliminates 10 FTE positions for a net decrease of 5. Two new positions are Deputy Sheriff School Resource Officers, which are funded by the School District. Two Assistant District Attorney III positions and one Junior Accountant we added by the Legislature for the District Attorney. Completely offsetting these 5 additions is the elimination of one position in the County Clerk's Office, as more work moves to an online platform; 4 positions in the Department of Public Works (DPW); 3 position in the Office of Central and Information Systems; 1 position in the Department of Probation as caseloads have changed, and a Public Defender Shared Services position with Ulster County that was not being reciprocated. The Adopted Budget also holds an additional 15 FTE positions vacant, saving $903 thousand. In addition to these 15 positions, the budget includes a vacancy savings factor of $4.2 million. When a person leaves a position, it often takes time to fill the position. The savings incurred as a result is referred to as vacancy savings. An additional 75 positions were reclassified (change in title or grade or both) to better match the duties and responsibilities required by departments to try to meet their needs without adding additional positions. Reclassifications may also be implemented to revise organizational structures that offer advancement opportunities to help retain and recruit staff. Positions are reviewed on an ongoing basis to determine if their grade matches their required duties and responsibilities. If, after an evaluation by Human Resources, the grade should be changed, the position is reallocated to the correct grade during the year.

The cost of related benefits continues to climb, including rates for both health insurance and retirement. MVP is increasing 9% for active employees and 6% for retirees; and the New York State Health Insurance Program is projected to increase 10% in 2026 for a total health insurance cost of $54.5 million, an increase of almost $3 million. Due to the performance of the program, as well as increased salaries, the New York State (NYS) retirement system rate is increasing 11% for a total of $27.5 million, an increase of $2.6 million.

As the workforce suffers from increased vacancies, departments must also make investments in training and technology to work smarter and more efficiently with incumbent staff. A committee will be evaluating different Artificial Intelligence options the County can use to streamline work and provide a higher quality of service for clients as well as workers. The Department of Community and Family Services plans to implement new technology, including an artificial-intelligence assistant named EVA, which has already been successfully used in seven other New York State counties.

This AI tool helps staff by handling phone calls and reading the required "Rights & Responsibilities" information to applicants, which frees up workers' time to focus on processing applications. By using both the phone and document-reading features of EVA, DCFS expects to streamline the handling of new applications and renewals, furthering the department's efficiency.

The County Attorney's Office is also partnering with DCC to provide a lean six sigma training for a multi-department committee to specifically look at the processing of contracts with the goal of decreasing processing time.

Debt and Debt Service

Capital projects and the capital improvement program impact the budget in several ways. When debt is issued for a project, the total debt service (principal and interest) cost associated with that project is included in the ensuing year's operating budget. Dutchess County strives to make strategic decisions to minimize the rate at which the County borrows and consistently manages cash flow and investments to maximize savings and minimize ongoing debt service. The County's $28.3 million debt service payment reflects ongoing investments in essential infrastructure and public assets, including county buildings, facilities, roadways, bridges, and parks, which provide lasting benefits to residents across generations.

In 2025, the overall County debt decreased from $306.9 million to $300.2 million as repayments in 2025 of $18.7 million were higher than the $12 million added in new debt. The $12 million was bonded primarily for Highway and bridge improvements, capital equipment and roof replacements.

Every investment is carefully considered, and Dutchess County remains fiscally conservative with its use of debt – utilizing only 9% of the County's total constitutional debt limit.

Budget Highlights and Initiatives

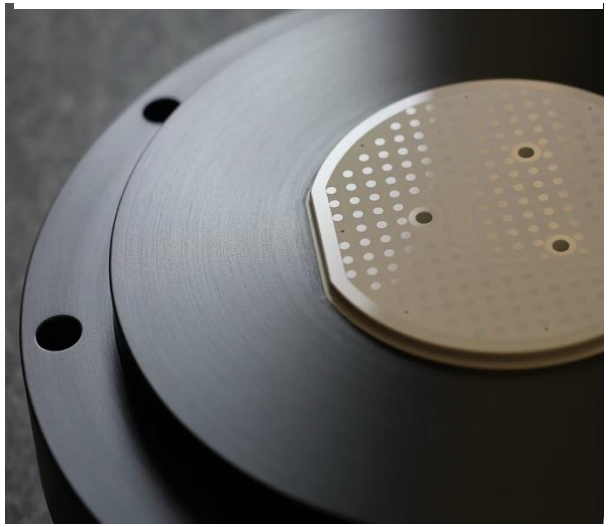
Economic Development

Dutchess County continues to demonstrate economic strength, driven by key industry clusters in the county including healthcare, education, logistics, and high-tech manufacturing. A major highlight of the county's high-tech sector is IBM's Poughkeepsie facility, which was featured in the company's recent commitment to invest $150 billion in America. This includes more than $30 billion in research and development to advance IBM's manufacturing of mainframe and quantum computers. In addition to mainframe manufacturing, Dutchess County is now home to the largest concentration of utility-scale quantum computers at a single location in the world. Adding to this high-tech momentum, Onsemi's East Fishkill facility received Category 1A Trusted Supplier accreditation from the U.S. Department of Defense's Defense Microelectronics Activity. This distinction now enables the site to produce secure, advanced semiconductors for critical defense and aerospace applications. Notably, the East Fishkill fab is the only 300-mm power

discrete and image sensor fabrication facility in the United States. Dutchess County's logistics industry also plays a pivotal role in the regional economy, supported by the presence of four Fortune 500 companies: Amazon, Gap, PepsiCo, and Stellantis, the fourth-largest automaker globally. Together, these assets position Dutchess County as a regional leader in innovation, manufacturing, and supply chain infrastructure, with a future-ready economy grounded in strategic investment and technological advancement.

To address the growing workforce demands of key industries, Dutchess Community College (DCC) established the Center of Excellence for Industry and Innovation and launched the Mechatronics Lab at DCC Fishkill. This lab marks the second "pipeline to jobs" initiative developed in partnership with the County's Economic Development Advisory Council (EDAC), following the successful opening of the Aviation Science Center at Hudson Valley Regional Airport two years earlier. The County and DCC continue efforts to expand this workforce development strategy with two additional pipelines focused on Heating, Ventilation, and Air Conditioning (HVAC), and Automotive Technology—both high-demand fields where experienced professionals are earning six-figure salaries.

An Electrostatic Chuck manufactured by HES Industries in East Fishkill part of the semiconductor industry supply chain. HES was attracted to Dutchess from Arizona in 2019.



Dutchess County's commercial vacancy rate remains one of the lowest in the region, reflecting strong demand. The area continues to attract both investors and home buyers. The median sale price in Dutchess County has risen to $480,715 — a 4.7% increase compared to last year. Homes now spend an average of 39 days on the market, up from 31 days the previous year.

The Dutchess County Local Development Corporation, doing business as Think Dutchess, along with the Dutchess County Industrial Development Agency (IDA), continues to maintain a strong fund balance heading into the next fiscal year. As a result, the County's 2026 Budget sustains a contract amount of $250,000. Think Dutchess will supplement this amount by utilizing a portion of its fund balance to support the County's business retention, expansion, and attraction initiatives, as well as its award-winning marketing campaigns. Dutchess County is committed to equipping our business community with the tools and resources necessary for success. By actively promoting the wide range of services available to both established and emerging businesses, our economic development program will continue to engage and empower our small business community.

Safety

Presently, there is a heightened sense of fear nationwide as events occur that we never could have imagined. School shootings, politically generated violence, hate crimes, drug related violence as well as overdoses, and others, have all led to a general feeling of uneasiness in our day-to-day lives. The 2026 Adopted Budget reflects a commitment to preparedness for our community in several ways, chiefly through strategic use of Community Benefit Funds as well as investments in programs and services to combat both known and unknown threats to our community. It also includes the commitment of 2 additional Deputy Sheriff positions to be School Resource Officers. These positions are fully funded by the school district they are placed in.

Active Shooter Training

Public Safety remains at the heart of what we value as a County and community. Since 2024, the Department of Emergency Response, in collaboration with the Dutchess County Sheriff's office, District Attorney's office, and several other County departments, conducted a series of Active Shooter Hostile Event Response (ASHER) training exercises, including a multi-agency, full-scale exercise with Arlington Central School District. Emergency Response, in collaboration with the Medical Reserve Corps of Dutchess County, also hosts various "Stop the Bleed/Active Shooter" trainings at various locations throughout the year, to teach residents what to do in the event of an active shooter situation. These trainings help ensure the first responder community, as well as the public, are ready to respond to any kind of emergency, of any scale, and do everything in their power to keep themselves, and others, safe.

Additionally, Dutchess will use Domestic Terrorism and Targeted Violence Prevention Plan funding to partner with New York Medical College to train police, fire and emergency volunteer and career first responders to work as a team in high pressure crisis situations to save lives.

Threat Assessment Group

An investigator funded through the Domestic Terrorism Grant through the New York State Department of Homeland Security will work with the Threat Assessment Group (TAG) to provide a more coordinated approach by coordinating a team consisting of the District Attorney Office, County Executive's Office, Department of Mental Health, Sheriff's Office, and the Department of Emergency Response. The TAG brings together mental health professionals, case managers, law enforcement, educators, and emergency management experts to work together to help identify threats and prevent potential incidents before they occur.

Real-Time Crime Center

In partnership with the Sheriff's Office and the District Attorney's Office, Dutchess County is launching an Analysis & Real-Time Crime Intelligence Center (ARTCIC) in part with Community Benefit Funds. This collaborative effort will provide law enforcement with the ability to capitalize on a wide and expanding range of technologies for efficient, effective, and intelligence-led policing and prosecution. ARTCIC will allow law enforcement to immediately respond to crimes in progress and even prevent crimes before they occur. ARTCIC will provide law enforcement with operational

intelligence providing officer and community safety. A new contract with AXON will also provide three new "Drones as First Responders" (DFR) that can be used hand in hand with ARTCIC. In many cases, drones can arrive at emergency scenes quicker than nearby officers. These drones will provide real-time intelligence to help responding officers act quickly and decisively as soon as they arrive. Drones can also lend aerial views and provide important information to incident commanders responding to fire emergencies so they can develop the best strategy to quickly and efficiently address the fire. Through enhanced communication and coordination among law enforcement agencies, and advanced analytics identifying crime patterns and trends, policing can become even more effective, improving public safety.

Drug Taskforce

The Drug Taskforce (DTF) is a collaboration between the District Attorney's Office, the Sheriff's Office, and multiple municipal police agencies including the City of Beacon, the City of Poughkeepsie, the Town of Poughkeepsie, the Town of Hyde Park, the Town of Fishkill, and the Town of East Fishkill. Each agency participates to reduce duplication of investigative efforts, as well as share information and work as a team to eliminate drugs as they impact every municipality in the County. The County offsets the cost of the municipal officers participating by reimbursing the salary and benefits for their officer's time spent working on the task force. The County will commit a projected $1.1 million to offset their costs in 2026. The County will also allocate $150,000 from the Community Benefit Fund to be sure that the DTF has the covert equipment, drug buy money, and communications systems necessary to work their operations and get illegal and dangerous drugs out of our community.

Emergency Communications Radio Project

Dutchess County is currently building a 7/800 MHz P25 Phase II TDMA (Time-Division Multiple Access) trunked voice radio system with emphasis on reliability, fault tolerance, and efficiency. The design includes two TDMA simulcast cells dividing the County into North and South Cells with six (6) TDMA channels in each cell across 17 tower sites. Multiple layers of redundancy within the system core and prime site networks provide a highly reliable two-way communication system, meeting today's interoperability standards. The existing Aviat microwave network will be utilized in the design and will be expanded to support the new sites increasing reliability and providing a level of redundancy that doesn't exist today. The County will also be adding national Interoperability frequencies at 2 tower sites within the County furthering the Department of Emergency Response's commitment to true interoperability across all public safety disciplines. To best handle a project of this size and capacity, Dutchess County Department of Emergency Response reclassified a vacant position to an Emergency Response Logistics Coordinator. This position is spearheading this project to ensure that it is done in manner that is both cost and time effective and will continue to maintain the system once complete. The radio tower project reflects Dutchess County's commitment to proactive and preventative public safety policy. By anticipating future needs and building redundant emergency management infrastructure, the County is ensuring that emergency responders are equipped with the tools necessary to act swiftly and effectively as they will have communications necessary to act. The 2026 Budget includes an increase of $460,000 to support the ongoing cost of the additional towers added to our network. Once the radios are upgraded, there will be an offsetting operating cost related to the current radio contract.

Emergency Medical Services (EMS)

EMS is another key area of strategic investment from the Community Benefit Fund in the 2026 Adopted Budget. In 2025, the County made a historic investment of $2 million and launched supplemental ambulance coverage and a multi-pronged public outreach campaign. In January, the County contracted with Empress to provide the county-wide supplemental ambulance coverage, with two Basic Life Support (BLS) Ambulances and one Advanced Life Support (ALS) Fly Car providing 24/7 coverage and is dispatched by the Dutchess County 911 Communications Center when primary coverage is not available and mutual aid is dispatched. The County launched the EMS Matters public awareness campaign, which includes social media, radio, digital and print advertising to broaden residents' understanding of when to call for an ambulance and what other levels of medical care are available and appropriate for different medical situations, as well as recruitment and retention messaging for EMS careers. The County is also working to retain those who are currently in the field through supportive programming including first responder resiliency training and a peer-to-peer support network for the mental and emotional well-being of first responders.

For the last quarter of 2025 and into 2026, the County is converting a Basic Life Support (BLS) ambulance to an Advanced Life Support (ALS) ambulance to provide a higher level of service as the ALS ambulance has a paramedic on board who can perform critical interventions. The County will continue to work with a consultant to monitor the data and adjust the supplemental service as needed. Additionally, the consultant is providing recommendations to the County on the future of EMS in Dutchess.

HEART Safe Dutchess 2.0

With an average 110 deaths in Dutchess each year as a result of cardiac arrest, The Department of Emergency Response, in partnership with the Department of Health and our Medical Reserve Corp, will revitalize HEART Safe Community Program 2.0 to strengthen cardiac emergency preparedness. This program offers HEART Safe certification to organizations, schools, municipalities, and businesses that meet essential lifesaving criteria, including available people trained in Cardiopulmonary Resuscitation (CPR), access to Automated External Defibrillators (AED), comprehensive emergency response plans and proper AED registration with 911 and County systems. In addition to certification, the initiative will expand AED access in public parks, athletic fields, and recreation centers through targeted mini-grants. Community engagement is a key component, and the County will offer hands-on CPR training, HEART Safe challenges, and other interactive opportunities to raise awareness and develop lifesaving skills. When a cardiac arrest occurs, chances of survival are significantly improved with faster CPR and defibrillation application.

Senior Fraud Initiative

We all know at least one older person who has been either targeted or scammed by criminals looking to take advantage of people. Reports of these scams are rising fast, with billions lost each year nationwide. Common scams include fake tech support, phony investments, romance scams, people pretending to be government workers, grandchildren, or other family members, and fake lottery wins to name just a few. To protect our County's most vulnerable, The District Attorney's Office together with the County Executive, Office for the Aging, and Sheriff's Office are launching an Elder Justice Task Force (EJTF). This specialized team will investigate, identify, pursue, and prosecute those who exploit older adults through abuse, fraud or neglect. In addition to prosecuting offenses, the EJTF will provide educational training and communications aimed at helping residents recognize and prevent scams and fraudulent schemes to protect seniors and all residents before harm occurs.

Employee Safety

Our commitment to public safety of course includes the safety of our county workforce. Our dedicated employees face increasing safety challenges as they work to serve the public. This budget includes additional safety measures to protect their well-being including new screening procedures at the Office of Probation & Community Corrections; safety alert buttons for our DCFS employees out in the field; and in partnership with Sheriff Imperati, there are new patrols during the morning arrival and end of day departure times in and around the various parking lots where our employees along the Market Street corridor park.

Homelessness and Housing

The Dutchess County Department of Community and Family Services (DCFS) oversees services for individuals and families experiencing homelessness, one of its most difficult responsibilities given the ongoing, nationwide housing crisis. DCFS provides and coordinates a range of programs designed to promote housing stability and prevent people from returning to homelessness.

DCFS partners with four emergency shelter providers — Hudson River Housing, Pathways, Community Housing Innovations, and HONOR — but because these shelters are often full, the department also relies on motels to meet demand. As of mid-October 2025, DCFS was housing 89 families and 247 single adults across shelters, the PODs, and motels.

To prevent homelessness, DCFS continues to offer eviction prevention programs that provide rental assistance, help pay back rent, and support tenants in resolving landlord disputes or finding alternative housing with family or friends. The department also manages several rental supplement and arrears programs to help eligible residents remain housed.

Planning is underway for a new Transitional Housing Support Center on Oakley Street, supported by a New York State Homeless Housing and Assistance Program (HHAP) grant. Case management services are currently provided to the homeless placed at the PODs through DCFS' Adult Protective Services staff, working in coordination with social workers from the Department of Mental Health stationed in the pods to provide clinical mental health services to help residents stabilize symptoms, build coping skills, and increase the likelihood of successful housing placement and long-term success. In 2026, DMH will begin billing for clinical services provided at the PODS as the newly appointed medical director will oversee service delivery ensuring quality and consistency of care, providing billable services when appropriate and improving access to care.

DCFS also coordinates the County's Homeless Outreach Teams (HOT), which bring together multiple outreach organizations to identify, engage, and assist people living on the streets. These teams conduct targeted outreach to homeless encampments and help individuals access safe shelter and services.

During extreme weather, DCFS contracts with local providers to operate warming centers in the winter, as required by State law, when temperatures drop below 32°F for two or more hours (Code Blue). Since its inception, Code Blue has been funded 100% by the State; however, this year there are not enough funds to meet local district need, and the amount of support will not cover our costs 100%. In the summer, while not legally required, DCFS collaborates with first responders, as well as the Office for the Aging, to provide cooling assistance and distributes fans or air conditioners to eligible households when funding is available. DCFS also partners with Mental Health America to provide intensive case management for families in temporary housing who are chronically homeless. These services help families overcome barriers to independence, connect to supportive programs, and move from homelessness to stable, permanent housing. However, it is difficult to find affordable permanent options as the County does not have enough capacity. Through the Housing Trust Fund (HTF), the County is investing funds to help increase the number of workforce homes available to transition to.

The first round of funding, awarded in March 2023, provided over $8.9 million to support the creation or preservation of more than 600 affordable rental units across the County.

The County opened a second round of HTF funding in 2025 with a focus on supporting a variety of housing types that reflect the unique needs of each community. To help guide that effort, County officials met with developers to better understand what kinds of projects were most likely to succeed and fit well within local neighborhoods. Having held conversations with local leaders, employers, school officials, and housing advocates, the

Department of Planning and Development worked to identify smaller, more manageable housing projects that could be more easily integrated into the communities where they're needed.

In September 2025, County Executive Sue Serino announced $2.45 million in HTF awards to help develop and/or preserve more than 100 affordable housing rental units as part of four housing projects in Amenia and Poughkeepsie. The following month, the County Executive announced an additional $2.3 million HTF allocation to help support two projects that will create more than 100 new affordable housing units in Red Hook and Rhinebeck.

The 2026 Adopted Budget includes $2 million to support the Housing Trust Fund and support future projects, allocating $1,500,000 from the Community Benefit Fund and $500,000 from the hotel surcharge the County collects from short-term rentals.

Youth

Young people across Dutchess County have long asked for a safe, welcoming space where they can simply be themselves and expand their personal growth. While the idea of a countywide youth center, known as the Youth Opportunity Union (The YOU), has been discussed for several years, often with ambitious and costly proposals, the County is now ready to move forward with a practical, financially responsible plan. The YOU will be a thoughtfully designed space that serves children, families, and seniors alike, offering a place the entire community can enjoy.

County Executive Sue Serino has unveiled a sustainable, streamlined plan to build the Youth Opportunity Union (YOU), a 19,000-square-foot community center in Poughkeepsie that will offer childcare, youth empowerment programs, a teaching kitchen, gymnasium, and more. With an estimated cost of $26.1 million, the project replaces earlier, more costly proposals and focuses on long-term viability, using a mix of County funds, grants, and donations. The YOU will serve residents of all ages with programs ranging from mental health support to career readiness and senior activities.

The 2026 Adopted Budget also includes nearly $2.5 million for youth programming countywide, reinforcing County Executive Serino's commitment to providing young people with the programs and services they need to grow and flourish.

The Budget, for example, includes $75,000 in YOU mini-grants, concentrated funding allocations that promote the "Path to Promise" initiative, Dutchess County's comprehensive youth development framework designed to ensure that all children and young adults have access to the resources and opportunities they need to succeed, as well as its six domains: Learning, Material Basics, Safety, Family/Relationships, Mental Health and Physical Health.

The Youth and Police Initiative (YPI) remains one of Dutchess County's most impactful youth engagement programs, fostering meaningful dialogue and mutual respect between young residents and local law enforcement. Through structured, week-long sessions, YPI creates a safe space for youth and officers to share experiences, build trust, and develop lasting relationships. Dutchess County's continued investment in YPI in the 2026 Adopted Budget underscores its commitment to strengthening community bonds, enhancing public safety, and empowering the next generation through collaboration and understanding.

Early work experience can have a lasting impact, and the 2026 Adopted Budget continues Summer Youth Employment Programming (SYEP), a proven initiative that provides young people with real-world job experience, career exploration opportunities, and mentorship. By connecting participants with local employers and supportive guidance, SYEP not only fosters essential workplace skills and confidence; it also encourages long-term personal and professional growth. This investment in youth development helps prepare the next generation for success while strengthening the local workforce and community.

Health and Mental Health

The Departments of Health and Mental Health provide critical programming and services supporting our most vulnerable residents either by providing direct services through our public health clinic, Mobile Health Unit (MHU), Stabilization Center, new Intensive Outpatient Program (IOP), Empowerment Center or other various direct programs, or by connecting those in need to other community-based providers. Both departments work hand in hand to protect and promote the physical and mental health of our community.

Opioid Settlement and LEAD

In 2026, DMH continues to use opioid settlement funds for initiatives that support individuals living with both mental health challenges and substance use issues. In 2025, this included establishing up to six Oxford Houses, peer-supported recovery residences that provided stable, substance-free living environments where individuals could rebuild their lives with the support needed. These funds further helped develop programming for the Empowerment Center, a welcoming, recovery-focused space at 230 North Road in Poughkeepsie where people access resources, build community, and pursue wellness.

In partnership with the City of Poughkeepsie and the Law Enforcement Assisted Diversion (LEAD) Team, DMH, in 2026, continues to fund the pre-arrest diversion initiative, which connects individuals with unmet behavioral health needs to intensive case management and support services. Rather than directing those charged with low-level offenses into the criminal justice system, the program redirects individuals to community-based care to meet their needs. By intervening early, this initiative reduces reliance on police, courts, and jails while improving long-term outcomes for individuals navigating mental health and substance use challenges.

Transition to IOP

In 2025, DMH transitioned from operating a traditional Partial Hospital Program (PHP), an intensive, five-day-a-week treatment program for adults, to a more flexible Intensive Outpatient Program (IOP). This change allows the department to provide individualized mental health services that better meet community needs. The IOP model supports stronger client engagement and continuity of care, while enabling services to be delivered to off-site locations. These enhancements improve access and generate increased billing revenue, helping ensure that mental health care remains both responsive and sustainable.

Exploring Outpatient Restoration to Strengthen Continuity of Care

DMH is exploring the feasibility of offering outpatient restoration services for individuals deemed unfit to stand trial. Currently, restoration typically occurs in state facilities at significant cost to the County. Even if only one individual per year is successfully restored in the community, the initiative can save approximately $45,000 annually. More importantly, outpatient restoration allows individuals to remain connected to local services and supports, promoting continuity of care and improved outcomes.

Mapping New Pathways to Diversion and Recovery

DMH received grant funding to support the Dutchess County Criminal Justice Council in conducting a Sequential Intercept Mapping (SIM) exercise. This initiative will examine current practices and identify new opportunities to divert individuals with behavioral health needs away from the criminal justice system and into appropriate care. By strengthening service coordination and reducing unnecessary incarceration, the SIM process aims to improve outcomes and generate potential cost savings for the County.

Mobile Health Unit

The expansion of the Mobile Health Unit represents a significant step forward in improving access to healthcare services for underserved and remote communities. By extending service hours and broadening the range of medical services offered, including preventive care, screenings, vaccinations, and mental health support, the MHU is better equipped to meet the diverse needs of the population. This growth strengthens community trust and engagement by bringing care directly to where people live and work. The expansion underscores a commitment to reaching people where they are to eliminate geographic or socioeconomic barriers.

Community Well-Being

Environmental

The Department of Solid Waste will again host 3 community household hazardous waste and disposal events along with electronics recycling events in 2026. Dutchess County will continue to take part in Repair Café events to encourage sustainability and repair instead of waste. The County is also partnering with the Culinary Institute of America to offer “Food Repurposing Workshops” teaching participants how to creatively transform leftovers to reduce food waste. The County is also launching a new app designed to help residents easily figure out what items are recyclable and where they can recycle them close to home.

Seniors

For more than a half-century, the Dutchess County Office for the Aging (OFA) has proudly supported older adults in our community, working every day to help them live healthier, more fulfilling lives, and that commitment to local seniors will continue in 2026.

Older adults, especially those over 65, are most at risk of being readmitted to the hospital within 30 days after discharge, often with worse symptoms. The OFA will continue to provide strong support for seniors at home after discharge, which remains essential.

In its Community Needs Assessment, Nuvance Health shared with the OFA that aging-related concerns like isolation, access to care, transportation, and fall prevention continue to be prevalent. To address those concerns, OFA will expand its partnership with healthcare providers, informing staff of the myriad of services it offers to older adults and their families. The OFA will also assign its OFA Ambassador and a Case Manager to assist with discharge planning for high-risk seniors who lack support in the community.

Caregivers remain essential for many older adults, including those with disabilities, to successfully age independently and with dignity. Recognizing that many caregivers also balance work and caregiving duties, OFA will continue to offer resources such as support groups, respite care, and adult day services.

Additionally, OFA is committed to addressing ageism, which can lead to elder abuse and neglect. To fight ageism, OFA continues raising awareness about age-related discrimination, neglect, and abuse through education for the public, local organizations, businesses, and government leaders.

OFA promotes the value that older adults bring to the community – be it socially, economically, and/or intellectually – and regularly highlights ageism to help people recognize and challenge their own biases. OFA will also continue to support intergenerational programs and continue to collaborate with local schools and colleges to create opportunities for younger and older people to connect and learn from each other.

Services for Veterans

The well-being of our veteran heroes remains paramount, and honoring their selfless sacrifice in defense of our nation is a priority for County Executive Serino.

Dutchess County will continue offering the wide range of programs and services for our Veterans including:

- The HERO initiative, which brings vital funding and resources to veterans and their families that are homeless or facing homelessness in Dutchess.
- The GoGo veterans program helps ensure transportation is never a barrier, offering free monthly rides to medical appointments and essential errands.
- The Vet2Vet program provides peer-led support groups, advocacy, and social activities, fostering healing and connection among veterans.
- The Zurhellen Fund offers emergency financial assistance to veterans at risk of homelessness as well as supports local veteran organizations, continuing their mission to eliminate veteran suicide and homelessness.
- A new Commitment of $100,000 from the Community Benefit Fund to support flexible targeted grants to veteran service organizations and community groups to expand services, launch new veteran focused programs, or purchase plaques, banners, or monuments to honor veterans. Grants may also be used to cover event expenses for celebrations, or fund capital improvements or upgrades to facilities that serve veterans

The County will also continue to celebrate and honor our veterans living in our community as well as those that have made the ultimate sacrifice:

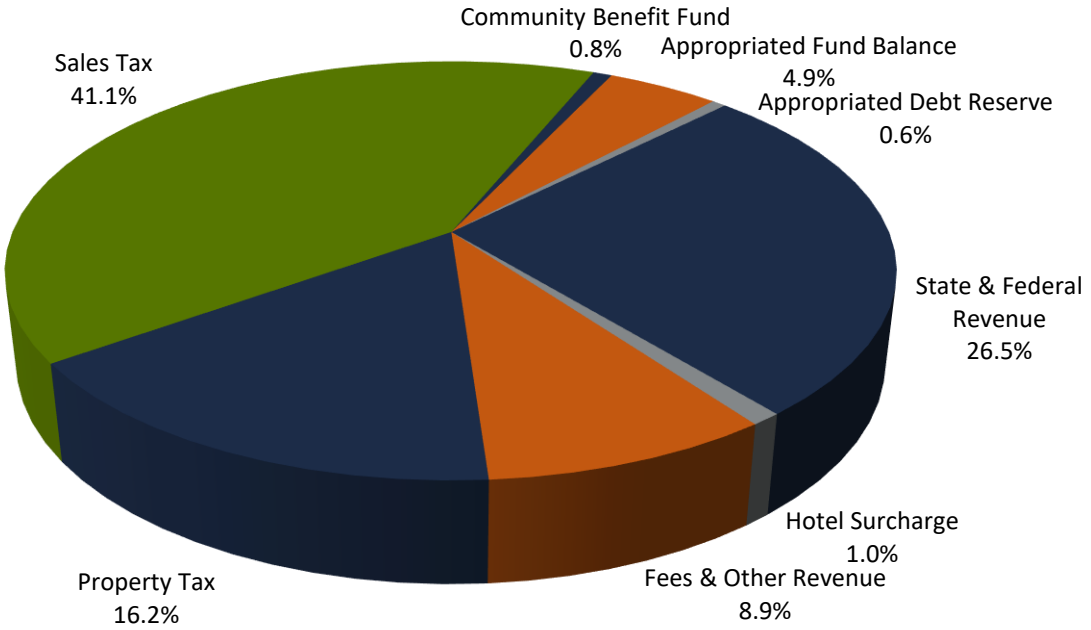
- The popular “Red, White, and You!” Veterans Appreciation Picnic series brings together veterans of all ages to enjoy a great meal; listen to a live band; and exchange stories and experiences with one another while fostering connections with Office of Veterans Affairs staff.
- Veterans Appreciation Pasta Dinners, in partnership with Mental Health America of Dutchess County, will offer complimentary dinners for County veterans and their guests, held in various regions of Dutchess County and are yet another way of honoring Dutchess County’s veterans.
- “Veteran of the Month” ceremonies will be held throughout Dutchess, recognizing local heroes or their surviving family members for their honorable service.

Dutchess County has demonstrated its deep respect and gratitude for military service by embracing the Purple Heart Recognition. Several towns within the County, including Pleasant Valley and Beekman have been officially designated as Purple Heart communities. This designation, granted by the Military Order of the Purple Heart, honors the sacrifices of service members who were wounded or killed in combat. Being a Purple Heart Community means more than just a title- it reflects a commitment to recognizing, remembering, and supporting Purple Heart recipients and their families. These communities often hold ceremonies, install commemorative signage, and promote awareness of the Purple Heart's significance. The designation also fosters patriotism and encourages civic engagement honoring veterans.

History- REV250

In recognition of the vital role our local history plays in shaping civic identity and community pride, Dutchess County is proud to continue its support of the Dutchess County Historical Society's REV250 initiatives with a $145,000 allocation this year. These programs not only commemorate the 250th Anniversary of the American Revolution, but also bring history to life through educational exhibits, theatrical performances, and digital resources that engage residents of all ages. This investment reflects our commitment to preserving Dutchess County's rich Revolutionary War legacy, while fostering inclusive, accessible, and meaningful historical exploration for future generations.

2026 Adopted Revenue



Revenues:	2023 Actual	2024 Actual	2025 Adopted	2025 Modified[1]	2026 Adopted

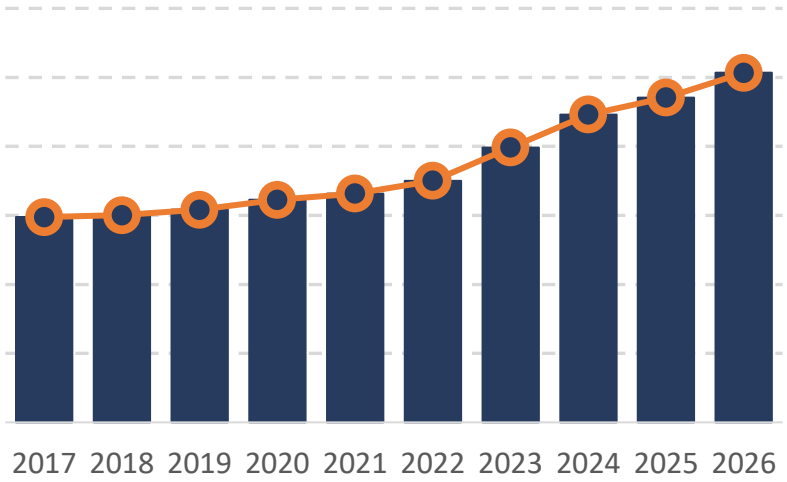
[1]As of January 4, 2026.

[2] An appropriation of fund balance is used to balance the budget and although actual revenues are never realized, fund balance is reconciled in the annual financial statements.

True Value Assessments



The State's property tax cap is set at 2% or the rate of inflation, whichever is lower. For 2026, the State has set the cap at 2%, based on inflation.

The Office of the State Comptroller prescribes the calculation of the tax levy limit, including the allowable levy growth factor and the permissible exclusions and adjustments. The Dutchess County total property tax levy cap is calculated annually and totals $107,040,665 for 2026. The County cannot exceed this cap without two-thirds majority approval of the County Legislature. The formula includes multiple components, as seen in the table to the right.

Coupled with growth of 8% in true value assessments, the average tax rate will be reduced by 2.76% in 2026, the 11th consecutive reduction. The tax levy will remain under the property tax cap and increase $4.8 million to $107.0 million. The County's tax base has continued to increase over the past several years to $50.9 billion resulting in a tax rate decrease from $2.17 per $1,000 of full value assessment, down to $2.11 per $1,000 of full value assessment.

2026 Property Tax Cap Calculation	
2026 Property Tax Levy Limit	110,600,078
WWA Benefit Assessments	(3,469,018)
Chargebacks for Assessment Roll Printing	(72,830)
Chargebacks for Erroneous Assessments	(13,637)
Chargebacks for Erroneous Assessments (Special Districts)	(3,928)
2026 County Property Tax Levy Cap:	107,040,665
2026 Adopted Budget Levy (Gross):	107,014,305
Allowable Increase within Tax Cap	**$26,360**
Percentage Allowable:	**0.02%**

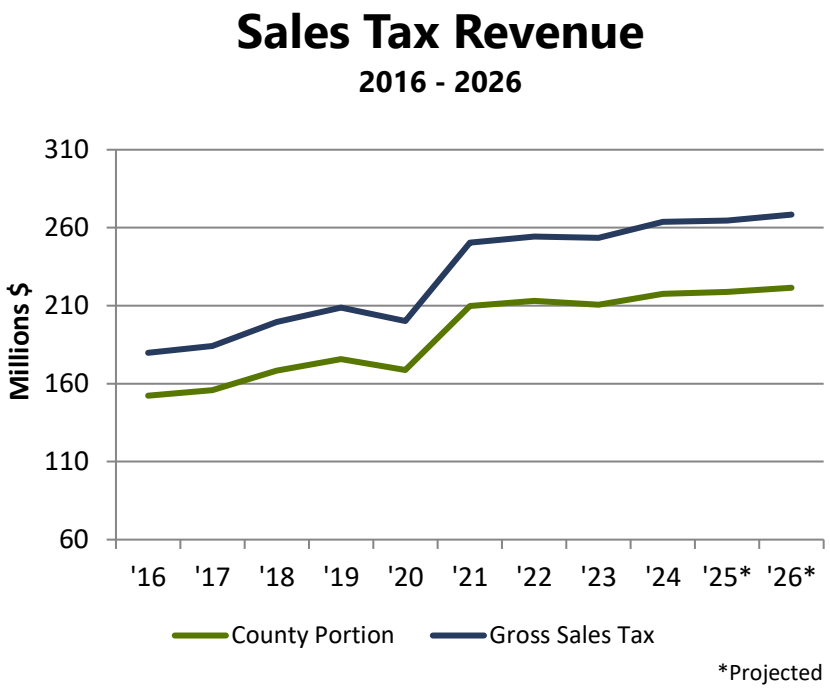
Economically Sensitive Revenue

As the County budget is developed for 2026, we use current year-to-date economic information, forecasting, and inflation expectations to project economically sensitive revenue. Due to the timing of the budget, the County must first project 2025 year-end and then roll forward to the 2026 projected.

Sales Tax

The sales tax rate in Dutchess is 8.125%, of which 3.75% goes to the County, 4% goes to the State, and .375% goes to the MTA. Twenty-seven payments are received annually from New York State and are tracked closely to project year-end revenue. Dutchess County is one of only six counties at 3.75%, most are at 4% or higher. The 2026 Adopted Budget continues the 3.75% sales tax rate.

The County, as required by law, has a contract with the City of Poughkeepsie and the City of Beacon to distribute sales tax, as the cities have relinquished their right to charge a separate city sales tax. The contract includes the distribution of 5.63% of total County sales tax to the City of Poughkeepsie and 2.45% to the City of Beacon, which are increases from last year. The towns will share 9.5% distributed by population. Villages receive a portion of the towns' allocation determined by the percentage of full valuation of real property in the village within the town, as compared to the full valuation of real property in the entire town.



The current sales tax agreement includes a graduated increase in the percentage of sales tax paid to the cities over the term of the agreement, with the City of Poughkeepsie increasing its percentage of sales tax collected from the current 5.63% to 6.02% by 2030. The City of Beacon will go from its current 2.45% to 2.62% by 2030. Local towns will continue to share 9.5%.

