**RESOLUTION NO. 136 RESOLUTION CALLING ON THE GOVERNOR AND NEW
YORK STATE LEGISLATURE TO PRESERVE THE ZERO
PERCENT MEDICAID GROWTH CAP FOR ALL
COUNTIES AND NEW YORK CITY**

Legislator Clattenburg offered the following Resolution:

WHEREAS, Genesee County adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 Legislative Conference on January 29, 2020; and

WHEREAS, spending in New York state for Medicaid is the single largest expense in the State budget; and

WHEREAS, the funding to support the Medicaid program is provided by a combination of federal, state and local resources; and

WHEREAS, the required county and New York City contribution is \$7.6 billion annually; and

WHEREAS, the local share of Medicaid funding paid in New York is the highest of any state in the country and is more than what 43 individual states pay in state share for their Medicaid programs; and

WHEREAS, this large local funding share for Medicaid and other state programs is a major contributor to New York's high local tax burden compared to other states; and

WHEREAS, the Governor and legislative leaders recognize the fiscal burden the financing of Medicaid is for local taxpayers and initiated steps to relieve part of that burden by capping the growth in local costs in this program; and

WHEREAS, one of the most prominent property tax reduction and mandate relief initiatives in state history was Governor Cuomo's establishment of the zero percent Medicaid growth cap; and

WHEREAS, this zero percent growth cap enables counties to keep funding for the growing cost of many vital state programs and services, while continuing local quality of life services demanded by taxpayers; and

WHEREAS, the Medicaid budget is facing billions of dollars in annual deficits over the next several years; and

WHEREAS, these Medicaid deficits are contributing to the largest budget deficit the state has faced since the Great Recession; and

WHEREAS, the Governor's Executive Budget Recommendation is proposing a variety of ways to address these combined fiscal shortfalls; and

WHEREAS, budget proposals advanced by the Governor rely on \$150 million in Medicaid program costs assumed by local taxpayers; and include:

- Using county government federal enhanced medicaid match savings;
- Losing state Medicaid growth cap if counties breach the state property tax cap;
- Shifting the local share of Medicaid growth above 3% to counties, if counties cannot contain costs under 3%; and

WHEREAS, counties do not have tools to control the Medicaid program growth; some of these limitations include:

- The ability to audit the Medicaid program;
- The ability to control the cost of perscription drugs;
- The ability to set provider reimbursement rates;
- The ability to modify eligiblity and benefit levels for Medicaid recipients;
- The ability to control changing demographics across the state;
- The ability to control provider contracts; and

WHEREAS, if state experts in the Medicaid program are unable to develop solutions to control growth in the Medicaid program, it will be difficult for counties to do so, since they do not have this authority to control costs.

NOW, THEREFORE, BE IT RESOLVED, that the Genesee County Legislature urges the Governor and legislative leaders to maintain the zero percent Medicaid growth cap for counties and New York City as they address state budget shortfalls in order to keep downward pressure on the local tax burden; and

BE IT FURTHER RESOLVED that copies of this resolution be sent to Governor Andrew M. Cuomo, the New York State Legislature, and all others deemed necessary and proper.

Legislator Hilchey seconded the resolution which was adopted by 279 votes, Legislator Young (47) absent.

Clerk of the Genesee County Legislature

Livingston County Board of Supervisors
Geneseo, New York

Resolution No. 2020-84

**RESOLUTION OPPOSING THE GOVERNOR'S PROPOSED MEDICAID COST-SHIFT AND
CALLING ON THE GOVERNOR AND NEW YORK STATE LEGISLATURE TO PRESERVE THE
ZERO PERCENT MEDICAID GROWTH CAP**

WHEREAS, Medicaid is one of the largest cost-centers in the 2020 Livingston County Budget, at \$9 million per year, an amount equivalent to 30% of the County's 2020 property tax levy; and

WHEREAS, Medicaid was created by the federal government in 1966 as a health insurance for the poor and disabled, and was intended to be funded by the federal and state governments; and

WHEREAS, New York State has continuously opted to force counties to pay a large percentage of the State's share of Medicaid costs; and

WHEREAS, the local share of Medicaid funding paid in New York is the highest in the United States; and

WHEREAS, the local share of Medicaid costs in New York is larger than what 43 individual states pay in their total state share of Medicaid costs; and

WHEREAS, in recognition of the fiscal burden that Medicaid costs have on county budgets and local taxpayers, in 2005 New York State leaders imposed a cap on the growth in local costs of the Medicaid program; and

WHEREAS, in 2015, as part of his signature property tax reduction agenda, Governor Andrew Cuomo established the zero percent Medicaid growth cap; and

WHEREAS, in recent years, in part due to rising costs of health services and pharmaceutical drugs, and to New York's expansion of Medicaid services and mandatory raises for health care workers affected by New York State minimum wage increases, the Medicaid budget is facing billions of dollars in annual deficits over the next several years; and

WHEREAS, the Governor is proposing a variety of ways to address this fiscal shortfall, including shifting the state's financial responsibilities onto county property tax payers by:

Capping Federal Enhanced Medicaid Match Savings that can accrue to counties, but not to the State;

Shifting full Medicaid Growth Payments onto counties that over-ride the property tax cap; and

Shifting local share of Medicaid growth above 3% to counties; and

WHEREAS, contrary to the Governor's recent assertion, Livingston County and other counties across New York do not have the tools, nor the authority to control local Medicaid costs and are not to blame for the State's inability to contain Medicaid cost growth; and

WHEREAS, the Governor's proposed remedies to contain local Medicaid cost growth have the potential to destabilize Livingston County's fiscal health; and

WHEREAS, shifting further Medicaid onto Livingston County will significantly impact the County's ability to both, provide for other New York State unfunded mandates and comply with the local property tax cap, thereby rendering the tax cap potentially inert; now, therefore, be it

RESOLVED, that the Livingston County Board of Supervisors opposes the cost-shifts and the capping of Federal Medicaid Match funds as proposed by Governor Andrew Cuomo; and be it further

RESOLVED, that the Livingston County Board of Supervisors urges the Governor and legislative leaders to maintain the zero percent Medicaid growth cap for counties as they address state budget shortfalls in order to keep downward pressure on the local tax burden; and be it further

RESOLVED, that the Clerk of the Livingston County Board of Supervisors shall forward copies of this resolution to Governor Andrew Cuomo, Senator Patrick Gallivan, Senator George Borrello, Assemblywoman Marjorie Byrnes, Senate Majority Leader Andrea Stewart-Cousins, and Assembly Speaker Carl Heastie.

Resolution No. 2020-84

Committee of the Whole

This is to Certify that I, the undersigned, Clerk of the Board of Supervisors of the County of Livingston, have compared the foregoing copy of resolution with the original resolution now on file in this office and which was duly adopted by the Board of Supervisors of said County on the 11th day of March, 2020 and that the same is a true and correct transcript of said resolution and of the whole thereof.

In Witness Whereof I have hereunto set my hand and the official seal of the Board of Supervisors of the County of Livingston, this 11th day of March, 2020.

Ian M. Coyle, Deputy Clerk of the Board

Resolution No. 79-20

Resolution In Opposition Of The Governor's Plan To Absorb The New York State Bridge Authority Into The New York State Thruway Authority

WHEREAS, according to the NYS Bridge Authority's website: Governor Franklin D. Roosevelt established the Bridge Authority during the Great Depression for the express purpose of separating its finances from the State's during a period of fiscal stress; and

WHEREAS, the Authority owns and manages the Rip Van Winkle Bridge between Columbia and Greene Counties, the Kingston-Rhinecliff Bridge between Ulster and Dutchess Counties, the Mid-Hudson Bridge, the Newburgh-Beacon Bridge between Orange and Dutchess Counties and the Bear Mountain Bridge between Westchester and Rockland Counties. It also owns and maintains the structure of walkway over the Hudson - the longest pedestrian walkway in the world; and

WHEREAS, the Bridge Authority's enabling law authorizes the issuance of revenue bonds paid for by tolls which, with bond covenants, essentially establish a lock-box, requiring all tolls to support maintenance and operation of the bridges, nothing else. According to its website, the Authority has been self-sufficient throughout its 88-year history, operating without federal or state tax monies and without ever running a deficit; and

WHEREAS, the Bridge Authority is a vibrant part of life in the Mid-Hudson Valley, connecting the east and west counties. Sections of the Empire State Trail will run across two bridges it maintains. It recently partnered with the non-profit stewards of the region's two most prominent artists' homes - the Thomas Cole House and Frederic Church's Olana - linking them across the Rip Van Winkle Bridge and strengthening both and the region as tourist destinations. The well-maintained bridges of the region and over eight decades of low tolls ensure the seamless flow of commerce, commuting, family connections, and access to the many state and county parks and recreational and cultural resources of the Mid-Hudson Valley; and

