The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Pleasant Valley	542935	Wigsten Rd	Remove

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Pawling	157752	Route 292	Remove

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Amenia	474325	396-398 Smithfield Valley Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Washington	329681	4377 Route 44	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Washington	251485	593 Killearn Rd	Retain
Washington	380502	570 Killearn Rd	Not Recommended
Washington	388619	Killearn Rd	Not Recommended

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
North East	429476	26 Moadock Rd	Retain
North East	480508	Smithfield Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
North East	198697	Boston Corners Rd	Retain
North East	385686	1784 Boston Corners Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Wappinger	081767	9 Brown Rd	Retain
Wappinger	103835	Brown Rd	Retain
East Fishkill	138753	Brown Rd	Retain
East Fishkill	159807	Brown Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Poughkeepsie	030060	Bower Rd	Retain
Poughkeepsie	048027	Bower Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Clinton	062526	Bulls Head Rd	Retain
Clinton	093613	194 Old Bulls Head Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Dover	320837	310-314 Dover Furnace Rd	Retain
Dover	438867	Dover Furnace Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Fishkill NY 12524

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Fishkill	001005	Route 52 Rear	Retain
Fishkill	001095	1784 Route 52	Add
Fishkill	085965	Carey Rd	Retain
Fishkill	131080	Route 52	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Wappinger	171740	Route 9D	Retain
Wappinger	847758	81-87 New Hamburg Rd	Retain
Wappinger	855674	96 New Hamburg Rd	Retain
Wappinger	920694	New Hamburg Rd	Retain
Wappinger	948538	Route 9D	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Washington	203287	Valley Farm Rd	Retain
Washington	244408	401 Valley Farm Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Amenia	165750	Smithfield Rd	Remove
Amenia	690809	Smithfield Valley Rd	Retain
North East	710940	759 Route 83	Retain
North East	820885	725 Route 83	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Washington	014027	771-783 Shunpike	Retain
Washington	041940	Shunpike	Retain
Washington	924201	787 Shunpike	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
North East	038807	12-19 Goose Pond Ln	Retain
Amenia	962683	4-8 Goose Pond Ln	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
LaGrange	250688	1 Todd Hill Rd	Retain
LaGrange	422782	366 Lauer Rd	Retain
LaGrange	494643	33 Todd Hill Rd	Retain
LaGrange	553816	1136 Route 55	Remove

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
North East	410800	1895 Route 83	Retain
Pine Plains	331969	Route 83	Retain
Pine Plains	434961	Route 83	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. Dear Landowner,

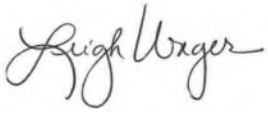
The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:



Municipality	Lot	Parcel Address	Recommendation
Pleasant Valley	807867	1419 Salt Point Tpke	Retain
Pleasant Valley	846827	Salt Point Tpke	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Pleasant Valley NY 12569

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Pleasant Valley	446773	Smith Rd Rear	Add
Pleasant Valley	679775	218-243 Smith Rd	Add

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Poughquag NY 12570

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Beekman	448580	Pleasant Ridge Rd Rear	Retain
Beekman	511036	232 Gardner Hollow Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Sincerely,

Leigh Wager

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Rhinebeck	021640	Pells Rd	Retain
Rhinebeck	184590	370 Pells Rd	Retain
Rhinebeck	888648	Pells Rd	Deny
Rhinebeck	925612	Pells Rd	Deny
Rhinebeck	969640	Pells Rd	Deny

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Milan	299257	606-615 Salisbury Tpke	Retain
Milan	324046	Salisbury Tpke	Retain
Milan	393395	Salisbury Tpke	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Stanford	208254	Shelley Hill Rd	Retain
Stanford	270298	18 Homan Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Stanford	011416	273 Cold Spring Rd	Retain
Stanford	974402	Cold Spring Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Red Hook	872614	4958-4960 Route 9G	Retain
Red Hook	940607	Route 9G	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