An additional agreement with the City of Poughkeepsie paid the City $3,000,000 in the beginning of the contract to assist with the continued stabilization of the City's finances with the City of Poughkeepsie receiving $300,000 less in sales tax each year for the 10-year term.

The County reviews recent trends, year-to-date information, and economic forecasts when projecting sales tax in the budget. The growth for the 3rd quarter was realized at 1.2%. The projection for 2025 sales tax assumes the current economic condition continues through the end of the year and into the new year with a 1% increase in each of the remaining payments.

2026 Gross Sales Tax Projection	
2025 Projected Sales Tax -1% growth for 4th quarter	$264.5M
2026 Growth at 1.5%	3.9M
Total 2026 Gross Sales Tax Projection	$268.4M

Sales tax collected will be shared with municipalities based on the current sales tax agreement. 2026 is the first year in the new 10-year agreement that both Cities will see an increase in the rate; with the City of Poughkeepsie's rate increasing from 5.41% in 2025 to 5.63% in 2026, netting an additional $591K, and Beacon's rate increasing from 2.35% in 2025 to 2.45% in 2026, netting an additional $268K. The County will see a corresponding reduction as the Towns remain the same at 9.5%.

The **2025 Sales Tax projections** were based on the following assumptions:

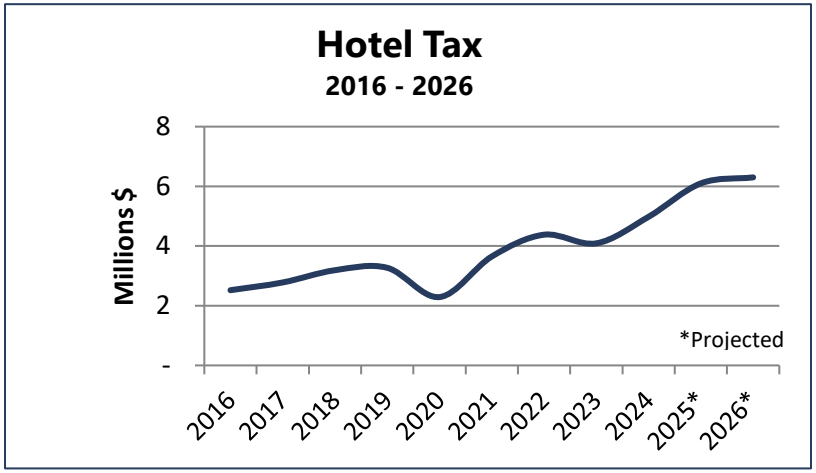
- Interest rates ease further before the end of the year.
- Employment edges lower and wage growth remains modest.
- Mild inflation continues.

The **2026 Sales Tax projections** are based on the following assumptions:

- Interest rates adjust downward toward the beginning of the year, encouraging consumer spending.
- Consumer spending remains muted as housing costs rise, and spending with debt continues albeit at a lower rate.
- Unemployment is expected to increase but remain below the state and national average.

Hotel Surcharge

2026 will be the first full year of hotel tax at the increased rate. In 2025 the rate increased from 4% to 5% on hotel rooms, Airb&bs, and short-term rentals paid for by people visiting Dutchess County. The County is projecting a full year of Hotel tax at the higher rate plus 5% growth for hotels and Airb&bs and 10% for Short-term rentals as more 3rd party platforms are now required by the State to report and pay.



Excise Tax

There is a local retail excise tax of 4% on Adult-Use Cannabis, which is now legal in New York State, and retail sales have begun with multiple licensed retailers in the County with more expected. The 4% local tax is split, with 25% to the County and 75% to the city/town/village where the tax was collected. For a dispensary in a village, the tax will be split evenly between the town and village unless the town and village have an agreement to split the funds differently. The cannabis tax is distributed to counties by the Office of the State Comptroller on a quarterly basis and the County is responsible to distribute the funds to local municipalities. The 2026 Adopted Budget includes revenue of $450,000 which is the net revenue for the County after funds have been distributed.

Appropriated Fund Balance

Fund balance refers to the difference between a fund's assets and liabilities as of a point in time. The County's fund balance, determined when the financial statements are finalized, provides the County the flexibility to absorb changes in revenue or unexpected new costs without dramatically impacting County finances. Fund balance can be appropriated to balance the budget, instead of increasing taxes, and to avoid reductions in programs and services. Fund balance is reported in accordance with GASB 54, which established the following five classifications of fund balance: Non-Spendable, Restricted, Committed, Assigned, and Unassigned.

The Government Finance Officers Association (GFOA) recommends "…general-purpose governments, regardless of size, maintain unrestricted budgetary fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." For Dutchess County, this amounts to approximately $98.8 million (see chart).

Year	General Fund Revenues (in millions)	1-2 Months of Revenues (in millions)	Unreserved General Fund Balance (in millions)
2012	$411.4	$34.2 - 68.7	$12.1
2013	$411.9	$34.3 - 68.7	$26.4
2014	$430.3	$35.9 - 71.7	$39.5
2015	$437.9	$36.5 - 73.0	$56.8
2016	$433.4	$36.1 - 72.2	$60.0
2017	$437.5	$36.4 - 72.9	$55.4
2018	$455.6	$38.0 - 75.9	$52.4
2019	$470.7	$39.2 - 78.5	$56.9
2020	$455.2	$37.9 - 75.9	$60.0
2021	$525.9	$43.8 - 87.6	$119.5
2022	$554.4	$46.2 - 92.4	$77.4
2023	$553.5	$46.1 - 92.3	$85.3
2024	$592.7	$49.4 - 98.8	$104.3

The County's fund balance policy states: The County will strive to maintain an undesignated/general fund balance of 1-2 months of general fund operating expenditures in the general fund balance as a means of maintaining financial stability. To the extent general fund balance exceeds 2 months of operating expenditures, the County will use the general fund balance to pay down or avoid indebtedness and or provide property tax relief through offsetting current-year operating expenses. Included in the $104.3 million is the remaining $11.4 million community benefit fund set aside, putting the general fund unassigned total at almost $93 million.

Projected fund balances for all County funds are summarized in the table below.

Summary of Fund Balances for All Funds 2024 – 2026 Fund Balance

Fund Name	Unreserved 12/31/2024[1]	Additional Appropriations[2]	Estimated 12/31/2025[3]	Appropriated 2026 Budget
General (unassigned)	$104,317,378	9,572,781	$94,744,597	$33,937,125
Community Development	892,493		892,493	
Road	2,372,226		2,372,226	2,000,000
Machinery	1,170,132		1,170,132	750,000
Enterprise Airport	(862,420)		(862,420)	
Enterprise Transportation	5,574,657		5,574,657	
Capital Projects	60,474,201		60,474,201	
Self-Insurance - Workers Comp	15,793,353		15,793,353	
Total	$189,732,020	$9,572,781	$180,159,239	$36,687,125

[1]From the County's annual update document (AUD) or audited financial statements.

[2]Includes appropriation of fund balance through December 2025.

[3]Assumes 2025 actual revenues, less actual expenditures, are at or below budget.

Note: The balances in each fund are restricted for use within that fund.

Unassigned Fund Balance Applied in 2026

Fund	Amount
General Fund- A:	$28,634,125
Community Benefit Fund- A:	5,303,000
Road Fund- D:	$2,000,000
Machinery fund- E:	$750,000
Total	**$36,687,125**

The 2026 Adopted Budget appropriates $28.6 million in unassigned general fund balance, $2 million from the D fund balance, and $750K from the E fund balance. These appropriations are being used to mitigate the impact on taxpayers, while keeping the County well positioned with 1-2 months of operating expenses in reserve.

The Community Benefit Fund was established as American Rescue Plan Funds in the revenue loss category were drawn down and realized. These funds were set aside to be used for key community priorities over the next three years.

The 2026 Adopted Budget includes the appropriation of $5.3 million from Community Benefit Fund for:

- Emergency Medical Services - $2 million
- Housing Trust Fund - $1,500,000
- Youth Programs - $100,000
- Law Enforcement and Drug Task Force Support - $150,000
- Law Enforcement Officer Safety and equipment - $403,000
- AED Heart Safe 2.0 Program - $100,000
- Active Shooter Training - $100,000
- Recycle Coach App and Household Hazardous Waste Events - $100,000
- Veteran's Transportation - $50,000
- REV250 mini-grants in partnership with Tourism - $50,000
- Municipal Infrastructure Grant Program - $750,000

These initiatives are discussed in more detail in the appropriations section.

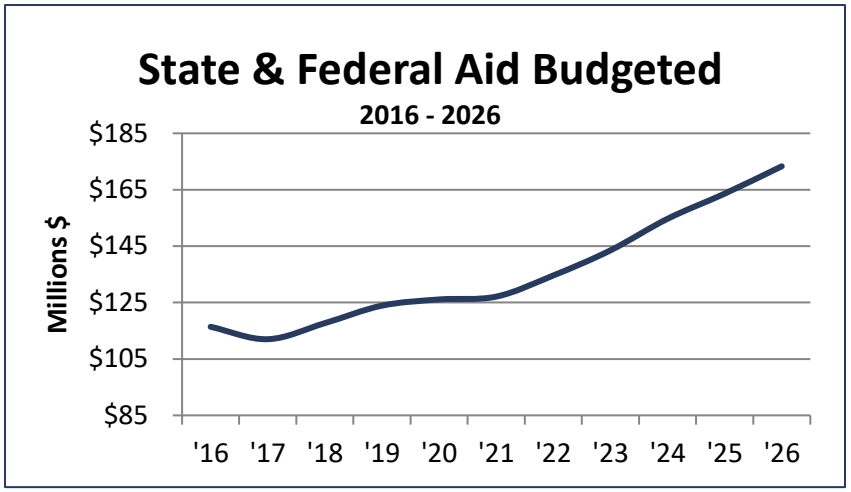
In addition to appropriating unassigned fund balance, the 2026 budget also includes the appropriation of $4 million of restricted fund balance reserved for debt. When the County receives premiums on debt issued, earns interest on bond proceeds, or has unexpended bond proceeds upon closure of a capital project, the funds are classified as restricted fund balance and must be used to pay debt service. Additionally, $393K is appropriated from the Opioid Settlement Reserve to support key programming in these areas. These reserve funds will be combined with current year settlement funds to provide programming.

State & Federal Revenue

State and Federal revenue and grants partially offset the cost of mandated services and programs or provide State and Federal revenue to support key grant areas. When this source of revenue is cut, other taxes or fees must be increased, or optional programs and services must be cut to balance the budget. State aid is largely expense-driven and includes regular State aid reimbursement, as well as grant funds. Programming supported by grants must be monitored closely and adjusted if grant funds for the corresponding programming is reduced.

The 2026 Adopted Budget includes a decrease in reimbursement for the administration of the Federal Government's Supplemental Nutrition Assistance Program (SNAP) with the County paying for 75% of the administration of SNAP instead of 50% in the 4th quarter of 2026. The annual impact of this change is a loss in revenue to the County totaling $1.5 million, which will hit fully in 2027. With the Federal shutdown and politics at play, there may be other negative consequences for the County depending on the agreements and changes that are negotiated.

State aid is expected to increase next year, primarily due to an increase in the Department of Community and Family Services' mandated program areas, which are partially reimbursed, specifically day care which is 100% funded and Preschool Special Education and Early Intervention programs which are reimbursed 50-60% respectively.



The County may need to make mid-year changes to mitigate negative impacts if changes at the Federal level are passed down by the State to Counties to pay. The administration will work with departments to evaluate the impacts of any changes as they are determined and will forward information to the Legislature at that time.

Fee Revenue

Fee revenue streams support the cost of providing the associated service or program. Increasing fees, fines, permits, and licensing are not significant sources of revenue. Fees and fines are evaluated annually and adjusted as appropriate. Some fee schedules are set or limited by law, while others must remain competitive and reasonable for taxpayers. The 2026 Budget does not include any significant fee increases.

2026 Adopted Budget
Summary by Fund

Fund	Total Appropriations	LESS Non-Property Tax Revenues[1]	LESS Appropriated Fund Balance[2]	Balance of Appropriations to be Levied
A - General	$ 612,317,084	$ 481,381,323	$ 38,330,516	$ 92,605,245
D - Road	15,097,502	2,108,280	2,000,000	$ 10,989,222
E - Machinery	3,407,838	38,000	750,000	$ 2,619,838
EA - Airport	1,814,463	1,814,463	-	$ -

Provision for Uncollected Taxes	800,000	600,000	600,000	600,000
Provision for Tax Refunds	200,000	200,000	200,000	200,000
Property Tax Levy	**$99,450,000**	**$99,400,000**	**$102,211,000**	**$107,014,305**
True Value Assessments	$ 39,830,182,158	$ 44,623,642,348	$ 47,073,459,701	$ 50,660,844,365
Property Tax Rate/$1,000	$2.49*	$2.23	$2.17	$2.11

The direct comparison of this year's rate to last year's rate is invalid as a means to estimate the change in an individual property's tax bill.

*Omitted taxes lower the adopted levy to be apportioned. The 2023 rate is $2.49 instead of $2.50 per $1,000.

**Includes $4,000,000 of Approriated Debt Service Reserve, $5,303,000 from the Community Benefit Fund reserve, and $393,391 from the Opioid Settlement in the General Fund.

Projected Constitutional Tax Margin

The Constitutional Tax Limit of the County is determined in accordance with Section 10 of Article VIII of the State Constitution. This limits the amount counties may raise in real estate taxes in any given fiscal year, exclusive of debt service, to 1.5% of the five-year average full value of taxable real estate to the County.

	2026		
Total Taxing Power	$	652,234,417	
Tax Levy*	$	83,482,618	12.8%
Tax Margin Available	$	568,751,799	87.2%

*Tax Levy includes adjustments for omitted taxes, Real Estate Taxes and Charge backs. It also excludes debt service for capital projects.

Projected Constitutional Debt Limit

The Debt Limit of the County is computed in accordance with the provisions of Article VII of the State Constitution and Title 9 of Article 2 of the Local Finance Law. These provisions limit the amount of debt, which can be incurred to 7% of the five-year average full value of taxable real property.

	2026		
Debt Limit	$	3,043,760,614	
Total Indebtedness*	$	281,275,000	9.2%
Debt Limit Available	$	2,762,485,614	90.8%

*Total indebtedness, for purposes of this computation, is reduced by the 2026 appropriations of $18,905,000.

Capital Projects & Debt Service

Overview

Like most governments, Dutchess County utilizes borrowing to finance capital expenditures such as road and bridge projects, equipment acquisition, building construction and renovations, and other authorized activities. Capital projects are typically multi-year projects financed by the issuance of debt, which is repaid with interest over the useful life of the project or capital asset. The County's operating budget includes annual re-payment of principal and payment of interest through "debt service."

There are many advantages to this method of financing capital expenditures. Borrowing, typically through issuance of bonds, helps to create a more stable expenditure pattern that does not fluctuate severely as projects are undertaken. Borrowing also enables the County to complete capital projects that would be unattainable through a strictly pay-as-you-go financing basis. Furthermore, this policy enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets.

The uses and terms of debt are largely regulated by New York State and Local Finance Law. According to the County Charter, the authorization to issue bonds requires adoption of a bond resolution approved by at least two-thirds of the County Legislative body. These resolutions delegate the power to the Chief Fiscal Officer, the Commissioner of Finance, to authorize and sell bond anticipation notes in anticipation of the issuance and sale of bonds authorized, including renewals of such notes. The decision to issue bonds is evaluated annually based on cash needs of each project and projected County cash flow. The County is assisted by bond counsel and financial advisors, who play a key role in the issuance, regarding the structure, timing, official statement, legal requirements, and application to the rating agency. For more information regarding debt service policy, refer to the Budget Overview – Financial Policies section of the budget document.

Debt Service

As of December 31, 2025, Dutchess County is projected to have total outstanding debt of $300,180,000 and approved appropriations to pay down $18,905,000 in 2026. Thus, the net indebtedness for the County as of December 31, 2025 is projected to be $281,275,000. The net indebtedness is subject to the constitutional debt limit of $3.0 billion, and the amount as of December 31, 2025 represents 9.2% of this limit. As of August 31, 2025, the County had authorized but unissued debt totaling $85,471,248. The following table represents a summary of the County's debt service obligation as of December 31, 2025.

YEAR	PRINCIPAL	INTEREST	TOTAL
2026	18,905,000	9,424,269	$28,329,269
2027	18,605,000	8,600,031	$27,205,031
2028	18,280,000	8,002,381	$26,282,381
2029	17,630,000	7,422,222	$25,052,222
2030	17,465,000	6,869,153	$24,334,153
2031-2035	81,105,000	26,391,004	$107,496,004
2036-2040	61,645,000	15,150,186	$76,795,186
2041-2045	42,440,000	7,449,933	$49,889,933
2046-2048	24,105,000	1,198,813	$25,303,813
	$300,180,000	$90,507,992	$390,687,992

Dutchess County utilizes comprehensive debt management strategies to minimize annual debt service and maximize benefit to the County's fiscal condition while protecting taxpayer resources. Debt management planning includes continual administrative review, adherence to local finance law, emphasis on pay-as-you-go financing when possible and responsible, and use of bond counsel and financial advisors.

The County has been vigilant in refunding bonds to issue new ones at lower interest rates. This process is undertaken periodically depending on interest rates and potential savings. The most recent refundings include the following:

- In October 2016, the County issued $10,960,000 in Serial Bonds which were used to advance refund $11,800,000 of public improvement bonds issued in 2007 and 2008. The overall savings to the County was $1,413,527.

- In April 2019, the County issued $12,805,000 in serial bonds which were used to advance refund $14,120,000 of public improvement bonds issued in 2010 and 2011. The overall savings to the County was $1,134,633.

In 2021 and 2022 the County also used its strong liquidity position to reduce indebtedness by retiring $13.5 million in bonds, thereby reducing ongoing debt service and saving $2 million in interest.

County fiscal staff continue to seek out other responsible debt management practices to effectively reduce costs. This includes the deferral of borrowings based upon the County's liquidity position.

Ongoing Projects

Dutchess County utilizes the annual Capital Improvement Program as a means to improve County infrastructure. The following represent ongoing projects that are necessary on a routine basis to maintain County infrastructure; and are included in the Capital Improvement Program for 2026.

- Building Planning, Design, and Renovations at Various County Facilities
- Roof Replacement Program
- HVAC Piping & Infrastructure Replacement Program
- Highway & Bridge Improvement & Reconstruction
- Highway Construction Vehicles and Equipment Replacement
- Dutchess Community College Furniture, Fixtures and Equipment, and Technology Replacements and Upgrades
- County Vehicle Replacement Program
- Law Enforcement Vehicle Replacement
- Park Master Plan Design and Implementation
- County-wide facility upgrades and renovation for ADA Compliance

These programs and projects are undertaken to respond to mandates or opportunities to promote greater efficiency and protect County assets.

Planned Capital Projects in 2026

Along with the routine ongoing capital projects listed above which occur on an annual basis, there are several necessary non-recurring capital projects included in the plan. The following projects have been proposed as part of the Capital Improvement Program for 2026.

Non-Recurring Capital Projects for 2026		
Department	**Project**	**Estimated County Cost**
District Attorney	Improvements at 236 Main Street –(Design and Construction)	$1,250,000
Dutchess Community College	Hudson Hall Interior Reconfiguration – Construction Phase 1	$4,379,500
Dutchess Community College	Dutchess Hall Renovation and Addition -Construction Phase 1	$4,896,500
DPW – Airport	Runway 6-24 Lighting and Signage Replacement (Construction)	$106,500
DPW – Airport	Runway 6-24 RSA Improvements (Construction)	$32,500
DPW – Airport	Terminal Apron Expansion (Design)	$20,500
DPW – Airport	Taxiway A Rehabilitation – Pavement & Lighting (Construction)	$116,000
DPW – Airport	Taxiway G Rehabilitation – Pavement & Lighting (Construction)	$43,500
DPW – Airport	Runway 15-33 Rehabilitation (Design) & Runway Surface and Lighting	$17,100
DPW – Buildings	45 Market St Envelope Improvements	$1,250,000
DPW – Buildings	230 North Road Campus and Building Renovations (Construction)	$13,500,000
DPW – Buildings	Renovations to the Office of Central Information Services (OCIS) Building	$1,000,000
DPW – Buildings	60 Market St. HVAC Renovation (Construction)	$14,000,000
DPW – Buildings	New Maintenance Shop at Bowdoin Park	$500,000
DPW – Buildings	60 Market St Envelope Improvements (Construction)	$2,500,000
DPW – Parks	Rail Trail Improvements	$500,000
DPW – Public Transit	Replce Five (5) 35’ Heavy Duty Buses & Two (2) 30’ Heavy Duty Buses	$432,500
Emergency Response	Vesta 911 Call Handling System Upgrade	$1,476,000
Finance	Tax Collection Software	$550,000
Planning & Development	Dutchess County Water/Sewer System Delineation Project	$250,000
Water & Wastewater Auth	Central Dutchess Pump Station Water Storage Tank	$3,000,000
	Total	**$49,820,600**

For detailed information regarding these projects, including project descriptions and total project costs, please refer to the *2026 – 2030 Capital Program Requests for Dutchess County* section.

Impacts on Operating Costs

Capital projects and the capital improvement program impact the budget in several ways. When debt is issued for a particular project, those costs increase the total debt service cost included in the ensuing years operating budgets.

Dutchess County strives to minimize frequency of borrowing and to utilize a pay-as-you-go project financing method when possible. The fiscal impact of each project is carefully reviewed to determine when borrowing becomes necessary to finance the project. Decisions are also impacted by changing interest rates.

Many of the on-going capital projects, such as roof replacements and energy efficiency improvements at County facilities, minimize departmental operating expenses by reducing utility and maintenance costs. These adjustments are included in the calculation of the annual operating budget during the budget process and are included in the analysis and decision-making process for individual capital projects.

The 2026 Debt Service Obligation by Fund is detailed in the table below.

2026 Debt Service Summary by Fund

Fund	Serial Bond Principal	Serial Bond Interest	Debt Service Totals
General Fund	17,637,120	8,979,123	26,616,243
Community College	1,082,433	373,759	1,456,192
Airport	155,561	69,969	225,530

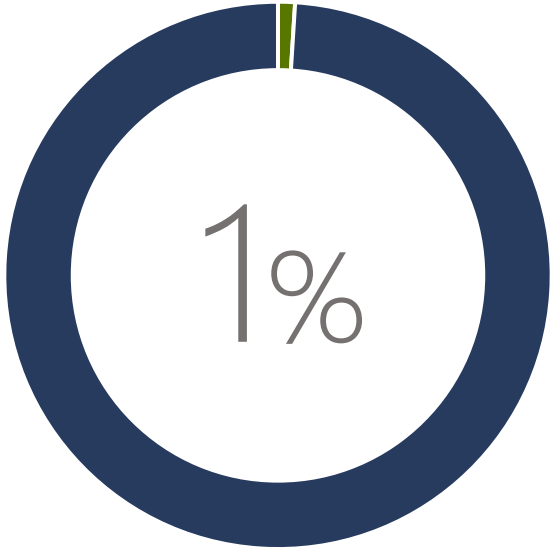
Percentage of the County Budget

Courts

Mission

To promote the rule of law and serve the public by achieving just and timely resolution of all matters before the courts.



Percentage of the County Budget

Courts

Functions

The Judicial Branch includes all courts in Dutchess County as well as the Commissioner of Jurors. New York State Courts, in all 62 counties, are divided into four Judicial Departments and 13 Judicial Districts for administrative purposes. All Courts in the County of Dutchess are located within the Second Judicial Department and the Ninth Judicial District. The Commissioner of Jurors is appointed for a four-year term, and maintains the central jury system for the County, providing trial and grand jurors for all courts within the County.

Assigned Counsel Administration (A.1162.01)

The Assigned Counsel Administrator and staff provide overall support, training, and oversight for a panel of 18B attorneys for all criminal courts and Family Court and handle/process all related invoices and expense payments. This unit is fully funded by the Office of Indigent Legal Services (ILS) through Hurrell-Harring funding.

County Court (A.1162.02)

County Court is responsible for all felony criminal cases in Dutchess County. Dutchess County has two County Court Judges, elected to ten (10) year terms. When the Public Defender and Conflict Defender declare a conflict, the Assigned Counsel Program provides 18B attorneys for representation in felony criminal cases and those costs are included in this department. The mandatory cost of juror parking is also paid from the County Court budget.

Supreme Court (A.1162.03)

The Supreme Court of Dutchess County is a court of unlimited original jurisdiction. By statute, a Supreme Court Justice or an Acting Supreme Court Justice must oversee the Integrated Domestic Violence (IDV) Court. The Supreme Court Justices are elected for a fourteen-year term. The Appellate Division and the Appellate Term hear all criminal and civil appeals.

Family Court (A.1162.04)

Family Court presides over a wide panoply of cases involving such issues as child custody, child neglect or abuse, adoptions, visitation, orders of protection, child support, child removal proceedings, etc. The Assigned Council program is tasked with maintaining a list of qualified attorneys who are assigned to all indigent litigants (set forth in Section 262 of the Family Court Act) when the Public Defender's Office has a conflict. Dutchess County Family Court has four (4) Judges who are elected for a ten-year term.

Justice & City Courts (A.1162.84)

The Dutchess County Assigned Counsel Program provides 18B counsel for all eligible defendants in all Town and Village Justice Courts, City Courts and County Courts in Dutchess County, when the Public Defender's Office and Conflict Defender declare a conflict in any case. Dutchess County has twenty (20) town courts, eight (8) village courts and two (2) city courts. Commencing in 2022, the payment of felony complaint fees and translation expenses for non-Assigned Counsel clients is paid from the Justice & City Courts budget.

State Parole Cases (A.1162.85)

This department includes assigned counsel expenses for Parole Hearing representation and the appeals from hearings when the Public Defender's Office declares a conflict.

Surrogate Court (A.1162.86)

Surrogate Court includes the costs for assignment of counsel for matters encompassed by Section 407 of the Surrogate Court Procedure Act (SCPA).

2026 Initiatives:

- Continue the establishment of a "Second-seat" and "Mentoring" program, which is favored by the New York State Office of Indigent Legal Services (OILS) to better educate panel attorneys.
- Continue to pursue the utilization of private investigators in all violent felony cases. Encourage panel members to utilize the services of private investigators in misdemeanor cases.
- Sponsor Attorney Training classes in conjunction with the Dutchess County Bar Association and Public Defender's Office. We anticipate the topic of Immigration Enforcement will be the first of such programs conducted by the New York State Regional Immigration Assistance Center.
- The Administrator continues to attend pre-trial hearings and trials being conducted by 18B panel attorneys in all courts to ensure appropriate representation is being provided and provide appropriate guidance when necessary.
- The Administrator will continue to work closely with the newly created ILS "Regional Coordinator". As a result of this joint effort, the Assigned Counsel Program Administrators throughout the Hudson Valley Region have been meeting on a regular basis.
- Expand the 18B panel of qualified attorneys.

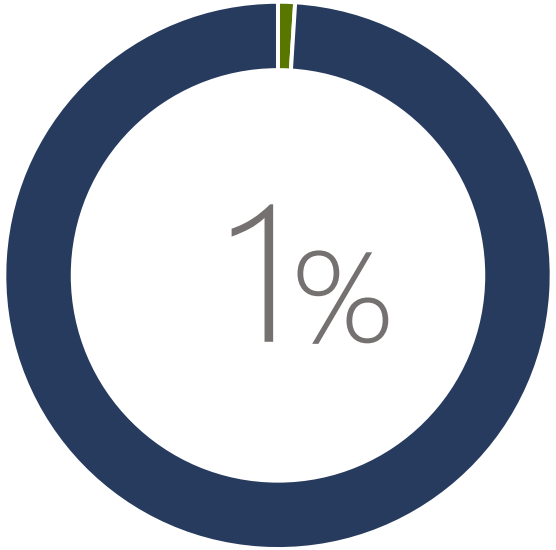
Board of Elections

Mission

To promote citizen confidence in the democratic process and enhance voter participation in elections by ensuring that all eligible residents of Dutchess County have an opportunity to register and vote in all elections.



Percentage of the County Budget

Board of Elections

Functions

Under New York State Election Law, responsibilities are delegated to the Board of Elections of each county to oversee the compliance of all laws and regulations as it pertains to the administration of elections. The Board of Elections' goal is to ensure the integrity of the election process while implementing new voter requirements.

Board of Elections (A.1450)

The department's duties include: administering all required elections; ensuring ADA compliant poll sites; registration and maintenance of voter registration submissions; being sole custodian of enrollment lists and maps of election districts; certification of election results and polling places; early voting commencing 10 days prior to all elections, appointment, training, supervision and payment of election inspectors; taking delivery of and processing petitions filed for candidates to public office and referendums comprised within Dutchess County; preparation of ballots specific to each election district; maintenance, preparation, storage and transportation of voting machines, electronic poll books and on-demand printers, processing of absentee ballot materials including military and federal voters; ensuring information is readily available including information provided on the organization's website, as well as information regarding campaign finance and data included in the statewide voter database, responding to FOIL requests and general inquiries from public officials and the general public regarding all of the above listed functions.

Key Budgetary Issues:

• In 2026, the Dutchess County Board of Elections will be administering for the first time, two elections that combine state, federal and local contests. Training and education will be a priority due to the drastic change in procedures for both the voters and our election workers.

• The BOE will utilize available grants to offset large expenses that will be incurred.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
To promote citizen confidence in the democratic process and enhance voter participation in elections.

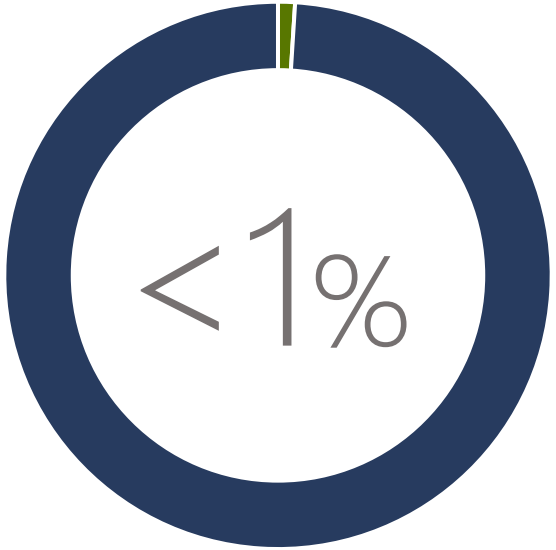
Comptroller

Mission

The Comptroller's Office audits and approves all payments made by Dutchess County. The office also audits county departments and agencies receiving county funds, providing recommendations to strengthen internal controls, enhance revenues, and ensure the effective use of taxpayer dollars.



Percentage of the County Budget

Comptroller

Functions

The Comptroller functions as the Chief Accounting and Auditing Officer of the County. As a countywide elected official, the Comptroller is directly accountable to the taxpayers and voters of Dutchess County. Consequently, the Comptroller's Office is not an agency of the Executive or the Legislature.

Comptroller (A.1315)

The Comptroller chairs the Audit Advisory Board, which provides oversight of the annual audit. The Comptroller's Office also audits and approves all payments for capital contracts, all payments to vendors, and contracts with outside agencies and contractors, as well as County payrolls. The Comptroller, with the assistance of staff, audits, provides consultation, and assists County departments and outside agencies funded by the County. The Comptroller periodically prepares formal and informal audit reports and submits them to the County Executive and Legislature with recommended actions to strengthen internal controls, curb expenses, enhance revenues, and protect taxpayers' interests.

The Comptroller performs tasks including pre-audit of claims, certification of availability of funds, encumbrance of funds, processing and record keeping required by federal, state, and local law for encumbrance, payment, and recording of financial transactions. The office ensures all applicable federal, state, and local laws are adhered to in the handling of County funds and their application in providing services to the public.

The Comptroller's Office reviews internal departmental controls, ensures proper policies and procedures are in place, and makes recommendations where appropriate.

2026 Initiatives:

- The Comptroller's office will monitor and report on large capital projects.
- The Comptroller's office will work with the County Attorney and other contract stakeholders to reduce the time it takes to execute a contract and to ensure contracts are executed before work begins.
- The Comptroller's office will integrate the new two-step contract module approval process into daily workflows without requesting additional staff.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Audit and approve payments for purchases, contracts, capital projects, employee reimbursements and daily Department of Community and Family Services warrant payments. Approve and process purchases from the County Storeroom through inventory journals.

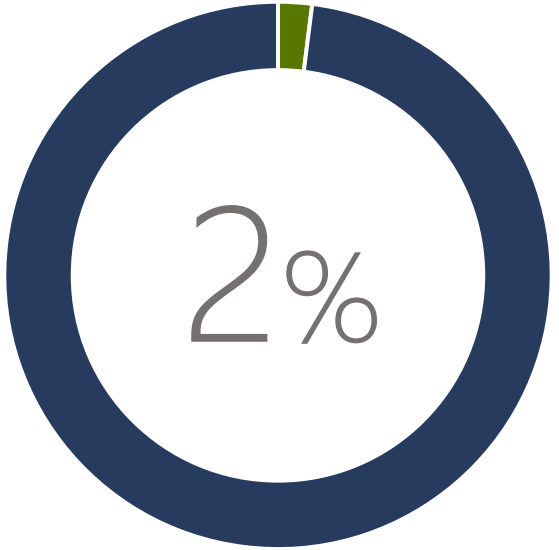
Office of Central and Information Services

Mission

The mission of OCIS is to provide premier administrative and information technology (IT) services to the people of Dutchess County through secure, effective, and innovative solutions. The department also provides dedicated services to County departments to increase their efficiency, effectiveness and support their administration with assistance and reducing costs.



Percentage of the County Budget

Office of Central and Information Services

Functions

The primary goals of the Office of Central and Information Services (OCIS) are as follows:

Central Services (A.1610.01)

The Division of Central Services provides County Departments with central purchasing, contract administration, duplicating and printing, mail processing services, inventory control, central billing, U.S. and interoffice mail deliveries, supply delivery, and office supplies. The division also coordinates the procurement of goods and services for the County by implementation and maintenance of a system in full accordance with requirements set forth in General Municipal Law, Sections 103 and 104B, and local County Law. Each request to purchase is evaluated to determine the appropriate means for acquisition at the best price available.

The Central Services Division coordinates support services such as the countywide copier program, supplies contracting, and bid and request for proposal (RFP development) to provide efficiencies and cost savings for the County. New centralized programs to reduce costs are continually under review for implementation.

In addition to serving all County departments, the Division of Central Services also serves qualified outside agencies, local municipalities, and fire districts through Shared Services' offerings. The division will assist in the continued development and enhancement of countywide purchasing cooperatives among participating municipalities and other shared services, such as procurement specialist support for municipalities, to further reduce costs for all agencies involved.

Telecommunications (A.1650)

The Telecommunications Division provides efficient telephone services and fast fiber optic telecommunications across County government departments.

Stores (A.1660)

The County maintains and operates a storeroom that initiates term contracts for office supplies, copy paper, trash can liners, paper products and green/environmentally preferred cleaning supplies. The storeroom uses these contracts to order larger quantities, realizing savings for the County and participating local municipalities and outside agencies.

The Storeroom also manages surplus inventory and maintains a website listing surplus furniture and equipment available for reuse throughout the County. Items not repurposed internally are made available to local municipalities or sold through public auction. In addition to coordinating surplus auctions, the Storeroom facilitates electronics recycling through the County's E-Waste program.

Printing (A.1670.18)

Central Services maintains and operates a Print Shop for all County departments to provide the most cost-effective printing service. Additionally, municipalities, fire districts, school districts, and other approved agencies can procure printing and copier services through the Print Shop. Services include typesetting, design and layout, offset printing, and photocopying in full color and black and white, as well as bindery and delivery services.

Mail (A.1670.19)

Central Services maintains a centralized mail and courier service for the County. Couriers collect all mail from various departments for delivery to the mailroom, where it is sorted and processed based on U.S. postal guidelines. Additionally, the couriers collect all interoffice mail for sorting and delivery to various County departments. The couriers also distribute items ordered from the storeroom and Print Shop to County departments and participating local municipalities and outside agencies.

Information Services (A.1680)

The Division of Computer Information Systems supports the County's strategic objectives by using automation to improve workflow, increase operational efficiency, and reduce costs. A core function of the division is to enhance data access and availability so that County departments, businesses, and the public can perform their work more efficiently and effectively. To promote better communication and collaboration, the division manages County-wide services such as email, internet access, and workflow applications, enabling smoother coordination between departments and external agencies.

In addition to supporting internal County operations, the division provides shared IT services to local municipalities and delivers public-facing solutions through internet applications and e-government services. It continues to modernize and expand the County's Wide Area Network (WAN), integrating both data and voice services and leveraging cutting-edge technologies such as Geographic Information Systems (GIS), mobile computing tools, imaging systems, and Enterprise Content Management (ECM).

The division offers technical guidance on software applications, technology selection, and implementation strategies, as well as advice on telecommunications infrastructure. It streamlines system installations and maintenance by adopting efficient, cost-saving solutions like Thin Client workstations, virtualized servers, and centralized disk storage systems. Cybersecurity is a critical and growing focus, with continuous efforts to protect the integrity of County networks and data through user training, security infrastructure improvements, and compliance with regulatory standards.

2026 Initiatives:

Information Services (A.1680)

- Identify and implement areas where AI technology can benefit the County and its citizens while upholding ethical considerations, transparency, and accountability.

- Launch a redesigned County website, focusing on meeting accessibility requirements defined by the federal government.

- Increase cybersecurity awareness, monitoring, threat assessment, and response to improve business resiliency, reduce business risk, and meet online compliance requirements.