WHEREAS, implementation of the Governor's plan would end the NYS Bridge Authority's lockbox, opening the door to diversion of funds that currently support its \$50+ million of annual expenditures to the statewide Thruway system; and

WHEREAS, the Thruway Authority could increase tolls over levels needed to maintain the NYS Bridge Authority's bridges and residents face a \$5 dollar toll to get to work, shop or visit family, the economy and quality of life of the Mid-Hudson Valley could be severely compromised. These additional funds could be to subsidize the costs of the Mario M. Cuomo Bridge and other Thruway system capital and operating expenses; and

WHEREAS, the NYS Bridge Authority bridges and Walkway over the Hudson would be lost in the operations of the Thruway, competing for resources with the sprawling statewide

system, leaving collaborative ventures with localities and non-profits, like Hudson River Skyway, the Bear Mountain Bridge Museum, and STEM curriculum development, unlikely to win the attention of Thruway Authority Management;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby implores Governor Cuomo to leave the NYS Bridge Authority to continue to own and manage the following bridges: Rip Van Winkle Bridge between Columbia and Greene Counties, the Kingston-Rhinecliff Bridge between Ulster and Dutchess Counties, the Mid-Hudson Bridge, the Newburgh-Beacon Bridge between Orange and Dutchess Counties and the Bear Mountain Bridge between Westchester and Rockland Counties; and be it further

RESOLVED, that certified copies of this resolution be forwarded to Governor Andrew M. Cuomo, Senator George A. Amedore, Jr., Assemblyman Christopher Tague, Columbia, Dutchess, Ulster, Orange, Westchester and Rockland Counties.

Resolution No. 80-20

Resolution Urging The Governor And State Legislature To Adjust The Early Intervention Rate Structure To Improve Access To These Services For Children Who Live In Poverty And Rural Areas

WHEREAS, the Greene County Legislature hereby adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, the structure of the Early Intervention rate methodology promotes inequitable availability of Early Intervention services across the state; and

WHEREAS, because Early Intervention rates are set for entire counties, and there are no requirements in the New York State Early Intervention Provider Agreement for providers to serve the entire county that they have identified in their catchment area, providers are free to choose which neighborhoods to provide Early Intervention services in; and

WHEREAS, since the rates are flat across each county, there is no incentive for providers to serve children in poverty, children who live in rural areas, or communities of color;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls upon the Governor, the State Legislature, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. to allocate State funding for a 10% rate increase for services provided to children in zip codes where the percentage of the population below poverty is 15% or higher; and in rural areas; and

BE IT FURTHER RESOLVED, that any provider rate increase will be administered using State funding to ensure localities are not subject to additional EI program expenses; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED that the Clerk to the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague, Senator George A. Amedore, Jr. and the New York State Association of Counties (NYSAC).

WHEREAS, the Early Intervention Program in New York State serves infants and toddlers having or suspected of having a developmental or a diagnosed physical or mental condition that has a high probability of resulting in a developmental delay; and

WHEREAS, the Greene County Legislature hereby adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, Early Intervention (EI) therapists, service coordinators, teachers and evaluators provide crucial services to children with disabilities and developmental delays; and

Resolution Requesting The State Legislature Change The Title Of Chapter 23 Of The Laws Of 1989 From The Preschool Program For Children With Handicapping Conditions To The Preschool Program For Children With Disabilities

WHEREAS, the Greene County Legislature hereby adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, Chapter 23 of the Laws of 1989, titled "Preschool Program for Children with Handicapping Conditions" does not appropriately address this population within New York State; and

WHEREAS, a more suitable name for this program should remove the word handicapping and replace it with "disabilities."

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls upon the Governor, the State of New York, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. to amend the title of this statute from "the Preschool Program for Children with Handicapping Conditions" to "the Preschool Program for Children with Disabilities"; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED that the Clerk to the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague, Senator George A. Amedore, Jr. and the New York State Association of Counties (NYSAC).

Resolution No. 84-20

Resolution Calling On Members Of The NYS Senate And Assembly To Reject The Governor's SFY 2020-21 Executive Budget Proposal To Shift 100% Of The Costs Of 730.02 Competency Restoration Services To The County Mental Health Commissioners

WHEREAS, the Governor's proposal would require counties to pay 100% of the OMH State Operations costs for certain individuals receiving mental health treatment at State-operated Forensic Psychiatric Centers; and

WHEREAS, historically, counties have paid 50% of the per diem rate set by OMH, which has now reached an unsustainable cost burden on county budgets; and

WHEREAS, the derivation of Section 43.03 of Mental Hygiene Law (MHL), dates back to 1907 and allows the State to offset the costs of operating its Forensic Psychiatric Centers at county expense; and

WHEREAS, this statute no longer reflects the current mental hygiene system or the NYS Unified Court System and needs to be updated to be consistent with other statutes that makes the State responsible for its own costs for the treatment of mentally ill individuals in State-operated Forensic Psychiatric Centers;

WHEREAS, despite the fact that counties are now paying half of such restoration services, the Executive Budget proposal shifts 100% of these costs to the counties; and

WHEREAS, OMH has also taken the position that the County Mental Health Commissioners are not entitled to any information about the treatment they are paying for; and

WHEREAS, other payors for medical services are clearly entitled both under HIPAA and the MHL to receive information about the services for which payment is sought; and

WHEREAS, OMH also indicates counties should be responsible for any medical or hospitalization costs incurred for individuals mandated to competency restoration which, depending on the medical or surgical treatment required could cost hundreds of thousands of dollars and have devastating impacts on county budgets; and

WHEREAS, in NYS the counties through county tax levy, already bear an overwhelming portion of the financial burden for supporting individuals suffering from serious mental illness and assuming 100% in 730.20 competency restoration costs will take away millions of dollars for critical behavioral health programming in the community; and

WHEREAS, counties are requesting members of the NYS Senate and Assembly reject the

Governor's proposal to shift 100% of the cost of 730.20 competency restoration services to the County Mental Health Commissioners in the SFY 2020-21 Enacted State Budget;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls on the Governor and the Office of Mental Health to strongly reconsider the enactment of this proposal which will cripple county budgets and have a devastating impact on the counties' ability to pay for behavioral health programs that are critical for serving the State's most vulnerable populations; and

BE IT FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. and the New York State Association of Counties (NYSAC).

Resolution No. 85-20

Resolution Urging The Governor And State Legislature To Support Increasing Funding Levels For Local Public Health Programs

WHEREAS, the Greene County Legislature adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, local health departments (LHDs) are New York State's partners and operational extensions, working in the forefront of communities, addressing public health issues, and serving as the first line of defense against all public health crises by protecting communities and residents; and

WHEREAS, activities led by the 58 LHDs are paramount to our collective ability to achieve Prevention Agenda goals, address health disparities, improve health outcomes and ensure community safety and stability; and

WHEREAS, counties have not received an increase in core public health aid in more than six years, nor have they received adequate compensation to respond to expanded state mandates and emerging health issues; and

WHEREAS, state budget appropriations for public health spending have been reduced year after year, including the 2019-2020 State Budget, which reduced New York City's Article 6 reimbursement from 36% to 20%; and

WHEREAS, cuts to public health funding in any form impact millions of New Yorkers and perpetuate health disparities, particularly in our children and elderly residents; and

WHEREAS, New York State's budget shortfall cannot prevent LHDs from providing mandated public health services, for example, those related to lead, ebola, coronavirus, and water contamination; and

WHEREAS, pooling public health categorical spending would decrease transparency of the public health programs funded by the state's limited aid to localities;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls on the Governor, the New York State Legislature, Assemblyman Christopher Tague, and Senator George A. Amedore, Jr. to increase funding for public health services and retain separate appropriations so important health interventions can continue in the upcoming year; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature,

Resolution No. 86-20

Resolution Calling On The Governor And State Legislature To Not Shift More Costs To Counties & New York City For State Controlled Non-Health Care Related Social Service

WHEREAS, the Greene County Legislature hereby adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, the State has indicated it is facing a \$6 billion budget deficit in 2021, which will grow to \$8.5 billion by 2023 if no actions are taken; and

WHEREAS, over the last decade the state has devolved away from their historic and constitutional responsibilities of providing social services and support for low income families and individuals, as demonstrated through significant reductions in state financial support for these programs, thereby shifting these costs to counties and New York City; and

