# QA OUTCOME TARGETS FOR RESTART PROGRAM

It is understood that these benchmarks are provisional estimates derived from our historical experience delivering services in the DCJ combined our expectation of the resources that will be at our disposal once RESTART is operating at full capacity. The performance targets may be subject to revision once the program has been in operation for a number of months.”

# RESTART ADMISSION CRITERIA

- Proxy score in 4-6 range
- Multiple DCJ bookings
- Three Criminogenic Risk Domains between 8-10 as determined through COMPAS assessment
- Anticipated period of incarceration of at least 6-8 weeks
- Priority will be given to cases where the DRC recommends a term of incarceration to be followed by an additional period of supervision post release

# RESTART ADMISSION CRITERIA

- Parole violators will be considered on a “case by case” basis
- “High need” individuals who are at significant risk of substance relapse and/or overdose
- All participants must meet any required security and classification standards as determined by corrections staff
- The RESTART Unit will not be considered an appropriate intervention for sex offenders