- Expand the digitization efforts via OnBase Enterprise Content Management System (ECM), expand e-Payments System via CSG Forte, and increase e-Services for citizens.

Central Services (A.1610.01)

- Research avenues to increase the Procurement Card Program annual spend to increase the rebate the County receives.

- Streamline departmental and municipal billing processes.

- Research enhancements to the E-Waste Program.

- Explore Cooperative Contract purchases in compliance with NYS Comptroller's Office.

- Revising Items & Commodity Codes in ERP to enable data driven procurement related thresholds.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Central Services - To provide a system with a cost effective and efficient procurement program.						
	Purchase Orders Issued	831	850	850	-	0.0%
	P-Card Transactions	5,367	5,200	5,200	-	0.0%
	Dollar Value of PO's ($M)	$24.8	$20.0	$20.0	-	0.0%
	Number of RFP's, Bids and Quotes	104	100	100	-	0.0%
Stores - To provide cost effective purchasing and efficient delivery of office supplies.						
	Number of Storeroom Requisitions	1,794	1,750	1,750	-	0.0%
	Dollar Value at Cost	$315,200	$320,000	$320,000	-	0.0%
Printing - To provide a cost effective and efficient method of printing.						
	Number of Impressions	2,101,195	2,100,000	2,100,000	-	0.0%
	Number of Printing Requisitions	1,509	1,400	1,400	-	0.0%
Mail - To provide a cost effective and efficient method of mail delivery.						
	Number of Pre-Sort Pieces	105,778	100,000	100,000	-	0.0%
	Number of Full Rates Pieces	220,146	220,000	220,000	-	0.0%
	Total Mail Pieces	325,924	320,000	320,000	-	0.0%
Computer Information Services - Expand and improve web services to the public, municipalities and businesses. One of the best indicators of success are the number of web pages served during a given period.						
	County Web-Site Average Monthly Pages	9,912,165	10,200,000	10,400,000	200,000	2.0%
	Public GIS Mapping Applications Average Monthly Pages	6,100,000	6,100,000	6,100,000	-	0.0%
Computer Information Services - Improve and expand services for County departments.						
	Help Desk Calls for Service	8,348	10,336	10,400	64	0.6%
	Computer Applications Maintained for County Departments	218	225	227	2	0.9%
	County Active Directory Network Clients	2,275	2,120	2,140	20	0.9%

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Computer Information Services - Maintain and improve County Wide Area Network (WAN) and server environment						
	Fiber Optic Connections (Number Sites)	19	19	19	-	0.0%

County Clerk

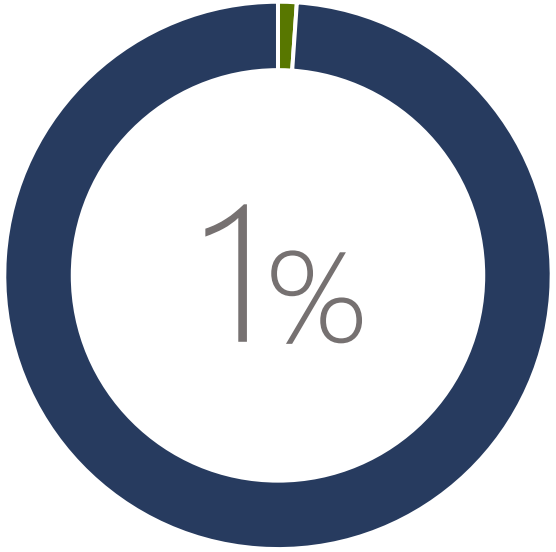
Mission

In all divisions, the County Clerk's Office is committed to the delivery of accurate information in order to facilitate successful transactions and satisfied customers.

Legal Division – To accurately record and index land records, court records and other public records in accordance with the duties of the County Clerk's Office as set forth in the NYS Constitution. To deliver personal service, process passport applications and arrange for Naturalization ceremonies for our newest citizens on behalf of the Federal Government.

Department of Motor Vehicles – To help customers successfully navigate the sometimes-complex state regulations pertaining to non-driver identification cards, drivers' licenses, and registrations.

Records Management Division – To accurately inventory, store and record all non-current and archival records for all County Departments and agencies.



Percentage of the County Budget

County Clerk

Functions

The Office of the County Clerk is one of the oldest governmental offices in Dutchess County, established in 1715 as Clerk of the Court and keeper of County Records. Over time, additional responsibilities have been added to the County Clerk's office. Currently, the duties are allocated as follows: Administration, Department of Motor Vehicles, Legal Division, Records Management, and functional oversight and administrative support for the Department of History.

Administration (A.1410.01)

The administration provides overall guidance and department management, oversees expenditures, and establishes the goals and objectives of the County Clerk's Office.

Department of Motor Vehicles (A.1410.13)

Dutchess County is one of 51 counties across New York State where the County Clerk, acting as the agent for the New York State Commissioner of Motor Vehicles, provides a wide range of motor vehicle services to the public. Services are provided on weekdays at the County Office Building in the city of Poughkeepsie, as well as in Wappinger, Millbrook, and Beacon.

Legal Division (A.1410.14)

The Legal Division is constitutionally charged with indexing and filing the records of the Supreme and County Courts, as well as recording all records relating to the title of lands within the County. Originally maintained as paper records, since 1989 all land records are stored electronically. In partnership with the Office of Central and Information Services, today more than 2 million land and legal documents are available to the public through dutchessny.gov/countyclerk for viewing and purchasing. Additional court filings are available through the New York State Courts Electronic Filing (NYSCEF) system. Additionally, we are back-scanning our deed documents and expect to have all deeds online by 2027.

Additional responsibilities include:

- For Veterans - File military discharge papers, issue Veteran's Peddler's Permits, and administer the "Return the Favor" program.
- For Citizens - Act as agent for the Department of Homeland Security for passport services and administer the Oath of Allegiance to new citizens at bi-monthly naturalization ceremonies.
- For Businesses - As Chief Notary of the County, maintain the registry of notaries. Also, issue assumed name business certificates, as well as corporate filings received from the NYS Department of State.
- For Government - Record Oaths of Offices for County and municipal office holders. Collect and distribute taxes and fees for multiple entities.

Records Management (A.1410.20)

The County Clerk serves as the Records Management Officer of Dutchess County. Long-term record storage is located at 170 Washington Street in Poughkeepsie, where more than 51,995 boxes house document collections of every department of County government, as well as historical documents. The Records Center also provides documents to departments upon request and re-files those documents upon return.

Key Budgetary Issues:

Department of Motor Vehicles

- Driver license, permit, or ID cardholders, now are required to be REAL ID or Enhanced compliant for federal purposes. In 2018, the NYS DMV implemented its REAL ID and Enhanced compliant cards. To date, the Department has experienced an uptick in these new license card requests. These transactions are more complicated, and often take longer to process leading to prolonged wait times for all DMV services.

- An upgraded queuing system has been installed in the Poughkeepsie and Wappingers offices that allows appointments to be prioritized over walk-ins. The County Clerk is pursuing installation of this system in the Beacon and Millbrook Offices.

2026 Initiatives:

- The office anticipates continued growth in the electronic submission of records. 81% of civil cases were commenced electronically in 2021, 88% in 2022, and 82% in 2023. The percentage of decrease in electronic filing is the result of the dramatic increase in Emergency Risk Protection Order (ERPO) actions that are often filed by police agencies in paper format. We encourage these agencies to electronically file ERPO actions, saving time, money and labor.

- E-Filing has provided pro se litigants, attorneys, and users of the system up-to-date information, accessibility, and efficiency. E-Recording of land records will expand to include additional vendors. For the County, these initiatives have provided cost savings in processing and postage costs.

- The County Clerk will examine existing policies and procedures to enhance workforce development and efficiencies.

- In the Records Management Division, the County Clerk's records comprise 27% of its holdings. In the past year, the Department has redirected its efforts in transitioning from the reliance on paper documents through purging and imaging to relieve the burden of storing records. To date, nearly 2 million pages have been digitized. For 2026 , the department has requested funding to continue the ThinkDIFFERENTLY back scanning project. The project has proven to be an innovative solution by back scanning documents as well as providing technical training to those with special needs.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Department of Motor Vehicle - To deliver personal service at a reasonable cost while generating revenue for the county.						
	DMV Transactions	227,210	290,000	260,000	(30,000)	-10.3%
Legal Division - To serve as receiver and custodian of all land records, the collector of mortgage and deed transfer taxes and receiver of court documents. The Legal Division will also continue to process passport applications, assist in setting up new businesses and conduct naturalization ceremonies for new American citizens.

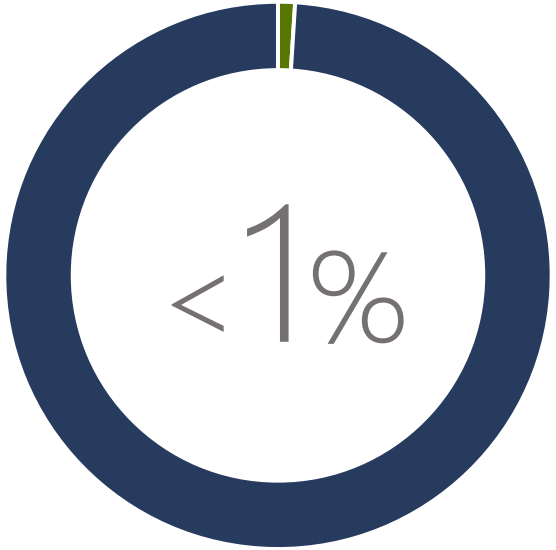
County Executive & Budget Office

Mission

To provide quality, responsive services to residents, businesses, and visitors in a fiscally responsible manner while striving to preserve our heritage, promote economic development and enhance the quality of life for current and future generations.



Percentage of the County Budget

County Executive & Budget Office

Functions

The County Executive is the Chief Executive Officer of the County, serves a term of four years, and exercises all of the executive powers and duties conferred or imposed by law or Charter. The Budget Office serves the County Executive and the administration on all budgetary issues and is responsible for the preparation and oversight of the annual operating budget and capital plan. The County Executive's Office and the Budget Office work together to advance the County Executive's priorities and implement policy. They provide the necessary research and cost-benefit analysis necessary to make informed program and policy decisions. The County Executive's Office and Budget Office provide oversight and involvement in the policies and implementation of initiatives. These initiatives are described and included in the departmental areas of the budget.

County Executive (A.1230)

The County Executive is the Chief Budgetary Officer of the County. The County Executive approves or disapproves proposed local laws, ordinances, legalizing acts, or resolutions. As well as makes, signs, and implements all contracts on behalf of the County.

The County Executive's responsibilities consist of appointing department heads and appointive executive officers of the County Government, subject to confirmation by the County Legislature; to supervise, direct and control the administration of every department of the executive branch of County Government, their internal structure and organization, including the appointment and dismissal of employees. Furthermore, the County Executive appoints, supervises and terminates all executive committees, commissions, and boards to assist in the exercise of the executive functions and in the planning, formulation, and administration of executive policies and programs.

Budget (A.1340)

The Budget Office is responsible for monitoring expenditures and revenues throughout the year to ensure compliance with the budget, analyzing the impact of New York State and Federal legislation on the county's fiscal plan and assisting the County Executive's Office and departments with special projects.

Dutchess County is required by Administrative Code to submit the County Executive's Tentative Budget, including both the operating budget and the capital budget for the ensuing fiscal year, to the Legislature by November 1st. A final budget must be adopted by the Legislature for the next fiscal year by December 21st.

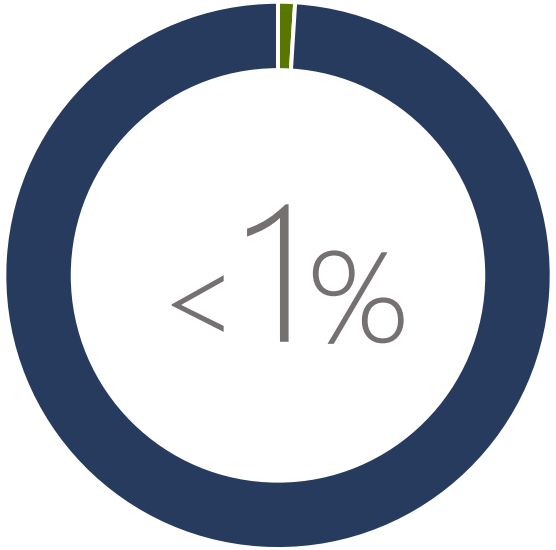
County Legislature & Clerk

Mission

The Legislature's mission through open and transparent government is to provide efficient, effective, and reliable resources to enhance the health, safety, and quality of life of the citizens of Dutchess County.



Percentage of the County Budget

County Legislature & Clerk

Functions

The County Legislature is the policy-making and appropriating body of County Government. It is comprised of 25 part-time Legislators elected from separate districts throughout the County. It has standing committees composed of its members, as well as advisory committees and boards with citizen participation.

County Legislature (A.1010)

The Office of the Chairman includes an Assistant to the Chairman, who serves at the pleasure of the Chairman and performs duties and assignments as directed.

The Legislative Attorney renders opinions, prepares legal documents, and advises the Legislature in its deliberations as well as in committee meetings and legislative sessions.

The Legislature has been designated by the New York State Association of Counties as a US Flag disposal site.

Clerk of the Legislature (A.1040)

The Clerk of the Legislature and the staff serve as the administrative arm of the County Legislature and are the Legislature's official link to all other departments in the County and the voters at large.

2026 Initiative:

- To allow the public greater access to notices and hearings, begin pushing out all public hearings and legal notices on Dutchess Delivery.

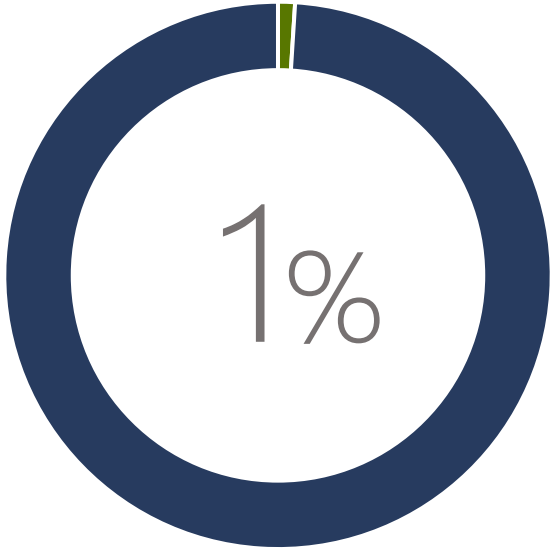
Finance

Mission

To successfully meet all mandates and County Charter directives relative to the administration of all financial affairs of the County, as well as the Real Property Tax administration, providing local assessors with resources needed to carry out the assessment function and provide public access and information.



Percentage of the County Budget

Finance

Functions

The Commissioner of Finance is the Chief Fiscal Officer of the County, encompassing the role of Treasurer, and is charged with the responsibility of receipt and disbursement of County Funds. The Commissioner of Finance is also responsible for enforcement of real property taxes levied for county, town, school district, and village purposes. All state and federal aid monies, fees collected by departments and other cash payments receivable by the County are deposited with the Commissioner of Finance, who, in turn, is responsible for investing funds that are not immediately needed for payment of goods and services provided to County government.

Finance (A.1310)

The accounting and cash management functions include those treasury functions associated with the Chief Fiscal Officer of the County. Such responsibilities include receipt, disbursement, investment of funds, debt management, maintenance of accounting records, and preparation of financial statements. Finance also performs the payroll function for the County, collects hotel and Airbnb tax, and provides the tax enforcement function, including a collection of delinquent real property, as well as the In-Rem foreclosure action.

Finance - Real Property Tax (A.1355)

The division produces and maintains tax maps for the County, which are the basis for much of the County's Geographic Information System. Other functions include education and training for assessors and their staff, Boards of Assessment Review, transfer (sales) and escrow account maintenance, administrative corrections to tax rolls, calculations of tax rates, and processing of omitted and re-levied taxes.

The division works closely with local assessors and offers a wide variety of information and services related to assessment administration, research, and guidance. The division also provides information and assistance to other County departments and the public. The division produces assessments, tax rolls, bills, and associated documents. It forwards data as required or requested to the New York State Department of Tax and Finance. The division also acts as a liaison between the New York State Office of Real Property Tax Services and the local assessors.

Tax Advertising & Expense (A.1362) & Exp Property Acquired for Taxes (A.1364)

The tax enforcement function encompasses those responsibilities set forth in Real Property Tax Law governing the collection of delinquent real property taxes. The Commissioner of Finance is charged with the duty of enforcing collection of all delinquent county, town, school, and village taxes within the County, except those parcels located within the cities of Beacon and Poughkeepsie. The enforcement process includes acquisition of property through an In-Rem foreclosure action and subsequent sale at public auction. These accounts reflect the costs associated with this process.

Municipal Association Dues (A.1920)

Dues are paid to municipal associations, including the New York State Association of Counties.

Taxes & Assessment County Property (A.1950)

Taxes due on property owned by the County.

MTA Payroll Tax (A.1980)

Expense associated with the .34% MTA payroll tax on gross County payroll paid on a bi-weekly basis. The MTA payroll tax for Dutchess County and Zone 2 ended July 1, 2025.

General Gov't Support (A.1989)

General Government Support encompasses miscellaneous expenses including tuition reimbursement.

2026 Initiatives:

- Work toward an earlier completion date for the County's Annual Financial Statements. The goal is to finalize the 2025 Financial Statements by July 31.

- Continue the implementation of Time Clock Plus and explore additional time & attendance products to support various departments throughout the county.

- Implement new or utilize existing software to enable residents to pay their delinquent tax bills online. This feature is not currently offered to County residents.

- The Real Property Tax division will begin working with the assessors and OCIS on the conversion to new assessment software. This will include the development of new policies and procedures for use, as well as data clean up and training.

- The Real Property Tax division will monitor and implement any changes in the State Law regarding Real Property Tax. This includes changes for Limited Income Seniors, Low Income Disability, and Volunteer Firefighters and Ambulance Worker exemptions as well as the NYS STAR program.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Finance - Proper management of all receipts, disbursement, and investments of all state and federal aid, and other cash payments; debt management, maintenance preparation of account/financial statements; and timely payroll preparation.

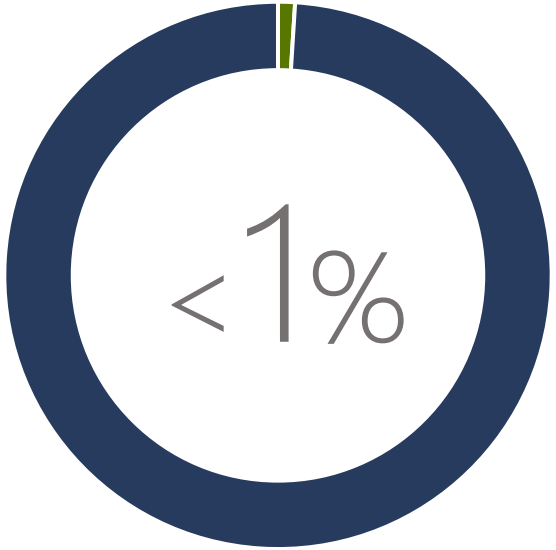
Department of Law

Mission

The County Attorney is the sole legal advisor for the Executive branch of County Government. The Department of Law is responsible for protecting the interests of the County in all judicial matters involving the County in state and federal courts as well as administrative proceedings. It further provides legal advice to the County Executive and all executive departments of the County. The goal of the Department of Law is to provide excellent legal services to the County of Dutchess in a comprehensive, efficient and collegial manner.



Percentage of the County Budget

Department of Law

Functions

The County Attorney is the sole legal advisor for the Executive Branch of County Government. The Department of Law prosecutes or defends all civil matters or proceedings involving the County, its units, and officers (except the Legislature), as well as prepares all necessary legal papers and instruments pertaining to the County, and as general counsel, is a key part of ensuring the County's compliance with federal, state and local laws, rules, regulations and resolutions. For example, the County Attorney provides legal counsel to the County on a myriad of legal topics, including but not limited to, Freedom of Information Law (FOIL), contract and lease negotiations, administrative hearings, drafting resolutions and local laws, conducting public hearings, federal and state grant reviews, personnel and employee relations, labor contract negotiations, real property tax, risk management, condemnation, negotiating and closing real estate transactions, legal research, and rendering legal opinions.

Department of Law (A.1420)

The County Attorney's office is involved, and not by way of limitation, in eminent domain proceedings, highway/right-of-way takings, tax refunds, Department of Health legal proceedings, and the Federal Urban County Program. The office is also responsible for civil litigation in actions involving the County and its officers, challenging bid awards on County projects, in rem tax enforcement proceedings, Medicaid fair hearings and pursuit of tax claims in Bankruptcy Court, ongoing activity in the acquisition of open space and trail rights throughout the County, and the prosecution of juvenile delinquency and persons in need of supervision cases in family court.

A division of the County Attorney's office is assigned to the Department of Community and Family Services (DCFS). This unit provides legal advice to the various social service divisions and represents DCFS in Family Court cases and in related matters in other court and legal forums; handles cases involving adult protection, child abuse and/or neglect, foster care, and severance of parental rights; and prosecutes support collection cases.

2026 Initiatives:

- Support and consult with various County stakeholders to implement affordable, transitional and emergency housing initiatives within the County.
- Support and consult with various County stakeholders to bring a variety of youth services initiatives to fruition by contract and grant negotiations; facilitate real property and public works transactions.
- Facilitate Emergency Response and supplemental EMS services initiatives in the County through intermunicipal agreements and contract negotiations.
- Work with an internal group on Lean Six Sigma training to address the County's contract process and decrease the length of processing time to execution.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
County Attorney processes all County contracts, amendments and extensions; reviews related scopes of service and insurance; handles leases; claims and litigation for and against The County; prepares local laws and resolutions for submission to County Legislature; provides legal support to all County departments.

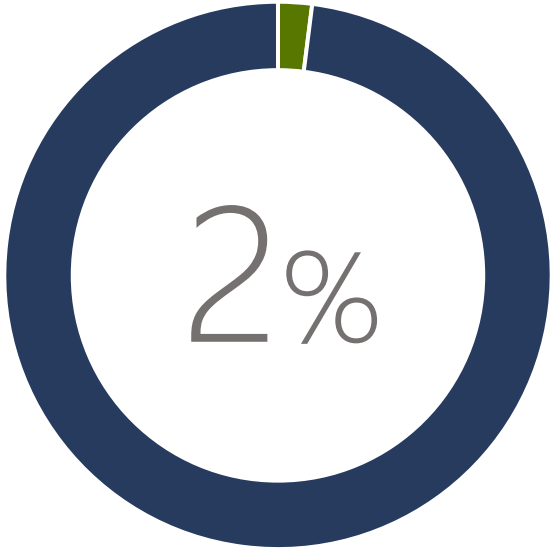
Human Resources

Mission

To provide a full range of high quality human resource management services for Dutchess County departments and employees and to administer the New York State Civil Service Law for the county and all municipalities within the County including towns, villages, cities, special districts, school districts and Dutchess Community College.



Percentage of the County Budget

Human Resources

Functions

The Commissioner of Human Resources acts as the Civil Service Officer (local civil service commission) for the County of Dutchess as defined by Section 15 of Civil Service Law. This includes the responsibility for administering Civil Service Law for the County, as well as all the towns, villages, cities, school districts, and special districts located within the geographic boundaries of Dutchess County. The Commissioner is assigned by the County Executive with the responsibility of administering labor relations for County bargaining units, including participation in collective bargaining negotiations. The Equal Employment Opportunity Program for the County is currently overseen by the EEO and Inclusion Officer under the direction of the Human Resources Department.

Human Resources (A.1430)

Human Resources is responsible for both civil service and personnel administration. Civil Service Administration is done for County agencies and municipalities and includes maintaining all civil service records, the civil service examination process, civil service roster records, application review, and annual payroll certifications. Personnel administration is provided for all County departments and includes all personnel records; contract negotiation, interpretation, and implementation, grievances, and discipline; labor relations issues and interpretation; and enforcement of County policies and procedures.

The Equal Employment Opportunity and Inclusion Officer coordinates diversity and inclusion initiatives, including, but not limited to, community outreach for recruitments, assists in ensuring compliance with federal and state employment laws, civil service law, and Dutchess County's policies and procedures, conducts complaint investigations, oversees the 55-a program implementation, and maintains background check compliance pursuant to Corrections Law 23-A.

Risk Management (A.1910)

This division is responsible for the oversight of employee benefits, workplace safety, workplace violence investigations, review of ADA accommodation requests, workers' compensation and 207c law enforcement workers' compensation benefits, administration of online training, and property, casualty, and liability insurances for Dutchess County. Through shared services, the division also handles the self-insured workers' compensation trust and 207c benefits for two component agencies and eight local municipalities. The division establishes and reviews insurance requirements for approximately 2,500 County contracts, leases, permits, and special events. Risk Management also works with departments and municipal partners to prevent injury by performing workplace safety inspections and holding fleet safety meetings.

Workers' Compensation (S.1710/1720)

Risk Management oversees Dutchess County's Self-Insured Workers' Compensation Trust, which includes 11 participants; manages the Third-Party Administrator (TPA) outcomes; reviews claim reports and follows up; conducts claim reviews with department heads; trains staff on

workers' compensation reporting; recommends and implements safety/policy initiatives; and updates participants on recent NYS Workers' Compensation Board regulations and initiatives. Risk Management also works with 207c Attorneys and Workers' Compensation Attorneys to review cases for potential fraud, litigate arbitrations, and liens against third parties.

Key Budgetary Issues:

- The budget does not include the impact of contracts with CSEA and DCSEA, which have not been settled beyond 2024 and 2025 respectively. A Cost-of-Living Adjustment (COLA) for management and confidential employees has also not been included. The budget does include all step increases, longevities, and merit awards.

2026 Initiatives:

- Update and develop countywide policies as necessary.
- Identify and implement strategies to remove barriers to entrance into the Civil Service workforce.
- Re-design job announcements to make them easier to understand and more suitable for electronic dissemination.
- Formulate updated policy and procedures for volunteer background checks, onboarding orientation and ongoing training oversight, fitness for duty status, and improved record keeping.
- Seek input from internal and external agencies to re-evaluate the probationary period in the Dutchess County Rules for the Administration of Classified Service.
- Form a committee to develop a Supervisor/Leadership training program which utilizes County's LEARN software system as part of the curriculum.
- Obtain settlement of outstanding Union Collective Bargaining Agreements (CSEA, DCSEA).
- Initiate searches for platforms to improve IT support programs or leave tracking (including FMLA, PFL and Disability), claims management (including fleet tracking), and workplace violence complaint tracking.
- Expand eGov software to allow roster access and entry by municipalities to increase efficiency and transparency.
- Expand eGov software to centralize and automate Eligible List canvassing, relieving individual departments, and civil divisions (Cities, Town, School, etc) of the responsibility.

Goals and Workload Measures

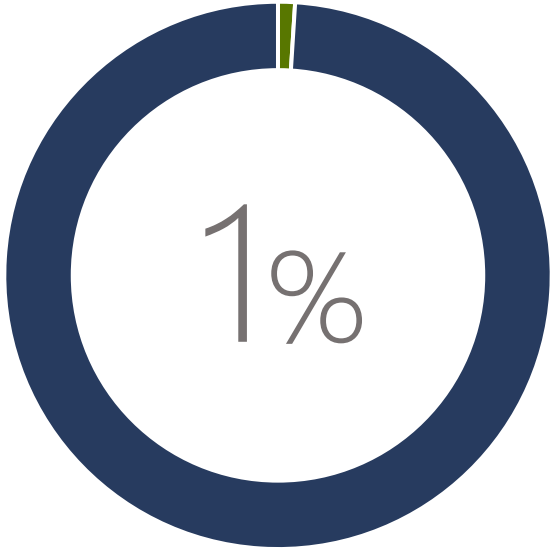
Public Works Administration & Buildings

Mission

The Department of Public Works oversees the maintenance and operations of all County buildings, parks, roads, bridges, the County Airport and County Public Transit as well as the administration and accounting of these divisions. The administration and buildings divisions plan, design, build and maintain the physical county infrastructure and provide supervision of the design and construction of capital projects in the Capital Improvement Program.



Percentage of the County Budget

Public Works Administration & Buildings

Functions

The Department of Public Works is responsible for the administration, construction, maintenance, supervision, repair, alteration, and care of all County buildings, highways, bridges, parking lots, parks, rail trails, the Hudson Valley Regional Airport, and the County's Public Transit System. The Department of Public Works is also responsible for the supervision of the design and construction of all capital projects.

DPW Administration (A.1490)

DPW Administration provides overall guidance and department management, oversees expenditures and capital project management, and establishes the goals and objectives of the Public Works Department.

DPW Buildings (A.1620)

The DPW Buildings Division is responsible for the operation and maintenance of 159 County-owned or leased buildings, totaling approximately 1.3 million square feet. The major objective of this Division is to maintain the County's building assets in a state of good repair and ensure the safety and comfort of all County employees and residents visiting the County's facilities. A full range of services is provided or administered to achieve this goal, including overseeing design, construction, administration, building maintenance, security services, off-street parking, and operation of the County-owned facilities.

2026 Initiatives:

Administration (A.1490)

- Create a technology task force within the Department and work with OCIS to explore how technology, including AI, can improve the Department's delivery of services.
- Improve recruitment efforts for vacant positions and align job descriptions with needed skillsets for vacant positions.

Buildings (A.1620)

- Complete Design and start Construction of HVAC Upgrades project at 50 Market St.
- Complete Design, issue bids and start reconstruction of the 230 North Road Complex.
- Issue bids and complete construction of the ADA Ramp at 22 & 60 Market Street.
- Complete Design of ADA Restroom project at 22 & 60 Market Street.
- Complete design and issue bid for OCIS exterior improvements.
- Support Dutchess County Youth Opportunity Union (YOU) project.
- Design and replacement of select HVAC equipment at 45 Market Street to improve occupant comfort.
- Design and replacement of 503 Haight Avenue (OCIS) computer server raised floor cooling system.
- Begin construction of a replacement generator at 50 Market Street and manual transfer switch at 45 Market Street.
- Complete bid documents for construction of a new emergency homeless shelter located at 26 Oakley Street.
- Issue Bids and begin Construction of the ADA restroom improvements project for 22 and 60 Market Street.
- Design and implement roof replacement/repair projects based on Roof Master Plan.
- Issue RFP and start design of 45 Market Street envelope improvement project.
- Identify a suitable Commissioner of Jurors lease location.
- Continue security access and surveillance improvements throughout the county.
- ADA improvements and modernization of Probation restroom located at 50 Market Street.
- Secure preventative maintenance contracts for county-wide HVAC systems to ensure proper equipment, preventative maintenance, and extend service life.

Contingency & Vacancy Factor

Contingency

The County cannot always know what is coming. By budgeting contingency, the County recognizes the need to have funds to pay for unplanned obligations.

Vacancy Factor

Vacancy factor is the budgeting of savings resulting from vacant positions. When employees leave the County or move to other positions, it takes time to refill the position.

Contingency & Vacancy Factor

Functions

Contingency & Vacancy Factor (A.1990)

Contingency funds are monies budgeted for future events or circumstances that are possible but cannot be predicted with certainty. The vacancy factor is a negative appropriation that reflects the dollars expected to be saved by having unoccupied positions throughout the year. Vacancy factor is generated by turnover in positions and can be managed to achieve savings.

Key Budgetary Issues:

- Vacancy factor is budgeted at ($4.18M) and the administration will manage positions as they become vacant.
- Contingency includes $1.5M for General Contingency.

Contingency & Vacancy Factor

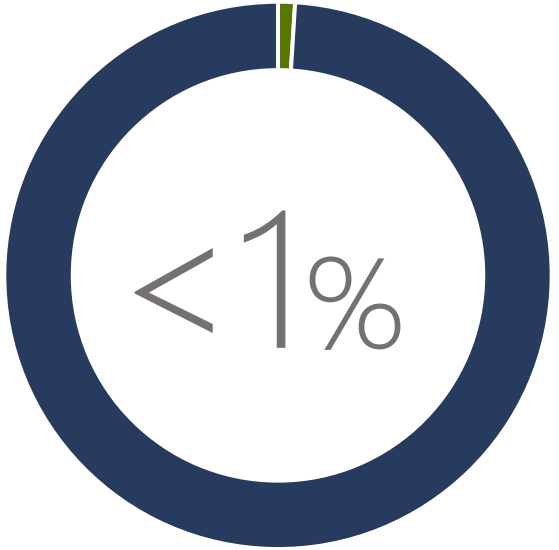
Contribution to Enterprise Fund

Mission

To minimize the support to the Enterprise Funds including the Airport and Public Transit operations.



Percentage of the County Budget

Contribution to Enterprise Fund

Functions

Contribution to Enterprise Fund (A.9901.63)

DPW Airport (EA Fund) and DPW Public Transit (ET Fund) operate as Enterprise funds. The difference between revenue and expenses in each fund, is offset by a contribution from the General Fund known as the County subsidy.

Key Budgetary Issues:

- ET Fund Contribution is budgeted at $2,783,137.
- There is no necessary County contribution to the Airport EA fund.

Contribution to Enterprise Fund

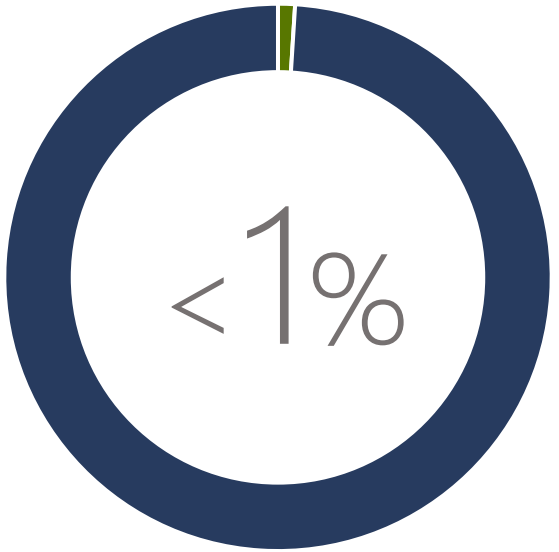
Interfund Transfers

Interfund transfers are a necessary accounting function to move money between funds.



Percentage of the County Budget

Interfund Transfers

Functions

Interfund Transfer (A.9901.65)
The interfund transfer reflects the necessary transfer between funds for the Judgements and Claims against the County.

Workers' Compensation (S.9901.21)
This area includes the interfund transfer of funds from the S Fund to the General Fund (A) to reimburse Risk Management for salary and benefits for employees who administer Workers' Compensation and related safety programs.

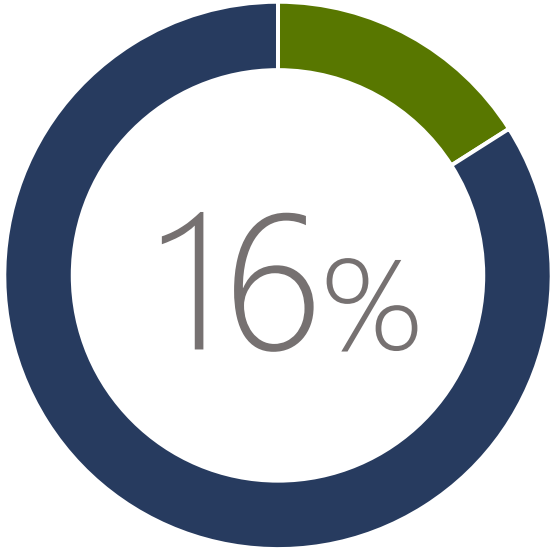
Property Tax

Mission

To minimize property taxes to the extent possible while maintaining core County services and programs.



Percentage of the County Revenue

Property Taxes

Functions

The 2026 Adopted Budget includes a tax levy of $107,014,305, which reflects a 4.7% increase in the property levy, however, due to a 7.6% increase in true value assessments, the property tax rate will decrease by 2.8% from $2.17 to $2.11 per $1,000 of true value assessment.

Finance –Real Property Tax (A.1310) & Property Tax Adjustments (A.9999)

The 2026 General Fund (A) real property tax is $93,405,245.

Finance –Real Property Tax (D.1310)

The 2026 Road Fund (D) real property tax is $10,989,222.

Finance –Real Property Tax (E.1310)

The 2026 Machinery Fund (E) real property tax is $2,619,838.

Property Tax Adjustments (A.9999)

The 2026 General Fund (A) real property tax provision for tax refunds is ($200,000) and the provision for uncollected taxes is ($600,000).

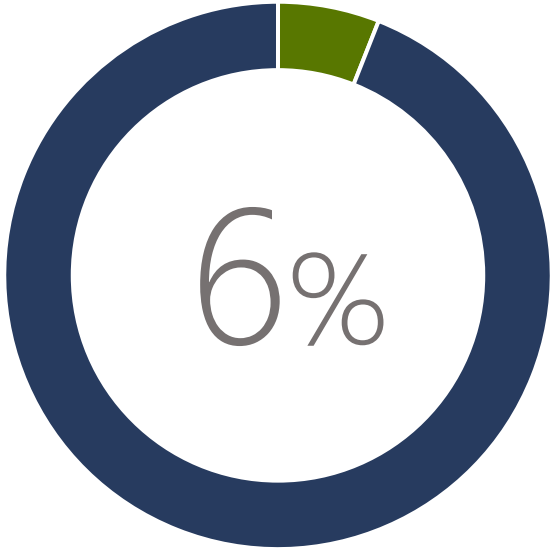
Appropriated Fund Balance

Mission

The County will strive to maintain an undesignated/general fund balance of 1-2 months of general fund operating expenditures in the general fund balance as a means of maintaining financial stability. To the extent general fund balance exceeds 2 months of operating expenditures, the County will use general fund balance to pay down or avoid indebtedness and or provide property tax relief through offsetting current year operating expenses.