WHEREAS, these state funding shifts have increased county and New York City social services costs by hundreds of millions of dollars annually because the state requires that all services still be provided, but with less state resources; and

WHEREAS, New York City has been targeted with additional social services and public health cost shifts by the state that have increased the City's costs by hundreds of millions of dollars more each year, on top of the other cuts mentioned; and

WHEREAS, the steady pullback in State funding support has been expansive and includes cuts to child welfare, adoption subsidies, food stamp administration, Family Assistance, Safety Net, youth detention and treatment, and foster care; and

WHEREAS, the state has also increased regulatory burdens for local social service districts during the last decade, that include new administrative responsibilities and often duplicative and needless reporting requirements which divert scarce resources from critically needed services; and

WHEREAS, the net effect of these practices is that it forces local property taxes to be higher than they should because of the additional costs borne by counties and New York City; and

WHEREAS, most other states do not require counties to fund such a large share of public assistance costs; and

WHEREAS, the current strong economy and low unemployment provide significant opportunities for recipients to connect with employment and gain valuable work skills that can lead to self-sufficiency and family independence; and

WHEREAS, local Department of Social Services have demonstrated significant success in achieving self-sufficiency when program resources are dedicated to employment and

supporting the needs of individuals and families as they return, or connect, to the workforce;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls on the Governor, the New York State Legislature, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. to not impose new cost shifts on counties and develop a multi-year plan to reverse the numerous state funding cuts that have occurred in public assistance programs and administration; and

BE IT FURTHER RESOLVED, that the state should focus on reforming state social service programs by prioritizing employment as a key to achieving self-sufficiency and long-term independence for residents receiving Family Assistance, Safety Net Assistance and other programs; and

BE IF FURTHER RESOLVED, that the counties of New York are calling on the Governor and State Legislature to recognize that effective public assistance policies are grounded in accountability, integrity and supporting the needs of recipients in entering the workforce; and

BE IT FURTHER RESOLVED, that the counties of New York are calling on the Governor and State Legislature to limit new legislation and regulations that reduce accountability for recipients in gaining employment, self-sufficiency and long-term independence from public assistance as we believe this can ultimately hinder the success of these recipients in achieving self-sufficiency; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. and the New York State Association of Counties (NYSAC).

Resolution No. 87-20

Resolution Urging The Department Of Health And The Division Of Budget To Require Providers To Maximize Reimbursement From All Third-Party Payers

WHEREAS, the Greene County Legislature adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, prior to 2013, counties funded 100% of the cost of the state's Early Intervention Program and then sought reimbursement beginning in the following county fiscal year as required under state law; and

WHEREAS, the state implemented a State Fiscal Agent administrative model in April 2013 that centralized billing and contracting at the state level, rather than at the county level; and

WHEREAS, the State Fiscal Agent used their own administrative and reimbursement information technology system to collect funds from counties and make payments to providers due to limitations with the New York State Department of Health's Early Intervention System (NYEIS); and

WHEREAS, recent problems have arisen under the State Fiscal Agent platform related to service providers filing for payment from insurance companies in the first instance as the law requires providers, service coordinators and the state fiscal agent when insurers ask for more information; and

WHEREAS, any extensive delay in providing such information to insurance companies can result in a denial by the insurance company due to untimely filing, causing these claims to fall to the state and counties to pay; and

WHEREAS, we continue to support proposals from the Governor that prioritize and require providers to enforce current insurance regulations regarding payment of Early Intervention service claims in an attempt to increase commercial insurance collections; and

WHEREAS, the State has implemented health insurance benefit changes in its Child Health Plus program that will likely reduce third party billing opportunities, resulting in higher costs for counties in the Early Intervention Program; and

WHEREAS, under the statewide fiscal agent model counties remain concerned about program integrity efforts pursued by the fiscal agent and the Department of Health (DOH) through audits, and believe that third party collections are not being maximized based on the increasing drawdown of funds out of the escrow for many counties far in excess of what has been budgeted or caseload changes suggest should be the case; and

WHEREAS, while counties have been advised by DOH that they can pursue their own audits and collections to ensure program integrity, counties have no effective mechanism under the law, or leverage with providers or the State Fiscal Agent, to recoup any audit findings as counties do not hold the provider contracts or have the ability to withhold payments as a way to recoup funds.

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls upon the Governor, the New York State Legislature, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. to implement policies and procedures to ensure that provider claims are filed in a timely manner to commercial insurance providers and Medicaid; and

BE IT FURTHER RESOLVED, we also ask that as part of these system enhancement proposals, Medicaid revisit the Retro Re-Billing Process where the State identifies all claims that the counties and state pay including but not limited to waived services and resubmit those to Medicaid to identify if a child's coverage changed. We ask that Medicaid instead pay the claims in first instance, so that counties don't have to pay upfront and then receive these monies many years later; and

BE IT FURTHER RESOLVED, the State Fiscal Agent must implement systematic changes to the billing system to track claims and, as outlined in the Governor's Budget for 2016-17, ensure the state's fiscal agent help providers exhaust all appeals in a timely manner before moving on to the next payer of record; and

BE IT FURTHER RESOLVED, the State should carefully review all benefit changes in state supported public health insurance programs such as Medicaid and Child Health Plus to ensure new costs are not shifted to county public health programs when current benefits are eliminated or modified; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED that the Clerk to the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague, Senator George A. Amedore, Jr. and the New York State Association of Counties (NYSAC).

Resolution No. 88-20

Resolution Calling On The Governor And New York State Legislature To Preserve The Zero Percent Medicaid Growth Cap For All Counties And New York City

WHEREAS, the Greene County Legislature adopts and endorses the resolution adopted by the New York State Association of Counties at their 2020 NYSAC Legislative Conference on January 29th, 2020; and

WHEREAS, spending in New York State for Medicaid is the single largest expense in the State budget; and

WHEREAS, the funding to support the Medicaid program is provided by a combination of federal, state and local resources; and

WHEREAS, the required county and New York City contribution is \$7.6 billion annually; and

WHEREAS, the local share of Medicaid funding paid in New York is the highest of any state in the country and is more than what 43 individual states pay in state share for their Medicaid programs; and

WHEREAS, this large local funding share for Medicaid and other state programs is a major contributor to New York's high local tax burden compared to other states; and

WHEREAS, the Governor and legislative leaders recognize the fiscal burden the financing of Medicaid is for local taxpayers and initiated steps to relieve part of that burden by capping the growth in local costs in this program; and

WHEREAS, one of the most prominent property tax reduction and mandate relief initiatives in state history was Governor Cuomo's establishment of the zero percent Medicaid growth cap; and

WHEREAS, this zero percent growth cap enables counties to keep funding for the growing cost of many vital state programs and services, while continuing local quality of life services demanded by taxpayers; and

WHEREAS, the Medicaid budget is facing billions of dollars in annual deficits over the next several years; and

WHEREAS, these Medicaid deficits are contributing to the largest budget deficit the state has faced since the Great Recession; and

WHEREAS, the Governor's Executive Budget Recommendation is proposing a variety of ways to address these combined fiscal shortfalls; and

WHEREAS, budget proposals advanced by the Governor rely on \$150 million in Medicaid program costs assumed by local taxpayers; and include:

- Using county government federal enhanced Medicaid match savings;
- Losing state Medicaid growth cap if counties breach the state property tax cap;
- Shifting the local share of Medicaid growth above 3% to counties, if counties cannot contain costs under 3%; and

WHEREAS, counties do not have tools to control the Medicaid program growth; some of these limitations include:

- The ability to audit the Medicaid program;
- The ability to control the cost of prescription drugs;
- The ability to set provider reimbursement rates;
- The ability to modify eligibility and benefit levels for Medicaid recipients;
- The ability to control changing demographics across the state;
- The ability to control provider contracts; and

WHEREAS, if state experts in the Medicaid program are unable to develop solutions to control growth in the Medicaid program, it will be difficult for counties to do so, since they do not have this authority to control costs;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby urges the Governor and legislative leaders, Assemblyman Christopher Tague and Senator George A. Amedore, Jr., to maintain the zero percent Medicaid growth cap for counties and New York City as they address state budget shortfalls in order to keep downward pressure on the local tax burden; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague, Senator George A. Amedore, and the New York State Association of Counties (NYSAC).