Wappingers Falls NY 12590

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Wappinger	235737	333 Maloney Rd	Retain
LaGrange	265780	Maloney Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.ny.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Washington	047848	Stanford Rd	Retain
Washington	778441	279 Sharon Tpke	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Pine Plains	010003	Hammertown Rd	Retain
Pine Plains	570390	10-40 Sunny Meadows Ln	Retain
Pine Plains	887441	8041 Route 82	Retain
Pine Plains	946640	8043 Route 82	Retain
Pine Plains	952152	7865-7869 Route 82	Retain
Pine Plains	982010	Hammertown Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcels:

Municipality	Lot	Parcel Address	Recommendation
Amenia	910219	4391 Route 22	Remove
Amenia	954116	Route 22	Remove

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

All tax parcels within existing Agricultural Districts are receiving this Public Hearing notice (on reverse side). The Agricultural Districting Advisory Committee has recommended that the current 18 districts be combined into 4 new districts. The proposed districts (see lists of towns on reverse side) would consist of all those tax parcels of 10 acres or more that have received agricultural value assessments in 1982. Also, those parcels of 10 acres or more outside existing agricultural districts that were individually committed will be included in the new districts.

If you have any tax parcels of less than 10 acres which you farm in conjunction with other eligible land, you should check with us to make sure these smaller parcels are included.

We will be holding <u>two</u> informational meetings; one on <u>Friday, February 4, 1983 at 1 p.m.</u>, and the other on <u>Tuesday, February 8, 1983 at 7:30 p.m.</u> Both meetings will be held at the Farm & Home Center, Route 44, Millbrook, N. Y. (about 2 miles east of Taconic State Parkway, or 2 miles west of stop light at intersection of Route 82 and 44 south of Village of Millbrook)

After the Public Hearing on Monday, February 14th at 4:00 p.m. at the County Office Building, (6th Floor) located on 22 Market Street, Poughkeepsie, N. Y., the County Legislature will vote on this proposal. Once these new districts are formed, parcels <u>cannot be added or deleted for eight years</u>.

If you cannot attend either informational meeting, please call either Shirley Burgess or myself at 914-677-5006 to check on your parcels. Be sure to have your tax parcel number(s) and acreage available.

Sincerely,

David R. Tetor

...EIGHTH YEAR REVIEW
...RICTS

...public hearing will be held ... York ... Dutchess County, State of New York, in the ... Office Building, Legislative Chambers, at ... on the 14th day of February, 1983, at ... o'clock in the forenoon, for the agricultural districts known as:

District 11 - Town of Union Vale and Washington
District 12 - Town of LaGrange
District 13 - Town of Beekman
District 14 - Town of East Fishkill
District 15 - Town of Stanford
District 16 - Town of Pleasant Valley
District 17 - Town of Dover

A description and map of the districts, and proposed modifications of the County Planning Board and Agricultural District Advisory Committee may be examined in the Office of the Clerk of the County Legislative body.

Recommendation of Dutchess County Planning Board and Dutchess County Agricultural District Advisory Committee is that the said districts shall be modified to create four Agricultural Districts to be known as:

District 20 - Towns of Red Hook, Rhinebeck, Hyde Park, Milan, Clinton, Pleasant Valley.

District 21 - Towns of Pine Plains, Stanford, Northeast, Amenia, Washington.

District 22 - Towns of Fishkill, Wappinger, East Fishkill, LaGrange, Poughkeepsie.

District 23 - Towns of Dover, Pawling, Beekman, Union Vale, and furthermore

that these new districts shall contain all agricultural property of ten acres or more plus all parcels of less than ten acres being farmed in conjunction with other qualifying agricultural parcels.

All parties in interest and citizens will be heard by the County Legislature at the public hearing.

Dated: January 24, 1983.

Dear Ms. Schwarze,

In September of 1988 my mail box was beaten or crushed in with a heavy object. I straightened it out but in October, 1988 it was beaten in again.

On or about the 10th of January of 1989 the entire mail box with mail in it was stolen.

On January 18, 1989, I notified Mary Schwarze, my postmaster in Stanfordville who stated she thought I had moved and had returned any other mail she had received to its sender. My address is below and I request assistance to stop the interference with the delivery of my mail.