Percentage of the County Revenue

* Includes appropriation from Appropriation of Debt Reserve to offset debt service.

Appropriated Fund Balance

Functions

Fund Balance is not a cash account to be spent. Instead, it is the difference between the county's assets and liabilities at a single point in time. There are also different fund balance classifications including non-spendable, restricted, committed, assigned and unassigned. Appropriated Fund Balance is classified as assigned.

Appropriated Fund Balance (A.9998)

The 2026 Adopted Budget includes a $28.6 million appropriation of general unassigned fund balance and $4 million appropriation from restricted fund balance to offset debt service in the General Fund (A). $5.3 million is appropriated from the Community Benefit Fund to fund key priorities in Law Enforcement, Youth Services, Emergency Medical Services, Recycling, and the Housing Trust Fund and $393,391 is being appropriated from the Opioid Settlement Fund, which is a reserved portion of general fund balance.

Appropriated Fund Balance (D.9998)

The 2026 Adopted Budget includes a $2 million appropriation from the Road Fund (D) unassigned fund balance.

Appropriated Fund Balance (E.9998)

The 2026 Adopted Budget includes a $750,000 appropriation from the Machinery Fund (E) unassigned fund balance.

Appropriated Fund Balance (S.9998)

The 2026 Adopted Budget does not include any appropriation of Self Insurance Fund (S), which is the County's Workers' Compensation program.

Appropriated Fund Balance (ET.9998)

The 2026 Adopted Budget does not include any appropriation of funds from the Public Transit Enterprise Fund.

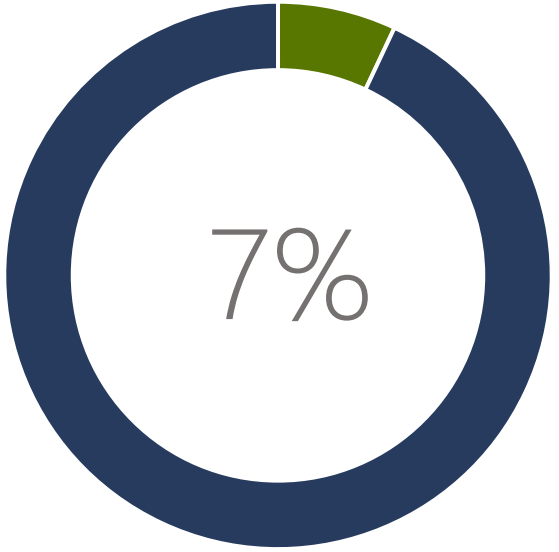
Shared Revenue

The Shared Revenue section of the budget includes: Sales Tax, Excise Tax, Off-Track Betting, Hotel Tax and PILOT Payments.



Percentage of the County Budget

Shared Revenue

Functions

Shared Revenues include sources of county revenue that are for general use and fund all county operations.

Distribution of Sales Tax (A.1985)

This account reflects the distribution of sales tax revenues to municipalities through the sales tax sharing agreement that is in place, and which changed in 2023. The County has a contract with the City of Poughkeepsie and City of Beacon to distribute sales tax, as the cities have relinquished their right to charge a separate city sales tax. The contract includes the distribution of 5.63% of total County sales tax to the City of Poughkeepsie, 2.45% to the City of Beacon and 9.5% to the Towns. Villages receive a portion of the town's allocation determined by the percentage of full valuation of real property in the village within the town, as compared to the full valuation of real property in the entire town.

The current sales tax agreement includes a graduated increase in the percentage of sales tax paid to the cities over the term of the agreement, with the City of Poughkeepsie increasing their percentage of sales tax collected from the current 5.63% to 6.02% by 2030. The City of Beacon will go from its current 2.45% to 2.62% by 2030. Local towns will continue to share 9.5% of total county sales tax collected distributed based on population.

An additional agreement with the City of Poughkeepsie allowed us to pay an additional $3 million at the beginning of the contract with the City of Poughkeepsie receiving $300,000 less in sales tax each year until the end of the term.

Sales Tax (A.1331)

The current sales tax rate in Dutchess County is 8.125%, of which 3.75% goes to the County, 4% goes to the state and .375% goes to the MTA. Twenty-seven payments are received annually from New York State and are reflected in this account.

Excise Tax (A.1332)

There is a local retail excise tax of 4% on Adult-Use Cannabis which is now legal in New York State, and the County is beginning to see revenue related to retail sales. The 4% local tax is split 25%- County and 75%- city/town/village. For a dispensary in a village, the tax will be split evenly between the town and village unless the town and village have an agreement to split the funds differently. The cannabis tax will be distributed to counties by the Office of State Comptroller on a quarterly basis. The Office of State Comptroller has advised counties should only be recording the net revenue as opposed to both the revenue and distribution to municipalities.

Off-Track Betting (A.1335)

Off-track betting (OTBs) corporations are a type of local authority that provides sanctioned gambling on horse racing outside a racetrack. OTBs are required to pay local governments a portion of the dollars wagered, as a form of local tax revenue, however, the last OTB location in Dutchess County closed in November 2024.

Hotel Tax Revenue (A.1336)

County hotels, motels, bed & breakfasts, boarding houses, conference centers, and tourist homes which are used for lodging guests pay an occupancy tax to the County. The budget includes a full year at 5%. The County Executive has committed to dedicating Short-Term Rental revenue to the Housing Trust Fund and will allocate funds through the budget process.

Shared Revenue (A.1930)

This account reflects negotiated Payments in Lieu of Taxes (PILOTs) paid to the county in lieu of property taxes based on assessed value.

Key Budgetary Issues:

Sales Tax

Sales tax projections are calculated by first projecting the 2025 sales tax based on actual receipts in 2025 and then adding anticipated growth or retraction. The 2025 projection assumes the remaining payments for the year continue at 1% growth over last year (consistent with 3rd quarter receipts) and 2026 will attain 1.5% growth. The 2026 Budget also continues the County's current sales tax rate of 3.75%. The full amount of sales tax collected will be shared with municipalities based on the current sales tax agreement.

The total amount projected to be shared with municipalities in 2026, based on the current sales tax agreement, is $47.8 million.

2026 Gross Sales Tax Projection	
2025 projected sales- remaining payments 1% over 2024 payments	$264.5M
2026 Growth at 1.5%	3.9M
Total 2026 Gross Sales Tax Projection	$268.4M

Hotel Tax

- The 2025 Hotel tax is projected based on the past 3 years average percentage of change. The 2026 budgeted amount reflects an increase for the full year at 5%.

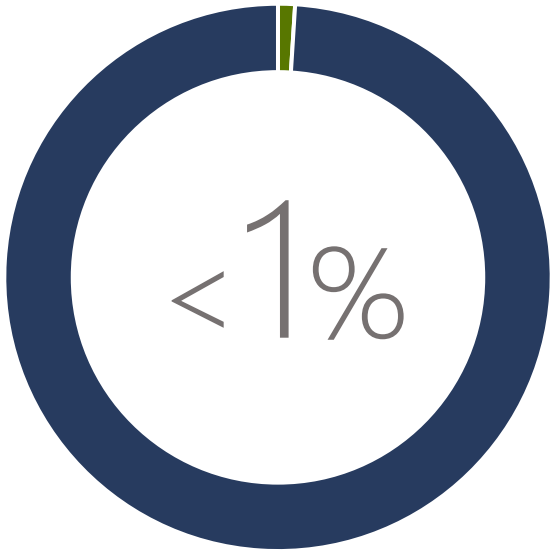
Percentage of the County Budget

Handicapped Parking Education Program

Mission

To provide education and advocacy to both the public and municipal authorities to increase awareness and sensitivity to handicapped parking laws as well as deter potential violators.



Percentage of the County Budget

Handicapped Parking Education Program

Functions

The Dutchess County Traffic Safety Board was charged with creating a Handicapped Parking Education Program, in response to Chapter 497 of the New York State Law of 1999, which requires every county to establish a separate handicapped parking and education program.

The purpose of this program is to provide education to increase the awareness of handicapped parking laws. The implementation of this plan is dependent upon revenue generated from a mandatory NYS thirty-dollar handicapped parking fine surcharge, which is routinely reassessed under local ordinances by municipal courts/judges impacting program funding. The program will use these funds for activities, such as public service announcements, public education and awareness campaigns, distribution of literature, and other activities aimed at deterring handicapped parking violators.

Handicapped Parking (A.2989)

The objective of this program is to find creative ways and partnerships to advocate for individuals with disabilities by making law enforcement agencies and the public conscious of the laws and penalties for violations.

Key Budgetary Issues:

- Diminishing fine revenues due to lack of enforcement, reinforce the longstanding concerns with program sustainability, as municipalities continue to code fine surcharges to local ordinances diverting funds from the program.

Goals and Workload Measures

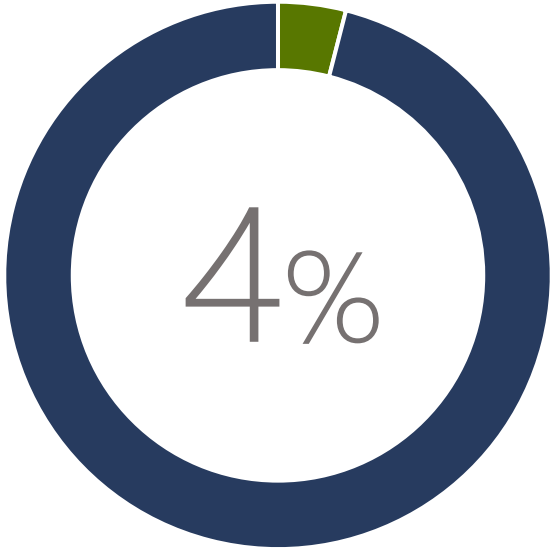
Dutchess Community College

Mission

To offer educational opportunities that prepare individuals to realize their full potential and contribute to a diverse and global society.



Percentage of the County Budget

Dutchess Community College

Functions

Dutchess Community College (DCC), a unit of the State University of New York (SUNY), offers various programs of study leading to Associate in Science, Associate in Arts, and Associate in Applied Science degrees, as well as career certificates. Capital costs for the College are shared by Dutchess County and the State of New York; operating costs are financed by student tuition and fees, State Aid, and a contribution from Dutchess County.

Community College (A.2490)

This account reflects operating and capital chargebacks and is paid to other community colleges for Dutchess County residents who attend those institutions as mandated by New York State. The college also receives operating and capital chargeback revenue from other counties that have students attending DCC.

Contribution to Community College (A.2495)

This account reflects Dutchess County's contribution to the operating expenses of DCC, as well as Dutchess County's portion of the principal and interest payments for the capital costs of the college.

Key Budgetary Issues:

- The 2026 budget allocates $17.5 million as its sponsor share to the college.
- Debt service paid by County Government for the Community College is $1.5 million for 2026.
- Tuition and Capital Chargeback costs for Dutchess County residents attending community colleges outside Dutchess County are projected at $4.4 million for 2026.

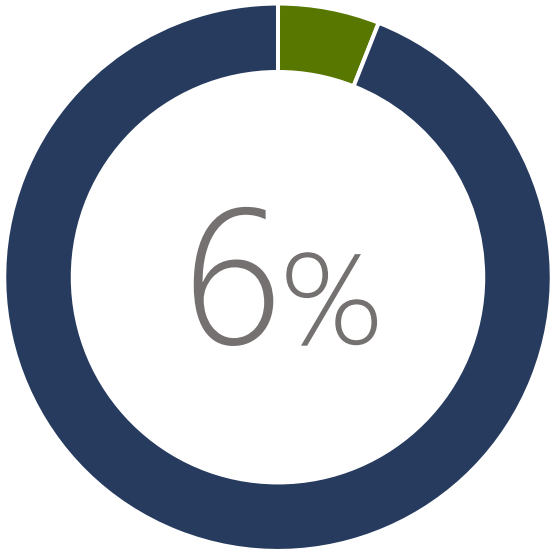
Health – Early Intervention & Preschool Special Education Programs

Mission

To identify and evaluate children who may have a developmental delay/disability, and if the children meet NYS eligibility standards, to provide funding for services to remediate those delays.



Percentage of the County Budget

Health – Early Intervention & Preschool Special Education

Functions

Early Intervention and Pre-School Education programs provide oversight to identify and evaluate children who may have a developmental delay/disability and provide services to remediate them if the children meet NYS eligibility standards. These programs work with families, medical providers, specialists, and/or school districts to ensure the earliest identification of eligible children to provide individualized assistance to maximize growth and development, as well as prepare them to enter the school system.

Health – Preschool Special Education 3-5 (A.4046)

The department provides administrative oversight for all preschool special education services for children ages 3-5. School districts are responsible for determining eligibility, authorizing, and arranging services for this age group while the County provides the funding.

Health – Early Intervention Programming 0-3 (A.4059)

The department provides eligibility determination, referrals, and initial service coordination and funding for early intervention services for children ages 0-3 who have a suspected or indicated developmental delay.

Key Budgetary Issues:

- As more center-based programs open, and families are willing to allow their children to travel further, preschool costs will continue to increase significantly, especially as we are required to transport students to center-based schools further away in locations such as Middletown and Montgomery.

- The Preschool program continues to see an increase in the number of students with complex medical needs who require full time 1:1 nursing to successfully attend center-based programming. The cost for these services increased in early 2025 due to an increase in the number of children requiring nursing services.

2026 Initiatives:

- Provide regulatory guidance and support to Early Intervention and Preschool Special Education provider agencies, as well as to the Committee for Preschool Special Education chairpersons in the 16 local school districts, to ensure our children are receiving the most appropriate.

- Work with the Environmental and Public Health and Disease Prevention divisions to provide Tick Removal Kits and Tick education, as well as Childhood Lead Exposure education. The Childhood Lead Monitoring Program refers children directly to Early Intervention when appropriate.

- Recruitment of contract therapists to better meet the needs of children within the Early Intervention and Preschool Special education programs to reduce wait times and ensure timely services.

- Increase in-office visits by creating a dedicated conference room space for family meetings, intakes, and evaluations on-site to save costs and better serve clients.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Developmental Evaluation and Eligibility - Appropriately identify and evaluate young children who may have a developmental delay or disability.						
	Children Ages 0-3 Referred for Evaluation	785	750	750	-	0.0%
	Children Ages 0-3 Referred for Evaluation and Found Eligible	416	400	400	-	0.0%

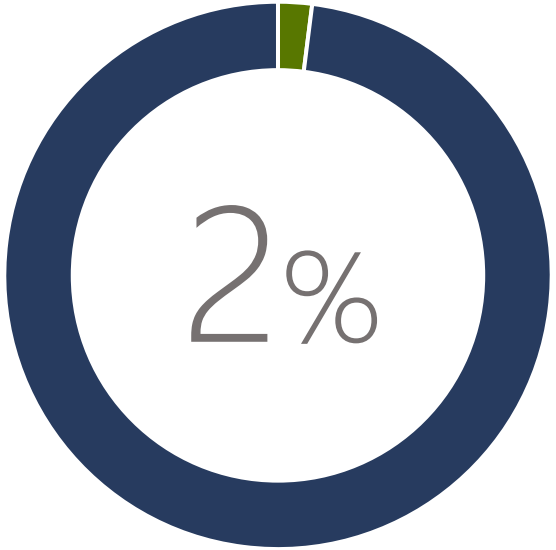
Percentage of the County Budget

District Attorney

Mission

To ensure offenders are held accountable for their criminal conduct and that voices of the victims are heard and their experiences with the criminal justice system are as safe and convenient as possible.



Percentage of the County Budget

District Attorney

Functions

The District Attorney is an independently elected official who seeks justice on behalf of the community they serve through the prosecution of all criminal offenses committed in Dutchess County, including those occurring within State institutions and correctional facilities. The District Attorney's primary responsibility is to ensure justice is served by holding individuals accountable for criminal conduct, while safeguarding the rights of victims, the public, and the accused. In fulfilling this mission, the District Attorney is deeply committed to ensuring the safety and security of our communities. This is achieved through fair and effective prosecution, crime prevention efforts, and collaboration with law enforcement and community partners. The District Attorney also prioritizes transparency in decision-making and works to build and maintain public trust through integrity, accountability, and open communication.

Asset Forfeiture (A.1165.05)

This division aggressively targets the financial infrastructure of criminal operations by working alongside law enforcement agencies to identify, seize, and forfeit assets connected to illegal activity – such as cash, vehicles, real estate, and other valuable property. We have evolved to meet the changing landscape of crime, transitioning our approach to effectively respond to the increasingly sophisticated ways offenders move and conceal money, including through digital platforms and complex financial networks. By cutting off the financial lifelines of drug traffickers, money launderers, and organized crime groups, this division plays a critical role in dismantling criminal enterprises and delivering real consequences that go beyond incarceration. Stripping criminals of their illicit profits not only weakens their operations but also sends a clear message: crime does not pay. Seized proceeds are reinvested directly into local law enforcement efforts, including enhancing investigative capabilities, supporting the District Attorney's Office, and funding public safety initiatives. These resources help strengthen our collective ability to keep our communities safe – turning the tools of crime into investments into justice. Asset forfeiture funds are not included in ongoing budgets, ensuring their use remains strategic, targeted, and impactful.

District Attorney (A.1165.06)

This division includes prosecutors, investigators, analysts, and administrative staff dedicated to all other specialized units not listed herein, including Violent Crimes & Dangerous Drugs, Justice Courts, Financial Crimes & Asset Forfeitures, Appeals, Conviction Integrity, Investigations & Crime Analysis, Community Engagement, Public Information & Grants, Training, Smart Prosecutions and Analytics. At the core of this division – and the District Attorney's Office as a whole – is a commitment to smart prosecutions: a data-driven, strategic, and fair approach to enforcing the law that balances accountability with community impact. This philosophy guides every aspect of our work, from case evaluation and resource deployment to policymaking and performance measurement. The District Attorney ensures justice is served while upholding the highest legal and ethical standards, advocating for victims and the broader community, and providing leadership and oversight to the entire staff. Through clear policies, bold priorities, and innovative strategies, the District Attorney drives a unified mission focused on public safety, fairness, and long-term community well-being.

Stop DWI (A.1165.07)

The prosecutors dedicated to the Vehicular Crimes unit commit their efforts to prosecuting all crimes in Dutchess County related to the operation of motor vehicles, particularly those that involve criminal behavior or significant harm to others. This unit handles a wide range of cases involving traffic-related offenses, including driving while intoxicated matters, vehicular manslaughter or homicide cases, hit-and-run incidents, reckless or aggressive driving, as well as vehicular assaults.

Grand Jury (A.1165.08)

The Grand Jury is a vital part of New York's criminal justice system, reviewing evidence and determining whether a felony indictment is appropriate in criminal matters. Comprised of twenty-three (23) Dutchess County citizens, the Grand Jury will hear evidence presented by a prosecutor to determine if there is reasonable cause to believe the defendant has committed the crime. The Grand Jury is staffed by two (2) dedicated stenographers. These stenographers are responsible for the transcription of all Grand Jury proceedings in addition to managing all operational tasks essential for the Grand Jury's functioning.

Drug Task Force (A.1165.09)

The Dutchess County Drug Task Force's sole mission is to collaborate across multiple law enforcement agencies to combat drug-related crime, reduce the availability for illegal drugs, dismantle drug trafficking organizations, and apprehend dangerous drug dealers operating in our community. The Drug Task Force utilizes undercover surveillance, undercover agents, search warrants, wiretaps, and other investigative resources to keep dangerous drugs out of our community. In addition to representing multiple local law enforcement agencies, the Drug Task Force will partner with the Drug Enforcement Administration, Federal Bureau of Investigation, and any other agency that may be investigating drug-related activities within Dutchess County.

Domestic Violence (A.1165.10)

This unit is specifically focused on handling cases of domestic and sexual violence in Dutchess County. This unit ensures that those who commit domestic and sexual violence are held accountable for their actions while also protecting and supporting victims throughout the legal process. In addition, assistant district attorneys from this unit participate in multiple committees and cross-agency initiatives aimed at supporting victims of these crimes and helping to prevent future Domestic and Sexual Violence related incidents.

Key Budgetary Issues:

- The 2026 Adopted Budget includes two (2) positions in the temporary help lines funded by a new grant obtained by District Attorney Parisi to support his key priorities. The new Statewide Targeted Reductions in Intimate Partner Violence (STRIVE) Grant, which will support the enhanced prosecution of domestic and sexual violence cases by strengthening the response to, investigation of, and prosecution of intimate partner violence (IPV). This grant will also ensure survivors receive comprehensive support through evidence-based, survivor-centered, trauma-informed, and culturally responsive services. Additionally, it will fund expanded community education and awareness efforts aimed at preventing future incidents of abuse.

- The New York Division of Criminal Justice Services Gun Involved Violence Elimination (GIVE) Grant, which will support the District Attorney's office newly launched initiative: Gun Related Intel Product (GRIP). GRIP will enhance the identification, investigation, arrest and prosecution of individuals involved in gun-related crimes. This initiative represents an innovative and proactive effort at strengthening data-driven prosecution strategies and supporting intelligence-led policing throughout Dutchess County.

- Prioritizing smart/intelligence led prosecution, using new technologies to support prosecution and prevention.

2026 Initiatives:

In 2026, the Office of the District Attorney is undertaking a strategic modernization focused on enhancing prosecutorial effectiveness, improving operational efficiency, and reinforcing public safety. This forward-looking approach includes efforts to attract and retain skilled attorneys through structured career pathways, along with investments in administrative and operational infrastructure to promote continuity and stability. The Office is also expanding its capacity by developing specialized prosecutorial roles to address crimes impacting the most vulnerable members of our community and by leveraging advanced technological tools to support investigations and case management. Collectively, these initiatives will support the consistent delivery of fair and timely justice and help ensure the safety and well-being of the community we serve.

- To address the increasing prevalence of elder abuse, the District Attorney's Office together with the County Executive, Office for the Aging, and Sheriff's Office are launching an Elder Justice Task Force (EJTF). This specialized team will focus on holding accountable those who exploit older adults through abuse or fraud. In addition to prosecuting these offenses, the EJTF will collaborate with our Community Engagement Unit to provide educational trainings aimed at helping residents recognize and prevent scams and fraudulent schemes – protecting seniors before harm occurs.

- In collaboration with the Dutchess County Sheriff, the District Attorney is committed to establishing the County's first Analysis & Real-Time Crime Intelligence Center (ARTCIC). ARTCIC's mission will be to provide law enforcement with the ability to capitalize on a wide and expanding range of technologies for efficient, effective, and intelligence-led policing and prosecution. ARTCIC will allow law enforcement to respond immediately to crimes in progress and even prevent crimes before they occur. ARTCIC will further allow law enforcement to respond to crime more efficiently, deliberately, with improved operational intelligence, and with a proactive emphasis on officer and community safety, including severe weather events, transportation issues, and highway safety. These initiatives will enable investigators to conclude investigations more swiftly and efficiently, saving hours of law enforcement effort. Additionally, ARTCIC will help the prosecution of crimes by providing a higher level of video evidence in cases, thereby assisting with the ever-developing crisis of witness cooperation.

- To reduce attorney attrition, the District Attorney's Office is implementing a defined promotional hierarchy to better compete with other public sector opportunities. Over the past year, the office has experienced the loss of ten (10) Assistant District Attorneys to other opportunities, resulting in disruptions to prosecutorial continuity, increased workloads, and significant time and resources dedicated to recruitment, onboarding, and training. The current limited title structure hinders efforts

to attract and retain qualified attorneys, particularly those in the mid stages of their careers. Establishing a tiered title system will reduce turnover, balance caseloads, and improve the pace and consistency of case resolutions. It will also broaden the candidate pool, provide a clear path for professional growth, and establish a defined reporting structure to strengthen supervision, accountability, and internal communication. These structural changes are critical to ensuring the long-term effectiveness of the Office and its ability to promote public safety.

- As part of its ongoing commitment to public safety, victim support, and effective law enforcement collaboration, the District Attorney's Office is implementing the Crime Watch System, a powerful technology platform designed to enhance crime prevention and modernize prosecutorial operations. This system will significantly strengthen the Office's ability to engage with the public in real time, allowing residents to receive safety alerts, stay informed about crime trends, and submit anonymous tips or reports—empowering communities to take an active role in their own protection. For victims and witnesses, Crime Watch provides timely case updates, secure communication, and improved support services, ensuring they remain informed and safeguarded throughout the legal process. Internally, the system improves investigative efficiency by consolidating reports, evidence, and case files into a centralized database, enabling prosecutors and investigators to analyze crime patterns, conduct data-driven crime mapping, and coordinate more effectively with local law enforcement agencies. By promoting transparency and accountability, the platform fosters public trust through open access to crime information and robust metrics tracking, while also aiding in the development of evidence-based policies. Additionally, the system optimizes resources, reducing operational redundancies and increasing cost-efficiency over time. Ultimately, the implementation of the Crime Watch System underscores the District Attorney's commitment to smart prosecutions—leveraging data, technology, and public engagement to drive fair, strategic, and effective outcomes. This initiative reflects the Office's dedication to building safer communities, improving the justice process, and staying ahead of emerging criminal threats in an increasingly complex environment.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
District Attorney - To prosecute crimes by way of ensuring that offenders are held accountable for their criminal conduct within permissible legal standards.						
	Prosecutions (excluding investigations) - Cases	6,148	6,534	6,944	410	6.3%
	Prosecutions (excluding investigations) - Charges	20,239	17,796	15,648	(2,148)	-12.1%

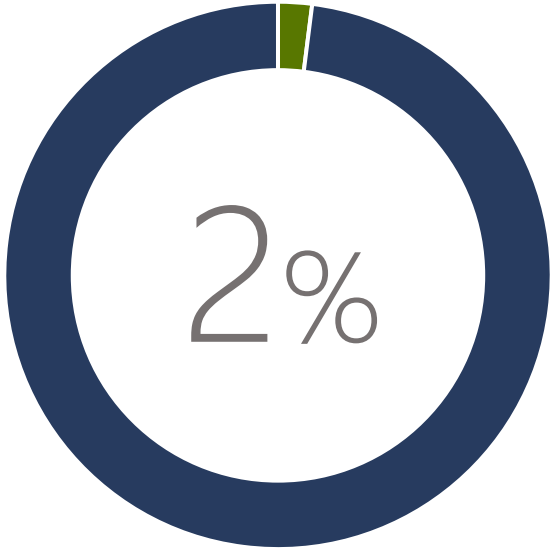
Emergency Response

Mission

To assist the emergency first responders of Dutchess County and local municipalities to prepare and respond to natural and man-made emergencies in their communities.



Percentage of the County Budget

Emergency Response

Functions

The mission of the Dutchess County Department of Emergency Response is to support local municipalities and first responders in preparing for and responding to emergencies within Dutchess County. Through training opportunities, emergency planning, and communication among fire departments, police agencies, and emergency medical services, the Department of Emergency Response serves as the central coordination point for Dutchess County's emergency service agencies and organizations.

The County Department of Emergency Response (EMS) assists incident commanders and municipal leaders in responding to and recovering from major emergencies and disasters. The Department also includes specialized teams that respond county-wide with specific missions: Fire Investigation Division, Hazardous Materials Response Division, Critical Incident Stress Management Team, and the Fire Police Response Team. The Fire Investigation Division and Hazardous Materials Response Division are led by specially trained and credentialed Deputy Fire Coordinators. A Deputy Fire Coordinator for First Responder Mental Health and Wellness was recently recruited to lead the County's efforts in first responder mental health.

Public Safety Communications (A.3020)

The 911 Communications Division manages the county-wide enhanced 911 Center, which provides alerting, dispatch, communications, and coordination to 36 fire departments, 4 emergency medical service agencies, and 13 police agencies within Dutchess County. Utilizing both Public Safety Call-Takers and Dispatchers, the county-wide 911 Center integrates interdisciplinary telecommunication platforms and communication systems to seamlessly dispatch and coordinate multiple agencies simultaneously throughout Dutchess County. Through the County's centralized public safety answering point, dispatch, and coordination site, resources are effectively deployed more efficiently, allowing for an immediate, coordinated response.

911 Dispatchers and Call-Takers are specially trained and certified in emergency medical dispatching (EMD). This service provides the caller with instructions on how to aid the victim until medical help arrives and has resulted in lives being saved.

Emergency Response oversees the conventional radio and microwave communication network serving Dutchess County. The system is maintained and upgraded to ensure optimal service in the field during emergency incidents and non-emergency events. This critical communications system ensures effective radio communication is maintained between all county emergency service agencies, hospitals, and neighboring county 911 Dispatch Centers.

The Address Database Management System is a critical part of the Enhanced 9-1-1 System. The addressing data is regularly updated to ensure that individual addresses, street names, and mapping is accurate for dispatchers to direct emergency agencies as efficiently as possible.

Coordinated efforts must be maintained with the U.S. Postal Service, traditional landline telephone companies, cellular telephone providers, County Real Property Tax Service, Computer Assisted Dispatch System (CAD) Geo files, and local municipal assessors.

Emergency Response (A.3410)

Emergency Management, Fire Coordination and Training, and Emergency Medical Services Coordination and Training are critical functions of the Department of Emergency Response. The County's Comprehensive Emergency Management Plan (CEMP) and all associated annexes are promulgated and maintained by the Emergency Management Division, serving as the County's guiding documents for preparedness, response, recovery, and mitigation. Emergency Response is responsible for maintaining the County's Emergency Operations Center (EOC) in a state of readiness. This facility serves as a centralized resource coordination center during major emergencies and disasters.

The Department is also responsible for the implementation of the Dutchess County Fire Mutual Aid Plan, as well as the County's participation in the New York State Mutual Aid Plan, and operation and maintenance of the Dutchess County Fire Training Center and state administered fire service training. Appointed Deputy Fire Coordinators assist local fire chiefs and incident commanders with technical guidance, resource management at escalating incidents, and coordinated field responses.

The County is responsible for maintenance of the County's Mutual Aid Plan, in addition to EMS coordination during escalating incidents. The County assists all EMS agencies as a liaison with New York State Department of Health. The County oversees supplemental EMS and ensures continuity between the New York State Bio-Terrorism Plan and the County's Comprehensive Emergency Management Plan.

Homeland Security (A.3410.70)

The Department of Emergency Response receives FEMA administered funding from the U.S. Department of Homeland Security to further prevent, prepare for, protect against, and respond to natural disasters, acts of terrorism, and other man-made disasters.

Local Emergency Planning Committee [LEPC] (A.3989)

The Department of Emergency Response is designated as the coordination point for the Dutchess County Local Emergency Planning Committee (LEPC). Under the Emergency Planning and Community Right-to-Know Act (EPCRA), SARA Title III requires emergency planning and notification for facilities meeting specific requirements pertaining to specific hazardous materials and toxic chemicals. The Dutchess County LEPC maintains all required documentation received under these regulations.

Key Budgetary Issues:

- The county-wide public safety radio system project continues to be a primary focus in 2026. As a critical multi-year capital project, fixed costs associated with new tower site locations, including operation and maintenance costs, have been built into this fiscal budget. Project completion is anticipated in 2028.

- The county-wide emergency medical services (EMS) initiatives will continue to be funded through Community Benefit Fund in 2026. Through this funding, EMS ambulances and paramedic fly cars respond to emergencies on a daily basis. Public outreach and education efforts will continue to complement this unique county service, by educating 911 callers when 911 should be used and when it shouldn't.

2026 Initiatives:

- Comprehensive Emergency Management Plan review and revision. The plan is reviewed annually and revised, as needed.

- Continue and expand the Citizen Preparedness Training Program by offering outreach training throughout Dutchess County at municipal halls, libraries, and community centers. Free preparedness kits will be provided to each participant.

- Continue to facilitate multi-disciplinary specialized training in Rescue Task Force / Tactical Emergency Casualty Care for police, fire, and EMS under Dutchess County's Domestic Terrorism and Targeted Violence Prevention Plan.

- The Department will launch Heart Safe Dutchess 2.0, a mini-grant and training program to partner with local municipalities, schools, businesses, and sports organizations to get AEDs where they are needed to save lives.

- Continue to expand the First Responder Health and Wellness Program with additional awareness and resiliency training for first responders, 911 Dispatchers and Call Takers. Additionally, a comprehensive network of trained and credentialed peers will be formalized to assist all first responders as Dutchess County's new Critical Incident Stress Management Team.

- The Department will continue to collaborate with local municipal officials, fire districts, and EMS agencies to develop long-term solutions for emergency medical services.

- The Department will continue to support a county-wide common operating response software platform for all fire and EMS agencies, allowing for internal and external coordination.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Public Safety Communications - To efficiently and effectively answer E-911 calls and dispatch the appropriate agencies and personnel.						
	Total Calls Processed	207,241	207,964	210,000	2,036	1.0%
	Total Incidents Processed	118,132	118,049	120,000	1,951	1.7%

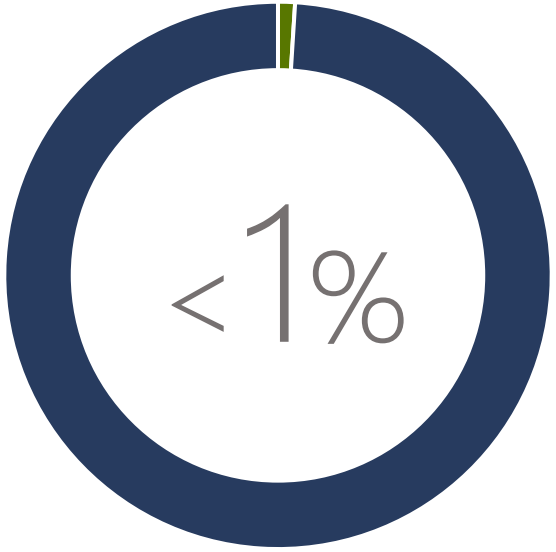
Criminal Justice Council

Mission

To maximize resources resulting in an enhanced Criminal Justice process by engaging in a collaborative process of information sharing. This work is done through utilizing research-based practices to ensure community safety, through the promotion and support of intervention for at risk youth and adults, addressing victims' needs, and reduction of recidivism.



Percentage of the County Budget

Criminal Justice Council

Functions

The Criminal Justice Council (CJC) was established by local law in 1993. As outlined in the local law, the CJC advises County Government and may assist in the development of ways to relieve jail overcrowding, improve case processing and dispositions, and encourage and monitor Alternatives to Incarceration (ATIs). However, the CJC does not oversee the internal operation of any agency.

Ongoing functions include the various projects of the CJC's committees as outlined in its annual report and analyzing criminal justice processing through quality assurance as well as encouraging efficiency and effectiveness.

Criminal Justice Council (A.3010)

Specific duties of the Criminal Justice Council include, but are not limited to, promoting cooperation among criminal justice stakeholders, establishing committees or special task groups to advance the goals of the criminal justice system, developing and recommending policies, as appropriate, to achieve improved management of the criminal justice system.

Centered around evidence-based practices, the CJC researches, develops, recommends, and reviews new programs or initiatives. The Criminal Justice Council provides statistical analysis and evaluation of data to enhance the criminal justice system's effectiveness, which is measured through evaluation of internal processes and outcomes.

The Criminal Justice Council, with the assistance of its consultant, will continue to review and evaluate the criminal justice system and promote best practices that will reduce recidivism through effective programming.

2026 Initiatives:

- Develop a data portal that allows users to manipulate relevant local data and statistics for their immediate use, relevant to their specific discipline.
- Work with County Court and the Office of Court Administration to begin the approved Mental Health Court.
- Focus on data involving admissions, case processing, and length of stay to assist in jail management and reduce jail population.
- Promote effective programming and enhancement of public safety.
- Complete Sequential Intercept Mapping to evaluate the entirety of the system where people with behavioral health needs interact with the Criminal Justice System. Use the findings from that mapping to develop a new strategic plan for the CJC.

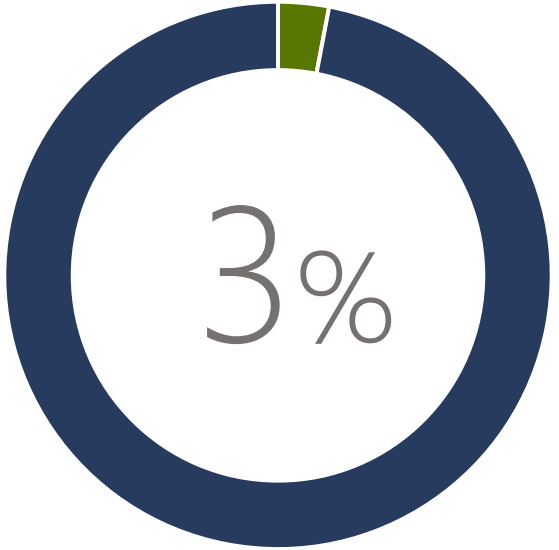
Probation

Mission

Protection of the community is our most important priority. Through evidence-based intervention, the Office of Probation and Community Corrections promotes positive change in the lives of those under supervision. We contribute to the safety and wellbeing of the community by improving the operation of the criminal justice system, reducing offender recidivism and serving victims of crime.



Percentage of the County Budget

Office of Probation & Community Corrections

Functions

The major goals of the Office of Probation & Community Corrections include the protection of persons and property by the application of cost-effective community based, correctional interventions, and assisting victims of crime. A variety of interventions are utilized to reduce recidivism by juvenile delinquents and adult offenders, which helps to alleviate family dysfunction.

Probation (A.3140)

Family Court Intake, Investigation, Pretrial Release, and Supervision are the agency's four main functions.

