IMMIGRANT, NON-IMMIGRANT AND UNDOCUMENTED ALIENS:

Students claiming to be immigrant aliens must present proof of their status by providing a valid Alien Registration Card (green card). Once a student's immigrant status has been verified, the student must then establish Dutchess County and New York State residency by meeting the domicile criteria listed above. Non-immigrants are grouped in categories depending on the type of visa presented at the port of entry. Non-immigrants admitted to the United States in categories that prohibit them from establishing a United States residence are not eligible for resident tuition. In general, the Federal Illegal Immigration Reform and Immigrant Responsibility Act prohibits students who are unable to present valid documentation of their alien status from eligibility for the resident tuition rate. An undocumented alien cannot be charged a lower rate of tuition than an out of state student who is a citizen of the United States.