Resolution No. 89-20

Resolution Urging The Governor And New York State Legislature To Make Permanent Housing The Central Focus Of Its Homelessness Prevention Goals

WHEREAS, the Greene County Legislature hereby adopts and endorses the resolution adopted by the New York State Association Of Counties at their 2020 NYSAC Legislative Conference on January 29, 2020; and

WHEREAS, homelessness continues to be a major concern across the state; and

WHEREAS, the Governor and Legislature continue to prioritize finding solutions to the affordable housing crisis; and

WHEREAS, the level of homelessness is occurring in an environment where the New York economy is strong, the number of private sector jobs is the highest in state history, the state is experiencing near record lows in unemployment, and wage growth is the strongest it has been in over a decade; and

WHEREAS, the entrenched nature of homelessness in New York in this environment highlights that overall housing affordability remains a key problem that still must be addressed more ardently; and the amount and type of state, federal and local resources and services need to be realigned to better serve the homeless and to prevent homelessness in the first instance; and

WHEREAS, regardless of family size and demographics, many of those facing homelessness or seeking emergency shelter can have challenging medical needs, mental health and substance abuse issues, or are former foster children, veterans, registered sex offenders, state prison parolees, or on probation, with many facing several of these challenges at the same time; for many others it is simply an economic issue of not being able to find safe housing they can afford; and

WHEREAS, local social service districts focus scarce resources on achieving permanent housing, preventing homelessness, and providing temporary placement; and

WHEREAS, local resources are stretched thin due to revenue limitations placed on counties by the State and the requirement to fund a wide variety of other state programs; and

WHEREAS, insufficient state shelter reimbursements are compounded by no increase in a decade, even as housing costs have soared; and

WHEREAS, counties have also experienced significant state funding cuts in a wide array of social services programs over the last decade that have restricted counties' ability to pursue more aggressive assistance efforts that can prevent homelessness in the first instance;

NOW, THEREFORE, BE IT RESOLVED, that the Greene County Legislature hereby calls on the Governor, the New York State Legislature, Assemblyman Christopher Tague and Senator George A. Amedore, Jr. to make permanent and stable housing the central focus of homelessness policy in New York State; and

BE IT FURTHER RESOLVED, that State leaders should target supportive housing overseen by OMH, OASAS, DOH and OPWDD to efforts that prevent homelessness and quickly re-house people that become homeless; and

BE IT FURTHER RESOLVED, that OMH, OASAS, DOH, OPWDD and DOCCS should focus efforts on services to prevent people from becoming homeless and for rapid re-housing by providing necessary clinical services, supports and after-care during the transition period to permanent housing; and

BE IT FURTHER RESOLVED, that the State should utilize mobile mental health and alcohol treatment services that will take people from shelters and motels to their appointments or bring services directly to them; and

BE IT FURTHER RESOLVED, that the State should ensure that existing funds for improving housing stock target low income housing in communities across the state (urban, rural and suburban) as is linked to a larger effort to prevent homelessness; and

BE IT FURTHER RESOLVED, that State funding should target rental assistance to prevent evictions and to provide transition funding for people moving out of shelters and motels to more permanent housing in order to achieve stable housing; and

BE IT FURTHER RESOLVED, that the State should expand existing shelter supplement plans and approve plans that require more state money, instead of insisting on savings or cost neutrality criteria, which limits the ability to reduce homelessness; and

BE IT FURTHER RESOLVED, that the State should support efforts to use safety net assistance funding for stable housing so counties can be less reliant on shelters and motels; and

BE IT FURTHER RESOLVED, that State should encourage innovation and approve local waivers that propose new approaches; and

BE IT FURTHER RESOLVED, that the State should develop a public relations campaign to convey how everyone in the community benefits when we achieve stable housing for those most in need; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the counties of New York State encouraging member counties to enact similar resolutions; and

BE IT FURTHER RESOLVED, that the Clerk of the Legislature shall forward copies of this resolution to Governor Andrew M. Cuomo, the New York State Legislature, Assemblyman Christopher Tague, Senator George A. Amedore, Jr. and the New York State Association of Counties (NYSAC).

Requesting The Withdrawal Of The State Budget's Energy Siting Amendment TED Part JJJ

WHEREAS, the New York State Constitution and the Municipal Home Rule grant local autonomy to municipalities, particularly in the area of local land use regulation, which basically means that any and all powers of the State emanate from the people; and

WHEREAS, per the NYS Constitution, Article IX, it is our statutory obligation to protect the health, safety and welfare of citizens of our community; and

WHEREAS, most towns in the County have worked diligently engaging residents to develop local land use laws that are consistent with locally adopted Comprehensive plans; and

WHEREAS, much of the open space in Greene County is being used for productive agriculture, and local zoning has been developed to protect future development of those lands; and

WHEREAS, on February 21, 2020, Governor Cuomo proposed a Budget Amendment "to dramatically speed up the permitting and construction of renewable energy projects"; and

WHEREAS, this amendment could be passed with the Budget by April 1st, replacing the current Article 10 process with a radically new method for siting renewable energy projects; and

WHEREAS, this amendment will effectively remove any meaningful input from citizens, towns, counties, local environmental groups and community businesses regarding the siting and regulation of renewable energy projects; and

WHEREAS, the new process is structured such that scientific data, or testimony from qualified experts, will have little bearing regarding siting regulations and approval; and

WHEREAS, once an application is submitted the new Office of Renewable Energy Siting (ORES) has 60 days to review and determine if it is complete; if the ORES decision is **not** made in that time, the application is *automatically* deemed complete; and

WHEREAS, once an application is determined to be complete, ORES has 12 months to approve the project; if the ORES decision is **not** made in that time, the application is *automatically* approved! There is no provision for extending this time limit; and

WHEREAS, the Governor's proposal also seems to indicate that the State might get into the ownership and/or operation of renewable energy generation; such a profound change

would also severely limit the ability of local communities to regulate such industrial projects; and

WHEREAS, all of these proposed changes are not only in conflict with our Home Rule rights, but are also contrary to our obligation to protect the health, safety and welfare of our constituents;

NOW, THEREFORE, IT BE RESOLVED, the County of Greene formally requests that the Budget Amendment be withdrawn before the Budget is voted on; additionally, we petition the State to respect our Home Rule rights, and to defend our authority to regulate renewable energy projects as the citizens of our community see fit; and be it further

RESOLVED, that certified copy of this resolution be forward to Senator George A. Amedore, Jr., Assemblyman Christopher Tague and Governor Cuomo.

Resolution No. 91-20

Resolution In Support Of Assembly Bill A.3340A (Article 10, Solar)

WHEREAS, Article 10 of New York State Public Service Law acts as the benchmark review process in considering applications to construct and operate electric generating facilities; and

WHEREAS, Article 10 created the Board on Electric Generation Siting and Environment (Siting Board) made up of 5 gubernatorial appointees from state departments and boards, and only allows for two ad hoc appointments on the Siting Board from municipalities where the facility is proposed, and state leaders have been very slow to appoint the local members; and

WHEREAS, this Siting Board has the ability to approve projects regardless of local laws and ordinances and over the objections of local residents; and

WHEREAS, there are multiple projects in Greene County that have caused a community uproar and frustrated residents about what they feel is their lack of input into the decision-making; and

WHEREAS, Assembly Bill A.3340A seeks to restore municipal home rule when it comes to siting electric generating facilities; and

WHEREAS, this legislation would institute a public referendum on the approval of any electric generating project, thereby ensuring no decision regarding the placement of an electrical generating facility in New York State can be approved or denied without the consent of the host community;

NOW, THEREFORE, BE IT RESOVLED, that the Greene County Legislature fully supports Assembly Bill A.3340A; and be it further

RESOLVED, that copies of this resolution be sent to Senator George A. Amedore, Jr., Assemblyman Christopher Tague, Leaders of the State Assembly and Senate and Governor Cuomo.

Resolution No. 137-20

Resolution Calling On The State Of New York To Release Enhanced Federal Medicaid Matching Funds To Counties And New York City

WHEREAS, in response to the COVID-19 pandemic, Congress has enacted extraordinary measures to help states and localities with increased costs and lost revenues; and

WHEREAS, a key action enacted by the federal government was a 6.2 percent increase in the federal medical assistance percentage (FMAP); and

WHEREAS, Congress has used this mechanism to provide fiscal relief to states and their local government Medicaid funding partners to reduce the financial burden they often experience in an economic downturn; and

WHEREAS, counties and New York City are struggling with higher costs responding to COVID-19 and experiencing extensive revenue declines due to the shutdown of large swaths of the economy; and

WHEREAS, we project that each quarter of enhanced FMAP funding is worth hundreds of millions of dollars for counties and New York City.