Preliminary Procedures for Family Court

This function, usually called intake, is a process in which Probation staff work with individuals and families whose problems may come under the jurisdiction of the Family Court. This function includes the complex process of assessment and adjustment for cases involving Juvenile Delinquents, Adolescent Offenders and Persons In Need of Supervision (PINS). The process involves working closely with a wide variety of community resources. The goal is to prevent these youths from having their cases dealt with in Family Court.

Cases deemed unsuitable or ineligible for diversion services may be advanced to Family Court. These cases may be returned to Probation for "formal" supervision. A juvenile pre-dispositional release program was created in 2009 to provide the Family Court with alternatives to detention/placement.

Investigation

The investigation function responds to the need, usually mandated by law, for information by all criminal courts, the Family Court and Supreme Court in Dutchess County, and any other court outside Dutchess County when the defendant or one of the litigants resides in Dutchess. Staff interview the defendant or respondents, verify the data received, check sources for additional data, contact and assist victims, frequently visit the home of the defendant or litigants, and submit a written report to the Court with an evaluation and a recommendation for judicial action. Enhanced investigations on sex offenders are undertaken as well.

Pretrial Investigation/Supervision (Release on Recognizance/Release Under Supervision)

The investigation and monitoring of unsentenced individuals facing criminal charges is a service provided to all courts in Dutchess County. Each business day, all new unsentenced inmates and others newly charged with a crime are interviewed. Following the investigation, a recommendation is made regarding custody or release of the individual and, if appropriate, what level of pretrial supervision, if any, is suggested. The recommendations are based on established best practices in the field of pretrial services and must comply with the statutory framework established under New York State new Bail Reform Laws. When a judge orders some level of pretrial supervision, such as Release

Under Supervision, Electronic Monitoring, or participation in the Transitional Housing Program, the Office of Probation is responsible for carrying out the supervision and reporting back to the courts.

Supervision

This is the most widely known function of the agency. The department's activities include using "best practice" intervention strategies to target criminal thinking and behavior to prevent further unlawful behavior. Probation officers must facilitate compliance with court orders with the main objective of helping to prepare the probationer for a law-abiding life. This is accomplished through the identification, utilization, and creation of community resources to fulfill probationers' program needs. Supervision also provides for the collection of restitution for victims of crime and coordinates community service performed by individuals on probation. Probation officers rely on chemical and breath testing for illegal substances and alcohol. Special interventions are designed and used to maximize effectiveness with certain offender populations, i.e., the STOP DWI Program, the Domestic Violence Program, the Intensive Treatment Alternative Program, the Sex Offender Program, and the Juvenile Electronic Monitoring Program.

The agency puts a high priority on risk reduction and avoiding incarceration of offenders whenever possible. Using a graduated response alternatives model, the department applies cost-effective interventions designed to meet both offenders' needs while providing community safety.

- The Day Reporting Center, known as the Community Transition Center (CTC), provides educational, vocational, and life skills programs.
- The Community Residence is a highly structured alternative to incarceration for those engaged in reentry, attending Drug and Alcohol Rehabilitation Programs, or awaiting a bed in an inpatient treatment program.
- Electronic Monitoring allows individuals to remain in the community under intensive supervision.

The agency is also focused on placement prevention for juveniles as reflected in mandatory PINS Diversion, Juvenile Risk Intervention Services Coordination Program (JRISC), and Functional Family Therapy.

In addition to "Probation" work, the agency provides research and support to the Criminal Justice Council, pretrial screening and supervision to the Drug Court, the Integrated Domestic Violence Court, and the felony Drug/Judicial Diversion Court. Each staff member utilizes assessments to ascertain an individual's risk, needs, and protective factors, to ensure progress toward goals. It also provides outcome data for both case management and research purposes. All functions now use actuarial tools for assessment and case management.

The Women's Center provides gender-specific, evidence-based programming for women under the supervision of the Office of Probation.

Key Budgetary Issues:

- The New York State Division of Criminal Justice Services (DCJS)– Office of Probation and Correctional Alternatives (OPCA) has instituted a new mandate that all probation supervisors attend an initial supervisory training course. This training will cover a range of topics including principles of leadership and motivational interviewing. Some portions will be held virtually and there will be a week of in-person instruction held at DCJS Headquarters in Albany. This will create an additional expense to the County because of the travel costs related to sending our supervisors to this mandated training.

- New York State has invited Dutchess County to participate in the Statewide Targeted Reductions in Intimate Partner Violence (STRIVE) initiative. STRIVE provides funding to localities to implement a coordinated community response to reduce intimate partner violence. The funding for 2026 will cover costs related to training/travel and overtime for participating probation staff. It is expected that this new funding source will continue beyond 2026 and has the potential to expand in the future.

2026 Initiatives:

- In 2026 we will fully implement the Council for Boys and Young Men curriculum. Similar to Girls Circle groups implemented in 2025, this evidence-based intervention is designed to be a strength-based program that emphasizes transformative strategies, resiliency and asset development. Topics will be presented in a weekly group setting and include: healthy competition, bullying, emotions, self-confidence, teamwork, conflict resolution, physical boundaries, relationships, education, leadership, community service, decision making and more.

- New York State DCJS-OPCA has formed a workgroup in order to develop a request for proposals for a statewide probation case management software system. Probation department staff have been assigned to participate in this effort, which has the potential to reduce the County's cost of maintaining its own probation case management system.

- Statewide Targeted Reductions in Violence (STRIVE) initiative requires probation to implement an enhanced model of supervision for domestic violence offenders. STRIVE is a multiagency approach that involves criminal justice agencies, including probation, working collaboratively to reduce intimate partner violence by connecting with community organizations. The initiative provides funding for tools, training, resources and strategic support to the agencies involved.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Collect the maximum amount of restitution possible as ordered by the courts in order to make victims whole. Note: Collections depend on amount ordered by the court.						
	Restitution Collected	$126,430	$200,000	$200,000	-	0.0%
	Fees Collected	$44,292	$65,000	$65,000	-	0.0%
Family Court - Assess risks and needs using actuarial assessments. Apply effective supervision practices to reduce unnecessary detention and placement and promote public safety by reducing recidivism and promoting positive outcomes. *						
	Family Court Diversion / Supervision Cases Received/Pre-Dispositional Cases Received	314	325	350	25	7.7%

* Indicator: The adjustment rate for Juvenile Cases after participation in Diversion Services will be 70%. Outcome: The adjustment rate for cases after participation in Diversion Services was 77%.

Investigation - Provide a timely and accurate legal and social report to courts in Dutchess County. *						
	Investigations received (Juvenile and Adult)	$898	$900	$900	-	0.0%

* Indicator: All investigations will contain mandated information and risk assessment. Outcome: All cases met standards. Strategy: Monitor through quality assurance.

Pretrial Release - Provide pretrial release investigations and recommendations to courts and supervise individuals released to pretrial programs for compliance with court orders. *						
	Pretrial Investigations Completed	1,533	1,700	1,800	100	5.88%
	Pretrial Cases Received	840	900	950	50	5.56%

* Indicator: 70% of cases will close successfully. Outcome: 79% of cases were successfully closed. Strategy: Continue evidence based pretrial practices.

Supervision - Supervise adults sentenced to probation according to criminogenic risks and needs in order to promote public safety and reduce recidivism.*						
	Probation Supervision Cases Received	723	725	725	-	0.00%

* Indicator: Fewer than 20% of criminal court probation cases will be resentenced to a period of incarceration due to a violation of probation. Outcome: 4% of cases in 2024 were resentenced to incerceration. Strategy: Continue to apply evidence based practices.

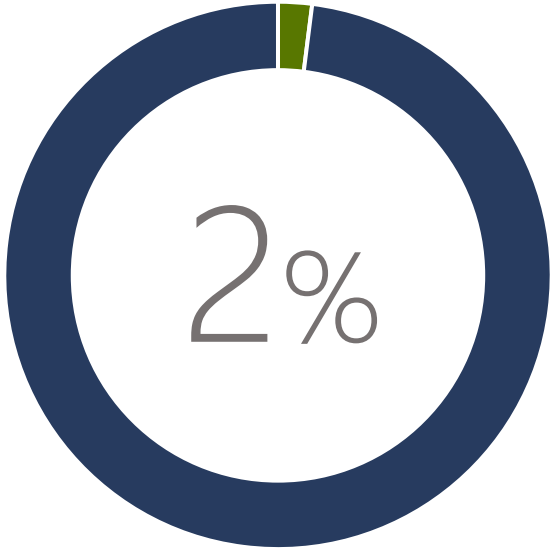
Public Defender

Mission

To provide legal representation to indigent criminal defendants in Criminal Court, adult litigants in Family Court, and individuals facing parole matters.



Percentage of the County Budget

Public Defender

Functions

The Public Defender represents people accused of a crime or any offense by which the individual may be subject to a jail sentence when the individual cannot afford to retain private legal counsel. The United States Constitution and the New York State Constitution, as well as New York State Law, mandate the right to legal counsel in criminal proceedings. The right to counsel has also been extended to ancillary proceedings, such as extradition proceedings, probation violation proceedings, and sex offender classification proceedings, as well as other types of proceedings. The duties of the Dutchess County Public Defender are directed and authorized by County Law.

The Public Defender Office also handles appeals to the Appellate Term of the Supreme Court, the Appellate Division, and the New York State Court of Appeals. The New York State Court of Appeals is the highest Court in the state.

Public Defender (A.1170)

The Public Defender Office is charged with competently representing those who qualify in criminal court proceedings for its services at every stage of the legal proceedings.

Family Court (A.1170.04)

In 2012, the Public Defender began the provision of legal representation to adults in Family Court and continues to handle, among other matters, family offense, neglect, abuse, custody, and child support matters.

Arraignment Defense (A.1170.73)

The Public Defender provides round-the-clock arraignment services in all criminal courts in Dutchess County.

Hurrell-Harring (A.1170.77)

New York State has entered a second contract with Dutchess County to provide funds over a three-year period, fully covering the programs and services of the first, five-year contract, with the continued goal of increasing the quality of indigent representation in the County. This money is required to be used to reduce caseloads, implement an approved assigned counsel plan, increase the quality of representation and to continue the provision of round-the-clock arraignment services.

Key Budgetary Issues:

- The 2026 budget includes grant distributions allocated by the Office of Indigent Legal Services (ILS). ILS is providing the Dutchess County Public Defender with continued state funding through the second Hurrell-Harring contract, which covers three years. Additionally, the budget includes usage of NYS discovery and aid to defense grant monies.

2026 Initiatives:

- Upgrade the Office's case management system to Legal Server.

- Hiring and retention of staff through the resolved DSA Contract with continued assistance from Hurrell-Harring and NYS grant funding.

- Implementation of the services provided in the second Hurrell-Harring contract.

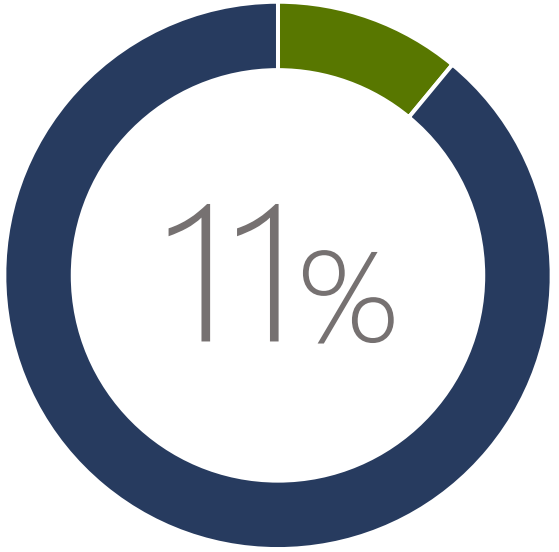
Law Enforcement & Corrections

Mission

To be a champion of Public Safety and Law Enforcement throughout Dutchess County. To maintain a safe and crime free environment for the community at large. To enforce laws and provide security through a staff of well trained and well-equipped personnel that are prepared to respond to the ever-increasing calls for police services and emergencies.



Percentage of the County Budget

Law Enforcement & Corrections Divisions

Functions

The Sheriff is an independently elected official, elected by the people he protects and serves. The Sheriff carries out his duties through Deputy Sheriffs who are required to live in the County in which they serve. The Sheriff is the first line of defense to protect the citizens of Dutchess County from crime, predators, attack, and disasters - man-made or natural. The Sheriff is the Chief Law Enforcement Officer of the County, works with Federal and State agencies on matters that affect Dutchess County and will support police departments within his jurisdiction.

Law Enforcement (A.3110.25)

The Sheriff's Office includes a uniformed patrol force, detective bureau, civil unit, pistol bureau, juvenile aid bureau, records department, training unit, civilian business staff, communications support, and multiple specialized response units. The Sheriff's Office is also responsible for judicial enforcement of any judgments handed down by a court. Typically, these matters are carried out through civil processes, such as the service of summons, levies, evictions, financial executions, garnishments, and seizures. These judicial orders are carried out by uniformed and plain clothed Deputy Sheriffs appointed by the Sheriff.

The Sheriff maintains multiple specialized units made up of regular law enforcement, deputy sheriffs, and detectives. These members support the Sheriff's mission or other agencies that request support from the Sheriff. These units operate special equipment like motorcycles, ATVs, boats, drones, and bicycles. Special operations include the following: K-9 Unit (police canines), Dive Unit (underwater search and recovery), CIU (Crash Investigations Unit), CSU (Crime Scene Unit), FID (Fire Investigation Unit), ESU (Emergency Services Unit, special weapons and tactics), DTF (Drug Task Force), UAS (Unmanned Aerial Systems), CNU (Crisis Negotiation Unit), MFF (Mobile Field Force), MPU (Marine Patrol Unit), crimes against children, computer crimes, and recording or storing any type of image.

Another major function the Sheriff provides for the County is the maintenance of all records generated, and the issuance of pistol permits within the County. Records are maintained and provided to the public. Pistol permits are applied for and issued after completing background investigations.

Security Other Governments (A.3110.26)

The Sheriff's Office provides police services by contract to municipalities throughout Dutchess County. The cost of this program is fully offset by the revenue from the participating municipalities. This shared service provides greater efficiency and savings to reduce the total cost of government.

Homeland Security Grant (A.3110.70)

The Sheriff's Office receives funding from the U.S. Department of Homeland Security to further prevent, prepare for, protect, and respond to natural disasters, acts of terrorism, and other man-made disasters.

School Resource Officer Program (SRO) (A.3110.71)

The SRO Program is a proactive initiative based on prevention, education, and intervention, where specially trained and experienced Deputy Sheriffs are placed in local schools on a full-time basis. The goal is to create a safe school environment while bridging the gap between youth and law enforcement. One SRO Deputy Sergeant has duties dedicated to the needs of the school districts to oversee safety plans, conduct training, and supervise all SROs. There are 14 SROs assigned to eight school districts; the school districts reimburse the County for the SRO costs.

Corrections (A.3150)

The Dutchess County Justice & Transition Center (JTC) is run by the Superintendent of Corrections, who is appointed by the Sheriff. The JTC maintains, in a safe and secure manner, any person sentenced to incarceration for up to one year and houses any incarcerated individual awaiting transfer to State prison, or trial who has not yet made bail. The JTC also ensures safe and secure transport of every incarcerated individual to court appointments in any jurisdiction within the County.

Key Budgetary Issues:

- Axon provides the County's body cameras, tasers, and data storage. The contract needs to be renegotiated, and the cost is expected to increase significantly as there is no other qualified viable provider.

- An additional 2 Deputy Sheriffs have been requested for Student Resource Officer (SRO) positions.

2026 Initiatives:

- Implement the Analysis & Real Time Crime Intelligence Center (ARTCIC) in conjunction with the District Attorney's Office.

- Implement SRO Program service to Dutchess Community College. There are a couple of school districts that have expressed interest in adding additional SROs to their current levels.

- Continue the enhancement of the Project Lifesaver Program initiative for all at risk individuals in the community.

- Develop a Humane Law Unit

- Project MORE, and Project RESTART will go out for bid. We will continue to strive for better efficiency and effectiveness to provide targeted behavioral and transitional training skills for inmates to successfully re-integrate into the community upon release.

- Continuing efforts to implement changes to the JTC staffing levels to maximize staffing efficiencies and reduce expenses.

- Administer Implicit Bias and Procedural Justice Training for all academies. The Sheriff's Office is working with the County and local law enforcement agencies to provide ongoing training.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Law Enforcement - Provide responsive investigations of complaints, and active availability and visibility in the community.						
	Responses/Investigations of Complaints	80,359	80,100	80,300	200	0.2%
Law Enforcement - Ensure visibility on the roads and highways of Dutchess County to discourage traffic infractions before they occur. Continue proactive law enforcement through increased response, investigation, and arrests.						
	Traffic Summonses Issued	2,455	2,800	3,000	200	7.1%
	Total Arrests	1,022	1,100	1,200	100	9.1%
	Number of Civil Actions	2,968	2,900	2,950	50	1.7%
	Total Civil Funds Processed/Paid to Complaints	$3,644,939	$3,625,000	$3,650,000	25,000	0.7%
	DWI Arrests	325	275	300	25	9.1%
Law Enforcement - Provide proactive law enforcement efforts resulting in the recovery of more stolen property and the deterrent of more crime.						
	Property Stolen	$1,483,349	$1,200,000	$1,300,000	100,000	8.3%
	Property Recovered	$7,381	$10,000	$15,000	5,000	50.0%
Law Enforcement - Pistol Permits						
	Applications Processed	444	425	430	5	1.2%
Law Enforcement - Sex Offenders						
	Registered	155	162	165	3	1.9%
Corrections - Provide a system of incarceration that is safe, efficient, and effective.						
	Inmates House Out (Inmate Days)	3,934	5,800	6,200	400	6.9%

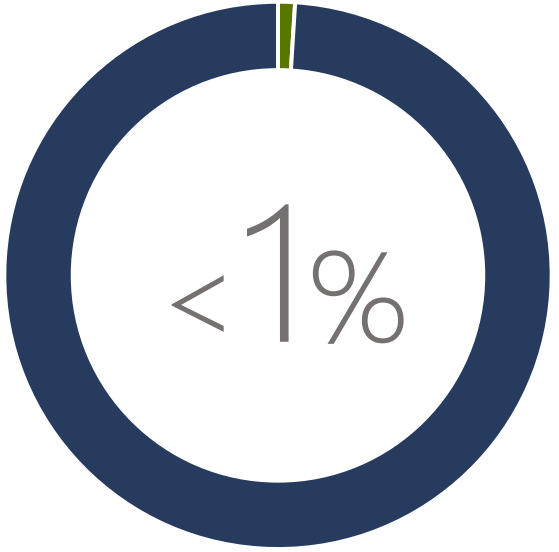
Traffic Safety & STOP DWI

Mission

To support effective traffic safety and injury prevention programming that targets reductions in the number of injuries, fatalities and related economic issues for all Dutchess County roadway users. Additionally, Traffic Safety / STOP DWI aims to deter alcohol/drug impaired driving through enhanced enforcement, prosecution, rehabilitation and education services.



Percentage of the County Budget

Traffic Safety & STOP DWI

Functions

The Traffic Safety Board is a coalition of law enforcement, education, health and human service agencies, and individuals committed to ensuring streets, sidewalks, and residents remain safe and secure.

STOP-DWI stands for *Special Traffic Options Program for Driving While Impaired*. The STOP-DWI Program was enacted by the State Legislature in 1981, empowering county governments to coordinate local efforts to reduce alcohol and other drug-related traffic crashes within the context of a comprehensive and financially self-sustaining alcohol and highway safety program.

Traffic Control / Safety (A.3310)

The Traffic Safety Board works to educate the public about safe driving, bicycling, and walking habits through a multi-faceted program based on education and enhanced awareness. Programming focuses on aggressive driving, the special needs of older/mature drivers, proper bicycle and pedestrian behaviors relating to injury prevention, school bus safety, and motorcycle safety awareness. Traffic Safety also supports and assists with the coordination of local law enforcement efforts to increase compliance with State safety belt laws and reduce the number of crashes related to aggressive driving behaviors and excessive speed. The Traffic Safety Board will assist with coordination of efforts, data collection, and reporting activities conducted by law enforcement agencies/grantees awarded funding to participate in the Police Traffic Services (PTS) grant project.

Traffic Safety coordinates child passenger safety seat check events/activities/training(s) countywide through the support of the Dutchess County Child Passenger Safety Coalition.

STOP DWI (A.3315)

The STOP-DWI Program is funded from fines collected from individuals who have been found guilty of Driving While Impaired violations within Dutchess County. Programs are administered internally in the offices of the Sheriff, District Attorney, and Probation and externally through contracts with Lexington Center for Recovery, the Council on Addiction Prevention and Education of Dutchess County, and with various municipal police departments. The STOP-DWI Program also supports educational programs and special projects to deter drinking and driving by providing information to the public and community groups to reduce the prevalence of related crashes and injuries.

Funding in critical component areas continues to be suspended/eliminated (District Attorney, Office of Probation and Community Corrections) or severely reduced with established partner agencies (County and Municipal Law Enforcement, DC-CAPE, and Lexington Center for Recovery) due to the compounded effects of declining arrests, prosecutions, and related fine revenues. The STOP-DWI Program has been awarded and continues to administer coordinated impaired driving enforcement activities as part of the State-wide “High Visibility Community Engagement” Enforcement campaign.

Key Budgetary Issues:

- STOP-DWI fine revenue from impaired driving arrests/convictions within the County continues to be significantly lower than pre-pandemic levels. The program both locally and state-wide continues to be impacted by the revenue decline. In an ongoing effort to maintain program sustainability, programming/expenditures will continue to be scaled back to match revenue losses, while maximizing any grant funding made available. Enforcement activities and training remain the primary funding priority.

- Revenue from the School bus safety arm program will be used to support the STOP-DWI program as well as the child passenger safety seat program by providing funds for safety prevention and outreach.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Traffic Control / Safety - Educating the public about safe driving, bicycling and walking habits. Programming focused on aggressive driving, the special needs of mature/older drivers, and proper bicycling and pedestrian behaviors.

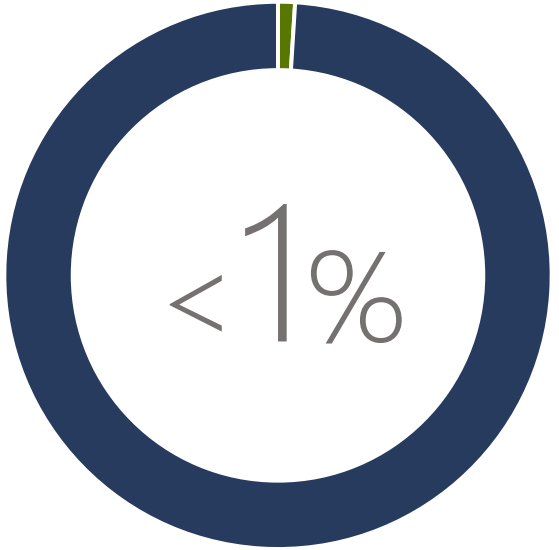
Community & Family Services - Juvenile Detention

Mission

Ensuring the provision of supervision and care for the youth in the criminal justice system, thereby enhancing community safety.



Percentage of the County Budget

Community and Family Services – Juvenile Detention

Functions

Provides placement of youth ages 12 through 18 during the court process, including pre-adjudication and disposition by Family Court. Detention regulations are part of the Family Court Juvenile Act #304 and Social Services Law #432(2), which mandates the local Department of Community & Family Services to pay temporary juvenile detention until a Family Court ruling can be made.

DCFS – Juvenile Detention (A.3145)

The Juvenile Detention unit of the Department of Community and Family Services (DCFS) is responsible for the provision of temporary housing for juvenile delinquents in hold-over facilities or non-secure detention facilities, depending on the juvenile's offense. The temporary placement remains until the Family Court decides on the case. Transportation is also required and is provided by the Dutchess County Sheriff's Office to transport the juveniles to and from these placements to court appearances, as ordered by Family Court.

Key Budgetary Issues:

- DCFS, like most counties across the State, continues to experience difficulties meeting the needs of youth with developmental disabilities, psychiatric disorders, emotional disturbances and/or aggressiveness, as well as self-harm/run-away behaviors. Youth are boarded in hospital ERs because they do not meet the criteria for inpatient admission. They are often rejected from other programs, due to behavioral concerns, and they have no place else to go as these in-between beds are not available in the community.

2026 Initiatives:

- The Department will implement various strategies, including increasing preventive efforts, to divert youth from entering the juvenile justice system. DCFS will continue the implementation of the Youth Advocate Program (YAP), participation in the Court Improvement Project entitled Families First Court Initiative for youth ages 12 to 18, and the provision of a differential response for children under 12 years of age whose behavior, but for their age, would bring them within the jurisdiction of the Family Court.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Provide secure facilities to house youth who have been charged with serious crimes while they are awaiting court disposition and provide secure transportation for detained youth to and from court appearances.						
	Number of Sheriff Transports	107	108	108	-	0.0%
	Number of Youth in Secure Detention (unduplicated)	25	20	20	-	0.0%
	Number of Secure Detention Days	448	582	326	(256)	-44.0%
Provide non-secure facilities to house youth who are charged with less serious crime, and who are deemed at risk of not appearing in court, to ensure that they appear in court.						
	Number of Youth in Non-Secure Detention (unduplicated)	17	14	14	-	0.00%
	Number of Non-Secure Care Days	709	300	300	-	0.00%
	Number of PINS in pre dispositional placements (unduplicated)	-	1	1	-	0.0%
	Number of PINS predispositional placements care days	-	30	30	-	0.0%

Note: As of January 1, 2020 PINS are no longer placed in detention but are predispositional placements.

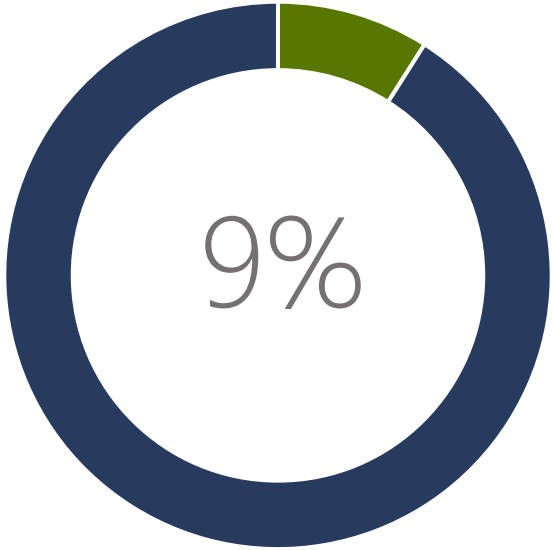
Department of Health 482
Department of Mental Health 529



Percentage of the County Budget

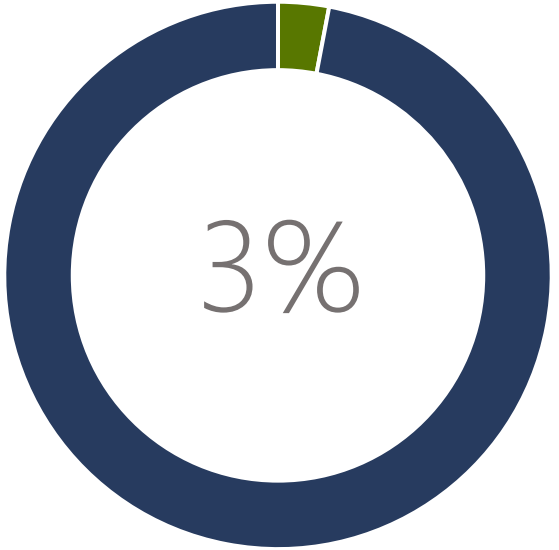
Department of Health

Mission

To protect, promote, and prioritize the health of all Dutchess County residents, families, and communities.

Vision

To work with communities to design and disseminate best practices that support health, and foster a culture of service, compassion, and excellence.



Percentage of the County Budget

Department of Health

Functions

The Department of Health (DOH) is charged with protecting and promoting the health and wellbeing of the Dutchess County community. Our programming aims to optimize health outcomes and health equity through core public health functions including environmental health, chronic disease prevention, health emergency preparedness, communicable disease control, maternal and infant health with community-based organizations, and other stakeholders. The Department also uses a Mobile Health Unit (MHU) to provide targeted outreach to vulnerable populations.

Medical Examiner's Office (A.1185)

The Medical Examiner is authorized to investigate sudden, suspicious, and violent deaths within her/his jurisdiction, and to evaluate and document injuries in live victims of abuse.

Public Health Preparedness and Community Engagement & Prevention Division (A.4010.27)

This unit includes the comprehensive planning, preparedness, response, and recovery for public health threats and ensures the completion of all Public Health Emergency Preparedness grant deliverables as required by the NYSDOH, Department of Homeland Security, and Centers for Disease Control and Prevention. The administration, recruitment, training, and deployment of the Medical Reserve Corps of Dutchess County are also encompassed in the division.

Environmental Health Services (A.4010.29)

Services provided by the Environmental Health Services Division in accordance with State Public Health Laws and State/County Sanitary Codes are the following:

Environmental Regulation permits/inspects food establishments, children's camps, campgrounds, temporary residences, mobile home parks, public functions (5000+ people), public swimming pools/bathing beaches, migrant farmworker housing, rooming houses, bed & breakfasts, tanning services, and some daycares.

Engineering Services regulates the construction of wastewater collection, treatment, and disposal systems, septic systems, wells, public swimming pools, and public water systems. These services also provide technical assistance for water and sewage questions.

Environmental Assessment investigates foodborne illness, along with housing and nuisance complaints. It also investigates and provides technical assistance regarding indoor air quality including mold, asbestos, radon, and residential petroleum spills.

Public Water Supply inspects, monitors, and regulates nearly 700 public water system operations.

Rabies Program investigates potential rabies exposures and hosts free pet rabies vaccination clinics for County residents.

Public Health & Disease Prevention - Nursing (A.4010.30)

The Public Health Nursing Division provides Family Health and Chronic Disease prevention programs focused on improving the health of vulnerable populations. The division supports activities to prevent adverse health outcomes including low birthweights, tickborne illness, sexually transmitted infections, chronic disease and cancer prevention, youth-focused primary prevention projects in prenatal care, health literacy, and school attendance.

Public Health & Disease Prevention - Communicable Disease Control (A.4010.31)

The Communicable Disease Control Division conducts routine surveillance for all reportable communicable diseases and investigates communicable disease case reports. The division also investigates clusters of suspected infectious diseases in schools, colleges, businesses, and other congregate settings. It provides education and guidance to health care providers and other community partners on a variety of infectious disease topics.

Key Budgetary Issues:

- Several positions have been reclassified to different titles to better serve the needs of the department.

2026 Initiatives:

- Increases have been observed in all reportable sexually transmitted infections (STIs) in the wake of the COVID-19 pandemic. The Department will explore ways of providing education to the community.

- The Department continues to focus on modernizing processes and systems, translating data into action, and utilizing performance management principles to establish and evaluate programs. Increasingly, our services are being automated and computerized including, for example, electronic permitting for food service operators and data entry for public water systems. Monthly strategic planning meetings, continuous quality improvement projects, and training sessions on change management support our efforts across the different divisions of our department.

- We continue to work with school nurses on issues around educational attainment for our youth, as absenteeism is often health-related and a crucial social driver of health.

- The Department formalized a standing cadence of Mobile Health Unit interventions throughout the County.

- In 2026, the Department, along with community partners, will be implementing recommendations derived from the Community Health Assessment conducted in 2025. The programmatic goals will be extracted from the resulting 2025 Community Health Improvement Plan and aligned with state and national prevention agendas.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Medical Examiner - Respond to and investigate all reportable deaths, in order to determine which cases fall under the jurisdiction of the Medical Examiner. Act as an expert witness in criminal and civil cases involving deaths due to violence and live victims of violence and abuse; and investigate unresolved old cases.

Public Health Nursing - Maternal Child Health Program - Promote the health of mothers, infants and children through home visits to ensure engagement in primary care and preventive health services and to provide health guidance as needed.						
	Health Guidance Visits	267	270	275	5	1.9%
Communicable Disease Control Clinics - Provide free and confidential screening, diagnosis and treatment at the TB, HIV and STD clinics. Provide immunization to the public, in particular to high risk individuals and those traveling abroad. Monitor 80 NYS reportable diseases.						
	Total Number of Electronic Clinical Reporting System (ECLRS) Lab Report For All 80 NYS Reportable Diseases	127,640	130,000	130,500	500	0.4%
	Number of STD Clinic Visits	591	600	605	5	0.8%

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Communicable Disease Control Clinics - Provide free and confidential screening, diagnosis and treatment at the TB, HIV and STD clinics. Provide immunization to the public, in particular to high risk individuals and those traveling abroad. Monitor 80 NYS reportable diseases. (cont.)						
	Number of Pulmonary Clinic and TB Related Visits (including TB screening)	442	450	455	5	1.1%
	Number of Immunizations Administered (adult & children)	2,248	2,250	2,255	5	0.2%
Rabies Program - Decrease the number of humans receiving post-exposure treatment in Dutchess County by increasing the number of pets (dogs, cats, domestic ferrets) vaccinated at rabies clinics sponsored by DOH and community partners.						
	Number of Case Investigations	750	652	638	(14)	-2.1%
	Number of Unique Individuals Referred to Prophylaxis Treatment	143	126	126	-	0.0%
	Number of Rabies Vaccine Injections Administered*	600	610	30	(580)	-95.1%
	Number of Pets Vaccinated - 4 Clinics	495	470	400	(70)	-14.9%

* Rabies vaccine injections will now be administered to individuals by hospitals, not in the clinic. In select cases, DOH may still intervene and provide the vaccine.

Arthropod-borne Disease Program - Maintain ongoing surveillance activities and epidemiological status of reportable conditions caused by arthropod vectors, primarily ticks and mosquitoes. Develop and implement prevention education for residents. Update healthcare providers on emergent arthropod-borne disease issues, advising on approved treatments, and understanding current laboratory tools used for diagnosis.						
	Number of Arthropod Diseases Reported on ECLRs	7,329	7,500	8,000	500	6.7%
	Arthropod Case Investigations	5,180	5,600	6,000	400	7.1%
	Total Number of Confirmed and Probable Cases Based on NYS Data (sentinel)*	4,283	4,500	5,000	500	11.1%

* Sentinel surveillance means we investigate a randomized sample of 20% of reported positives for Lyme disease; NYS DOH subsequently applies a statistical formula and provides an estimate of the actual number of positive cases.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Sexually Transmitted Infections - Maintain ongoing surveillance activities for HIV, syphilis, gonorrhea, chlamydia, mpox, LGV, donovanosis and chancroid as well as treatment verification, contact tracing, navigation of exposed partners and untreated index cases for services. Continue to inform and educate the community about the dangers of STI to the public and the medical community.						
	Number of Sexual Transmitted Infections	3,846	4,000	4,200	200	5.0%
	STI Investigations	2,963	3,000	3,200	200	6.7%
	Total Number of Confirmed and Probable Cases Based on NYS Data (sentinel)*	1,587	2,000	2,200	200	10.0%
Legionella - Maintain ongoing surveillance of reported cases of Legionellosis. This includes reviewing mapping data to identify environmental sources which will need to remediated.						
	Number of Legionella Infections	12	15	20	5	33.3%
	Legionella Investigations	12	15	20	5	33.3%
	Total Number of Confirmed and Probable Cases Based on NYS Data (sentinel)*	12	15	20	5	33.3%
Vaccine Preventable Disease - Maintain surveillance of all reportable vaccine preventable diseases including pertussis, measles, polio, diphtheria, bacterial meningitis, SARS-CoV-2, RSV, varicella, MERS, SARS, mumps, tetanus, influenza and others.						
	Number of Vaccine Preventable Diseases	112,896	113,000	113,500	500	0.4%
	VPD Investigations	13,490	14,000	14,500	500	3.6%
	Total Number of Confirmed and Probable Cases Based on NYS Data (sentinel)*	13,450	13,750	14,000	250	1.8%
Food and Water Borne Disease - Maintain surveillance of all reportable food and water borne diseases including, amebiasis, brucellosis, campylobacter, crypto sporidia, cholera, cyclosporidia, E. coli, enterovirus, giardia, listeria, norovirus, staphylococcus toxin, salmonella, shigella, typhoid fever, vibriosis (non cholera) and yersinosis.						
	Number of F&WD Infections	495	500	510	10	2.0%
	F&WD Investigations	268	270	280	10	3.7%
	Total Number of Confirmed and Probable Cases Based on NYS Data (sentinel)*	254	260	270	10	3.8%

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Hepatitis- Maintain surveillance of all reportable viral hepatitis including: HAV, HBV, perinatal HBV, HCV and perinatal HCV						
	Number of hepatitis Infections	3,262	3,300	3,310	10	0.3%
	Hepatitis Investigations	838	850	855	5	0.6%
	Total Number of Confirmed and Probable Cases Based on NYS Data (sentinel)*	448	450	460	10	2.2%
Weights & Measures Division - Inspections of all retail gasoline pumps and scales used in commercial transactions to ensure that the correct amounts are received by the consumer. Gasoline samples are tested for chemical component to ensure that it is within specifications.						
	Weights & Measuring Devices Inspected	4,656	4,600	4,600	-	0.0%
Weights & Measures Division - Protect consumers through the enforcement of local and state laws designed to maintain equity in retail transactions.