In December of 1982 I recieved this letter attached from Cooperative Extention Agent David R. Teto

On February 8, 1982, I come to the meeting mentioned in the letter, at which David Teter Spoke and the other Farmers present were directed to submit a letter at tax time to the Dutchess County Tax Dept. The letter was to direct to Keep or commit the Tax parcels to be used for agricultural purposes. Thereafter the Dutchess County Tax Dept. stated to me to submit the commitment to the town tax Dept. which I have done each year til present.

I request the two tax properties above too continue to recieve agricultural tax assessment as was directed of me by N.Y. State Dept of agriculture.

Re: 1) Above properties are to be kept in the Dutchess County Agricultural District

2) Payment of Taxes

I request that my two properties listed above on Hicks Hill Road, continue to receive Agricultural Tax Value Assessment; and be kept in the Agricultural District as the Dutchess County Legislature voted upon on the 14 day of February 1983.

Enclosed please find check for $128.83 with the entire tax bill. Please return to me receipt for payment of Taxes

A new tax receipt has been issued by the Town of Pine Plains. This tax receipt stated that my property 285878 is RURAL VAC< 10. This my Property has a house upon it and has had a house upon it before there was a Town Building Permit Requirement (New York State Engineers Well and Septic Plan showing the House upon the Property.

New York State Real Property Tax Law Article 3 section 300 Property Subject to Taxation-All Real Property within the State shall be subject to taxation- New York State Real Property Tax Law Article 1 Section 102. Definitions Paragraph 12, " Real Property", "property" or "land" mean and include;

(b) Buildings erected upon the land.

Paragraph 2. " Assessment" means a determination made by assessors of the Valuation of Real Property.

The Assessors Assessment of my real property must include the house that exists upon the property. For the County not to tax this property would unfairly shift my burden of taxes to the rest of the community.

By the New York State Real Property Tax Law I request my home and property be properly assessed according to law.

Dear Tax Collector,

I request that my two above properties listed on Hicks Hill Road Rear in Pine Plains continue to receive Agricultural Tax Value Assessment and be kept in the twenty first Agricultural District, as the Dutchess County Legislature voted upon on the 14 day of February, 1983. It was directed at this time by the Agricultural Supervisor, Dave Tetor that if my properties were to remain in the 21 Agricultural District this letter was to be served each year on the tax collector in order to maintain my properties in the Agricultural district. This letter has been served for 30 years upon the tax collector.

The Town of Pine Plains Tax Assessor, James Mara has listed my 316872 property on the tax rolls as rural and vacant; when my property is Posted Fenced and Maintained in the 21 Dutchess County, Agricultural District. This listing of my property outside the agricultural district by the town of Pine Plains is a violation of law.

RESOLUTION NO. 2023192

RE: ADOPTION OF NEGATIVE DECLARATION WITH RESPECT TO THE MODIFICATION AND CONSOLIDATION OF DISTRICTS 20, 22, AND 23 INTO AGRICULTURAL DISTRICT 21, ENCOMPASSING THE LANDS WITHIN THE COUNTY OF DUTCHESS

Legislators CAVACCINI, GELLER, HAUSER, D'AQUANNI, and SAGLIANO offer the following and move its adoption:

WHEREAS, this Legislature is considering the modification and consolidation of Districts 20, 22, and 23 into Agricultural District 21, in accordance with Agricultural and Markets Law Section 303-a & 303-c and the recommendations of the Dutchess County Agricultural and Farmland Protection Board, and

WHEREAS, pursuant to Resolution 2023079 Dutchess County entered into a cooperative agreement with New York State Agriculture and Markets which declared the County as Lead Agency with principal decision-making authority and Agriculture and Markets as an involved party, and

WHEREAS, approval of consolidation constitutes an action subject to the State Environmental Review Act, and

WHEREAS, the Dutchess County Legislature has attached a Short Environmental Assessment Form, which concludes that the program constitutes: (1) an Unlisted Action pursuant to Article VIII of the New York State Environmental Quality Review Act and part 617 of the NYCRR (SEQRA); and (2) that the proposed action will not result in any significant adverse environmental impacts, and

WHEREAS, the purpose of this Legislature in adopting this Resolution is to adopt and confirm those findings, and

