Social Distancing at Dutchess County Parks

Help Keep Our Parks & Trails Open & Safe for All!

**KEEP IT SMALL**
1. Avoid crowds and groups. If crowds are forming, choose a different park or trail, or return later. Visit alone or only with those in your household.

**STAY 6-FEET APART**
2. Stay 6-feet from others at all times. On trails, alert others when passing and step aside to allow others to pass.

**VISIT LOCAL & NOT TOO LONG**
3. Enjoy parks or trails close to home. Avoid high-traffic areas and move quickly through parking lots, trail heads, and scenic overlooks.

**STAY HOME**
4. If you don’t feel well, stay home. If you are over 70 years old or have underlying conditions that put you at higher risk, postpone your visit.