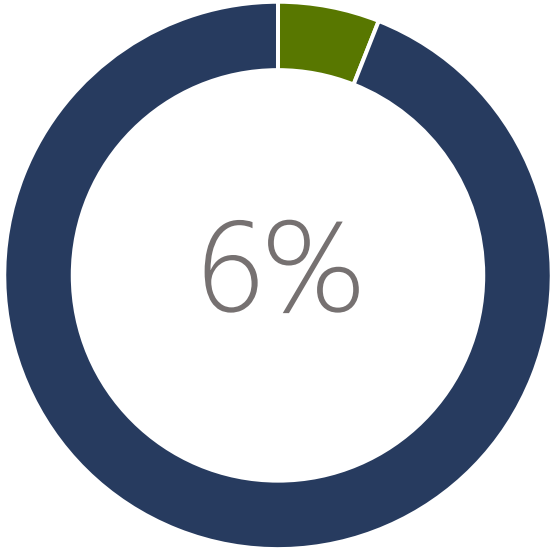
Department of Mental Health

Mission

To promote the mental health and wellness of our community through collaboration, outreach and effective care.



Percentage of the County Budget

Department of Mental Health

Functions

The Department of Mental Health (DOMH) promotes the mental health and wellness of our community through collaboration, outreach, and compassionate, effective care. The Department of Mental Health has a statutory responsibility under NYS Mental Hygiene Law to provide oversight and management of the mental health delivery system in Dutchess County. This system includes services and support for people with intellectual and developmental disabilities, people with substance use disorder and people with mental health challenges of all ages. The department is required to plan, develop, and implement a robust system of care to meet the needs of the residents of Dutchess County. This is accomplished through direct service provision and contractual collaboration with many community-based organizations.

Intensive Treatment Alternatives Program (ITAP) (A.4250)

The Intensive Treatment Alternatives Program (ITAP) is a New York State Office of Addiction Services and Supports (OASAS)-licensed day rehabilitation program operated by the Dutchess County Department of Mental Health in collaboration with the Dutchess County Office of Probation and Community Corrections. ITAP provides a highly structured, evidence-based treatment setting for individuals with substance use disorders who are involved in the criminal justice system and have been court-mandated to participate as an alternative to incarceration.
Participants attend programming five days per week and engage in a full schedule of therapeutic activities, including individual counseling and group therapy. Services are delivered by a multidisciplinary team composed of licensed clinical social workers, credentialed alcohol and substance abuse counselors (CASACs), mental health professionals, and peer Recovery Coaches. Psychiatric care is provided by an addiction specialist who addresses both mental health and substance use needs. Each participant is assigned an on-site probation officer who plays a central role in case coordination and monitoring. Most individuals reside in community-based supportive sober housing, which further reinforces stability and recovery. Through this integrated and collaborative approach, ITAP helps participants build the skills and supports necessary to maintain recovery, reduce recidivism, and achieve lasting reintegration into the community.

Behavioral Health Administration (A.4310)

This division is responsible for the planning, oversight, development, and provision of comprehensive community-based prevention, treatment, and recovery services and programs for people experiencing mental health challenges, intellectually/developmentally disabled and/or substance use disorder. This division also oversees the Dutchess County Commission on Human Rights (DCCHR) which is responsible for promoting a respectful and inclusive community for all by identifying and responding to emerging issues, facilitating community dialogues, hosting educational programs, conducting educational outreach, and responding to inquiries and complaints.

Contracted Services (A.4320.42)

The Department of Mental Health contracts with community-based organizations to provide a wide array of services and support. The agencies are:

Astor Services for Children and Families, Mental Health America of Dutchess County, Taconic Resources for Independence, Family Services Behavioral Health, Access Supports for Living, Abilities First, Inc., Careers Support Solutions, Gateway Community Industries, NYSID, Taconic Resources for Independence, Hudson River Housing, , USA, People, USA, Anderson Center for Autism, City of Poughkeepsie, Prime Care Medical, NAMI Mid-Hudson, CAPE, Westchester Medical Center, Hudson Valley Clubhouse, New Horizons, Ramapo for Children, Red Hook Public Library, and Rehabilitation Support Services.

Partial Hospital (A.4320.43)

The Partial Hospitalization Program provides intensive treatment, five days a week, for patients aged 18 years and over who require daily structured mental health treatment. The program functions both as an alternative to full-time psychiatric hospitalization and as a step-down for those patients discharged from a psychiatric inpatient unit. This program is transitioning to a new model: Intensive Outpatient Program or IOP. The IOP model maintains the intensive service delivery that partial hospital provides but for a great number of people and with greater flexibility. In the Fall of 2025, Partial Hospital was converted into a new, more flexible treatment program called S.T.E.P (Support, Treatment, Empowerment and Progress Program and Clinic). This intensive outpatient program is intended to better meet the needs of the community and will continue to evolve over 2026. S.T.E.P. offers individual and group therapy, psychiatric care and medication management, nursing services and care coordination. Services can be delivered on site at 230 North Road or in the community, based on the needs of individuals.

Coordinated Services (A.4320.44)

Coordinated Services are those functions that provide monitoring and oversight of a variety of behavioral health community support services such as housing coordination, assisted outpatient services coordination, single point of access coordination, children's services coordination, prevention services coordination, and the Empowerment Center. Services are also provided through the Office of Probation and Community Correction, Department of Community and Family Services, and the Dutchess County Jail. In 2026, we expect to see a dramatic decrease in calls to Helpline and an increase to 9-8-8 calls as we end the legacy phone number and transition fully to 9-8-8.

HELPLINE (A.4320.45)

The Dutchess County 988 HELPLINE provides telephone and texting counseling, crisis intervention, information, and referral services operating 24 hours a day, 365 days a year. HELPLINE Crisis Counselors are also the designated responders for 9-8-8 crisis calls originating in three counties, including Dutchess. Mental health professionals are also available 24 hours a day through the mobile app "Dutchess County HELPLINE." The app is designed to help recognize the warning signs of suicide and overdose, support wellness, and provide a wealth of health resources for the public.

Diversion (A.4320.46)

The Diversion program provides services in the community to individuals, families, and groups who are in acute distress. The Mobile Crisis Intervention Team, dispatched by HELPLINE, is available seven days a week and interfaces with police and other county agencies and intervenes with children and adults countywide. The Crisis Intervention Team operates 24 hours a day, 365 days a year.

Stabilization Center (A.4320.74)

The Stabilization Center provides support, assessments, and related crisis services for youth, families, and adults. Services are available 24 hours a day, seven days a week, and focus on mental health assessments, sobering and beginning detox, respite, and access to primary care.

Special Needs Program (A.4320.75)

The Special Needs program division is responsible for the planning, development, and oversight of the **ThinkDIFFERENTLY Action Plan** and the **ThinkACCESSIBLE Plan**—two key initiatives designed to promote an inclusive and accessible environment for individuals of all abilities throughout Dutchess County.

These initiatives focus on five foundational areas that support individuals with physical, intellectual, and developmental disabilities in achieving their fullest potential: Housing, Employment, Education, Recreation, Physical Infrastructure and Business Development.

The **ThinkACCESSIBLE Plan** highlights and formally recognizes businesses, municipalities, and public spaces that go beyond the minimum requirements of the Americans with Disabilities Act (ADA). Through a set of established criteria, it celebrates those who demonstrate excellence in accessibility, inclusion, and the creation of welcoming environments for people of all abilities.

In addition to strategic planning, the division plays a direct service role by assisting residents in navigating the often complex network of supports and resources for individuals with intellectual and developmental disabilities. This includes the **Single Point of Access (SPOA)** for children and youth, which serves as a coordinated entryway for families seeking access to community-based services and supports.

Key Budgetary Issues:

- 730 evaluations and restoration are an extremely expensive and antiquated system to evaluate and "restore to competency" individuals with serious mental illness in the criminal justice system. Many judges incorrectly believe that by ordering a 730 commitment, they are helping the mentally ill or developmentally disabled person get treatment. The cost of restoration for one individual can be over $440,000 per year. The County is hopeful that pending legislation at the State will correct this antiquated system.

- The Intensive Treatment Alternatives Program (ITAP) is currently experiencing a notable decline in participant numbers. While the program previously maintained a census of 40–50 individuals, current enrollment is often less than half that number, even on the most active days. This decrease may be attributed in part to recent changes in New York State's criminal justice system, including bail reform, which has reduced the number of individuals eligible for court-mandated alternatives to incarceration. As the system evolves, the

program continues to assess its role and explore new strategies to reach individuals who could benefit from intensive, structured substance use treatment within a community-based setting.

- As Dutchess County transitions from a Partial Hospitalization Program (PHP) to an Intensive Outpatient Program (IOP), we anticipate a corresponding increase in billing revenue. The IOP model allows for greater flexibility in service delivery, increased capacity, and improved billing efficiency, as services are eligible for reimbursement across a wider payer mix and on a more consistent basis. This transition aligns with current clinical needs and system demands, while also enhancing the program's long-term financial sustainability.

2026 Initiatives:

- Continue to expand on improvements made in 2025 to contract oversight with use of the Clearpoint System. Work to develop a monitoring system that connects quarterly outcome metric reporting with financial reimbursement for services.

- Partner with community agencies and other county departments to provide mental health and substance use services for individuals experiencing homelessness. Expand presence in the community by increasing outreach and training opportunities. Partner with the Department of Health to provide linkages to care on the Mobile Health Unit (MHU).

- Actively work to end the (845)485-9700 Helpline and transition completely to the 988 number in order to increase ease of accessibility and funding opportunities.

- Explore the feasibility of obtaining an integrated OMH and OASAS license in order to combine the IOP and ITAP into one program. An integrated license could reduce administrative overhead and increase access and accessibility for clients. If this is a viable option, begin license application.

- Work with the City of Poughkeepsie Court and the County Court to implement Mental Health Court Navigators.

- Coordinate with the Department of Public Works to design and execute the renovation of 230 North Road, partially funded with unrestricted opioid settlement funds.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Overdose Prevention Program - Coordination of training and provision of overdose prevention kits to county law enforcement programs, professionals and community members.						
	Number of Persons Trained	2,699	2,564	300	(2,264)	-88.3%
	Number of Narcan Kits Distributed	4,378	4,159	1,000	(3,159)	-76.0%
* This will move to department of Health in 2025						
Outpatient Clinic Services - ITAP Aftercare & Transitions Treatment Program provides adults/adolescents and their families with treatment to promote recovery from chemical dependence/addiction and improve their quality of life.						
	Number of Persons Served	31	34	25	(9)	-26.5%
	Volume of Service	481	559	411	(148)	-26.5%
Outpatient Rehabilitation Services (ITAP) - Provide chemically dependent adults with a highly structured, intensive, five day per week program with the goal of developing and maintaining a program of recovery.						
	Number of Persons Served	64	53	40	(13)	-24.5%
	Volume of Service	4,691	3,588	2,708	(880)	-24.5%
Partial Hospitalization - A five day a week intensive treatment program to stabilize individuals in an effort to prevent psychiatric hospitalizations or to gradually phase individuals back into the community after a psychiatric hospitalization.						
	Number of Persons Served	296	307	500	193	62.9%
	Volume of Service	2,888	2,762	4,498	1,736	62.9%
* This programming changed from Partial Hsospitalization to Intensive Outpatient Program (IOP) in 2026.						
Forensic Services - Provide a comprehensive chemical dependency/mental health/criminal justice assessment with appropriate behavioral healthcare treatment recommendations to the courts as an alternative to incarceration.						
	Number of Persons Served/	174	155	155	-	0.0%
	Volume of Service	174	155	155	-	0.0%
Jail-Based Behavioral Health Services - Provide mental health/chemical dependency services to individuals incarcerated in the DC Jail and link these individuals to appropriate behavioral healthcare services upon their release into the community.						
	Number of Persons Served*	400	514	514	-	0.0%
	Volume of Service	400	514	514	-	0.0%
* These figures do not currently reflect services provided in the jail collected in the Northpointe software.						

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Court Evaluations - Assist Dutchess County criminal justice system by providing the courts with pre-trial psychiatric evaluations of defendant's competency to understand at trial the charges brought against them and their ability to participate in their own defense.						
	Number of Orders Received	72	73	73	-	0.0%
	Number of Evaluations Completed	144	138	138	-	0.0%
Helpline - Provide telephone counseling, crisis intervention, information and referral services, 24 hours a day, 7 days a week.						
	Number of total calls	25,413	24,398	18,000	(6,398)	-26.2%

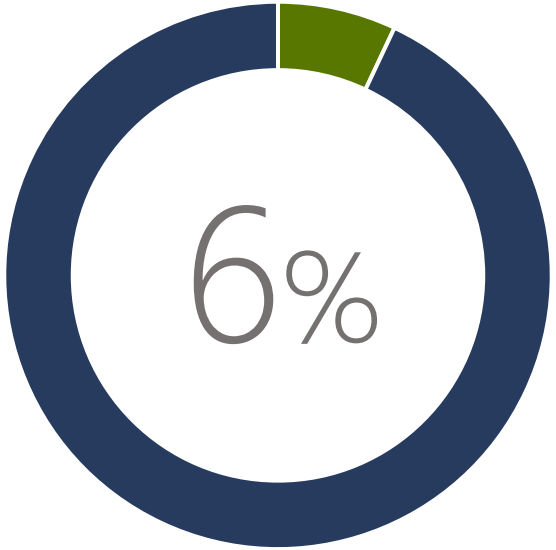
Public Works Highway & Engineering 580
Public Works Airport 626
Public Works Public Transit 640
Metropolitan Transit Authority 654

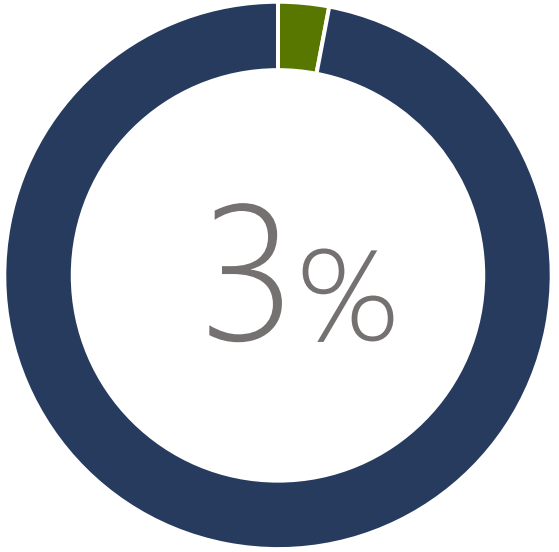


Percentage of the County Budget

Public Works Highway & Engineering

Mission

To responsibly maintain and repair the County highway infrastructure network, to insure public safety and ease of use of the County highway system and to keep the County's motor vehicle and equipment fleet in good repair, in a manner that maximizes return on public funds invested.



Percentage of the County Budget

Public Works Engineering & Highway & Fleet Operations

Functions

The Department of Public Works has the responsibility for the administration, construction, maintenance, supervision, repair, alteration, and care of all County highways and bridges. The department is responsible for the supervision of the design and construction of all County related highway and bridge improvement/construction projects. The department maintains and manages the County's fleet of motor vehicles and equipment.

DPW Auto Center (A.1640)

The Auto Center maintains all vehicles, including hybrid electric vehicles, for the County's automotive fleet and provides shared services for five County related agencies, one municipality, and one fire district. These services include maintenance and repair, purchase and registration of new vehicles, performance of state inspections, response to road calls, provision of fuel, and disposal of surplus equipment. All vehicles leased by the County are coordinated through the Auto Center. The Auto Center purchases and tracks gasoline, diesel, and E-Z Pass usage.

DPW Engineering (D.5020 & D.3310)

The Engineering Division oversees the design, construction, and inspection of all County highway and bridge capital improvement projects; inspection of County drainage structures; inspection of County pedestrian bridges; supervision and potential repairs of County highway bridges, which are inspected by NYSDOT; repairs and replacement of traffic signals; distribution of permits for all work within the County right-of-way; and execution of all required subdivision and SEQRA reviews. Engineering is also responsible for all traffic-related projects and public requests concerning traffic, roads, and bridges; assuring dam safety and stormwater pollution prevention compliance; and performing land acquisitions associated with all improvement projects. Engineering is responsible for supervision of the design and construction of all highway, bridge, culvert, and rail trail improvement/construction projects included in the County's five-year Capital Improvement Program. Engineering provides support to other divisions for maintenance, repairs, and capital projects.

DPW Road & Bridge Maintenance (D.5110 & D.5120)

These Divisions fund pavement maintenance and rehabilitation programs that include resurfacing, reconstruction, special surface treatments, and crack sealing. Roadside maintenance includes repair and replacement of pipes, guide rails, and signs. Other maintenance work includes shoulder and drainage ditch cleaning, tree and brush clearing, grass cutting, drainage system repair and replacement, and bridge/culvert repair and replacement. This unit maintains six Highway Maintenance Facilities throughout the County.

DPW Snow Removal (D.5142)

This Division funds snow and ice control operations based on six highway maintenance facilities, including labor and materials. This budget group supports shared services contracts with municipalities to provide efficient snow removal and maximize resources.

DPW Machinery- Buildings (E.5132)

This Division is responsible for maintaining all buildings and facilities associated with highway maintenance operations.

DPW Machinery (E.5130)

The Highway Repair Garage is responsible for maintaining 200 pieces of construction equipment (trucks, tractors, excavators, etc.) located at six Highway Outpost operations centers and assists with repairs and maintenance of buildings, parks, and airport equipment, in addition to the Highway Division equipment.

Key Budgetary Issues:

- With volatile pricing for professional services, construction services, and materials, budgeting and meeting goals will be difficult.
- Due to market labor conditions, it remains a challenge to fill vacant senior level professional engineer/project manager positions.
- It has become increasingly difficult to attract new workers to the entry-level Motor Equipment Operator position. The Highway Construction & Maintenance Division is developing strategies to improve recruitment and retention, including participation in locally sponsored skilled trade fairs to recruit young workers entering the workforce, as well as expansion of the Department's CDL trainee program, which will facilitate CDL certification for entry-level jobs with the goal of building CDL driver capacity for the Department.
- The 2026 budget request includes essential funding necessary to keep all county vehicles and machinery in operational state. The volatile price and supply chain uncertainties make procurement of replacement parts and repair services an ongoing challenge.

2026 Initiatives:

- Seek grant opportunities for bridge, culvert and highway improvement projects to offset county costs for these essential infrastructure projects.
- Digitize historic road and bridge records.
- Work with municipalities to increase participation in the County's shared services snow and ice control program.
- Work with DPW Administration to expand an apprenticeship program for entry-level positions that require commercial driver's licenses (CDLs) to attract candidates to these entry-level positions as they currently have a high vacancy rate.
- Explore opportunities to increase the number of electric and hybrid-electric vehicles within the County's automotive fleet.

Goals and Workload Measures

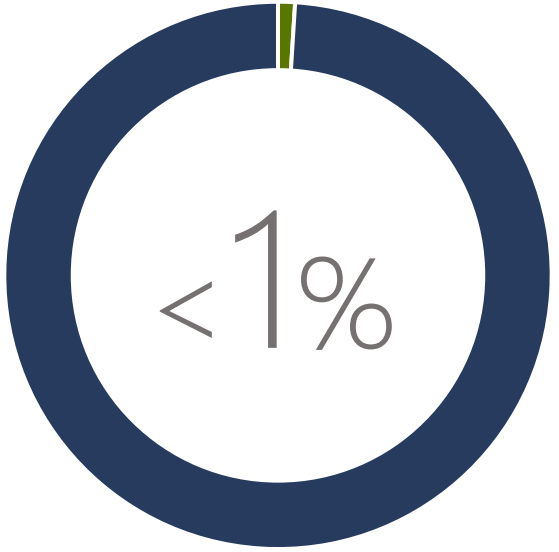
Public Works Airport

Mission

The Hudson Valley Regional Airport strives to be the Hudson Valley's first choice for business and personal air transportation, providing an engine for economic growth, while maintaining operational safety, outstanding service, and a safe environment for aircraft owners, operators, our neighbors, and the flying public.



Percentage of the County Budget

Public Works – Aviation Division

Functions

Hudson Valley Regional Airport, located seven miles south of the City of Poughkeepsie in the Town of Wappinger, provides corporate and general airport transportation services. Client services are provided by the County's contracted fixed-base operator.

DPW Airport (EA.5610)

Hudson Valley Regional Airport serves as an important economic and transportation resource. Federal and state grants are aggressively pursued for all eligible projects identified in the Airport Master Plan. The division is focused on safety, security, and taxiway enhancements to provide access to parcels available for future development, obstruction removal, environmental compliance, and wildlife hazard management.

2026 Initiatives:

- Continue working directly with SkyHarbour and their engineering group to construct a 99,000 sq/ft premium corporate hangar space. This facility will be home to as many as 12 corporate jet-aircraft.
- Use FAA/NYSDOT capital grants to complete construction of Operations support buildings.
- We continue to work with the NYDEC to develop an environmental workplan and have delayed FAA capital projects for a year until it is completed.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Provide safe, efficient airport operations, and a transportation and economic resource to the community.						
	Landings and Take-offs	88,665	92,500	95,500	3,000	3.2%
	Aircraft Based at Airport	128	136	140	4	2.9%
	Airport Terminal Tenants	15	16	16	-	0.0%
	Airport Ground and Hangar Lease Tenants	115	115	115	-	0.0%
Provide professional year-round Fixed Based Operator services.						
	Jet-A Fuel (Gallons) by Fixed Based Operator	332,642	348,741	359,203	10,462	3.0%
	100-LL Fuel (Gallons) by Fixed Based Operator	94,242	102,723	109,913	7,190	7.0%

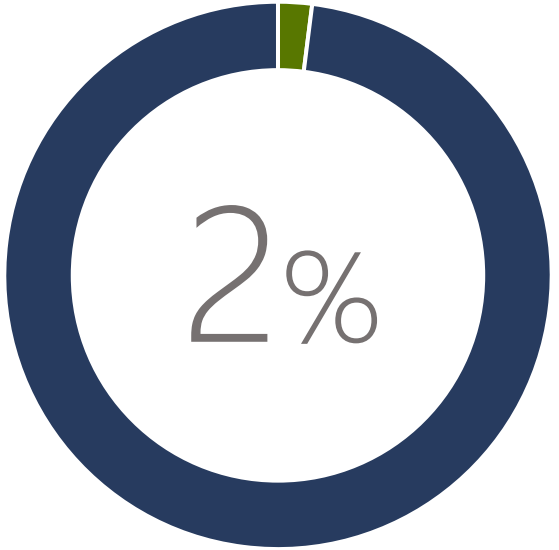
Public Works Public Transit

Mission

To provide Dutchess County with a safe, efficient, accessible and reliable public transportation system.



Percentage of the County Budget

Public Works Public Transit

Functions

The Public Transit Division provides public transportation services to Dutchess County through two modes of service: fixed route service and demand response service.

Public Transit (ET.5680)

Dutchess County Public Transit provides fixed route bus services throughout the County. Demand response services include Dial-A-Ride, Flex, and ADA Complimentary Paratransit service. The primary objective of the division is to provide Dutchess County with a safe, efficient, accessible, and reliable public transportation system.

The County will continue to use federal capital funds (5307 funds) to cover the cost of eligible preventive maintenance and operating assistance. Preventive maintenance is reimbursable at 80% federal, 10% state, and 10% local. Operating assistance is reimbursable at 50% federal and 50% local.

Key Budgetary Issues:

- The New York State Operating Assistance Program will increase +/- 5.5% and the New York State Capital Assistance Program will remain stable for 2026.
- Public Transit expects to receive approximately $2.5 million in ARPA Transit funding for use in 2026, which will help reduce the County's contribution to the public transit system in 2026, but a higher county contribution will be required in the 2027 Budget.
- Contracts with Dutchess Community College, Vassar and Bard colleges, as well as the City of Poughkeepsie School District and City of Beacon, reduce the County's contribution to the Public Transit System.

2026 Initiatives:

- Complete Phase II and III of the bus shelter replacement and repair project adding up to eight new shelters throughout the system.
- Complete the replacement of the current transit fare collection system.
- Continue public outreach programs through on-site visits and information tables at senior centers and shopping malls.
- Replacement of 15 transit buses that have reached the end of their useful life.

- Pursue federal and state grants to support:
  - Transit facility renovations.
  - ADA accessible bus shelters and other transit amenities.
  - Replacement of buses in 2027.
  - Improved customer-centric IT applications to improve passenger convenience.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Provide safe, efficient bus transportation for the general public.						
	Number of Fixed route Passengers	882,563	815,786	835,110	19,324	2.4%
	Number of Dial-A-Ride Passengers	12,895	13,383	14,147	764	5.7%
	Number of Flex and Paratransit Passengers	9,466	13,567	14,150	583	4.3%
	Total Passengers	904,924	842,736	863,407	20,671	2.5%

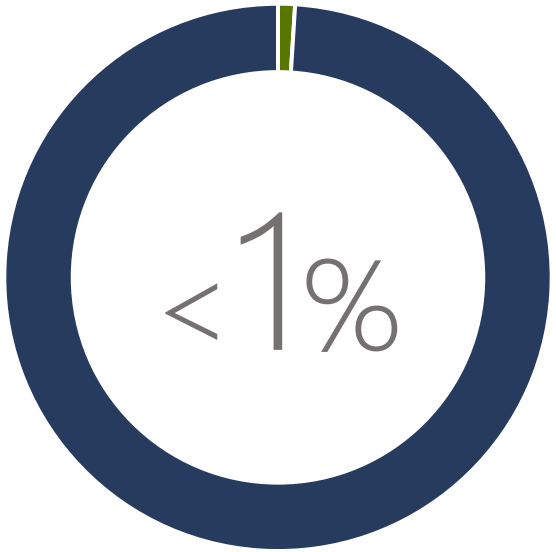
Metropolitan Transit Authority



Percentage of the County Budget

Metropolitan Transit Authority

Functions

The Metropolitan Transit Authority (MTA) determines and certifies to Dutchess County the cost for Metro-North Commuter Railroad to operate, maintain, and use the Metro-North Commuter Railroad passenger stations located in Dutchess County. This includes the buildings, appurtenances, platforms, and land. The cost is billed to the County annually. The MTA also collects various taxes from Dutchess County residents through Mortgage Recording Fees, Payroll Taxes, and Sales Tax.

MTA Station Maint/Match (A.5640)

This department records the amount billed by the MTA and paid by Dutchess County for MTA Station Railroad Maintenance. This department records the revenue associated with "mass transportation operating assistance" payments, which the MTA is required to provide Dutchess County from the MTA's Mortgage Recording Tax (MRT-2) receipts.

Key Budgetary Issues:

- The Transportation Aid revenue is formula-driven, based on Mortgage Recording Tax data provided by the County Clerk's Office for 2025 year-to-date.

- The MTA Station Maintenance, which the County pays to the MTA each September 1st, is being budgeted based on the forecasted change in the CPI from April 1, 2025, through March 31, 2026.

- The County pays MTA a required local match for NYSDOT operating assistance totaling $380 thousand. This amount has remained the same since 2005.

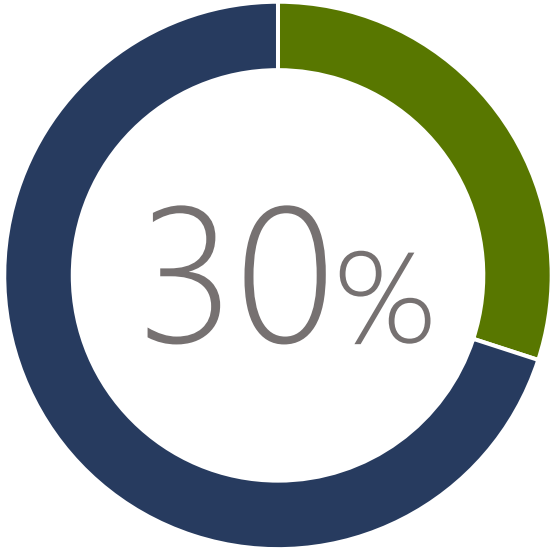
Office for the Aging 659
Department of Community & Family Services 680
Office of Veteran's Affairs 731

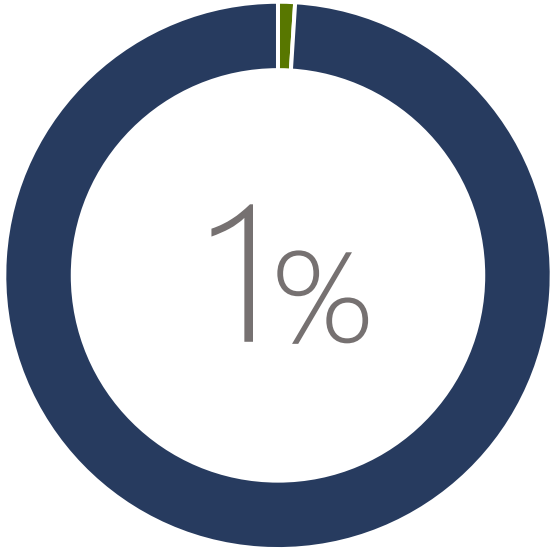


Percentage of the County Budget

Office for the Aging

Mission

To provide an array of community based services to the elderly and persons who require assistance in the long term care system, in an effort to promote independence, dignity and improve quality of life. Serving as an advocate and community partner, the Office for the Aging strives to ensure clients' needs continue to be met now and in the future.



Percentage of the County Budget

Office for the Aging

Functions

The Office for the Aging (OFA) provides a variety of services assisting seniors, the disabled, and chronically ill living in Dutchess County, as well as promoting successful aging at home. The department also seeks to meet the core needs of caregivers and those in the long-term care system.

Office for the Aging (A.6772.50)

The Office for the Aging plans, coordinates, and provides an array of community-based services to the elderly and persons who require assistance in the long-term care system, to promote independence, dignity, and quality of life. OFA offers an array of programming that provides socialization, recreation, and fitness opportunities for seniors to remain active and energized. Through its distinctive role as a committed advocate and community partner, the agency strives to ensure clients' needs will continue to be met now and in the future.

OFA provides, either directly or through contract with community agencies, businesses, and professionals, the following services: home care, case management and assessment, social adult day care, personal emergency response systems, respite, transportation, home-delivered meals (HDMs), congregate meals, nutrition education and counseling, senior friendship centers, case assistance, information-outreach-referral, energy assistance, housing information, health insurance assistance, in-home contact and support, exercise programs, mental fitness classes, legal services, minor home modifications, and services to grandparents raising grandchildren.

Senior Citizens Reserve (A.6772.51)

This reserve account is for private donations and sponsorships for senior programs and special services, including the annual senior picnics.

Continuing Care Unit (A.6772.52)

Office for the Aging Continuing Care provides access to anyone, regardless of age and payment source, to long-term care services. Case Managers and Public Health Nurses can assess clients in their home, a nursing home, or in the hospital to establish a realistic plan of care and provide advice on available funding sources. They may also make suggestions regarding other alternatives such as Adult Day Care, Adult Homes, Assisted Living, Foster Care, Home Health Care, Respite Services, and Nursing Home placement. The Office for the Aging / Continuing Care can help arrange for the provision of services, which may include home care, such as homemaking and personal care. Additionally, the Continuing Care unit will:

- Refer clients to agencies providing services such as medical transportation, telephone reassurance, and equipment like wheelchairs, hospital beds, walkers, and canes.
- Review the needs of the client and his or her family and explore alternatives for care and financing.
- Assign a Case Manager or Public Health Nurse who will visit the home to create an unbiased plan of care.
- Arrange for and monitor delivery of services and provide ongoing case management.

- Discharge Planning assistance from a hospital, nursing home, or rehabilitation unit can be provided. A Case Manager or Public Health Nurse can be involved in family conferences regarding care planning for those who may need home care services upon discharge.
- Provide Personal Emergency Response Systems (PERS), which are emergency medical alert systems that help people live active, independent lives by linking them to assistance 24 hours a day, 365 days a year.
- Arrange overnight respite for caregivers who need to be away for short periods of time.
- Enroll clients in Adult Day Care Programs that provide supervision, care, and companionship for elders who cannot be left alone during the day and can benefit from socialization. Transportation may sometimes be arranged. This service is especially helpful for families who care for a dependent adult but must work during the day.

Key Budgetary Issues:

- As the older adult population grows, so does the demand for aging services. The economic climate can also affect the demand for services provided to older adults. While aging services is a needs-based process independent of economic cycles, cost increases in necessities such as food can impact an older adult's ability to afford these items. With increasing costs of goods and services including food, providers such as OFA face the challenge of maintaining service levels within existing funding limits.

2026 Initiatives:

- Age is the biggest factor for hospital readmission, and seniors over 65 are at the highest risk of being readmitted within 30 days, often with more severe symptoms. Ensuring that older adults have the necessary support at home after hospital discharge is critical for their safety, recovery, and overall well-being.

- Millions of older adults and individuals with disabilities would not be able to maintain their health and independence without the help of caregivers, many of which also work full or part time and struggle to balance work and caregiving. OFA will support caregivers by providing groups, respite, education workshops, social adult day care services and options for working caregivers.

- To help address isolation, access to care, transportation, and fall/injury prevention, OFA will work to educate medical staff more broadly regarding the programs and services that OFA provides. The OFA Ambassador and one OFA Case Manager have been designated as the point of contact for the area hospitals, with a goal of taking part in discharge planning for high-risk patients who have no or limited supports in the community.

- To help meet the needs of working caregivers, OFA will implement caregiver support groups, respite care services, education workshops, social adult day services, and resources for working caregivers.

- Ageism and discrimination are precursors to elder abuse, neglect, and exploitation. OFA's initiatives and actions to combat ageism include:

    - Emphasize education regarding ageism, neglect, and exploitation to the public, community agencies, business groups, and government officials.

    - Provide training and prevention outreach regarding inherent biases.

    - Encourage the use of intergenerational contact as a method that will help dispel ageism. OFA will build upon an affiliation with local colleges and area high schools to pursue opportunities for intergenerational activities.

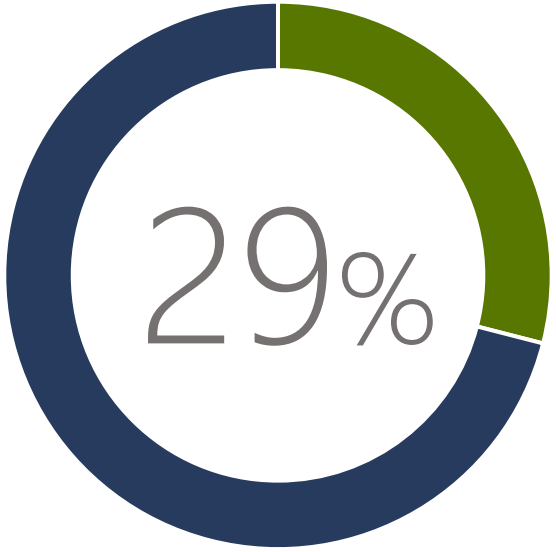
Community & Family Services

Mission

Provide temporary assistance and support services necessary to sustain vulnerable and disabled persons and assist each recipient, in a courteous, fair and efficient manner with the aim of restoring each beneficiary to maximum independence. Provide protection services to children and adults at risk of being harmed; and make available to families, services that will strengthen the family unit, encourage stability in living arrangements, and provide a nurturing environment for children.



Percentage of the County Budget

Department of Community and Family Services

Functions

The Department of Community and Family Services (DCFS) is responsible for the administration of the New York Social Services Law in Dutchess County. The Department administers the federal and/or state assistance programs of Family Assistance, Safety Net Assistance, Emergency Aid to Families, Emergency Aid to Adults, Day Care, Home Energy Assistance (HEAP), Indigent Burial, Medicaid, Supplemental Nutritional Assistance Program (SNAP), Adult and Youth Services. The department is also responsible for the care of children surrendered by their parents or ordered to its custody by Family Court, to investigate reports of child abuse or neglect, and to provide services for children found to be abused.

DCFS - Admin (A.6010)

Personnel costs for the department are centralized in A.6010 and provide the department's various programs and operations. DCFS administers transitional benefits, Medicaid and Child Support, as well as the cash assistance programs of Family Assistance, Safety Net Assistance, Emergency Aid to Families, and Emergency Aid to Adults. The department operates two satellite offices: the Beacon office, which handles SNAP and HEAP applications; and the Eastern Dutchess Government Center Office, which handles integrated applications. In addition, the Youth Services Unit is located in a separate office at 85 Civic Center Plaza building, and a special Child Protective Services (CPS) unit is co-located with a multidisciplinary team at the Child Advocacy Center. The department also includes a special investigations unit that investigates suspicion of clients fraudulently receiving benefits.

DCFS – Day Care (A.6055)

Financial assistance for childcare costs is provided for low-income families and families transitioning off of public assistance.

DCFS – Services for Recipients (A.6070)

This unit reflects funding for contracted agencies providing a range of services, including adult protective, domestic violence, housing and emergency placement of homeless individuals and families.

DCFS – Medicaid Services (A.6100)

This unit reflects the costs associated with Medicaid for eligible Dutchess County residents unable to pay the cost of medical care. This amount has been capped by the state.

DCFS – Medical Assistance (A.6101)

This division includes all Medicaid related costs paid directly by DCFS, including health insurance premiums paid on behalf of eligible Medicaid recipients and client payments for Medicare Buy-In programs.

DCFS – Family Assistance (A.6109)

Family Assistance provides financial support to eligible families that include a minor child living with a parent (including families where both parents are in the household) or a caretaker relative. This program assists families so children may be cared for and to end the dependence of parents on government benefits by promoting job preparation and workforce development.

DCFS – Children Services (A.6119)

This unit provides services to children placed in care through voluntary surrender by parents, court order by Family Court, or removal of a child from his or her home due to abuse or neglect. Services provided include foster care, institutional care, adoption, non-secure detention, adoption subsidies, and preventive care. This also includes Committee on Special Education school placements.

DCFS – Juvenile Delinquent Care (A.6123)

This unit includes costs associated with the court-ordered placement and care of children who are adjudicated PINS or juvenile delinquents.

DCFS – State Training School (A.6129)

This unit consists of costs for the care of youth in the custody of the New York State Office of Children & Family Services and placed at state-operated facilities. These are children who have been adjudicated with serious juvenile delinquent offenses.