NOW, THEREFORE, BE IT RESOLVED, that Greene County is respectfully requesting financial assistance through federal FMAP monies by reducing county weekly Medicaid payments retroactive to January 1, 2020 to provide some partial fiscal relief to the current conditions; and

BE IT FURTHER RESOLVED, that we also respectfully request that the State provide a timeline to all counties on the release of the enhanced federal Medicaid matching funds related to the Affordable Care Act "reconciliation funds" that have been withheld for over three years and the likely mechanism on how these funds will be delivered to counties and New York City; and

BE IT FURTHER RESOLVED, that this resolution be sent to Governor Andrew M. Cuomo, the New York State Legislature, the New York State Congressional Delegation, the New York State Association of Counties, and all others deemed necessary and appropriate.

RESOLUTION NO. 51

TITLE: SCHOHARIE COUNTY OPPOSITION TO AND REQUEST FOR WITHDRAWAL
OF THE PROPOSED CLIMATE LEADERSHIP AND COMMUNITY PROTECTION
ACT [CLCPA] FROM THE STATE EXECUTIVE BUDGET AMENDMENT

OFFERED BY: Don Airey Who moved its adoption.

SECONDED BY: Richard Lape Chairman Rules & Legislation Committee

WHEREAS, New York State being a "Home Rule" State, Schoharie County asserts all rights and powers should emanate from the people;

WHEREAS, the proposed Climate Leadership and Protection Act and the associated Legislation to Create the Office of Renewable Energy Permitting as well as all other specified new protocols and agencies which empower and enhance Article 10 Energy Siting undermines and eliminates the general application[s] of Home Rule within Schoharie County which supports Responsible Renewable Energy Development, in-general,

WHEREAS, the proposed CLCPA would assume significant State authorized influence and regulatory powers regarding local taxation methodologies limiting or completely eliminating local host-community Town, County, School District and Industrial Development Agency [IDA] negotiating powers and public input which could negatively impact local tax revenue from Renewable Energy Projects;

WHEREAS, the extreme and wide-ranging scope of the proposed CLCPA and associated legislation, combined with the speed of the proposed adoption of the CLCPA while upstate, rural communities are experiencing significant ongoing Solar Development pressures and negotiations compels Schoharie County to oppose most provisions and specifications of the CLCPA and the associated proposed legislation in order to safeguard the best interests of the residents of the County;

WHEREAS, Schoharie County, being a low to moderate income county would face potential significant costs and concurrently, significant loss of tax revenue, coupled with economic hardships including loss of scenic tourism, agri-tourism, new residential investment, existing residential property devaluation, agricultural revenue and a host of other economic hardships should the CLCPA and associated legislation be adopted; now, therefore, be it hereby

RESOLVED, the County of Schoharie requests the Governor of the State of New York to withdraw the proposed CLCPA and all related legislation from the State Executive Budget Amendment process and by doing so, respect and honor New York State Home Rule and the voice of the local upstate communities with regards to Renewable Energy Siting, Permitting and Taxation.

ADVANCE PAYMENT AGREEMENT TO PURCHASE REAL PROPERTY
(FEE ACQUISITION)

Project: Old Hopewell Road (CR 28)/All Angels Hill Road (CR 94) Intersection Improvements
PIN: 8758.71 Map: 2 Parcel: 2

This Advance Payment Agreement by and between Joseph Gullo and Ellen Gullo, Husband and Wife, hereinafter referred to as the "Seller", and the COUNTY OF DUTCHESS, hereinafter referred to as the "Buyer", pertains to that portion of real property interest required for public right of way purposes only.

1. **PROPERTY DESCRIPTION.** The Seller agrees to sell, grant, convey all right, title and interest to a 271.29± Square Meter (2,920.13± Square Foot) parcel located along the westerly side of County Route 94 (All Angels Hill Road), in the Town of Wappinger, Dutchess County, New York, further described as:

Being a portion of those same lands described in a deed dated May 26, 2016, and recorded on June 14, 2016 as Document #02 2016 3725 in the Office of the County Clerk for Dutchess County, New York with the address 376 All Angels Hill Road (Re. Tax map No. 135689-6257-04-912325-0000), and being the same lands designated as Map 2, Parcel 2 on Exhibit "A" attached hereto.

2. **IMPROVEMENTS INCLUDED IN THE ACQUISITION.** The following improvements, if any, now in or on the property are included in this Agreement: Asphalt driveway; stone walls; some natural vegetation of no contributory value.
3. **PURCHASE PRICE.** Whereas, the Seller and the Buyer cannot agree upon the value of the real property interest and the legal damages, the Buyer is willing to pay an amount equal to the amount determined by the Buyer to be the value of the real property interest to be acquired and the legal damages. This amount is TWENTY THOUSAND FOUR HUNDRED SEVENTY FIVE DOLLARS (\$20,475). This price includes the real property interest described in Paragraph one (1) and the improvements described in Paragraph two (2). The Seller agrees, as a prerequisite to such advance payment, to execute and to deliver or cause the execution and delivery to the Buyer of all formal papers which the Buyer deems necessary to authorize payment and to secure to the Buyer a full release of all claims (other than the claim of the Seller) by reason of the acquisition of the aforementioned real property interest with improvements.
4. **PAYMENT.** Payment is to be made upon approval of this agreement by the Buyer after authorization by appropriate administrative and legal entities, as may be required by statute, and after Buyer has provided all papers necessary to convey clear title and release all third-party claims to the advance payment proceeds.
5. **CLOSING DATE AND PLACE.** Transfer of Title shall take place at the Dutchess County Attorney's Office, or at another mutually acceptable location, on or about January 10, 2020.
6. **CLAIM.** Pursuant to New York State Eminent Domain Procedure Law, the Seller hereby reserves the right to file a claim with the Supreme Court, held in the judicial district where the real property is situated, or if a claim has been filed, reserves the right to prosecute said claim, it being understood, however, that any such claim shall be filed within one (1) year after title to the aforementioned real property interest is conveyed. It is agreed that, if the Supreme Court finds the value of the real property interest acquired is equal to or exceeds the advance payment amount, the amount of such advance payment shall be deducted from the amount so found by the court or, in the alternative, the award of said court shall be in the amount of the excess, if any, over and above the advance payment amount. In the event the amount so found by the court is less than the amount of said advance payment, the Buyer, upon application made to the court on at least eight days notice to the Seller, may request the difference between the award as found by the court and the amount of said advance payment. This Paragraph 5 of this Advance Payment Agreement shall not merge into the deed and shall survive the conveyance of the aforementioned real property interest.
7. **FILING.** It is understood and agreed by and between the parties hereto, that pursuant to statute, if no claim is filed by the Seller in the Supreme Court within one (1) year after title to the aforementioned real property interest is conveyed, then, upon the expiration of that time, this Advance Payment Agreement shall automatically become a Purchase Agreement in full and complete settlement of all claims without further ratification; approval or consent by Seller and Seller shall be deemed to have released Seller's claim against the Buyer.
8. **TITLE DOCUMENTS.** Buyer shall provide the following documents in connection with the sale:
 - A. Closing Documents. Buyer will prepare and deliver to the Seller for execution at the time of closing the documents necessary to transfer the real property interest stated in Paragraph 1 above.
 - B. Abstract, Bankruptcy and Tax Searches, and Acquisition Map. Buyer will pay for a search of public deeds, court and tax records and will prepare a Title Certification Letter. Buyer will pay for and furnish to the Seller an acquisition map.
 - C. Buyer will be responsible for the recording of all deeds and releases in the Office of the Dutchess County Clerk.

9. **MARKETABILITY OF TITLE.** Buyer shall pay for curative action, as deemed necessary by the Buyer, to insure good and valid marketable title in fee simple and/or permanent easement to the property. Such curative action is defined as the effort required to clear title, including but not limited to attending meetings, document preparation, obtaining releases and recording documents. The Seller shall be responsible for the cost to satisfy liens and encumbrances identified by the Buyer. Said cost shall be deducted from the amount stated in paragraph three (3), and paid to the appropriate party by the Buyer at the time of closing. The Buyer shall be responsible for the reimbursement to the Seller of any Lien Release Application Fees and for any Prepayment Penalties associated with the release of any liens.
10. **RECORDING COSTS, TRANSFER TAX & CLOSING ADJUSTMENTS.** Buyer will pay all recording fees and the real property transfer tax. The following, as applicable and as deemed appropriate by the Buyer, will be prorated and adjusted between Seller and Buyer as of the date of conveyance: current taxes computed on a fiscal year basis, excluding delinquent items, interest and penalties; rent payments; current common charges or assessments.
11. **RESPONSIBILITY OF PERSONS UNDER THIS AGREEMENT; ASSIGNABILITY.** The stipulations aforesaid shall bind and shall inure to the benefit of the heirs, executors, administrators, successors and assigns of the parties hereto.
12. **ENTIRE AGREEMENT.** This Agreement outlines the complete understanding of the Buyer and Seller pertaining to this acquisition. No verbal agreements or promises will be binding. This agreement must be executed by the Dutchess County Executive in order for it to be binding on the parties.
13. **NOTICES.** All notices under this Advance Payment Agreement shall be deemed delivered upon receipt. Any notices relating to this Advance Payment Agreement may be given by the attorneys for the parties.

