Letter to Legislators

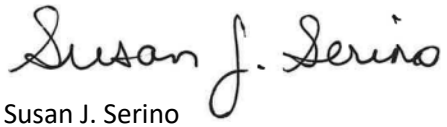
Enclosed herein is the Capital Program 2027-2031, as adopted by the Capital Program Committee on August 19, 2026. The Capital Program is a recommendation to the County Legislature from the Capital Program Committee, comprised of members of the Administration and Legislature. It identifies the projects that are recommended to be undertaken, including their estimated cost when available. Projects listed for 2027 may be recommended for submission to the County Legislature for approval in the next year. The projects included for 2027-2031 are identified as being necessary; these projects, however, will be reviewed annually to reconcile changing needs, priorities, current costs, and funding availability.

Financing Dutchess County Government requires careful consideration of long-term financial goals as well as consideration of the immediate needs faced in the preparation of annual operating budgets. The capital program establishes project priorities over the next five-year period; it is a forecast based on the needs of our County within the context of long-term fiscal restraint and stability.

The overall program includes five-year expenditures for public safety, recreation, transportation, physical and technical infrastructure, and general service functions. In addition to County expenditures and bonding, sources of financing include Federal and State aid, and additional revenues that may be generated by a project. This capital program includes projects for Dutchess Community College and Dutchess County Water and Wastewater Authority, which will also require funding by the County.

While we must be prudent, maintaining the County's facilities, infrastructure, road network, and other capital assets must remain a high priority. I wish to thank the members of the Capital Program Committee for participating in establishing this plan for the Legislature's consideration.

Sincerely,



Susan J. Serino
COUNTY EXECUTIVE

Resolution

David C. Whalen, Acting Commissioner of Public Works, offers the following resolution and moves its adoption:

WHEREAS, there is a requirement in the Dutchess County Charter and Administrative Code to provide the County Legislature with a listing of projects and estimated costs of capital construction and improvement projects for a five-year period; and

WHEREAS, the Capital Program Committee has met with department heads to review the status of existing Capital Projects; and

WHEREAS, the Capital Program Committee has met with department heads to review proposed departmental projects; and

WHEREAS, the Capital Program Committee has reviewed departmental plans within the context of County government priorities; and

WHEREAS, the Capital Program Committee has evaluated the proposed capital spending for the impact on annual operating budgets; now, therefore; be it

RESOLVED, that the construction and improvement projects as shown on the attached be approved as the 2027-2031 Dutchess County Capital Program; and be it further

RESOLVED, that the projects as shown for 2027 be recommended for approval of funding by the County Legislature in fiscal year 2027.

Seconded by: A. Gregg Pulver, Deputy County Executive

Resolution adopted by acclamation, August 19, 2026

Introduction

A capital program is a statement of major projects that are intended to be undertaken over a specified period. This program of capital expenditures includes spending for the acquisition, improvement, or addition to capital assets, which are fixed assets with a useful life of more than a year. Dutchess County's capital program covers a five-year period and is revised annually to reflect the County's changing needs and priorities.

Capital expenditures for County departments, the Dutchess County Water and Wastewater Authority (DCWWA) and Dutchess Community College (DCC) are summarized in the pages that follow. Projects are grouped and prioritized by the requests of DCC, County departments, and DCWWA. The highlights of the County's capital program are noted below; descriptions for all projects are included in the Section: 2027 – 2031 Capital Program Requests for Dutchess County.

Highlights

Dutchess County's Capital Program 2027-2031 provides for improvements to assets and infrastructure in multiple areas of County government. Projects are spread over the five-year period to manage the impact on annual debt service.

- Recommended 2027 capital projects, involving existing County buildings, include planning, design and renovations to various County buildings, including roof replacements and improvements to heating, ventilation, and air conditioning (HVAC) systems.
- Additional Building's Division projects include renovations to 230 North Road, 45 & 60 Market Street exterior improvements, Office of Central Information Services (OCIS) interior renovations, design and construction of shared storage facility for Emergency Response & the Dutchess County Sheriff, and renovation of County Clerk's 1st floor DMV Office at 22 Market Street.
- The Highway Construction & Maintenance Division of DPW has scheduled the replacement of various vehicles and equipment during 2027.
- The maintenance of County roads and bridges is an ongoing priority in Dutchess County. 2027 funding for the DPW Engineering Division to continue our commitment to maintaining roads and bridges, preventing deterioration, and repairing hazardous conditions.
- The Engineering Division projects also include facility upgrades for ADA compliance county-wide.
- DPW Parks plans to focus 2027 investments on the design and construction of the items included in the Parks Master Plan; and rail trail improvements.
- DPW Airport projects include design of terminal apron expansion, pavement and lighting rehabilitation of Taxiway A & G; taxiway lighting, sign replacements, and RSA improvements for Runway 6-24; and design rehabilitation & runway surface and lighting for Runway 15-33.
- Public Transit replacement of five (5) 35' heavy duty buses and two (4) 30' heavy duty buses; replacement of parallelogram lift system and oil/water separator; erect/replace 8 to 10 bus shelters, and parking lot improvement project.