WHEREAS, a true copy of the Short Environmental Assessment Form and the Negative Declaration reflecting the finding that the action will not result in any significant adverse environmental impacts are attached hereto and made a part hereof, now, therefore, be it

RESOLVED, that the Dutchess County Legislature as Lead Agency finds and determine that it has considered the proposed Action, reviewed all parts of the Short Environmental Assessment Form, reviewed the criteria set forth in 6 NYCRR section 617.7(c) thoroughly analyzed the relevant areas of potential environmental concern, and has duly considered all of the potential environmental impacts and their magnitude in connection with the proposed action, and be it further

RESOLVED, that the Dutchess County Legislature finds and determines that the adoption of amendments to the Agriculture District No. 21 will not result in any large and important environmental impacts, and therefore, will not have a significant adverse impact on the environment, and be it further

RESOLVED, that the Dutchess County Legislature as Lead Agency with reference to the above-described Action hereby adopts a negative declaration pursuant to 6 NYCRR section 617.7(c) with respect to the proposed modification and consolidation of Districts 20, 22, and 23 into Agricultural District 21 and authorizes the County Executive to sign the negative declaration and determination of non-significance.

FOR AGRICULTURAL DISTRICTS

UNLISTED ACTIONS ONLY

Please indicate lead agency status by checking the appropriate box below:

☒ **The proposed action is within the scope of a cooperative agreement between the undersigned County Legislative Body ("CLB") and the Department of Agriculture and Markets ("Department"), the only other agency required to undertake an action in this case. Therefore, the undersigned CLB will serve as lead agency for the proposed action to ensure compliance with the requirements of the State Environmental Quality Review Act, and is undertaking a coordinated review of the proposed action with the Department pursuant to 6 NYCRR §617.6(b)(3).**

☐ **The proposed action is not within the scope of a cooperative agreement between an applicable CLB and the Department. The agency that will serve as Lead Agency is the undersigned CLB, and is undertaking a coordinated review of the proposed action with the Department pursuant to 6 NYCRR §617.6(b)(3).**

Part 1 – Project and Sponsor Information

1. The proposed action is located in the County of Dutchess and the Town(s) of _____.

2. The agency responsible for preparing this Short Environmental Assessment Form and determining environmental significance is the CLB of Dutchess County.

3. The name, address, and e-mail address for the Clerk of the above named CLB is:
   Leigh Wager
   Dutchess County Legislature 22 Market Street Poughkeepsie, New York 12601
   LWager@dutchessny.gov

4. Does the proposed action only involve the modification, consolidation or termination of a county-adopted, State-certified agricultural district by the CLB pursuant to Agriculture and Markets Law (AML) §§303-a, 303-b or 303-c? ☒ Yes ☐ No

   If Yes, attach a narrative description (including a location map) of the intent of the proposed action and the environmental resources that may be affected in the County. If No, this form should not be used to evaluate the potential environmental impacts of the proposed action.

5. Is this an action proposed to modify an existing agricultural district? ☒ Yes ☐ No

   If Yes, total number of acres comprising the agricultural district as it exists prior to modification: 197,481 acres.

6. If this proposed action involves a modification, will such modification result in a change in the size of the agricultural district? ☒ Yes ☐ No
   - If yes, how many acres are involved in the change? 194,877 acres
   - Does this represent ☐ an increase or ☒ a decrease?

7. Check all present land uses that occur on, adjoining, and near the proposed action?

☒ Residential ☐ Industrial ☒ Commercial ☒ Agriculture ☒ Park/Forest/Open Space ☐ Other

If Other, please describe:_____

Part 2: Impact Assessment

Part 2 is to be completed by the County Legislative Body ("CLB") as Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted to the CLB for the proposed modification, consolidation or termination of a county-adopted, State-certified agricultural district or otherwise available to the reviewer.

In providing responses to each of the questions, the reviewer should keep in mind that the action proposed is the modification, consolidation or termination of an agricultural district(s) The action is not the land use or activity which will, or may, take place in the district(s). For example, it is not appropriate to consider the effects of management actions that may be taken by individual operators in conducting farming. Agricultural farm management practices, including construction, maintenance and repair of farm buildings, and land use changes consistent with generally accepted principles of farming are listed as Type II actions in 6 NYCRR §617.5(c)(3), and these actions have been determined not to have a significant impact on the environment.

