Agency Partner Grant (APG) Program
2020 Application Instructions

Program Overview

The Agency Partner Grant (APG) Program awards funding to non-profit agencies based on their ability to demonstrate they are able to fill a gap where an existing community need exists. The needs for this grant program were established, with input from community stakeholders, by taking into consideration conditions that limits individuals from achieving their fullest social, economic or health related potential. The needs have evolved since the inception of the grant program and are reviewed annually, with key community stakeholders. Grant requests should be aligned with Dutchess County initiatives, when applicable, including alignment with the Path to Promise framework.

Applicants may also want to consider applying to the County’s Community Development Block Grant program using the same grant application.

Eligible Applicants

Any non-profit organization with an IRS 501 (c)(3) designation seeking funding for program implementation.

Eligible Activities

Proposed activities must demonstrate the ability to fulfill one of the below needs. For organizations who implement programs that address multiple needs, please choose the primary need addressed by the program. Secondary needs can be discussed throughout the application in the project description.

Ineligible Activities

Planning grants are not eligible for funding, as this is a very competitive grant program and is intended for programs that will address an immediate community need.

If awarded, contracts will be for one-year (January 1, 2020 - December 31, 2020), plus a one-year extension (January 1, 2021 - December 31, 2021), contingent upon an annual review of performance and funding availability, subject to county budget negotiations. The Community Development Advisory Committee (CDAC) will make extension recommendations to the Commissioner of Planning and Development by October 1, 2020. In the event additional funds are available in year two, via failure to extend an existing project or additional appropriations, these funds will be made available through a small grant cycle.

Addendum 1
Questions and Answers (Q & A)
2020 Agency Partner Grant (APG) Application Cycle

DATED: September 30, 2019

Q1: How do I know whether to use the Renewal or New Activity application?

A1: The Renewal application can be used to request renewal funds for any program currently funded in 2019 under the APG or CDBG Public Service programs. This excludes APG Infrastructure, which has its own application, and is ineligible for renewal. New Activity application should be used by agency’s applying for new APG or CDBG Public Service program funding.

Q2: We would like to request funding for two related programs that have been previously supported under one grant. Do you recommend submitting one application with two program components or two separate applications?

A2: If previously submitted and awarded under one grant, one grant application can be used.

Q3: Our program addresses two primary APG Needs (At-Risk Children & Youth and Youth Workforce Development). Can we choose two, or should we focus on just one?

A3: According to the application instructions, “for organizations who implement programs that address multiple needs, please choose the primary need addressed by the program. Secondary needs can be discussed throughout the application in the project description” or in other areas, as appropriate.

Q4: Can we apply for both an APG Infrastructure Capacity-Building grant and an APG Program support grant for 2020?

A4: Yes.

Q5: When submitting a CDBG/APG joint renewal application, is only one set of forms required, including the outcomes form? Should anything be submitted separately?

A5: It isn’t necessary to submit separate forms. If there are outcomes that are specific to APG/CDBG, you can make a notation within the outcome statement to note the distinction.

Q6: In prior funding years, grant applications have been submitted as a whole on the same day. With the new electronic grant portal format, can grant components be submitted at various times (i.e., written narrative, budget, outcomes, etc.)?

A6: Yes. You can save your responses by scrolling to the bottom of the application form and clicking “Save Application”. You can return to your organization’s “Applicant Dashboard” at any time before 5 p.m. on October 16, 2019 to edit the application by clicking on the blue “Edit Application” link.

Q7: If within the grant portal, an applicant starts the incorrect application, is that an issue?
A7: No. The application will remain on the “Applicant Dashboard” for you to complete if you choose to and you can go to the “Apply” page (top blue ribbon within the Dutchess County Grant Portal) to begin another application.