- The Office of Central and Information Services (OCIS) networking and security refresh for critical network and security infrastructure.
- Proposed project for Emergency Response to replace stand-by generators.
- The District Attorney's Office at 236 Main Street has scheduled improvements to address ADA compliance, technology upgrades, improved arrangement of offices and meeting space for better operational efficiency, and security upgrades.
- Dutchess Community College projects include the acquisition of technology equipment, laboratory equipment, and furniture campus wide; and interior reconfiguration and renovation of Center for Business and Industry (CBI) to be transformed into the Center of Excellence Nursing and Allied Health.
- The Sheriff's Office has scheduled the replacement of law enforcement vehicles and related equipment.
- Proposed for The Department of Planning and Development includes Dutchess County water/sewer system delineation project.
- The Water & Wastewater Authority plans to construct a water storage tank at Central Dutchess Pump Station; and complete the Greens Water System Interconnection with Hyde Park Regional Water System including a pump station and water storage tank.

The Annual Process

The annual capital programming process, which is coordinated by the Dutchess County Department of Planning and Development, begins with County departments submitting capital budget requests for a five-year period. For each capital project submitted by a department, its commissioner assigns a departmental priority ranking. This rating assists the Capital Program Committee in comparing projects in different departments.

The Capital Program Committee is comprised of the County Executive, County Legislators, and selected department heads, who then evaluate the requests based on overall County government priorities and needs. This evaluation process includes discussions with department heads, an analysis of existing assets and infrastructure, and a review of the short- and long-term fiscal impacts of proposed projects.

After the Capital Program Committee adopts the capital program, in the new year, funding resolutions will be forwarded to the County Legislature for approval when and if appropriate.

Fiscal Impact

The projected fiscal implications of the 2027-2031 Capital Program are included in this report to provide a true picture of the financial impacts of the proposed projects on the County's future budgets. Historical trends of debt service and capital outlay expenditures in Dutchess County are also provided, as is a listing of capital improvement projects that have been approved and are in the process of being implemented.

Capital Projects & Debt Service

Overview

Like most governments, Dutchess County utilizes borrowing to finance capital expenditures such as road and bridge projects, equipment acquisition, building construction and renovations, and other authorized activities. Capital projects are typically multi-year projects financed by the issuance of debt, which is repaid with interest over the useful life of the project or capital asset. The County's operating budget includes annual re-payment of principal and payment of interest through "debt service."

There are many advantages to this method of financing capital expenditures. Borrowing, typically through issuance of bonds, helps to create a more stable expenditure pattern that does not fluctuate severely as projects are undertaken. Borrowing also enables the County to complete capital projects that would be unattainable through a strictly pay-as-you-go financing basis. Furthermore, this policy enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets.

The uses and terms of debt are largely regulated by New York State and Local Finance Law. According to the County Charter, the authorization to issue bonds requires adoption of a bond resolution approved by at least two-thirds of the County Legislative body. These resolutions delegate the power to the Chief Fiscal Officer, the Commissioner of Finance, to authorize and sell bond anticipation notes in anticipation of the issuance and sale of bonds authorized, including renewals of such notes. The decision to issue bonds is evaluated annually based on cash needs of each project and projected County cash flow. The County is assisted by bond counsel and financial advisors, who play a key role in the issuance, regarding the structure, timing, official statement, legal requirements, and application to the rating agency. For more information regarding debt service policy, refer to the Budget Overview – Financial Policies section of the budget document.

Debt Service

As of December 31, 2026, Dutchess County is projected to have total outstanding debt of $297,475,020 and approved appropriations to pay down $19,605,020 in 2027. Thus, the net indebtedness for the County as of December 31, 2026 is projected to be $277,870,000. The net indebtedness is subject to the constitutional debt limit of $3.3 billion, and the amount as of December 31, 2026 represents 8.4% of this limit. As of August 31, 2026, the County had authorized but unissued debt totaling $103,200,314. The following table represents a summary of the County's debt service obligation as of December 31, 2026.

YEAR	PRINCIPAL	INTEREST	TOTAL
2027	19,605,020	9,528,653	$29,133,673
2028	19,280,000	8,590,381	$27,870,381
2029	18,630,000	7,970,222	$26,600,222
2030	18,465,000	7,377,153	$25,842,153
2031	17,880,000	6,794,175	$24,674,175
2032-2036	82,470,000	25,714,435	$108,184,435
2037-2041	59,725,000	14,367,324	$74,092,324
2042-2046	45,795,000	6,421,036	$52,216,036
2047-2048	15,625,000	520,966	$16,145,966
	$297,475,020	$87,284,345	$384,759,365

Dutchess County utilizes comprehensive debt management strategies to minimize annual debt service and maximize benefit to the County's fiscal condition while protecting taxpayer resources. Debt management planning includes continual administrative review, adherence to local finance law, emphasis on pay-as-you-go financing when possible and responsible, and use of bond counsel and financial advisors.