	None to small impact may occur	**Moderate to large impact may occur**
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	X	
2. Will the proposed action result in a change in the use or intensity of use of land?	X	
3. Will the proposed action impair the character or quality of the existing community?	X	
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	X	
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	X	
6. Will the proposed action cause an increase in the use of energy and fail to incorporate reasonably available energy conservation or renewable energy opportunities?	X	
7. Will the proposed action impact existing: a. public / private water supplies?	X	
b. public / private wastewater treatment utilities?	X	
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	X	
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	X	
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	X	
11. Will the proposed action create a hazard to environmental resources or human health?	X	

Part 3: Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur," or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short term, long-term and cumulative impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

STATE ENVIRONMENTAL QUALITY REVIEW SHORT ENVIRONMENTAL ASSESSMENT FORM FOR AGRICULTURAL DISTRICTS

Question 4 Narrative:

The Dutchess County Legislature intends to make modifications to and consolidate districts 20, 22, and 23 into Agricultural District No. 21

The modifications include:

- 3,945 parcels will be retained
- 177 parcels will be added
- 547 parcels will be removed

The total acreage in the agricultural District will be 194,877 which is a loss of 1,910 acres compared to the last 8-year review in 2015 and 2,604 compared to 2022. Most of the parcels recommended for removal by the AFPB are lands that have been converted from agriculture to residential or commercial uses.

Overall, the percentage of county acres in the agricultural districts is 39% compared to 61% not.

There are no significant adverse environmental impacts on environmental resources due to the proposed modifications and consolidation into agricultural district 21.

AMENDED IN COMMITTEE 11/2/2023

RESOLUTION NO. 2023198

RE: MODIFICATION AND CONSOLIDATION OF AGRICULTURAL DISTRICTS 20, 22, AND 23 INTO AGRICULTURAL DISTRICT 21

Legislators CAVACCINI, GELLER, HAUSER, D'AQUANNI, and SAGLIANO offer the following and move its adoption:

WHEREAS, Article 25AA of the Agriculture and Markets Law authorizes the creation of agricultural districts as the socio-economic vitality of agriculture in this state is essential to the economic stability and growth of many local communities and the state as a whole, and it is, therefore, the declared policy of the state to conserve, protect and encourage the development and improvement of its agricultural land for production of food and other agricultural products, and it is also the declared policy of the state to conserve and protect agricultural lands as valued natural and ecological resources which provide needed open spaces for clean air sheds, as well as for aesthetic purposes, and

WHEREAS, the Dutchess County Legislature adopted Resolution No. 157 of 1983 approving the creation of Agricultural Districts Nos. 20, 21, 22, and 23 in Dutchess County, and

WHEREAS, Article 25AA of the Agriculture and Markets Law requires an eight-year review to be conducted to produce a report on the nature and status of farming and farm resources within such district, extent to which the district has achieved its original objectives, extent to which county and local comprehensive plans, policies and objectives are consistent with and support the district, the degree of coordination between local laws, ordinances, rules and regulations that apply to farm operations in such district and their influences on farming; and evaluate existing parcels within an agricultural district and to produce recommendations to continue, terminate, or modify parcels included in the district, and

WHEREAS, the Dutchess County Legislature adopted Resolution No. 2016081 approving the previous eight-year review and recertification of Agricultural District No. 20 in Dutchess County, and

WHEREAS, the Dutchess County Legislature adopted Resolution No. 2016082 approving the previous eight-year review and recertification of Agricultural District No. 21 in Dutchess County, and

WHEREAS, the Dutchess County Legislature adopted Resolution No. 2016083 approving the previous eight-year review and recertification of Agricultural District No. 22 in Dutchess County, and

WHEREAS, the Dutchess County Legislature adopted Resolution No. 2016084 approving the previous eight-year review and recertification of Agricultural District No. 23 in Dutchess County, and

WHEREAS, Article 25AA of the Agriculture and Markets Law authorizes the continuance and modification of agricultural districts within the County of Dutchess, in accordance with the procedures set forth therein, and