DCFS – Safety Net (A.6140)

Safety Net provides financial assistance to eligible single adults, childless couples, people who do not qualify for other assistance programs, and families who have exhausted their 60-month time limit for Family Assistance. This program also provides for the cost of burials for the indigent.

DCFS – HEAP (A.6141)

Home Energy Assistance Program (HEAP) is a federal block grant designed to assist low-income individuals, particularly those with the lowest income, who pay a high proportion of household income for home energy in meeting their immediate energy needs. This includes regular assistance, emergency assistance, cooling assistance, heating equipment cleaning and tuning, and heating equipment repair and replacement. HEAP targets low-income elderly, disabled, and households with young children, where insufficient heating and cooling can cause health and safety issues.

DCFS – Emergency Aid - Adults (A.6142)

Emergency Assistance to Adults provides assistance in the case of emergency (such as a utility shut-off or eviction) for individuals and couples who have been determined eligible or are receiving Supplemental Security Income (SSI).

DCFS – Youth (A.7310)

Youth Services is responsible for the administration of New York State funding. This division also provides case counseling for personal, family, and school conflicts; advocacy services, referrals to appropriate community resources, and workshops on a variety of youth-related topics.

Key Budgetary Issues:

- There is a bill being considered by the State legislature, which would require OCFS to adjust its regulations regarding child to staff ratios in childcare programs to align with New York City's ratio. NYC and NYS have different regulations about what age would define a "toddler". The State's regulations define "toddler" as 18-36 months in age; NYC defines "toddler" as 12-24 months in age. The State requires a 1:5 ratio for toddler classrooms, with a maximum group size of 12. The City requires a 1:6 ratio for toddler classrooms, with a maximum group size of 12. If approved, this change could assist day care providers by reducing their staffing costs.

- The Federal government is requiring that NYS begin to make prospective payments to daycare providers based on enrollment by August 1, 2026. Currently, providers are paid based on attendance.

- The Anti-Harassment in Reporting Act would prohibit anonymous child abuse and neglect reports to the NY State Central Registry. This bill passed both Houses and is awaiting action by the Governor. The requirement for a caller to identify themselves is no guarantee of the veracity of the information. There are times when individuals may fear retaliation and determine that they would not call if they could not remain anonymous.

- The federal changes to the Supplemental Nutrition Assistance Program (SNAP) will have a major impact on residents and county budgets. The provisions will restrict access, tighten eligibility, and shift major costs from the federal government to states.

- The healthcare provisions of the Congressional Budget Reconciliation Bill will severely jeopardize the Essential Plan and New York's healthcare system. Some of the changes take effect in the coming months, while others have an implementation date of 2027-2029. The biggest changes are the eligibility requirements related to those receiving Medicaid as part of the Affordable Care expansion. Clients will now have to confirm work hours or do other tasks they were not required to do before, to remain eligible. NYS DOH estimates that work requirements and other changes are expected to increase state administrative costs by more than 20%. Clients will also have less time to provide the necessary information to receive coverage. None of this legislation provides funding to states for projected increased workload.

2026 Initiatives:

- DCFS will implement several activities to address homelessness, including planning for the new Transitional Housing Support Center at Oakley Street, conducting and coordinating street outreach efforts to engage the homeless, establishing warming centers to provide shelter during inclement weather, and implementing eviction prevention programs such as payment of rental arrears. Intensive case management services aim at reducing the number of homeless individuals by helping them secure transitional or permanent housing. Finally, the implementation of the rental supplement program will assist individuals and families obtain housing stability and prevent homelessness.

- With the Federal changes to SNAP operations, DCFS must address the backlog in processing applications through the use of EVA, and Artificial Intelligence (AI) to increase our efficiency. EVA has been tested in 7 other NYS counties to manage phone calls and read the Rights & Responsibilities (EVA R&R) for applicants, freeing up staff time to process applications. The utilization of EVA phone and EVA R&R will be instrumental in increasing our efficiency in timely processing applications and recertifications.

- We are piloting a program called **SPEAR** - ***S****hifting* ***P****ower for* ***E****quity* ***A****nd* ***R****esults* to activate the strengths and assets within an impacted community toward the development of primary and secondary prevention strategies to reduce the number of children/youth placed in foster care. Through SPEAR, we will bring together community members to explore opportunities for activating the strengths and assets within the community toward the development of primary and secondary prevention strategies. Essentially, it is getting our communities involved to help their neighbors *BEFORE* the Child Welfare system needs to get involved

- In 2026, the Department will continue the exempt providers development program, and work with the Dutchess County Workforce Investment Board (WIB) to build a childcare workforce through an innovative apprenticeship program. They will utilize our Youth Employment programs to support baby-sitting training certifications and child development associate credentialing to expose our youth to the childcare pathway. Through the WIB, those interested could work towards their CDA (Child Development Associate). This will grow our childcare workforce, which is in dire need.

- The County will work with Community Family Development (CFD), a large daycare provider in our community, to establish a day care center for homeless families at The Lodge**.** There are currently 47 families sheltered at The Lodge. The proposed childcare center is essential to the safety, development, and well-being of children who have experienced housing instability. In addition, the center would empower parents, most of whom are single mothers, to pursue employment, education, and stability without worrying about the safety of their children.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Adult Services - Utilize multi-disciplinary community resources to improve assessments and to develop service plans which reduce risk and protect adults.						
	Adult Protective Intakes Annually	845	858	858	-	0.0%
	Average Open Cases (per month)	289	295	295	-	0.0%
Temporary Housing Assistance - Provide emergency shelter to the homeless and case management services to secure stable housing.						
	Housing Intake Annually	1,965	2,400	2,400	-	0.0%
	Average Monthly Caseload	329	360	360	-	0.0%
Special Investigations - Ensure that assistance payments are made only on behalf of eligible recipients and that erroneous payments are recovered promptly.						
	Dollar Amount of Fraud Detected Prior to Issuance	$4,583,718	$3,800,000	$3,800,000	-	0.0%
	Cases Closed due to Fraud	268	230	230	-	0.0%
Medicaid - Provide timely assistance to low income individuals to ensure that they receive access to services.						
	Applications Received Annually	4,892	4,580	4,580	-	0.0%
	Average Monthly Caseload	14,509	14,589	14,589	-	0.0%
Temporary Assistance - Provide timely financial assistance to eligible individuals and ensure that they are provided with access to services that ensure skills or functioning so that they may achieve self sufficiency.						
	Applications Received Annually	6,671	6,598	6,598	-	0.0%
	Average Monthly Caseload	752	767	773	6	0.8%
Children's Services - Strengthen family support and ensure that children who are removed from their birth families will be ensured stability, continuity and an environment that supports all aspects of their development.						
	Number of Children in Care (at year end)	168	170	170	-	0.0%
	Number of Abuse/Neglect Investigations determined (per year)	2,285	2,350	2,350	-	0.0%
Child Support Enforcement - Ensure children and youth with adequate financial support from absent parents.						
	Amount of Child Support Collected ($ Millions)	$26.9	$26.0	$26.0	-	0.0%

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Supplemental Nutritional Assistance - Provide timely assistance to eligible individual and ensure they receive services that improve the conditions in which they live.						
	Average Monthly $ Amount of Food Stamps Issued	$3,566,947	$3,405,828	$3,405,828	-	0.0%
	Food Stamp Applications Received Annually	9,350	8,922	8,922	-	0.0%
	Average Monthly Caseloads	11,021	10,729	10,729	-	0.0%
Youth Services - Improve positive decision-making skills, increase social competencies, and ensure a healthy constructive mindset in the youth of Dutchess County as it will equip them to better deal with their family and school situations.						
	Short-Term Youth Counseling	132	140	140	-	0.00%
Youth Services - Provide prevention/intervention services to at risk youth in order to divert them from Probation, Family Court, Detention and to address overall school performance.						
	Runaway / Diverted Youth Served	80	68	68	-	0.00%

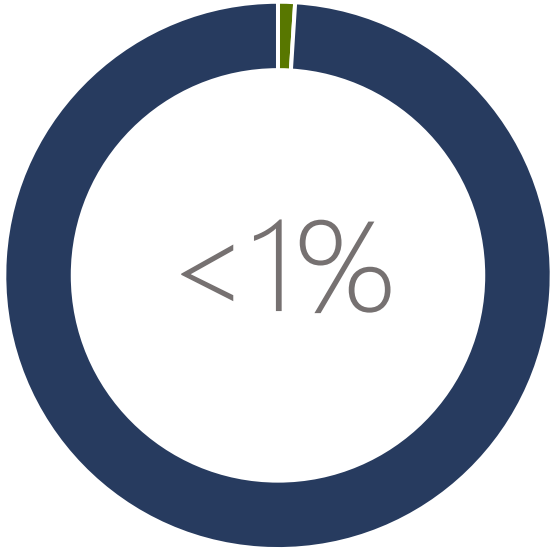
Office of Veteran's Affairs

Mission

Promote the interests and welfare of veterans, their dependents, and survivors. To help the quality of life through counseling, claim assistance, education, and advocacy by obtaining federal, state, and local benefits to which they may be entitled.

Vision

To provide veterans the world-class benefits and services they have earned; and to do so by adhering to the highest standards of compassion, commitment, excellence, professionalism, integrity, accountability, and stewardship.



Percentage of the County Budget

Office of Veterans Affairs

Functions

Veterans Services (A.6510)

The mission of this division is to promote the interests and welfare of our veterans, their dependents, and survivors. The division aims to enhance their quality of life through counseling, claims assistance, education, and advocacy in obtaining federal, state, and local benefits available to them. Veterans Services also oversees the Peer-to-Peer services, Housing and Employment grants operated by Mental Health America of Dutchess County, and Transportation services.

Key Budgetary Issues:

- In addition to our successful Honor-A-Veteran Ceremonies, the Department will add a Veteran of the Month ceremony, honoring them with a challenge coin.

2026 Initiatives:

- In partnership with the Hudson Valley VA Healthcare System, we will be hosting Veteran Town Hall events throughout the county. This will provide our information and the VA's information to the veterans here in Dutchess County.
- Plan on making Dutchess County a National Purple Heart County.

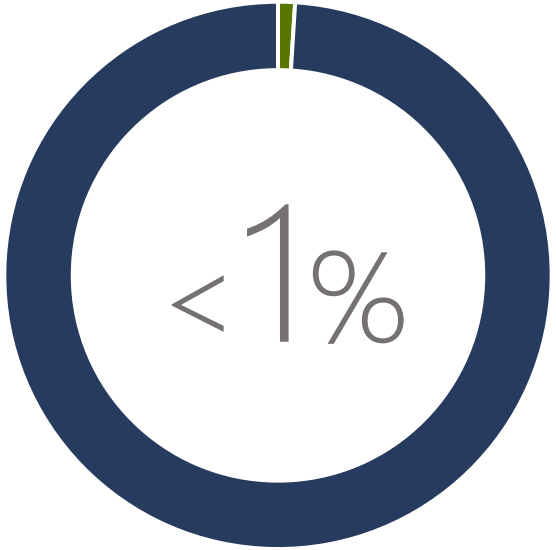
Percentage of the County Budget

History

Mission

To research and preserve Dutchess County History, and to promote better understanding of its significance for residents and visitors to the County.



Percentage of the County Budget

History

Functions

The Dutchess County Historian's primary responsibility is to research and preserve County history and to promote the public's understanding of the County's past and how it impacts them today. The department pursues this mission through archival and exhibit initiatives, public programming, and coordinating the county history community. Examples include the Dutchess County Ancient Documents Archival Project, the Dutchess County Historic Tavern Trail, and Tales from the Ancient Documents program series, consultations with history-sector groups and agencies, quarterly meetings of the historians, historical societies, preservation groups, and historic sites in Dutchess County. The department also produces interpretive signage for departments of Dutchess County government and government-owned properties.

History (A.7510)

The Historian provides leadership for the local history community within Dutchess County and serves as a resource for residents on County history and programming initiatives. Other responsibilities of the Dutchess County Historian include supporting heritage tourism programming, writing grant proposals, and acting as a liaison with state and federal partners in the cultural sector. The Historian is appointed by the County Executive and subject to confirmation by the County Legislature. The Department of History comes under the purview of the County Clerk's Office.

2026 Initiatives:

- Design and administer the Dutchess County Rev250 Programming Grant cycle to ensure that our municipal historical societies are prepared to deliver innovative programming for the prime year of the 250th cycle.
- Launch fresh programming including collaborating with Destination Dutchess and the NARA to host "RevCon: Dutchess County in the Revolution," to engage with nationwide celebrations of the 250th anniversary of the United States.

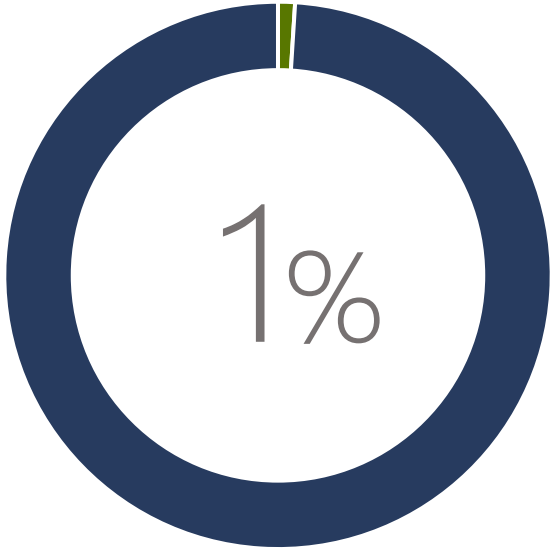
Public Works Parks

Mission

To enhance the quality of life for county residents by providing opportunities for active and passive recreation in the natural scenic beauty of our facilities.



Percentage of the County Budget

Public Works Parks

Functions

DPW Parks provides recreational opportunities throughout the County for residents and visitors through various park facilities and program offerings.

DPW - Parks (A.7110)

The Parks Division, within the Department of Public Works, enhances the quality of life for County residents by operating and providing programming at eleven facilities:

- Bowdoin Park, a 301-acre park in the southwest part of the County.
- Wilcox Park, which contains over 600 acres in the north central part of the County.
- Quiet Cove Riverfront Park, 27 acres featuring a two-acre riverfront parcel in the Town of Poughkeepsie.
- William R. Steinhaus Dutchess Rail Trail (WRS DRT) is a 13.4-mile-long rail trail located in the heart of Dutchess County, from Hopewell Junction in the Town of East Fishkill to the Walkway Over the Hudson connection in the City of Poughkeepsie.
- Harlem Valley Rail Trail (in Dutchess County) stretches 18.7 miles from the train station in Wassaic to the Village of Millerton and then continues into Columbia County.
- Heritage Financial Park, formerly Dutchess Stadium, in the Town of Fishkill, a 4,300-seat facility, home of the Hudson Valley Renegades.
- Lake Walton Preserve, a 200 plus acre parcel, is closed to the public but is regularly maintained for safety.
- Marcus J. Molinaro trail is a two-mile urban trail in the City of Poughkeepsie connecting Hudson Heritage, Quiet Cove Park, and other destinations.
- Upper Landing Park, a 2.75-acre historic pocket park in the City of Poughkeepsie and gateway for the Walkway State Park elevator.
- Fallkill Park is roughly 150 acres, the park is underdeveloped and closed to the public, but park staff maintain the newly renovated dam spillway as well as periodically pick up garbage.

A wide variety of activities are conducted at most of these facilities, such as, but not limited to, boating, picnicking, hiking, biking, disc golf, skating, camping, playgrounds, spray parks, basketball, volleyball, pickleball, baseball, cross-country skiing, and running. Additional programs/activities/facilities include educational programs, school/scout and home school programs, movie nights, operation of nature/hiking trails, an education center, numerous pavilion rentals, playgrounds, special seasonal programs, including the maple syrup program, summer day camps, and many others.

Heritage Financial Park (formerly Dutchess Stadium) (A.7110.66)

Dutchess Stadium, built in 1994, is the home of the Hudson Valley Renegades, as well as many other community events.

2026 Initiatives:

- Various plumbing and fire suppression improvements (Quiet Cove Park Navy Boat House, Bowdoin Park auditorium kitchen).
- Fiber and communication improvements throughout Wilcox Park addressing connectivity.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Increase park visitation and utilization.						
	Wilcox Visitors	12,796	17,018	19,575	2,557	15.0%
	Bowdoin Visitors	204,974	235,800	240,000	4,200	1.8%
	Upper Landing Park Visitors	7,000	8,400	8,600	200	2.4%
	Quiet Cove Visitors	43,134	50,100	51,000	900	1.8%
	Rail Trail Visitors (WRSDRT, HVRT, EST-Maybrook, Northside Line)	347,848	306,882	324,450	17,568	5.7%
Provide opportunities for outdoor/nature education and engagement.						
	Educational Program Participants	3,253	3,675	4,042	367	10.0%
	Community & Adult Programming (Scouts, Maple Education, Maple Breakfasts, Park Palette, Adult Palette, Pickleball Events, Nerf, Eaglet, Survival)	945	1,700	2,000	300	17.6%
	Archery Program Participants	403	450	450	-	0.0%

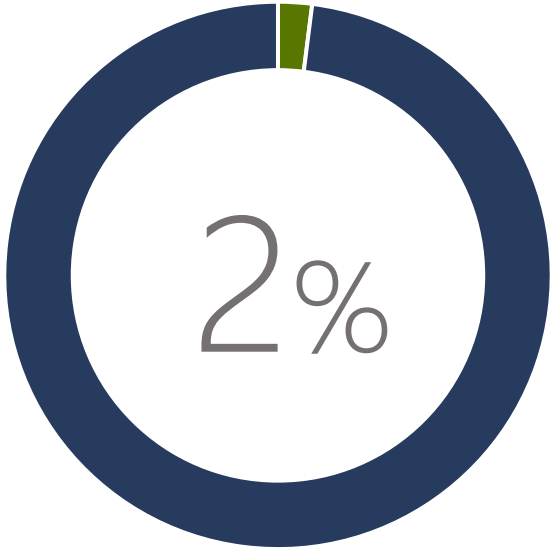
Percentage of the County Budget

Planning & Development

Mission

To help maintain and enhance the County's quality of life. The Department is responsible for countywide planning, planning assistance to local governments, and comprehensive mapping and geographic information systems (GIS) data.



Percentage of the County Budget

Planning & Development

Functions

The Department of Planning & Development is responsible for comprehensive county-wide planning, Greenway program implementation, review of municipal planning, zoning, and development projects, planning assistance to local governments, community development, housing and prevention of homelessness, comprehensive transportation planning and capital programming, agricultural and environmental planning, farmland and open space preservation, clean energy and sustainability initiatives, implementation of the Agency Partner Grant (APG), Municipal Innovation Grant (MIG), and Housing Trust Fund (HTF) programs, public information, citizen participation, and comprehensive mapping and geographic information systems (GIS) data.

Planning (A.8020)

The department provides technical assistance to municipalities in the County on a range of issues including comprehensive plans, zoning, downtown revitalization, water resource management, transportation, and Greenway implementation.

Significant projects and programs include:

- Implementation of *Greenway Connections,* in cooperation with the Hudson River Valley Greenway Council.
- Coordination of the County's Partnership for Manageable Growth (PMG) Program to protect farmland and significant open space areas.
- Administration of the Federal Community Development Block Grant (CDBG) program and related housing programs.
- Management of the Dutchess County Transportation Council (DCTC) activities, including comprehensive transportation planning and capital programming.
- Administration of the Agency Partner Grant (APG), Municipal Investment Grant (MIG), and Housing Trust Fund (HTF) programs.
- Coordination of County sustainability initiatives and implementation of County Government's Climate Action Plan.
- Coordination of County Climate Smart Communities Task Force.
- Close work with the Agriculture and Farmland Protection Board, Division of Real Property Tax, Cornell Cooperative Extension, and the Soil and Water Conservation District on the County's Agricultural District Program.
- Creation and management of GIS-based maps and databases.
- Coordination of census and other significant socio-economic data.
- Coordinating a consultant contract to assist County departments in applying for grants.

Solid Waste (A.8020.81)

This division is responsible for the formulation and implementation of programs for the collection and disposal of solid waste generated within the County, as well as providing programming with the goal of reducing and diverting materials from the waste stream. The division also oversees the implementation of the Dutchess County Local Law No. 3 of 2014 Solid Waste Rules and Regulations.

Significant projects and programs include:

- Co-sponsorship of Repair Cafe's in Dutchess County.
- Participation in local Farmers Markets to educate on composting, food waste reduction, and recycling.
- Educational presentations on materials management and sustainable practices are given to each school district in Dutchess County as well as senior centers, libraries, and community groups.
- Outreach programming on food waste reduction in collaboration with the Culinary Institute of America.
- Community composting workshops in partnership with Dutchess County Cornell Cooperative Extension.
- Annual Earth Day events in partnership with Vassar College and their Environmental Cooperative at the Vassar Barns.
- Annual educational programming for America Recycles Day working with school aged children throughout the County.
- Participation in the Hudson Valley Regional Council's Materials Management Working Group.
- Implementation and biennial updating of the Dutchess County Local Solid Waste Management Plan.
- Organize and host three (3) annual Household Hazardous Waste and Electronic Recycling Events.
- Inspection and investigation of source separation complaints and violations.
- Oversight and licensing of solid waste haulers in Dutchess County.

Key Budgetary Issues:

Future CDBG and HOME funding is uncertain at this time, if there are significant reductions and/or changes, it will impact the Department and community as well as our not-for-profit partners.

2026 Initiatives:

County Planning

- Update Greenway Connections including Centers and Greenspaces Maps.

Community Investment

- Assist qualified homeowners with needed repairs through the expanded Owner-Occupied Rehab Program.

Housing

- Implement HOME and Housing Trust fund projects to create more affordable housing.
- Launch First Time Home Buyer Down Payment Assistance Program
- Launch Duplex Purchase and Rehab Assistance Program

Environment\GIS

- Launch a consultant-led countywide infrastructure mapping initiative of existing water districts and infrastructure networks based off interdepartmental pilot mapping project.
- Close on two (2) PMG projects.
- Begin installation of new EV charging stations at Department of Mental Hygiene and Automotive Services Center.
- Develop guidelines for County HVAC and lighting purchases.
- Host a 2025 municipal CAC/EMC roundtable event.

Transportation Planning

- Complete and approve a new countywide, long-range transportation plan, based on Moving Dutchess Forward, that will identify ways to improve transportation safety, reliability, and access to basic needs through 2050.
- Complete a new Coordinated Public Transit Human Services Transportation Plan that will find ways to expand transportation options for people facing access barriers, with a focus on the needs of older adults and persons with disabilities.

Solid Waste

- Initiate programming to enhance community Repair Cafe's by hosting training workshops for individuals looking to become coaches for cafes. Each trainee will be provided with their own repair kit.
- Work with the New York State Department of Environmental Conservation on educating our residents of the new Carpet Recycling Program. This program requires carpet producers to fund a convenient carpet collection program at no cost to NYS consumers, with program launch set for July 1st, 2026.
- Host a 2026 Earth Day Event expanding it as an environmental volunteer fair. Many organizations who help to make our annual Earth Day Event such an enriching experience, rely on an all-volunteer work force. As these groups teach our residents such valuable information, it's also a wonderful opportunity for the public to learn how they can get involved.
- Work with awardees to implement projects from the composting grant program.
- Oversee and work with consulting firm on the Waste Reduction and Diversion Study and plan for implementation of initiatives produced from the final report.
- Promote recycling web-based application to better assist residents with waste diversion and disposal options in their specific location.
- Increase home composting accessibility with the awarded New York State Department of Environmental Conservation Municipal Food Scraps Recycling Grant. Residents attending a county sponsored composting workshop will be offered backyard composting kits free of charge.
- Educate and promote Dutchess County's curbside textile collection program (HELPSY).

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Partnership for Manageable Growth - Preservation of farmland and significant open space through the Partnership for Manageable Growth matching grant program.						
	Projects Completed	3	2	2	-	0.0%
	Acres Under Easement (cumulative)	5,723	6,029	6,234	205	3.4%
Local Government Assistance - Provide education and information to local governments and the public regarding regional, urban, rural and local land use planning so sound planning and zoning will lead to the orderly growth and development of our communities.						
	Community Assistance Hours	2,966	3,000	3,500	500	16.7%
	Plan On It Newsletters	1	2	2	-	0.0%
	Training Programs	7	5	5	-	0.0%
	Training Participants	481	400	400	-	0.0%
Community Investment Programs - Administer the federal Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Shelter Plus Care (S+C), Agency Partner Grant (APG) and Municipal Innovation Grant (MIG) programs.						
	CDBG Municipal Projects Completed	8	17	7	(10)	-58.8%

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
Transportation Planning (MPO) - Support comprehensive county-wide, metropolitan transportation planning program through the Dutchess County Transportation Council.						
	Number of Traffic Volume, Speed, & Classification Counts & Bicycle/Pedestrian Counts	166	200	200	-	0.0%
	Transportation Planning Studies/Analyses Completed	5	3	3	-	0.0%
Planning and Community Design - Review local development proposals (239 reviews) as mandated by state law; provide lead planner assistance to communities and prepare comprehensive county-wide planning.						
	Referrals Completed	431	375	400	25	6.7%
	Percent Completed within 21 Days	86%	90%	90%	-	0.0%
Solid Waste Management - Responsible for the formulation and implementation of programs for the collection and disposal of solid waste generated within the County.						
	Municipal Solid Waste to Waste-to-Energy (WTE) Facility (tons)	144,336	145,000	145,000	-	0.0%
	Municipal Solid Waste Recycling Volume (in tons)*	123,791	94,500	100,000	5,500	5.8%
	Organic Material Composted Volume (in tons)**	47,369	50,000	50,000	-	0.0%
	WTE Net Electric Generation (in megawatt hours)	30,451	40,000	40,000	-	0.0%
	WTE Metals Recycled (in tons)	3,057	5,000	5,000	-	0.0%
	Household Hazardous Waste Events (pounds)	104,856	100,000	100,000	-	0.0%
	Education and Outreach Programming	67	45	52	7	15.6%
	Backyard Compost Bins Sold	31	20	20	-	0.0%
Environmental Planning – Administer programs and projects related to natural resources planning and climate action.						
	Climate Actions Completed	5	5	3	(2)	-40.0%
	Community Programs and Events	4	4	4	-	0.0%

* Recycling volume is now separated out to show specific tonnage of organics that are recycled.

** Organic material tonnage is inclusive of food waste, yard/brush, and manure.

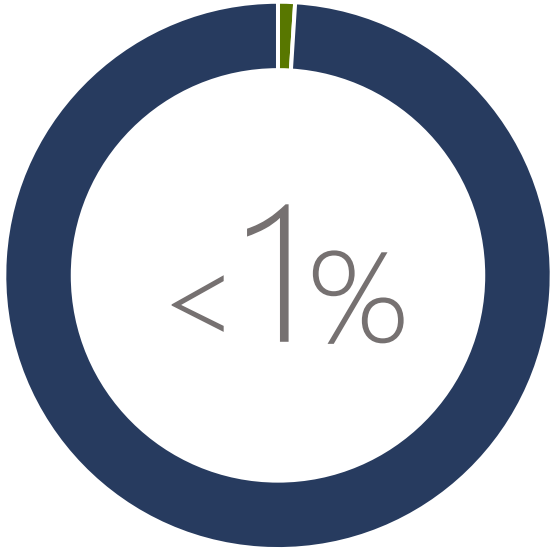
Division of Water Resources

Mission

To promote sound water resource management and the availability of economical, sustainable water supply and wastewater treatment services throughout the County.



Percentage of the County Budget

Division of Water Resources

Functions

The Division of Water Resources functions include regional and community water and wastewater planning, preliminary evaluation and development of potential Dutchess County Water and Wastewater Authority projects; efforts to "sell" County-reserved capacity in the Central Dutchess Water Transmission Line; representation of Dutchess County in local, regional, and statewide forums related to water and wastewater management; and water resource protection. The Division of Water Resources also acts as a bridge between the County and the Authority for both funding assistance and policy coordination.

Division of Water Resources (A.8790)

The Division of Water Resources strives to promote sound water resource management and the availability of economical, sustainable water supply and wastewater treatment services throughout the County. The provision of water and wastewater services has been recognized as a critical element in implementing the County Master Plan and in creating opportunities for economic development. Water Resources works to ensure that potential new authority water and wastewater infrastructure projects are closely coordinated and aligned with Countywide economic development, land-use planning, environmental protection goals and objectives, and that services are provided in an affordable, sustainable manner.

The division provides technical and financial assistance to community efforts to plan for future water and wastewater system service areas, and to evaluate the financial feasibility of specific infrastructure development projects. Water Resources works to ensure that Dutchess County's interests are represented in local, regional, and statewide forums relating to water and wastewater issues, bringing information back to the County on innovative and successful programs being carried out in other areas.

Key Budgetary Issues:

- County Service Fee Payment: The Water and Wastewater Authority does not have taxing power. The County levies taxes on properties within certain County water and sewer districts on behalf of the Authority. These amounts are paid by the County to the Authority as service fees, pursuant to several County-Authority Service Agreements. The amounts levied by the County are not revenues of the County. There is no net impact on the County's operating budget. The service fees are used by the Authority to pay debt service on Authority bonds issued to finance the purchase, construction and/or improvement of water and sewer infrastructure for the benefit of properties within the County districts. The amount of the 2024 levy was approximately $3.8 million.

2026 Initiatives:

- Efforts will continue to partner with the Town of Hyde Park to develop an economically viable central sewer project for the Hyde Park commercial corridor.

- The Authority will continue to work with Dutchess County to fund, design, and construct a Water Storage Facility to provide domestic and fire storage.

- The Authority will continue to work to fund, design, and construct a Peach Road Water System to serve the Dutchess County Board of Cooperative Educational Services (BOCES) Facility and Dutchess County Auto Center via an extension of public water from the Town of Poughkeepsie Water System and Poughkeepsie Joint Water Board.

- The Authority will continue to work to fund, design, and construct a West Dorsey Water System to serve eight properties via an extension of Hyde Park Regional Water System.

- The Authority will work with the Town of Beekman and key property owners to work towards the extension of public water and sewer services into the Beekman Town Center area.

- The Authority will continue to support, via the extension of water and sewer infrastructure, the build-out of the Bellefield Project and the Crofton Mews Project in the Town of Hyde Park, Rockledge development in Rhinebeck, the Traditions at Red Hook Project, Greenfields Water System and Quaker Hills Water System.

- The Authority will work with its consulting engineers and New York City Department of Environmental Protection to determine the feasibility of constructing a water main and filtration plant that provides for a potable water connection between NYCDEP Shaft 6 and the CDTL. The purpose of this is to provide an alternate/backup water supply for the CDTL and potentially an alternate water supply for communities in southern Dutchess County.

Goals and Workload Measures

Goal	Workload Measure	2024 Actual	2025 Estimate	2026 Plan	Change	% Change
To provide technical and financial assistance to community efforts to plan for future water and wastewater system service areas and to evaluate the financial feasibility of specific infrastructure development projects.						
	Communities Assisted	1	-	4	4	100.0%
To evaluate potential new water / wastewater infrastructure projects for consistency with County goals and provide preliminary project development support.						
	Contracts Administered	4	4	7	3	75.0%

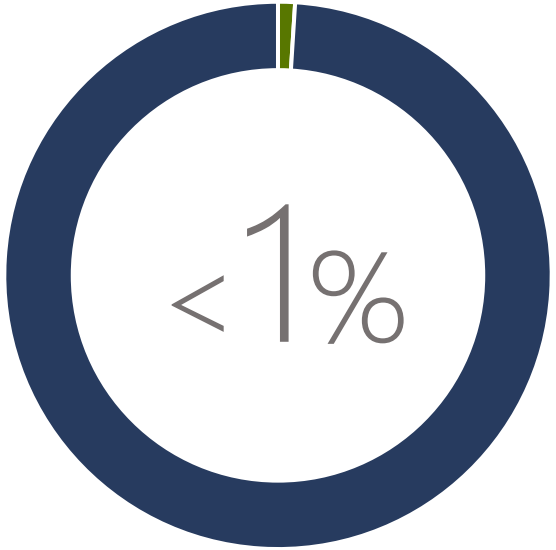
Natural Resources

Mission

To form partnerships to provide technical, financial, and educational resources, whatever their source, and focus or coordinate them so that they meet the needs of the local land user for conservation of soil, water and related resources.



Percentage of the County Budget

Natural Resources

Functions

The area entitled “Natural Resources” in the Community Services section of the budget represents the Dutchess County Soil and Water Conservation District. The Conservation District focuses on natural resource problems and solutions.

Natural Resources (A.8710)

The Soil and Water Conservation District works to meet the needs of local and county governments, farmers, landowners, and other land users. The district identifies and assesses problems dealing with the conservation of our county’s resources and then develops and carries out programs to solve them. The outstanding technical expertise of the District in areas of soil erosion, water management, forestry, organic waste management, water quality preservation, and recreational development, enable it to provide specialized assistance for a variety of issues facing Dutchess County today.

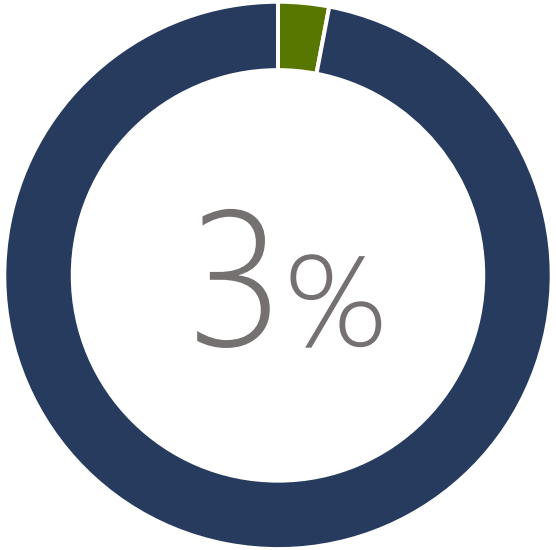
Unallocated Fringe Benefits

Table of Contents

Unallocated Fringe Benefits 799

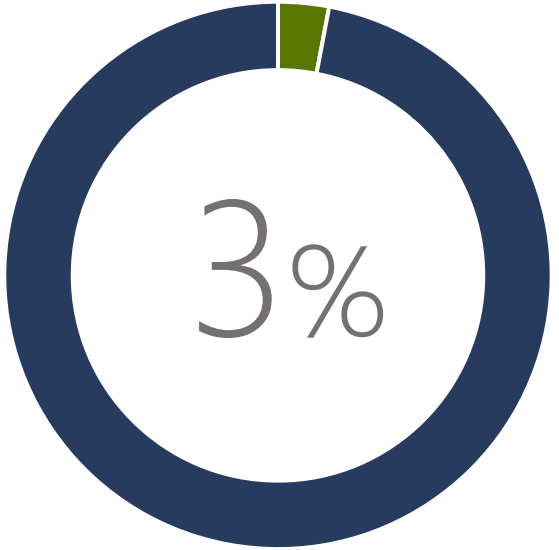


Percentage of the County Budget

Unallocated Fringe Benefits

Mission

To minimize the cost of fringe benefits wherever possible.



Percentage of the County Budget

Unallocated Fringe Benefits

Functions

The majority of fringe benefits include retirement and social security as well as health, dental, optical, short-term disability, paid family leave, long-term disability, life, and accidental death and dismemberment insurances are allocated to individual departments. The "Unallocated Fringe Benefits" area of the budget includes the costs associated with workers' compensation, tuition reimbursements, employee fitness programs, parking assistance, and unemployment.

This area also includes funding for fringe benefit amounts to cover temporary help, overtime and shift differential expenditures, changes in staff, and changes in insurance coverage which occur throughout the year as well as the County's share of retiree health, dental, and optical insurance.

Retirement (A/E.9010)

To cover unexpected retirement costs or expenses associated with temporary help and other position costs across county departments.

Social Security (A/D.9030)

To cover unexpected social security costs or social security expenses associated with temporary help and other position costs across county departments.

Workers' Compensation (A/D/E.9040)

To cover the costs of the County's workers' compensation self-insurance plan.

Life Insurance (A/D/E.9045)

To cover unexpected life insurance costs or life insurance expenses associated with temporary help and other position costs across county departments.

Unemployment Insurance (A/D/E.9050)

To cover unemployment costs across county departments.

Disability Insurance (A/D/E.9055)

To cover unexpected disability insurance costs or disability insurance expenses associated with temporary help and other position costs across county departments.

Health, Dental & Optical Insurance (A/D/E.9060)

To cover unexpected health, dental, and optical insurance costs, expenses associated with temporary help and other position costs, and retiree health, dental, and optical insurance costs across county departments.