The County has been vigilant in refunding bonds to issue new ones at lower interest rates. This process is undertaken periodically depending on interest rates and potential savings. The most recent refundings include the following:

- In October 2016, the County issued $10,960,000 in Serial Bonds which were used to advance refund $11,800,000 of public improvement bonds issued in 2007 and 2008. The overall savings to the County was $1,413,527.

- In April 2019, the County issued $12,805,000 in serial bonds which were used to advance refund $14,120,000 of public improvement bonds issued in 2010 and 2011. The overall savings to the County was $1,134,633.

In 2021 and 2022 the County also used its strong liquidity position to reduce indebtedness by retiring $13.5 million in bonds, thereby reducing ongoing debt service and saving $2 million in interest.

County fiscal staff continue to seek out other responsible debt management practices to effectively reduce costs. This includes the deferral of borrowings based upon the County's liquidity position and interest rates.

Ongoing Projects

Dutchess County utilizes the annual Capital Improvement Program to improve County infrastructure. The following represent ongoing projects that are necessary on a routine basis to maintain County infrastructure; and are included in the Capital Improvement Program for 2027.

- Building Planning, Design, and Renovations at Various County Facilities
- Roof Replacement Program
- HVAC Piping & Infrastructure Replacement Program
- Highway & Bridge Improvement & Reconstruction
- Highway Construction Vehicles and Equipment Replacement
- Dutchess Community College Furniture, Fixtures and Equipment, and Technology Replacements and Upgrades
- County Vehicle Replacement Program
- Law Enforcement Vehicle Replacement
- Park Master Plan Design and Implementation
- Parks Rail Trail Improvements
- County-wide facility upgrades and renovation for ADA Compliance
- Public Transit Bus Shelter Replacements

These programs and projects are undertaken to respond to mandates or opportunities to promote greater efficiency and protect County assets.

Planned Capital Projects in 2027

Along with the routine ongoing capital projects listed above which occur on an annual basis, there are several necessary non-recurring capital projects included in the plan. The following projects have been proposed as part of the Capital Improvement Program for 2027.

Non-Recurring Capital Projects for 2027		
Department	**Project**	**Estimated County Cost**
District Attorney	Improvements at 236 Main Street –(Design and Construction)	$2,500,000
Dutchess Community College	Campus Transformation Project -Phase 2, CBI Interior Restack/Reprogramming -Construction	$21,077,000
DPW – Airport	Runway 6-24 Lighting and Signage Replacement (Construction)	$106,500
DPW – Airport	Runway 6-24 RSA Improvements (Construction)	$32,500
DPW – Airport	Terminal Apron Expansion (Design)	$20,500
DPW – Airport	Taxiway A Rehabilitation – Pavement & Lighting (Construction)	$116,000
DPW – Airport	Taxiway G Rehabilitation – Pavement & Lighting (Construction)	$43,500
DPW – Airport	Runway 15-33 Rehabilitation (Design) & Runway Surface and Lighting	$17,100
DPW – Buildings	45 Market St Envelope Improvements	$1,500,000
DPW – Buildings	230 North Road Campus and Building Renovations (Construction)	$14,500,000
DPW – Buildings	Renovations to the Office of Central & Information Services (OCIS) Building	$1,000,000
DPW – Buildings	60 Market St. HVAC Renovation (Construction)	$14,000,000
DPW – Buildings	Shared Storage Facility -Emergency Response & Dutchess County Sheriff's Office	$300,000
DPW – Buildings	60 Market Street Envelope Improvements (Construction)	$3,000,000
DPW – Buildings	Renovation to County Clerk's DMV Office, 322 Market St, 1st Floor	$500,000
DPW – Public Transit	Replace Five (5) 35' Heavy Duty Buses & Four (4) 30' Heavy Duty Buses	$552,500
DPW – Public Transit	Replace Parallelogram Lift	$30,000
DPW – Public Transit	Parking Lot Improvement Project	$95,000
DPW – Public Transit	Replace Oil/Water Separator	$30,000
Emergency Response	Replacement of Emergency Stand-By Generators	$100,000
Office of Central & Information Services (OCIS)	Network and Security Refresh	$650,000
Planning & Development	Dutchess County Water/Sewer System Delineation Project	$250,000
Water & Wastewater Auth	Greenfields Water System Interconnection with Hyde Park Regional Water System	$1,595,800
Water & Wastewater Auth	Central Dutchess Pump Station Water Storage Tank	$3,000,000
	Total	**$65,016,400**

For detailed information regarding these projects, including project descriptions and total project costs, please refer to the *2027 – 2031 Capital Program Requests for Dutchess County* section.