WHEREAS, the consolidation of Agricultural Districts Nos. 20, 21, 22, and 23 into Agricultural District No. 21 as recommended by the report of the Dutchess County Agriculture and Farmland Protection Board is in the best interest of agriculture within Dutchess County, and

WHEREAS, the recertification of Agricultural District No. 21 with the proposed modifications as recommended by the report of the Agriculture and Farmland Protection Board and modifications by the Legislature is in the best interest of agriculture within Dutchess County, and is consistent with, and in furtherance of, the legislative findings and intent of Article 25AA of the Agriculture and Markets Law, and

WHEREAS, recertification of Agricultural District No. 21 constitutes an action subject to the State Environmental Quality Review Act, and

WHEREAS, pursuant to Resolution 2023079 Dutchess County entered into a cooperative agreement with New York State Agriculture and Markets which declared the County as Lead Agency with principal decision-making authority and Agriculture and Markets as an involved party, and

WHEREAS, the Dutchess County Department of Planning and Development conducted a SEQR review of parcels recommended by the Agriculture and Farmland Protection Board, and

WHEREAS, the Dutchess County Department of Planning and Development reviewed the parcels submitted during the Legislature's public comment period September 20, 2023, through October 20, 2023, and at the Legislature's public hearing held on October 10, 2023, and determined that if the Legislature modified the recommendations of the AFPB based on those comments, that those modifications would not result in a substantive change in the SEQRA analysis and determination, and

WHEREAS, the Dutchess County Legislature has caused to be prepared and attached a Short Environmental Assessment Form, which concludes that the program constitutes: (1) an Unlisted Action pursuant to Article VIII of the New York State Environmental Quality Review Act and part 617 of the NYCRR (SEQRA); and (2) that the proposed action will not result in any significant adverse environmental impacts, and,

WHEREAS, the purpose of this Legislature in adopting this Resolution is to adopt and confirm those findings, and

WHEREAS, a true copy of the Short Environmental Assessment Form and the Negative Declaration reflecting the finding of non-significance are attached hereto and made a part hereof, and

WHEREAS, the Dutchess County Legislature has considered the matter including the report and recommendation of the Agriculture and Farmland Protection Board during the Legislature's public comment period from September 20, 2023, through October 20, 2023, and at a public hearing held on October 10, 2023, now therefore, be it

RESOLVED, that the Dutchess County Legislature accepts the 2023 Agricultural District 8-Year Review report attached in substantially similar form, and be it further

RESOLVED, that the Dutchess County Legislature does hereby accept the Agriculture and Farmland Protection Board recommendation for modification and consolidation of Districts 20, 22, and 23 into Agricultural District 21, and, be it further

RESOLVED, that the Dutchess County Legislature hereby adopts the recommendations of the Agriculture and Farmland Protection Board and adopts the requests of landowners to include their land within existing certified Agricultural District No. 21 as in Appendix A attached hereto and made apart hereof, and, be it further

RESOLVED, that the Dutchess County Legislature hereby adopts the recommendations of the Agriculture and Farmland Protection Board and rejects the requests of landowners to include their land within existing certified Agricultural District No. 21 as in Appendix B attached hereto and made apart hereof, and, be it further

RESOLVED, that the Dutchess County Legislature, as a result of the public comment period of September 20, 2023, through October 20, 2023, and the public hearing held on October 10, 2023, hereby modifies the recommendations of the Agriculture and Farmland Protection Board and accepts the requests of landowners to exclude their land from within existing certified Agricultural District No. 21 as in Appendix C attached hereto and made apart hereof, and, be it further

RESOLVED, that the Dutchess County Legislature, as a result of the public comment period of September 20, 2023, through October 20, 2023, and the public hearing held on October 10, 2023, hereby modifies the recommendations of the Agriculture and Farmland Protection Board and adopts the requests of landowners to include their land within existing certified Agricultural District No. 21 as in Appendix D attached hereto and made apart hereof, and, be it further

RESOLVED, that the Dutchess County Legislature recommends to the New York State Department of Agriculture and Markets that Agricultural District No. 21 be approved as continued, modified, and amended, and be if further

RESOLVED, that, the Commissioner of the Department of Planning, with the assistance of the Clerk of the Legislature is directed to assemble and submit the district review plan along with all reports, pertinent resolutions, notices, and public hearing records to the New York State Commissioner of Agriculture and Markets for certification.

