Summary of Findings

Hands On! records were found to be in good order. Recommendations are made to document review of bank reconciliations and W-9 collection.
Detailed Findings

Internal Controls
The agency’s internal controls for daily operations were reviewed. This included the receipt of money, bank deposits, approval of purchases, check disbursements, bank reconciliations, payroll and claim processing.

Cash Handling and Banking
No individual should have authority over all aspects of a transaction. Deposits, canceled checks, and bank reconciliations were reviewed. Monies received from Dutchess County were deposited timely. Monthly bank reconciliations are completed and verified to the general ledger.

Finding:
• Bank Reconciliations were not initialed.

Recommendation:
• A Board member should review and initial bank reconciliations to compensate for the agency’s limited number of staff necessary to achieve separation of duties.

Purchasing and Payment Processing
The Executive Director reviews all expenses, allocates them to cost centers and assigns an account number. Checks are processed by the bookkeeper. Signatories to the bank accounts include designated board members and the Executive Director, checks over $100.00 require two signatures; checks are physically signed.

Credit Cards
The Agency does not have any credit cards.

Claims
Claims are processed by staff. Claims were verified to the appropriate program cost center maintained on worksheets.

Revenues
Payments were recorded in the appropriate revenue accounts.

Expenses
The agency’s budget was approved by the Board of Directors.
**Personnel Services**

Total salaries reported were verified to W2s. Salaries allocated to various programs were based on grants received. Payroll is processed at the agency. Allocation of salaries was adjusted as funding changed.

**Fringe Benefits/Payroll tax**

Payroll taxes are processed by the agency’s auditor.

**Tax Filing**

CHAR 500, Annual Filing for Charitable Organizations
IRS 990 Information Return

The above reports have not been filed for 2007; an extension for the filing of the above reports was submitted.

IRS Form 1099-Miscellaneous Income
The IRS requires Form 1099-Miscellaneous Income Statements be issued to individuals/businesses that receive payment of $600.00 or more in a calendar year for services provided. The agency reported that no 1099s were issued.

Finding:
The agency contracts with their auditors to provide tax reporting services. The agency did not have a process to determine if vendors were eligible to receive an IRS MISC 1099.

Recommendation:
The agency should develop and implement a process to determine when forms are to be issued. The agency should collect updated W9s on all vendors to determine their status and eligibility to receive a MISC 1099.

**Contracts**

Contracts were reviewed for compliance. See Addendum 1 for detail on contracts.