Impacts on Operating Costs

Capital projects and the capital improvement program impact the budget in several ways. When debt is issued for a particular project, those costs increase the total debt service cost included in the ensuing years operating budgets.

Dutchess County strives to minimize frequency of borrowing and to utilize a pay-as-you-go project financing method when possible. The fiscal impact of each project is carefully reviewed to determine when borrowing becomes necessary to finance the project. Decisions are also impacted by changing interest rates.

Many of the on-going capital projects, such as roof replacements and energy efficiency improvements at County facilities, minimize departmental operating expenses by reducing utility and maintenance costs. These adjustments are included in the calculation of the annual operating budget during the budget process and are included in the analysis and decision-making process for individual capital projects.

The 2027 Debt Service Obligation by Fund is detailed in the table below.

2027 Debt Service Summary by Fund

Fund	Serial Bond Principal	Serial Bond Interest	Debt Service Totals
General Fund	18,345,373	9,125,380	27,470,753
Community College	1,080,641	338,712	1,419,353
Airport	156,506	63,886	220,392
Public Transportation	22,500	675	23,175
Total	**$19,605,020**	**$9,528,653**	**$29,133,673**

The table below indicates the projected 2027 debt service by department.

2027 - 2031 Capital Program Requests for Dutchess County ($000)

Dutchess Community College

Dutchess Community College (DCC) offers educational opportunities that prepare individuals to realize their full potential and contribute to a diverse and global society. In coordination with the Comprehensive Academic and Facilities Master Plan, DCC has identified projects that will bring the college into the future with updated facilities to align with new programs, state of the art technology for teaching and learning, transforming labs and/or programs into interactive and immersive educational environments, ensuring the facilities are ADA compliant, and address student life on campus. Fifty percent of capital construction costs are provided through New York State funds; thus, the proposed projects are subject to review and approval at the state level. The County portion of the capital construction costs is financed first through capital charge-back revenues, when available. Capital charge-back revenues are monies for out-of-county students attending DCC paid by the county in which those students reside. Any projects for which the required County portion of the funding would exceed the available charge-back monies would require the approval of a County bonding resolution to provide the additional funds needed.

		2027	2027	2028	2029	2030	2031	Other than County Sources (for all years combined)

	The project will focus on the Center for Business and Industry (CBI), restacking the building's interior to support new and emergent instructional needs. The building will be transformed into the Center of Excellence for Nursing and Allied Health. This will provide a focal point for the advancement of healthcare programs and offer opportunities for student and faculty interactions. The renovations will consist of reconfiguring and right-sizing classrooms, modernizing and increasing lab spaces from 4 to 11, prep rooms, collaboration and support spaces, office spaces, refreshing public spaces, upgrading building systems, and accessibility.

Office of Central and Information Services (OCIS)

OCIS oversees automation for Dutchess County Government. The department mission is to use computer technologies to provide services to 37 departments in support of their efforts, to work with local municipalities on countywide applications including Real Property Taxes and "IMAGIS", a new GIS (Geographic Information Systems) Mapping system, and to lead the County's e-Government development effort, which will provide Internet-based services to the public, businesses and other government agencies.

Public Works - Airport

Hudson Valley Regional Airport serves a broad base of aviation-related activities. The continued maintenance of facilities for general aviation is important for economic development. The airport continues to work closely with both the FAA and NYSDEC on meeting environmental requirements for capital projects to advance. Due to challenges in this area, some projects might be delayed into future years.

2027 - 2031 Capital Program Requests for Dutchess County ($000)

Water & Wastewater Authority

The Dutchess County Water and Wastewater Authority was created to identify and seek solutions to water and wastewater problems in the County. The provision of adequate central water and sewer service is crucial. The most common problems that municipalities face in implementing water and sewer projects are lack of funding and the inability to build future capacity into systems.

(a) Refers to the project number assigned to each individual capital project in the County's accounting records. The letter refers to the fund as follows: ET - Enterprise Transportation (Bus), EA - Enterprise Airport, HC - Community College, and H - Capital Projects (all other).

Capital Expenditure Trends

Capital outlays include expenditures for capital equipment and for construction, improvement and acquisition of fixed assets such as public buildings, roads, bridges and real property. In 2025, a total of $30.2 million was expended for capital outlays.

Indebtedness

Total outstanding indebtedness is projected to be $297,475,020 on December 31, 2026.

Debt Service

Debt Service includes payment of principal and interest on bonds and notes. The 2027 projected debt service expenditure for projects already approved by the County Legislature and borrowed is $29,133,631.
