# Targeting Offenders for Programming

How will offenders be targeted for programming?

- Risk need and length of stay

Based on risk / need or length of stay - or a combination of both?

- The Committee confirmed it would be driven by risk need and length of stay

Would this be driven by the COMPAS Risk Need Assessment ?

- Yes Triage by Proxy and then needs assessment of the COMPAS

% Recidivism - 12 Months Post-Release by Proxy Score - ALL Inmates

# Program Location

- The Committee felt that the Transition Units 22 and 23 for men and women would be the best location for the programming
- The Superintendent also agreed with this

# Flow Into Unit

- How will this process occur?
- Who is in charge of coordination this process?

# Jail Program

- What the core program would look like:
  - For men
  - For women

# Program Curricula

- What are suggestions for evidence based programs?
- How will staff be trained on implementation?
- Is this a good fit for the time frames we have the people there?