IN WITNESS WHEREOF, on this _____ day of _____, 2020, the parties have entered into this Agreement.

Dear Mr. Molinaro:

Attached is a Notice of Obligational Authority (NOA) updating the funding that is used by your Local Workforce Development Area (LWDA) to support the provision of services under the Trade Adjustment Assistance Program (TAA) in accordance with New York State Workforce Development System Technical Advisory #04-6, dated May 18, 2004.

The Honorable Marcus J. Molinaro
Dutchess County Executive

Dear Mr. Molinaro,

I am pleased to announce that Dutchess County has been awarded \$564,024 under the New York State 2019 Statewide Interoperable Communications Grant Program (2019 SICG-Formula). This program, administered by my agency, allows for the State support to aid county, local and municipal public safety organizations in enhancing emergency response, improving capability, improvements in governance structures, operating procedures, infrastructure development, and addressing SAFECOM guidance from the U.S. Department of Homeland Security Office of Emergency Communications (OEC). The 2019 SICG-Formula Program will concentrate on improving interoperability and operability of communications systems in New York State. Your participation in this program is another example of the successful partnerships we have been developing for public safety and emergency preparedness across the State.

The performance period for the 2019-SICG-Formula grant will be 24 months, beginning calendar year 2020 (January 1, 2020 – December 31, 2021), with the possibility of an extension based upon a good cause shown and ample justification for needing additional time. Expenses that you wish to claim must occur within that period. In order to provide these funds to you as quickly as possible, we will need to gather budget information within 45 calendar days from the date of this letter that reflects the award amount. Our Grants Program Administration staff will work with your designated SICG point of contact to provide additional administrative guidance and to develop a grant contract.

On behalf of Governor Andrew Cuomo, the Division of Homeland Security and Emergency Services remains committed to providing outstanding support in the administration of "*your public safety first*" responder initiatives. Please feel free to contact me if you have any questions, at 518-242-5000, or my Office of Interoperable and Emergency Communications (OIEC) Director, Michael A. Sprague, at 518-322-4911.

Thank you for your cooperation in this public safety endeavor.

Sincerely,

Patrick A. Murphy
Commissioner

MAY 11, 2020

RESOLUTION NO. 2020079

RE: AMENDING THE 2020 ADOPTED COUNTY BUDGET AS IT PERTAINS TO THE DEPARTMENTS OF EMERGENCY RESPONSE AND BEHAVIORAL AND COMMUNITY HEALTH FOR EMERGENCY SUPPLIES AND EQUIPMENT, AND COMMUNICATION OUTREACH TO THE RESIDENTS OF THE COUNTY TO AID WITH THE COVID-19 PANDEMIC CRISIS

Legislators TRUITT, PULVER, BOLNER, METZGER, KEITH, SAGLIANO, POLASEK, PAOLONI, and CASWELL offer the following and move its adoption:

WHEREAS, the Commissioner of Emergency Response has advised appropriations are required to replenish funds used to obtain personal protective equipment ("PPE") associated with the County's response to the coronavirus pandemic; and

WHEREAS, the Department of Emergency Response (the "Department") is tasked with the coordination of providing PPE to County employees, and other community organizations and personnel in the community including nursing homes, assisted living facilities, first responders, urgent care and primary care facilities, county hospitals and those working with the developmentally disabled, and local governments that submit requests for said equipment; and

WHEREAS, the Commissioner has indicated that there is a significant supply deficit at all levels and New York State has been unable to provide the appropriate number of PPEs to the workforce on the frontlines fighting the coronavirus; and

WHEREAS, currently the Department has received from New York State only approximately 15 percent of the critical N-95 masks requested and only approximately 20 percent of surgical masks requested, and similar shortfalls exist for other types of PPE requested; and

WHEREAS, due to this shortfall of requested equipment, the Department has secured the necessary equipment by other means such as donation from community members or through direct purchase; and

WHEREAS, the County is also seeking additional funding in the amount of \$125,000 to continue to provide additional outreach, guidance, warning and risk communications and constituent assistance. This funding will enable the County to continue to manage communications, constituent response and education as well as ensure residents understand expectations, precautions and behavioral changes necessary in combating the spread of the coronavirus during this time of rapidly changing information. Additional 100% public health preparedness funding has been allocated to Dutchess County by New York State which can be used for this purpose; and

WHEREAS, the aforementioned purchases of PPE are allowable under FEMA funding and shall be reimbursed to the County at the rate of 75 percent through the FEMA Stafford Act as a "Major Disaster Declaration" has been declared for New York State; and

WHEREAS, it is necessary to amend the 2020 Adopted County Budget to provide funds to provide the necessary equipment for the County and community organizations working on the front lines fighting this pandemic, and continuing to issue communication and information to the residents of the County, now therefore, be it

RESOLVED, that the Commissioner of Finance is authorized, empowered and directed to amend the 2020 Adopted County Budget as follows:

Deputy County Executive O'Neil,

Attached please find a resolution request regarding increasing appropriations for the Department of Emergency Response.

These requested appropriations will replenish funds already spent to obtain personal protective equipment (PPE) associated with the County's coronavirus pandemic response. As you know, there has been a significant supply deficit at all levels. New York State has been unable to provide the appropriate amount of PPE to support all of the individuals, agencies and facilities on the frontlines of fighting COVID 19 spread in our community. The Department of Emergency Response is tasked with the coordination of PPE in the County and organizations are able to submit requests to the Department and we work with the State to fill those needs. The Department has only received from the State approximately 15% of the critical N-95 mask requested and only 20% of Surgical Masks requested by our community. We are experiencing the same distribution shortfalls for other types of PPE as well.

This minimal response from New York State has required us to secure PPE either by donation from community members or through direct purchase. The County recognized early on how imperative it is for Dutchess County to purchase and distribute critical PPE to our Department of Behavioral and Community Health, first responders, nursing homes, assisted living facilities, the hospitals and those in the developmentally disabled workforce among others and have been working since day one to secure it. We will continue to address the needs in our community by securing additional PPE from a variety of sources including New York State as the coronavirus continues to impact our community.

These purchases are allowable under FEMA funding and will be reimbursed at 75% through the FEMA under the Stafford Act as a Major Disaster Declaration was received by New York State.

Thank you

Dear Carolyn and Gregg,

Hope you're both well. Here are a few notes and questions from our caucus meeting tonight.

First, could time be provided for a short Zoom training on Thursday, for the whole legislature, before the committee meetings begin? Maybe at 5 or 5:15? Things are running smoothly for our caucus but we'd appreciate a bit of time to get used to the settings and functions with the full legislature participating. Most members of our caucus seem to prefer to use our own laptops rather than the tablets. Within Zoom, we can make sure our names are visible.

Second, the sponsors of Resolutions 080 and 082 are comfortable withdrawing those, in light of the funds provided in Resolution 079 to cover emerging needs in the Covid-19 pandemic. We remain concerned about the need to reach the widest possible number of Dutchess residents--including those vulnerable and homeless--with effective information on how to stay safe, and with hygiene supplies if needed to protect community health. The situation is shifting, however, and we agree that it makes sense to leave flexibility.

We ask that Resolution 081 remain on the May agenda. For reasons we can explain on Thursday, we believe urgent near-term needs are arising that will not likely be addressed by other funding sources.

If an amendment to the funding amounts in Resolution 079 is warranted, we look forward to hearing what other legislators propose, as part of the broader discussion of Covid-19 response..

Thanks very much. A caucus member asked if Carolyn could share, in both electronic and print form, the 2020 financial disclosure form that all legislators need to submit.

Best,
Rebecca

RE: LOCAL LAW NO. 3 OF 2020, A LOCAL LAW
AUTHORIZING THE COUNTY OF DUTCHESS TO ENTER INTO AN INTER-
MUNICIPAL AGREEMENT WITH THE CITY OF POUGHKEEPSIE FOR A JOINT
CREATION OF THE "DUTCHESS COUNTY- POUGHKEEPSIE LAND BANK"

BE IT ENACTED, by the County Legislature of the County of Dutchess, New York, as follows:

SECTION 1: This Local Law shall be known as the "Creation of the Dutchess County- Poughkeepsie Land Bank".