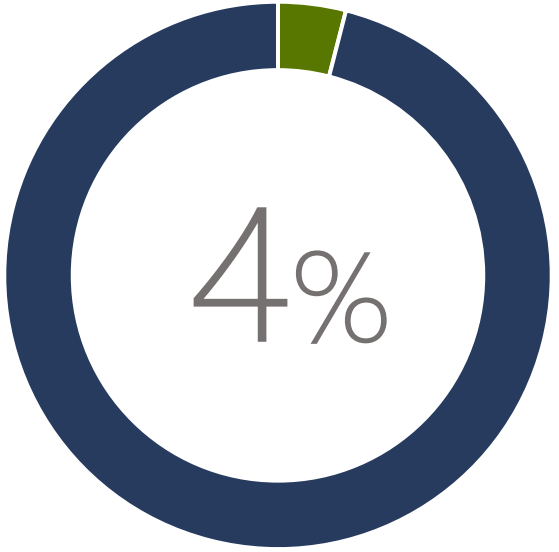
Debt Service

Table of Contents

Debt Service 821

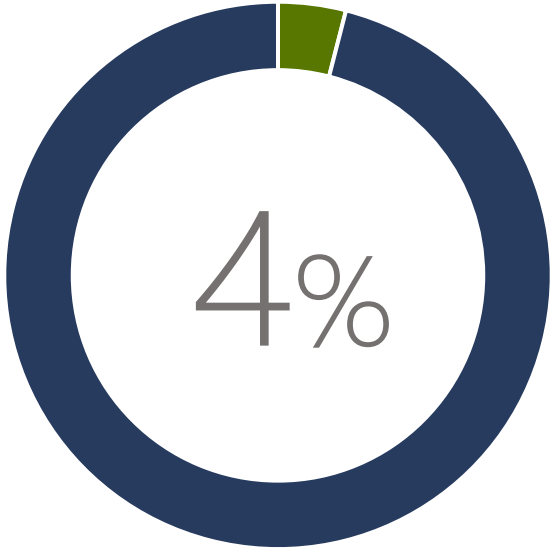


Percentage of the County Budget

Debt Service

Mission

To maintain a strong bond rating to minimize interest costs associated with debt.



Percentage of the County Budget

Debt Service

Functions

Major capital improvement projects, such as the construction/reconstruction of buildings, road construction, etc., are typically financed through the issuance of bonds. These obligations are paid over a period of time, which varies according to the Local Finance Law. Payments are made for principal and interest costs incurred.

Debt Service (A.9700)

Interest earned on unexpended bond proceeds and other miscellaneous revenue related to the issuance of bonds are recorded in this department.

Serial Bonds (A.9710)

Expenses associated with the principal and interest of existing serial bonds. This section does not include debt service for Enterprise Funds or Dutchess Community College, which are budgeted in those respective areas.

Key Budgetary Issues:

- Dutchess County Government continues to demonstrate very strong creditworthiness, as confirmed by a rating from Standard and Poor's (S&P) Rating Services of AA+. The rating indicates the County has a very strong capacity to meet financial commitments. S&P has noted several strengths that led to the AA+ rating including the County's strong track record of sound financial management, conservative budgeting practices, manageable debt profile, and expected economic growth in upcoming years.
- As of December 31, 2025, Dutchess County is projected to have total outstanding debt of $300.2 million and approved appropriations to pay down $18.9 million in 2026. Thus, the net indebtedness for the County as of December 2025 is projected to be $281.3 million. The net indebtedness is subject to the constitutional debt limit of $3 billion, and the amount as of December 2025 represents 9.2% of this limit.
- The Commissioner of Finance anticipates a bond issuance in the first half of 2026 in the range of $10-$30 million.

2026 Initiatives:

- Continue to monitor capital project cash flow and update rolling twelve-month cash forecast monthly to enable the County to make important decisions related to borrowings to reduce overall interest expense while maintaining adequate liquidity levels and maximizing interest realized.

Letter to Legislators

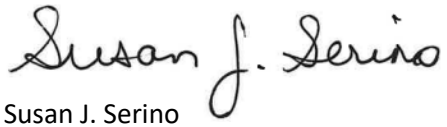
Enclosed herein is the Capital Program 2026-2030, as adopted by the Capital Program Committee on August 12, 2025. The Capital Program is a recommendation to the County Legislature from the Capital Program Committee, comprised of members of the Administration and Legislature. It identifies the projects that are recommended to be undertaken, including their estimated cost when available. Projects listed for 2026 are recommended for submission to the County Legislature for approval in the next year. The projects included for 2026-2030 are identified as being necessary; these projects, however, will be reviewed annually to reconcile changing needs, priorities, current costs, and funding availability.

Financing Dutchess County Government requires careful consideration of long-term financial goals as well as consideration of the immediate needs faced in the preparation of annual operating budgets. The capital program establishes project priorities over the next five-year period; it is a forecast based on the needs of our County within the context of long-term fiscal restraint and stability.

The overall program cites five-year expenditures for public safety, recreation, transportation, physical and technical infrastructure, and general service functions. In addition to County expenditures and bonding, sources of financing include Federal and State aid, and additional revenues that may be generated by a project. This capital program includes projects for Dutchess Community College and Dutchess County Water and Wastewater Authority, which will also require funding by the County.

While we must be prudent, maintaining the County's facilities, infrastructure, road network, and other capital assets must remain a high priority. I wish to thank the members of the Capital Program Committee for participating in establishing this plan for the Legislature's consideration.

Sincerely,



Susan J. Serino
COUNTY EXECUTIVE

Resolution

Robert H. Balkind, P.E., Commissioner of Public Works, offers the following resolution and moves its adoption:

WHEREAS, there is a requirement in the Dutchess County Charter and Administrative Code to provide the County Legislature with a listing of projects and estimated costs of capital construction and improvement projects for a five-year period; and

WHEREAS, the Capital Program Committee has met with department heads to review the status of existing Capital Projects; and

WHEREAS, the Capital Program Committee has met with department heads to review proposed departmental projects; and

WHEREAS, the Capital Program Committee has reviewed departmental plans within the context of County government priorities; and

WHEREAS, the Capital Program Committee has evaluated the proposed capital spending for the impact on annual operating budgets; now, therefore; be it

RESOLVED, that the construction and improvement projects as shown on the attached be approved as the 2026-2030 Dutchess County Capital Program; and be it further

RESOLVED, that the projects as shown for 2026 be recommended for approval of funding by the County Legislature in fiscal year 2026.

Seconded by: Heidi Seelbach, Commissioner of Finance

Resolution adopted by acclamation, August 12, 2025

Introduction

A capital program is a statement of major projects that are intended to be undertaken over a specified period. This program of capital expenditures includes spending for the acquisition, improvement, or addition to capital assets, which are fixed assets with a useful life of more than a year. Dutchess County's capital program covers a five-year period and is revised annually to reflect the County's changing needs and priorities.

Capital expenditures for County departments, the Dutchess County Water and Wastewater Authority (DCWWA) and Dutchess Community College (DCC) are summarized in the pages that follow. Projects are grouped and prioritized by the requests of DCC, County departments, and DCWWA. The highlights of the County's capital program are noted below; descriptions for all projects are included in the Section: 2026 – 2030 Capital Program Requests for Dutchess County.

Highlights

Dutchess County's Capital Program 2026-2030 provides for improvements to assets and infrastructure in multiple areas of County government. Projects are spread over the five-year period to manage the impact on annual debt service.

- Recommended 2026 capital projects involving existing County buildings include planning, design and renovations to various County buildings, including roof replacements and improvements to heating, ventilation, and air conditioning (HVAC) systems.
- Additional Building's Division projects include renovations to 230 North Road; 45 & 60 Market Street exterior improvements, Office of Central Information Services (OCIS) interior renovations; new maintenance shop at Bowdoin Park; and Dutchess County Youth Opportunity Union community center construction.
- The Highway Construction & Maintenance Division of DPW has scheduled the replacement of various vehicles and equipment during 2026.
- The maintenance of County roads and bridges is an ongoing priority in Dutchess County. 2026 funding for the DPW Engineering Division to continue our commitment to maintaining roads and bridges, preventing deterioration, and repairing hazardous conditions.
- The Engineering Division projects also include facility upgrades for ADA compliance county-wide.
- DPW Parks plans to focus 2026 investments on the design and construction of the items included in the Parks Master Plan; and rail trail improvements.
- DPW Airport projects include design of terminal apron expansion, pavement and lighting rehabilitation of Taxiway A & G; taxiway lighting, sign replacements, and RSA improvements for Runway 6-24; and design rehabilitation & runway surface and lighting for Runway 15-33.
- Public Transit replacement of five (5) 35' heavy duty buses and two (2) 30' heavy duty buses; and erect/replace a total of 16 bus shelters.
- The Department of Community & Family Services supportive housing project at 26 Oakley Street.

- Proposed project for Emergency Response upgrade to the Vesta 911 Call Handling System.
- Tax collection software and electronic payment software system for our Finance department.
- The District Attorney's Office at 236 Main Street has scheduled improvements to address ADA compliance, technology upgrades, improved arrangement of offices and meeting space for better operational efficiency, and security upgrades.
- Dutchess Community College projects include the acquisition of technology equipment, laboratory equipment, and furniture campus wide; interior reconfiguration and renovation of Hudson Hall; and Dutchess Hall construction renovation and addition.
- The Sheriff's Office has scheduled the replacement of law enforcement vehicles and related equipment.
- Proposed for The Department of Planning and Development includes Dutchess County water/sewer system delineation project.
- The Water & Wastewater Authority plans to construct a water storage tank at Central Dutchess Pump Station, with design proposed in 2025.

The Annual Process

The annual capital programming process, which is coordinated by the Dutchess County Department of Planning and Development, begins with County departments submitting capital budget requests for a five-year period. For each capital project submitted by a department, its commissioner assigns a departmental priority ranking. This rating assists the Capital Program Committee in comparing projects in different departments.

The Capital Program Committee is comprised of the County Executive, County Legislators, and selected department heads, who then evaluate the requests based on overall County government priorities and needs. This evaluation process includes discussions with department heads, an analysis of existing assets and infrastructure, and a review of the short- and long-term fiscal impacts of proposed projects.

After the Capital Program Committee adopts the capital program, in the new year, bonding resolutions will be forwarded to the County Legislature for approval when appropriate.

Fiscal Impact

The projected fiscal implications of the 2026-2030 Capital Program are included in this report to provide a true picture of the financial impacts of the proposed projects on the County's future budgets. Historical trends of debt service and capital outlay expenditures in Dutchess County are also provided, as is a listing of capital improvement projects that have been approved and are in the process of being implemented.

Capital Projects & Debt Service

Overview

Like most governments, Dutchess County utilizes borrowing to finance capital expenditures such as road and bridge projects, equipment acquisition, building construction and renovations, and other authorized activities. Capital projects are typically multi-year projects financed by the issuance of debt, which is repaid with interest over the useful life of the project or capital asset. The County's operating budget includes annual re-payment of principal and payment of interest through "debt service."

There are many advantages to this method of financing capital expenditures. Borrowing, typically through issuance of bonds, helps to create a more stable expenditure pattern that does not fluctuate severely as projects are undertaken. Borrowing also enables the County to complete capital projects that would be unattainable through a strictly pay-as-you-go financing basis. Furthermore, this policy enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets.

The uses and terms of debt are largely regulated by New York State and Local Finance Law. According to the County Charter, the authorization to issue bonds requires adoption of a bond resolution approved by at least two-thirds of the County Legislative body. These resolutions delegate the power to the Chief Fiscal Officer, the Commissioner of Finance, to authorize and sell bond anticipation notes in anticipation of the issuance and sale of bonds authorized, including renewals of such notes. The decision to issue bonds is evaluated annually based on cash needs of each project and projected County cash flow. The County is assisted by bond counsel and financial advisors, who play a key role in the issuance, regarding the structure, timing, official statement, legal requirements, and application to the rating agency. For more information regarding debt service policy, refer to the Budget Overview – Financial Policies section of the budget document.

Debt Service

As of December 31, 2025, Dutchess County is projected to have total outstanding debt of $300,180,000 and approved appropriations to pay down $18,905,000 in 2026. Thus, the net indebtedness for the County as of December 31, 2025 is projected to be $281,275,000. The net indebtedness is subject to the constitutional debt limit of $3.0 billion, and the amount as of December 31, 2025 represents 9.2% of this limit. As of August 31, 2025, the County had authorized but unissued debt totaling $85,471,248. The following table represents a summary of the County's debt service obligation as of December 31, 2025.

YEAR	PRINCIPAL	INTEREST	TOTAL
2026	18,905,000	9,424,269	$28,329,269
2027	18,605,000	8,600,031	$27,205,031
2028	18,280,000	8,002,381	$26,282,381
2029	17,630,000	7,422,222	$25,052,222
2030	17,465,000	6,869,153	$24,334,153
2031-2035	81,105,000	26,391,004	$107,496,004
2036-2040	61,645,000	15,150,186	$76,795,186
2041-2045	42,440,000	7,449,933	$49,889,933
2046-2048	24,105,000	1,198,813	$25,303,813
	$300,180,000	$90,507,992	$390,687,992

Dutchess County utilizes comprehensive debt management strategies to minimize annual debt service and maximize benefit to the County's fiscal condition while protecting taxpayer resources. Debt management planning includes continual administrative review, adherence to local finance law, emphasis on pay-as-you-go financing when possible and responsible, and use of bond counsel and financial advisors.

The County has been vigilant in refunding bonds to issue new ones at lower interest rates. This process is undertaken periodically depending on interest rates and potential savings. The most recent refundings include the following:

- In October 2016, the County issued $10,960,000 in Serial Bonds which were used to advance refund $11,800,000 of public improvement bonds issued in 2007 and 2008. The overall savings to the County was $1,413,527.

- In April 2019, the County issued $12,805,000 in serial bonds which were used to advance refund $14,120,000 of public improvement bonds issued in 2010 and 2011. The overall savings to the County was $1,134,633.

In 2021 and 2022 the County also used its strong liquidity position to reduce indebtedness by retiring $13.5 million in bonds, thereby reducing ongoing debt service and saving $2 million in interest.

County fiscal staff continue to seek out other responsible debt management practices to effectively reduce costs. This includes the deferral of borrowings based upon the County's liquidity position.

Ongoing Projects

Dutchess County utilizes the annual Capital Improvement Program as a means to improve County infrastructure. The following represent ongoing projects that are necessary on a routine basis to maintain County infrastructure; and are included in the Capital Improvement Program for 2026.

- Building Planning, Design, and Renovations at Various County Facilities
- Roof Replacement Program
- HVAC Piping & Infrastructure Replacement Program
- Highway & Bridge Improvement & Reconstruction
- Highway Construction Vehicles and Equipment Replacement
- Dutchess Community College Furniture, Fixtures and Equipment, and Technology Replacements and Upgrades
- County Vehicle Replacement Program
- Law Enforcement Vehicle Replacement
- Park Master Plan Design and Implementation
- County-wide facility upgrades and renovation for ADA Compliance

These programs and projects are undertaken to respond to mandates or opportunities to promote greater efficiency and protect County assets.

Planned Capital Projects in 2026

Along with the routine ongoing capital projects listed above which occur on an annual basis, there are several necessary non-recurring capital projects included in the plan. The following projects have been proposed as part of the Capital Improvement Program for 2026.

Non-Recurring Capital Projects for 2026		
Department	**Project**	**Estimated County Cost**
District Attorney	Improvements at 236 Main Street –(Design and Construction)	$1,250,000
Dutchess Community College	Hudson Hall Interior Reconfiguration – Construction Phase 1	$4,379,500
Dutchess Community College	Dutchess Hall Renovation and Addition -Construction Phase 1	$4,896,500
DPW – Airport	Runway 6-24 Lighting and Signage Replacement (Construction)	$106,500
DPW – Airport	Runway 6-24 RSA Improvements (Construction)	$32,500
DPW – Airport	Terminal Apron Expansion (Design)	$20,500
DPW – Airport	Taxiway A Rehabilitation – Pavement & Lighting (Construction)	$116,000
DPW – Airport	Taxiway G Rehabilitation – Pavement & Lighting (Construction)	$43,500
DPW – Airport	Runway 15-33 Rehabilitation (Design) & Runway Surface and Lighting	$17,100
DPW – Buildings	45 Market St Envelope Improvements	$1,250,000
DPW – Buildings	230 North Road Campus and Building Renovations (Construction)	$13,500,000
DPW – Buildings	Renovations to the Office of Central Information Services (OCIS) Building	$1,000,000
DPW – Buildings	60 Market St. HVAC Renovation (Construction)	$14,000,000
DPW – Buildings	New Maintenance Shop at Bowdoin Park	$500,000
DPW – Buildings	60 Market St Envelope Improvements (Construction)	$2,500,000
DPW – Parks	Rail Trail Improvements	$500,000
DPW – Public Transit	Replce Five (5) 35’ Heavy Duty Buses & Two (2) 30’ Heavy Duty Buses	$432,500
Emergency Response	Vesta 911 Call Handling System Upgrade	$1,476,000
Finance	Tax Collection Software	$550,000
Planning & Development	Dutchess County Water/Sewer System Delineation Project	$250,000
Water & Wastewater Auth	Central Dutchess Pump Station Water Storage Tank	$3,000,000
	Total	**$49,820,600**

For detailed information regarding these projects, including project descriptions and total project costs, please refer to the *2026 – 2030 Capital Program Requests for Dutchess County* section.

Impacts on Operating Costs

Capital projects and the capital improvement program impact the budget in several ways. When debt is issued for a particular project, those costs increase the total debt service cost included in the ensuing years operating budgets.

Dutchess County strives to minimize frequency of borrowing and to utilize a pay-as-you-go project financing method when possible. The fiscal impact of each project is carefully reviewed to determine when borrowing becomes necessary to finance the project. Decisions are also impacted by changing interest rates.

Many of the on-going capital projects, such as roof replacements and energy efficiency improvements at County facilities, minimize departmental operating expenses by reducing utility and maintenance costs. These adjustments are included in the calculation of the annual operating budget during the budget process and are included in the analysis and decision-making process for individual capital projects.

The 2026 Debt Service Obligation by Fund is detailed in the table below.

2026 Debt Service Summary by Fund

Fund	Serial Bond Principal	Serial Bond Interest	Debt Service Totals
General Fund	17,637,120	8,979,123	26,616,243
Community College	1,082,433	373,759	1,456,192
Airport	155,561	69,969	225,530

2026 - 2030 Capital Program Requests for Dutchess County ($000)

Dutchess Community College

Dutchess Community College (DCC) offers educational opportunities that prepare individuals to realize their full potential and contribute to a diverse and global society. In coordination with the Comprehensive Academic and Facilities Master Plan, DCC has identified projects that will bring the college into the future with updated facilities to align with new programs, state of the art technology for teaching and learning, transforming labs and/or programs into interactive and immersive educational environments, ensuring the facilities are ADA compliant, and address student life on campus. Fifty percent of capital construction costs are provided through New York State funds; thus, the proposed projects are subject to review and approval at the state level. The County portion of the capital construction costs is financed first through capital charge-back revenues, when available. Capital charge-back revenues are monies for out-of-county students attending DCC paid by the county in which those students reside. Any projects for which the required County portion of the funding would exceed the available charge-back monies would require the approval of a County bonding resolution to provide the additional funds needed.

Pri	Project	2026 Total Est. Project Cost	2026 Projected County Share	2027 Total Est. Project Cost	2028 Total Est. Project Cost	2029 Total Est. Project Cost	2030 Total Est. 	This project provides funding for the acquisition of classroom and office technology equipment, laboratory equipment, furniture campus wide (including office furniture, desks, tables and chairs) and plant operations equipment (including trucks, mowers, and other operations equipment).							50% / 1,000.0	Capital Charge-back Revenues
2	**Hudson Hall Renovations - Construction Phase 1**	8,759.0	4,379.5	0.0	0.0	0.0	0.0	50% / 4,379.5	SUNY Office of Capital Facilities
	The renovations consist of functional realignment of spaces and interior reconfigurations, the 1st phase focuses on three floors on the north end of the building and infill of atrium spaces. Renovations will support services/activities such as IT/help desk, student activities, EOP/TRIO/C-STEP, Tutoring/Supplemental Instruction, Accommodative Services, a campus store with grab-and-go café. Lecture halls and classrooms will be renovated to include new technology, improved seating layout, accessibility (physical and digital), and address critical storage needs.								
3	**Dutchess Hall Renovation and Addition - Construction Phase 1**	9,793.0	4,896.5	0.0	0.0	0.0	0.0	50% / 4,896.5	SUNY Office of Capital Facilities
	The first phase of construction will focus on a new 8,300 sf addition to the south side of Dutchess Hall. The new addition will house the PVAC Communications studios, control rooms, editing rooms, workshop and musical instrument practice rooms. This phasing will facilitate a single move for stakeholders instead of multiple moves.

1	**Dutchess County Water/Sewer System Delineation Project**	250.0	250.0	250.0	0.0	0.0	0.0		
	Public water and sewer system infrastructure have historically not been accurately recorded in Dutchess County. The goal of this project is to build a new database and corresponding mapping application that utilize high quality data to make planning decisions easier for County staff across multiple departments. Tasks include working with professional consultants experienced with infrastructure mapping who can lead County staff in updating existing data, generating new data, and creating a long-term plan for ongoing data maintenance.								
2	**Partnership for Manageable Growth (PMG)**	0.0	0.0	500.0	500.0	500.0	500.0		
	Protecting important agricultural and open space resources is essential to Dutchess County's agriculture and tourism industries; protects environmental quality, supports biodiversity and mitigates the impacts of development. County matching grants allow us to leverage funding from federal, state, local and private sources. Inclusion of PMG funding in the Capital Budget fulfills NYS requirements for documentation of the County's long-term commitment to funding partnerships.

2026 - 2030 Capital Program Requests for Dutchess County ($000)

Public Works - Airport

Hudson Valley Regional Airport serves a broad base of aviation-related activities. The continued maintenance of facilities for general aviation is important for economic development.

Pri	Project	2026 Total Est. Project Cost	2026 Projected County Share	2027 Total Est. Project Cost	2028 Total Est. Project Cost	2029 Total Est. Project Cost	2030 Total Est. Project Cost	Other than County Sources (for all years combined) % / Projected Amount	Source
1	**Runway 6-24 Lighting and Signage Replacement (Construction)**	2,123.0	106.5	0.0	0.0	0.0	0.0	5% / 106.5 90% / 1,910.0	NYSDOT FAA
	This project: *1) Reconstructs existing RWY 6-24 signage that has reached the end of its useful life.* *2) Reconstructs RWY 6 path indicator systems that have reached the end of useful life.* *3) Reconstructs existing lighting that has reached the end of its useful life.* *The project will include the replacement of the existing runway edge lighting, eligible exit signs, and distance remaining signs. Additionally, it will include the replacement of the runway's PAPI system.*								
2	**Runway 6-24 RSA Improvements (Construction)**	650.0	32.5	0.0	0.0	0.0	0.0	5% / 32.5 90% / 585.0	NYSDOT FAA
	The improvements will include: *1) Regrading and restoration of the Runway 24 Safety Area to bring into compliance the area of the former EMAS bed and pad.* *2) Reconfiguration of the RWY 6 MALSR system.* *3) Displacement of the RWY 6 threshold by 193 feet. The displacement will involve remarking the runway pavement and edge lighting reconfiguration.*								
3	**Security Perimeter Fence Improvements (Construction)**	0.0	0.0	1,632.0	0.0	0.0	0.0	5% / 82.0 90% / 1,468.0	NYSDOT FAA
	Replacement of approximately 3.1 miles of fencing, along with the addition of a rodent ground barrier for the full length of new fencing. The current perimeter security fencing is 20 plus years old and is coming to the end of its useful life. This will continue to meet the FAA requirements for security of the Hudson Valley Regional Airfield.

	The project is for the design of an expansion of the terminal apron as identified on the current Airport Master Plan.								
5	**Terminal Apron Expansion (Construction)**	0.0	0.0	0.0	4,825.0	0.0	0.0	5% / 241.0 90% / 4,342.5	NYSDOT FAA
	This project is to expand the terminal apron as identified on the current Airport Master Plan.								
6	**On and Off Airport Obstruction Removal - Environmental Assessment**	0.0	0.0	380.0	0.0	0.0	0.0	5% / 19.0 90% / 342.0	NYSDOT FAA
	There is a significant amount of pending obstructions within the primary, approach, and transitional surfaces for the runways. In order to comply with FAA safety standards, a project must be undertaken to study the obstructions, both on and off airport property, that must be dealt with to continue safe operations at Hudson Valley Regional Airport. An environmental assessment is the first step in this multi-year process.								
7	**On and Off Airport Obstruction Removal - Easement Acquisition (Local Incurrence of Cost)**	0.0	0.0	0.0	0.0	200.0	0.0	5% / 10.0 90% / 180.0	NYSDOT FAA
	In order to clear the airspace of obstructions to provide safe flight operations in and out of Hudson Valley Regional, airspace easements might have to be obtained from local property owners adjacent to the Airport in order to trim or remove obstructions. Although the cost of obtaining these easements are ultimately a reimbursable expense (95%) within the FAA's ACIP program, the initial cost is the sole responsibility of the County.

Water & Wastewater Authority

The Dutchess County Water and Wastewater Authority was created to identify and seek solutions to water and wastewater problems in the County. The provision of adequate central water and sewer service is crucial. The most common problems that municipalities face in implementing water and sewer projects are lack of funding and the inability to build future capacity into systems.

Dutchess Community College

The State University of New York requires that Dutchess Community College (DCC) submit their capital projects in the year preceding the project. The 2025-2029 Capital plan, and those before it, included projects in the year the projects were scheduled to begin as opposed to the year the projects were presented to the Legislature for approval. The 2026-2030 capital plan has been revised to present the DCC projects in the year they will be requested of the Legislature to be consistent with all of the other projects in the plan. The below two projects will be requested from the Legislature in 2025 and are therefore not included in the 2026-2030 plan but are included for your information due to this change in the timeline.

Project	2025 Total Est. Project Cost	2025 Projected County Share	2026 Total Est. Project Cost	2027 Total Est. Project Cost	2028 Total Est. Project Cost	2029 Total Est. Project Cost	Other than County Sources (for all years combined) % / Projected Amount	Source

(a) Refers to the project number assigned to each individual capital project in the County's accounting records. The letter refers to the fund as follows: ET - Enterprise Transportation (Bus), EA - Enterprise Airport, HC - Community College, and H - Capital Projects (all other).

Capital Expenditure Trends

Capital outlays include expenditures for capital equipment and for construction, improvement and acquisition of fixed assets such as public buildings, roads, bridges and real property. In 2024, a total of $51.8 million was expended for capital outlays.

Indebtedness

Total outstanding indebtedness is projected to be $300,180,000 on December 31, 2025.

Debt Service

Debt Service includes payment of principal and interest on bonds and notes. The 2026 projected debt service expenditure for projects already approved by the County Legislature is $28,329,269.

Glossary of Budget Terms

Account Code: An expenditure classification based upon types or categories of spending, such as positions, office supplies, or various types of interdepartmental expenses.

Accrual Basis of Accounting: Transactions are recorded to a fiscal year when the event takes place, without regard for when the cash is actually received. Revenues are recorded in the periods in which the revenue-generating activities are performed. Expenses are recorded when goods and services are received. In Dutchess County, all funds are reported on the modified accrual basis of accounting.

Appropriation: An authorization made by the legislative body, which allows officials to incur obligations for specific purposes and to expend public funds. Appropriations are typically limited in amount and granted for a one-year period.

Assessed Valuation: The estimated value of real estate or other property by a government as a basis for levying taxes.

Asset: Property owned by the County, have a monetary value that must be accounted for.

Audit: The collection and review of appropriate records to assess the accuracy of financial statements and the fairness and efficiency with which management carries out its responsibilities.

Authorized Positions: Positions that are formally approved by the legislative body for a given period.

Balanced Budget: A budget in which estimated revenues, including any appropriated fund balance, is equal to estimated expenditures or appropriations.

Bond: A written promise to pay a specified sum of money on a specified date in the future with a specified interest rate. Repayment of principle and interest payments are detailed in a debt schedule and are budgeted as debt service. Bonds are primarily used to fund large capital projects, such as building improvement, bridges, equipment and vehicle replacement and other large projects benefiting multiple future fiscal years. Bond authorization must be approved by two thirds of the governing legislative body.

Bond Rating: A system of rating securities for the purpose of indicating the relative creditworthiness. A bond rating is performed by an independent rating service. Dutchess County's AA+ rating is the second-highest bond rating in New York State. The ranking indicates that obligations are judged to be of high quality and are subject to very low credit risk.

Budget: A comprehensive plan of financial operation which allocates available revenues and projects expenditure requirements for a given time period. Dutchess County develops a budget for a single fiscal year, which is approved by the legislative body and the County Executive on an annual basis.

Budget Amendment: The legal process used to revise a budget appropriation or revenue. Authorized by legislative approval, modifications to the adopted budget specify each line item impacted.

Budget Message: The Budget in Brief serves as the official budget message as referred to in section 29.05 (c) of the Administrative code. It accompanies the proposed budget and articulates priorities and issues for the upcoming year. The Budget in Brief explains and highlights the most important aspects of the budget and the views and recommendations of the County Executive.

Budget Transfer: Modifications to the operating budget, which involve the transfer of appropriations or revenues within and between organizational units and accounts, but not between funds.

Budgetary Control: The control or management of a government in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and estimated revenues.

Capital Expenditure: The spending for the acquisition, improvement or addition to a fixed asset that has a useful life of more than one year.

Capital Improvement Plan (CIP): A plan of proposed capital expenditures to be incurred each year over a period of five future years. The plan details each capital project, the time period in which the project will occur, the amount to be expended and the means of financings those expenditures.

Capital Improvements: Improvements to land, buildings or other physical assets. Capital improvements typically include buildings, roads, or park improvements, and equipment and vehicle replacements.

Capital Reserve: Funds that have been set aside pursuant to legislative resolution to expend on capital projects. Use of funds from capital reserve requires subsequent legislative approval.

Cash Basis of Accounting: A basis of accounting where transactions are recognized only when cash is received or disbursed.

Constitutional Tax Margin: The maximum legal property tax rate (or levy) at which a municipality may levy a tax.

Constitutional Debt Limit: The maximum legal amount of debt that can be incurred by the county.

Contingency: A budgetary reserve set aside for unforeseen expenditures that occur during the fiscal year. An appropriation from contingency requires a two third vote of the Legislature.

Debt Service: The payment of principal and interest on borrowed funds, according to a predetermined payment schedule.

Deficit: The excess of liabilities over assets or the excess of expenses over revenues during a given accounting period or on an accumulated basis.

Defease: A method by which an outstanding bond issue can be made void, both legally and financially. Although a defeasance is generally the outcome of a refunding transaction, a defeasance can also be accomplished with cash rather than the issuance of any bonds.

Department: An organizational unit used to provide and deliver specific governmental service or closely related services. A department may be composed of sub-departments or divisions.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. The portion of the cost of a capital asset, which is charged as an expense during a particular period.

Dutchess County Legislature: The County Legislature is the policy-making and appropriating body of County Government. It is presently comprised of 25 part-time Legislators, who are elected from separate districts throughout the County.

Encumbrance: The commitment of appropriated funds to purchase an item or service. Encumbering funds sets aside or commits funding for future expenditure.

Enterprise Fund: A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The Airport and Public Transit departments operate as enterprise funds.

Estimated Revenue: The amount of revenue projected or forecasted to be collected during the current or future fiscal years. Estimated revenue becomes budgeted revenue when approved as part of the annual budget process by the County Legislature.

Expenditure: Charges incurred by an organization for the rendering of services, or delivery or production of goods.

Fiscal Restraint: The practice of restraining growth in expenditures to remain within revenue forecasts.

Fiscal Year (FY): A twelve-month period designated as the operations year for an organization, also called the budget year. For the County, the fiscal year is January 1 through December 31. The New York State fiscal year is April 1 to March 31. The Federal fiscal year is October 1 to September 30.

Forecast: Re-evaluation of revenue and expenditure projections for a given fiscal period based on updated economic data and trends, providing actual revenues, expenditures, and performance for the current fiscal year to date, plus a projection for the remainder of the fiscal year.

Full Value: Full value is equivalent to market value**.** The market value of all property in the county, after exemptions, as indicated on the assessment rolls.

Full Value Tax Rate: The tax rate (per $1,000 of value) that would be applied if all property were assessed at market value.

Fund: An independent fiscal and accounting entity that accounts for revenues and expenditures, segregated for the purpose of carrying on specific activities or attaining certain objectives.

Fund Balance: The difference of a fund's total assets versus its total liabilities.

Generally Accepted Accounting Principles (GAAP): Uniform minimum standards for financial accounting and recording, as established by the Governmental Accounting Standards Board (GASB). Dutchess County prepares and reports its financial statements in accordance with GAAP.

General Fund (A): The County's primary operating fund, which accounts for most of the County's financial resources. General Fund revenues include property tax, county portion of sales taxes, State and Federal aid, licenses and permits, fees for services, and other types of revenue. The General Fund also includes expenditures and financing for most of the basic operating services, such as public safety, finance, data processing, parks and recreation, and highway and engineering.

General Obligation Bonds: Bonds backed by the full faith and credit of government ensuring repayment. The Legislature must approve the bonding of all capital projects by a two-thirds vote.

Grant: Typically, these are contributions made to local governments from the state and federal government for a specified purpose.

Hotel Tax: A surcharge on services rendered at hotels and motels. Dutchess County currently has a 4% hotel tax.

Indirect Costs: Costs associated with, but not directly attributable to, the operation of a department. These costs are usually incurred by departments in the support of other operating departments, such as Human Resources, County Attorney, Finance, OCIS, etc.

Interdepartmental Service Charges: A cost billed to one County department by another County department for the provision of direct and measurable services, such as printing, facilities management, computer and technical support, etc.. These represent an appropriation in the County user department's

budget and a negative appropriation in the County provider department's budget.

Interdepartmental Program Changes: A cost billed to one County department for a service provided to the public on behalf of another County department. These represent an appropriation in the County user department's budget and a revenue in the Department's budget providing the program.

Interest: The price paid for the use of money, or the return on investment obtained from investing cash.

Long Term Debt: Debt with a maturity date of more than one year after the date of issuance.

Mandate: Any responsibility, action or procedure that is imposed by one sphere of government on another through legislative, executive, or judicial action as a direct order.

Mission Statement: A clear, concise statement of purpose for the entire County or department. The mission focuses on the broad, yet distinct, results the County or department will achieve for its customers.

Modified Budget: The adopted financial plan as changed by budget amendments and budget transfers between account codes throughout the year.

Modified Accrual Basis of Accounting: Under the modified accrual basis, revenues are recognized when measurable and available to pay current obligations, and expenditures are recognized when the related obligation is incurred. Dutchess County uses the modified accrual basis for all funds.

Net Indebtedness: In the Capital Plan, this term is used in the context of the constitutional debt limit. It is the outstanding indebtedness at a specific point in time less the amount of the debt that has been approved, via a budget, to be repaid. At the end of a fiscal year, this amount is equal to the outstanding debt at December 31 less the budgeted debt principal appropriations for the subsequent year.

Operating Budget: Plans of current expenditures and proposed means of paying for them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled.

Outcome: Qualitative consequences associated with a program or service, such as the number of mental health hospitalizations prevented, or the percentage of juveniles not reconvicted within 12 months.

Outstanding Indebtedness/Debt: The amount borrowed by the County that remains unpaid at a specific point in time.

Post Employment Benefits: (Retirement benefits) Benefits that extend past the period of employment and are provided as part

of the total compensation offered to qualified employees including health benefits for retirees.

Principal: The par value or face value of a bond, note, or other fixed amount security, payable on stated dates of maturity.

Principal plus Interest: Together, this is referred to as debt service.

Property Tax: Countywide taxes levied on all real property according to the property's assessed valuation and tax rate.

Reimbursements: Repayments of amounts spent on behalf of another party.

Request for Proposals (RFP): A document prepared by the County to request offers for the provision of goods or services. An RFP is used when a competitive sealed bidding process is not practical or advantageous and price is only one of several evaluation factors to be weighted by the County in awarding the bid.

Restricted Fund Balance: consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations or other governments; or through constitutional provisions or enabling legislation.

Revenue: Income that a government receives that can be used to fund expenditures. Revenue sources include property tax, sales tax, fees and fine, receipts from other governments, interest income, state and federal grants, and more.

Revenue Estimate: A prediction of how much revenue will be earned from a specific revenue source for a specified period of time.

Sales Tax: A surcharge applied to retail sales of certain tangible personal property and services. Clothing and footwear items less than $110 are exempt from state and county sales tax. The Sales Tax rate in Dutchess is 8.125% of which 3.75% goes to the county, 4% goes to the State and .375% goes to the MTA.

Self-Insurance Fund: The County's Self-Insured Workers' Compensation Plan is administered by the County with claims managed by an experienced third-party administrator. Wage replacement and medical claims as well as related expenses are paid from a self-insurance fund up to the limit of an excess workers' compensation insurance policy.

Serial Bond: A written promise to repay a specified amount of money (principal face value) at a specified date in time (maturity date), with periodic interest paid at a specified percentage of the principal (interest rate).

Tax Base: The aggregated value of taxed items. The base of the county's real property tax is the market value of all real estate in Dutchess County.

Tax Levy: The total amount of money that the county will collect in property taxes.

Tax Rate: The amount of tax levied for each $1,000 of assessed value.

Tax Roll: The certification of assessed/taxable values prepared by the Assessor and presented to the taxing authority each year. The list of all of the properties and how much they are required to pay.

Taxes: Compulsory charges levied by a government to finance services performed for the common benefit.

Unassigned Fund Balance: Represents the residual classification for the government's general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting in overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Useful Life: The estimated period of probable usefulness of an asset, by which the depreciation schedule can be determined. The useful life also establishes the maximum period of time available, by law to repay indebtedness.

User Fees: The direct payment of a fee by a party benefiting from a public service, such as the rental of park pavilion.

ADOPTED BUDGET CERTIFICATION

THIS IS TO CERTIFY THAT THE ADOPTED BUDGET LOCATED ON THE DUTCHESS COUNTY WEBSITE https://DutchessNY.gov/Departments/Budget/docs/2026-Approved-Budget.pdf IS A TRUE COPY OF THE DUTCHESS COUNTY BUDGET FOR THE YEAR 2026 ADOPTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF DUTCHESS BY RESOLUTION NO. 2025209 OF 2025 ON DECEMBER 8, 2025.
