

Dutchess County Special Populations Work Group

Review of Jail Transition Units

October 3, 2016

Agenda

1. DCJS Employment Focused Services
 2. Second Chance Grant
 3. Review of jail design plans for the male and female reentry units.
 4. Updated Process Measures
 5. Continued discussion on MAT
- 

General Housing Units

- All general housing units have a group room
- All general housing units have an interview room

The following reentry beds are planned:

- Male Reentry Prep: 48 beds (expandable to 60)
 - Male Intensive Reentry: 48 beds
 - Female Reentry Prep: 32 beds (expandable to 40)
 - Female Intensive Reentry: 24 beds
 - In the Prep Units, inmates with extended time remaining
- 

RESTART Prep

- In the Prep Units, inmates with extended time remaining on their sentence would participate in some introductory programs in preparation for transfer into the more intensive RESTART Unit
 - Inmates in this Unit might participate in Unit jobs, although it would not be on the level of the Workers Unit (e.g. full day's work in the kitchen or laundry)
 - Inmates in this Unit may progress into the RESTART Unit.
- 

RESTART

- The Intensive Units are planned to provide heavy immersion in programming for at least 8 hours a day
 - The curricula for the Intensive Program include Moral Recognition Therapy, a cognitive behavioral intervention that assists with decision making, a substance abuse curriculum, and a trauma based curricula for those with mental health disorders.
 - Core program components include:
 - *MRT or Thinking for a Change* – cognitive behavioral interventions
 - Substance abuse education classes – utilizing the Hazelden *New Directions* curricula
 - *Seeking Safety* – a trauma based curricula
 - *Ready, Set, Work!* – an employment readiness curricula provided a no charge through the National Institute of Corrections