SECTION 2: LEGISLATIVE INTENT AND PURPOSE

The Dutchess County Legislature finds and declares that New York's communities are important to the social and economic vitality of the state. Whether urban, suburban, or rural, many communities are struggling to cope with vacant, abandoned, and tax-delinquent properties.

There exists a crisis in many cities and their metro areas caused by disinvestment in real property and resulting in a significant amount of vacant and abandoned property. This condition of vacant and abandoned property represents lost revenue to local governments and large costs ranging from demolition, effects of safety hazards and spreading deterioration of neighborhoods including resulting mortgage foreclosures.

The need exists to strengthen and revitalize the economy of the state and its local units of government by solving the problems of vacant and abandoned property in a coordinated manner and to foster the development of such property and promote economic growth. Such problems may include multiple taxing jurisdictions lacking common policies, ineffective property inspection, code enforcement and property rehabilitation support, lengthy and/or inadequate foreclosure proceedings and lack of coordination and resources to support economic revitalization.

There is an overriding public need to confront the problems caused by vacant, abandoned and tax-delinquent properties through the creation of new tools to be available to communities throughout New York enabling them to turn vacant spaces into vibrant places.

The Dutchess County Legislature finds that land banks are one of the tools that can be utilized by communities to facilitate the return of vacant, abandoned, and tax-delinquent properties to productive use. The primary focus of land bank operations is the acquisition of real property that is tax delinquent, tax foreclosed, vacant, abandoned, and the use of tools authorized in Article 16 of the Not for Profit Corporation Law to eliminate the harms and liabilities caused by such properties.

Section 1603 of the New York State Land Bank Act permits one or more foreclosing governmental units to enter into an intergovernmental cooperation agreement to establish a land bank.

SECTION 3: DEFINITIONS

Re: Resolution Request --Requesting the County Legislature to adopt a local law to enter into an Inter-Municipal Agreement (IMA) with the City of Poughkeepsie to create the Dutchess County - Poughkeepsie Land Bank.

Date: March 9, 2020

We are requesting the County Legislature to adopt a local law to enter into an Inter-Municipal Agreement (IMA) with the City of Poughkeepsie to create the Dutchess County - Poughkeepsie Land Bank and to authorize application to New York State Empire State Development, which administers the NYS Land Bank Program.

Dutchess County and City of Poughkeepsie and officials, including representatives of the Common Council and the County Legislature, as well as City staff and County staff from the Departments of Finance, Law, and Planning and Development, have been working for the past year to develop the process to form a City/County Land bank. The working group created a proposed structure and priorities for the land bank and identified how properties could be transferred to the land bank. This work resulted in a Certificate of Incorporation and a proposed Inter-Municipal Agreement (IMA) between the City and the County.

The Poughkeepsie Common Council passed a resolution on February 18th taking the first legislative step to create a land bank in partnership with Dutchess County.

Following the anticipated passage of the resolution, the working group will submit an application to New York Empire State Development for the creation of the Dutchess County-Poughkeepsie Land Bank in late May or June.

We request that this law be laid on the desk on April 14th and then voted on at the May 11th meeting. Representatives from the working group anticipate making a presentation at the committee meeting on May 7th.

If you have any questions or require further documentation, please let me know. Thank you for your consideration of this request.

C: County Attorney's Office

1. Is extinguishing unpaid County taxes subject to legislative approval?
 - *A resolution is needed for the Sale of County-owned property. Taxes are extinguished upon such sale/transfer. The County follows Article 11 of Real Property Tax law to foreclose on a tax-delinquent property and take the title. Currently, a resolution is passed each July foreclosing on parcels which are almost 2 and a half years delinquent in paying their taxes. After the Order of Foreclosure is signed by the judge the County resolution grants the authority to the County to sell the property at public auction. Resolution 244 of 1997 (The Land Disposition Policy) allows the property owner up until 5 pm the day before the auction to buy back their property. Authority could be granted by the Legislature at the time of foreclosure for the Commissioner of Finance to transfer property to the Land Bank (subject to a Purchase Agreement with the Land Bank).*
2. What is the funding strategy for the first several years, is there a proposed County and City financial commitment? If so, is the funding for staff or property acquisition and development? Will any County staff work on behalf of the land bank before or after the hiring of a Secretary and/or Executive Director?
 - *If the application to create a Land Bank is approved by NYS Empire State Development a resolution would be presented to the Legislature seeking funding of some amount. Funding commitments of \$100,000 from the county and \$50,000 from the city were discussed as initial funding to get the Land Bank started but these amounts would have to be authorized by the respective legislative bodies. Initially, the funding would be for legal costs, website development, property acquisition and development, and if sufficient funding exists, for staffing, as the Board deems necessary.*
 - *All of the members of the Land Bank Board of Directors (including 2 County staff members) would work on behalf of the Land Bank before and after the hiring of a Secretary and/or Executive Director. County staff at the Department of Planning and Development would provide basic administrative support to the board until they hire a secretary or Executive Director.*
3. How will the land bank guarantee development of properties without buildings? One member expressed concern that vacant properties can be turned into quasi-parks and courts have ruled that land use can change which locks out future development.
 - *The Land Bank Board will create Bylaws, Disposition Policy, as well as Policies and Procedures for applicants wishing to purchase properties with and without buildings. The Bylaws and Policies and Procedures will require a detailed proposal of the planned use of each property. Each application will be reviewed by the board to see if it meets the intent of the Land Bank prior to its acceptance. There may be times where open space is an appropriate use in the short or long term (use a vacant parcel for a community garden or keep the property in a floodplain for flood prevention purposes. As long as the property is not designated (formally or informally) as parkland development could occur in the future.*
4. Do property owners receive a 30-day foreclosure notice during which time they have the ability to pay back taxes similar to a notice provided before a public auction? If not, what was the rationale for excluding similar provisions established by Resolution 244 of 1997 (which the land bank is specifically exempt from)?

- *Property owners will continue to receive all the required notices under Article 11 of RPT. A 30-day notice does not exist under the current law however, over the 33 months from the time of the first tax bill to the date of the auction, multiple notices are sent to the property owner. The most important notice being the Petition of Foreclosure which is sent in February each year. From February to October, the property owners have 9 months to pay their taxes and stay in their homes.*
5. The Section on conveyances does not outline any proposed methods for sales. How will the public be properly notified of the ability to purchase a property?
- *Article 16 Section 1608(h) outlines the requirement to 'maintain and make available for public review and inspection a complete inventory of all property received by the land bank'. The Land Bank will maintain a website with an up to date listing of all properties available for sale. I would foresee information on the Dutchess County and City of Poughkeepsie websites explaining the process to apply for purchase of a property owned by the Land Bank with a link for prospective buyers.*
 - *The Land Bank Board will also need to develop and adopt a property disposition policy in accordance with Public Authorities Law. Here's an example from Albany. Generally, they use three methods: 1) Negotiated sales from a public listing; 2) RFP's (generally used for larger projects; and 3) direct sale (this is rarely used but it is important to have in there because there could be cases where this was in the best interest of the community. As an example, let's say a developer already owns 2 large parcels on a block and the land bank owns a very small parcel between them which if the developer secured could result in a much better site plan and double the amount of affordable housing. In this case, a direct sale to this developer may be in the best interest of the community.*

Subject: RE: FW: Land Bank Questions

I've sent the following questions to Eoin for a response. He will be in attendance this evening to answer these or other questions.

- Is the County considering a sales amount standard for transfers to the Land Bank? Is the intent to transfer at \$0, estimated auction price, estimated auction price minus a discount?
 - Is it correct one of the main benefits of sale at lower than auction price is the quickness and guarantee of action on the property by the Land Bank as opposed to the possibility of the new owner not developing?
- When a resolution to authorize a transfer to the Land Bank is scheduled for adoption by the Legislature when does the property owner's time run out to pay back taxes?
- Is the County still required to make municipalities whole for unpaid property taxes if the Land Bank holds the property?
- There is some concern that this sentence "Authority could be granted by the Legislature at the time of foreclosure for the Commissioner of Finance to transfer property to the Land Bank (subject to a Purchase Agreement with the Land Bank)" from your last response would shorten the foreclosure process from 33 months to ~30 months. I think this is more of a general concern of the practice of an accelerated timeline rather than opposition to the law and IMA. It seems this is a process the Executive and Legislature could agree on at a later date, correct?

I tend to agree with the process that John pointed to as being unfair. I think the law should allow for the 30 day notice, in the response which law are they speaking to?

reclosure law?

or the land bank law?

I also agree as to how the county can be expected to contribute a disproportionate amount to the plan, what is the benefit of this program to all of the people of Dutchess? can that be qualified?

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders or unexpected emails.

I have a couple of concerns with this resolution.

The statement in the attached response to my questions "Authority could be granted by the Legislature at the time of foreclosure for the Commissioner of Finance to transfer property to the Land Bank (subject to a Purchase Agreement with the Land Bank)".

I believe this circumvents the public notice and sale at auction of the properties for a negotiated sale of the same property, I question whether the negotiated price will reach the level of the auction price. If the city wishes to buy the property with the land bank why not have the land bank bid on the property this would ensure the county gets the best price either from the land bank or from a private owner. How do we prevent these properties to be sold or transferred for less than what is owed to the county for taxes or at least as much as someone is willing to pay at the auction? or is the expectation that the county will bare the cost of the property through the loss of the taxes that would have been recouped perhaps only in part from auctioning the property.

Also if this program is a city of poughkeepsie / Dutchess county collaboration and does not appear to involve any other municipalities why is the county paying \$100,000 and the city paying \$50,000 that seems backwards to me.

This seems like a program where the city gets the benefit and the county gets the bill.

I welcome your thoughts

Subject: Land Bank Questions

Eoin-

Our caucus has a few questions on the land bank.

- Is extinguishing unpaid County taxes subject to legislative approval?

- What is the funding strategy for the first several years, is there a proposed County and City financial commitment? If so, is the funding for staff or property acquisition and development? Will any County staff work on behalf of the land bank before or after the hiring of a Secretary and/or Executive Director?
- How will the land bank guarantee development of properties without buildings? One member expressed concern that vacant properties can be turned into quasi-parks and courts have ruled that land use can change which locks out future development.
- Do property owners receive a 30-day foreclosure notice during which time they have the ability to pay back taxes similar to a notice provided before a public auction? If not, what was the rationale for excluding similar provisions established by Resolution 244 of 1997 (which the land bank is specifically exempt from)?
- The Section on conveyances does not outline any proposed methods for sales. How will the public be properly notified of the ability to purchase a property?

Thanks and have a good weekend. Nick.

Startup funds will go to a Secretary and/or Executive Director plus properties. My understanding, a Land Bank's administration functions similar to the IDA. The first 2-3 years the Land Bank's property focus is on the City of Pok. Although as a Legislator, you can ask the Executive to transfer County tax delinquent properties in your town to the Land Bank instead of going to auction. That would force their focus to shift.

We won't receive State approval for the Land Bank for several months and County funding will most likely be debated during the budget process and not right now.

The City of Kingston just received a \$475,000 grant for their Land Bank which is triple what the County/City proposed initial commitments are. There are other funding sources out there. We could wait to fund the Land Bank but the State only allows 35 Land Banks and we are trying to secure one of the last remaining spots.

I've sent the following questions to Eoin for a response. He will be in attendance this evening to answer these or other questions.

- Is the County considering a sales amount standard for transfers to the Land Bank? Is the intent to transfer at \$0, estimated auction price, estimated auction price minus a discount?
 - Is it correct one of the main benefits of sale at lower than auction price is the quickness and guarantee of action on the property by the Land Bank as opposed to the possibility of the new owner not developing?
- When a resolution to authorize a transfer to the Land Bank is scheduled for adoption by the Legislature when does the property owner's time run out to pay back taxes?
- Is the County still required to make municipalities whole for unpaid property taxes if the Land Bank holds the property?
- There is some concern that this sentence "Authority could be granted by the Legislature at the time of foreclosure for the Commissioner of Finance to transfer property to the Land Bank (subject to a Purchase Agreement with the Land Bank)" from your last response would shorten the foreclosure process from 33 months to ~30 months. I think this is more of a general concern of the practice of an accelerated timeline rather than opposition to the law and IMA. It seems this is a process the Executive and Legislature could agree on at a later date, correct?

I tend to agree with the process that John pointed to as being unfair. I think the law should allow for the 30 day notice, in the response which law are they speaking to?

foreclosure law?

or the land bank law?

I also agree as to how the county can be expected to contribute a disproportionate amount to the plan, what is the benefit of this program to all of the people of Dutchess? can that be qualified?

I have a couple of concerns with this resolution.

The statement in the attached response to my questions "Authority could be granted by the Legislature at the time of foreclosure for the Commissioner of Finance to transfer property to the Land Bank (subject to a Purchase Agreement with the Land Bank)".

I believe this circumvents the public notice and sale at auction of the properties for a negotiated sale of the same property, I question whether the negotiated price will reach the level of the auction price. If the city wishes to buy the property with the land bank why not have the land bank bid on the property this would ensure the county gets the best price either from the land bank or from a private owner. How do we prevent these properties to be sold or transferred for less than what is owed to the county for taxes or at least as much as someone is willing to pay at the auction? or is the expectation that the county will bare the cost of the property through the loss of the taxes that would have been recouped perhaps only in part from auctioning the property.

Also if this program is a city of Poughkeepsie / Dutchess county collaboration and does not appear to involve any other municipalities why is the county paying \$100,000 and the city paying \$50,000 that seems backwards to me.

This seems like a program where the city gets the benefit and the county gets the bill.

I welcome your thoughts

Eoin-

Our caucus has a few questions on the land bank.

- Is extinguishing unpaid County taxes subject to legislative approval?
- What is the funding strategy for the first several years, is there a proposed County and City financial commitment? If so, is the funding for staff or property acquisition and development? Will any County staff work on behalf of the land bank before or after the hiring of a Secretary and/or Executive Director?
- How will the land bank guarantee development of properties without buildings? One member expressed concern that vacant properties can be turned into quasi-parks and courts have ruled that land use can change which locks out future development.
- Do property owners receive a 30-day foreclosure notice during which time they have the ability to pay back taxes similar to a notice provided before a public auction? If not, what was the rationale for excluding similar provisions established by Resolution 244 of 1997 (which the land bank is specifically exempt from)?

- The Section on conveyances does not outline any proposed methods for sales. How will the public be properly notified of the ability to purchase a property?

Thanks and have a good weekend. Nick.

Startup funds will go to a Secretary and/or Executive Director plus properties. My understanding, a Land Bank's administration functions similar to the IDA. The first 2-3 years the Land Bank's property focus is on the City of Pok. Although as a Legislator, you can ask the Executive to transfer County tax delinquent properties in your town to the Land Bank instead of going to auction. That would force their focus to shift.

We won't receive State approval for the Land Bank for several months and County funding will most likely be debated during the budget process and not right now.

The City of Kingston just received a \$475,000 grant for their Land Bank which is triple what the County/City proposed initial commitments are. There are other funding sources out there. We could wait to fund the Land Bank but the State only allows 35 Land Banks and we are trying to secure one of the last remaining spots.

1. Is the County considering a sales amount standard for transfers to the Land Bank? Is the intent to transfer at \$0, estimated auction price, estimated auction price minus a discount?
 - o *No. Each case is unique and will be considered on its own merits.*
2. Is it correct one of the main benefits of sale at lower than auction price is the quickness and guarantee of action on the property by the Land Bank as opposed to the possibility of the new owner not developing?
 - o *Yes*
3. When a resolution to authorize a transfer to the Land Bank is scheduled for adoption by the Legislature when does the property owner's time run out to pay back taxes?
 - o *When the resolution is passed the wording in the resolution would say the owners' rights to the Land Disposition Policy are severed. Another option is to let parcels go to auction and if they don't sell at auction transfer them to the Land Bank based on an agreement between the Land Bank Board of Directors and the Commissioner of Finance.*
4. Is the County still required to make municipalities whole for unpaid property taxes if the Land Bank holds the property?
 - o *Prior to the transfer things remain the same. When a parcel is transferred to the Land Bank the parcel becomes exempt from all taxes.*
5. There is some concern that this sentence "Authority could be granted by the Legislature at the time of foreclosure for the Commissioner of Finance to transfer property to the Land Bank (subject to a Purchase Agreement with the Land Bank)" from your last response would shorten the foreclosure process from 33 months to ~30 months. I think this is more of a general concern of the practice of an accelerated timeline rather than opposition to the law and IMA. It seems this is a process the Executive and Legislature could agree on at a later date, correct?
 - o *That is correct. There are certain parcels where the property owner has not paid the taxes in many years (in some cases over 10-20 years unpaid). In these cases, there is no belief the property owner will ever pay the taxes, so to pass a resolution to sell the parcel to the Land bank would not harm them.*