FOR AGRICULTURAL DISTRICTS

UNLISTED ACTIONS ONLY

Please indicate lead agency status by checking the appropriate box below:

☒ **The proposed action is within the scope of a cooperative agreement between the undersigned County Legislative Body ("CLB") and the Department of Agriculture and Markets ("Department"), the only other agency required to undertake an action in this case. Therefore, the undersigned CLB will serve as lead agency for the proposed action to ensure compliance with the requirements of the State Environmental Quality Review Act, and is undertaking a coordinated review of the proposed action with the Department pursuant to 6 NYCRR §617.6(b)(3).**

☐ **The proposed action is not within the scope of a cooperative agreement between an applicable CLB and the Department. The agency that will serve as Lead Agency is the undersigned CLB, and is undertaking a coordinated review of the proposed action with the Department pursuant to 6 NYCRR §617.6(b)(3).**

Part 1 – Project and Sponsor Information

1. The proposed action is located in the County of Dutchess and the Town(s) of _____.

2. The agency responsible for preparing this Short Environmental Assessment Form and determining environmental significance is the CLB of Dutchess County.

3. The name, address, and e-mail address for the Clerk of the above named CLB is:
   Leigh Wager
   Dutchess County Legislature 22 Market Street Poughkeepsie, New York 12601
   LWager@dutchessny.gov

4. Does the proposed action only involve the modification, consolidation or termination of a county-adopted, State-certified agricultural district by the CLB pursuant to Agriculture and Markets Law (AML) §§303-a, 303-b or 303-c? ☒ Yes ☐ No

   If Yes, attach a narrative description (including a location map) of the intent of the proposed action and the environmental resources that may be affected in the County. If No, this form should not be used to evaluate the potential environmental impacts of the proposed action.

5. Is this an action proposed to modify an existing agricultural district? ☒ Yes ☐ No

   If Yes, total number of acres comprising the agricultural district as it exists prior to modification: 197,481 acres.

6. If this proposed action involves a modification, will such modification result in a change in the size of the agricultural district? ☒ Yes ☐ No
   - If yes, how many acres are involved in the change? 194,877 acres
   - Does this represent ☐ an increase or ☒ a decrease?

7. Check all present land uses that occur on, adjoining, and near the proposed action?

☒ Residential ☐ Industrial ☒ Commercial ☒ Agriculture ☒ Park/Forest/Open Space ☐ Other

Part 2: Impact Assessment

Part 2 is to be completed by the County Legislative Body ("CLB") as Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted to the CLB for the proposed modification, consolidation or termination of a county-adopted, State-certified agricultural district or otherwise available to the reviewer.

In providing responses to each of the questions, the reviewer should keep in mind that the action proposed is the modification, consolidation or termination of an agricultural district(s) The action is not the land use or activity which will, or may, take place in the district(s). For example, it is not appropriate to consider the effects of management actions that may be taken by individual operators in conducting farming. Agricultural farm management practices, including construction, maintenance and repair of farm buildings, and land use changes consistent with generally accepted principles of farming are listed as Type II actions in 6 NYCRR §617.5(c)(3), and these actions have been determined not to have a significant impact on the environment.

	None to small impact may occur	**Moderate to large impact may occur**
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	X	
2. Will the proposed action result in a change in the use or intensity of use of land?	X	
3. Will the proposed action impair the character or quality of the existing community?	X	
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	X	
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	X	
6. Will the proposed action cause an increase in the use of energy and fail to incorporate reasonably available energy conservation or renewable energy opportunities?	X	
7. Will the proposed action impact existing: a. public / private water supplies?	X	
b. public / private wastewater treatment utilities?	X	
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	X	
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	X	
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	X	
11. Will the proposed action create a hazard to environmental resources or human health?	X	

Part 3: Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur," or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short term, long-term and cumulative impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

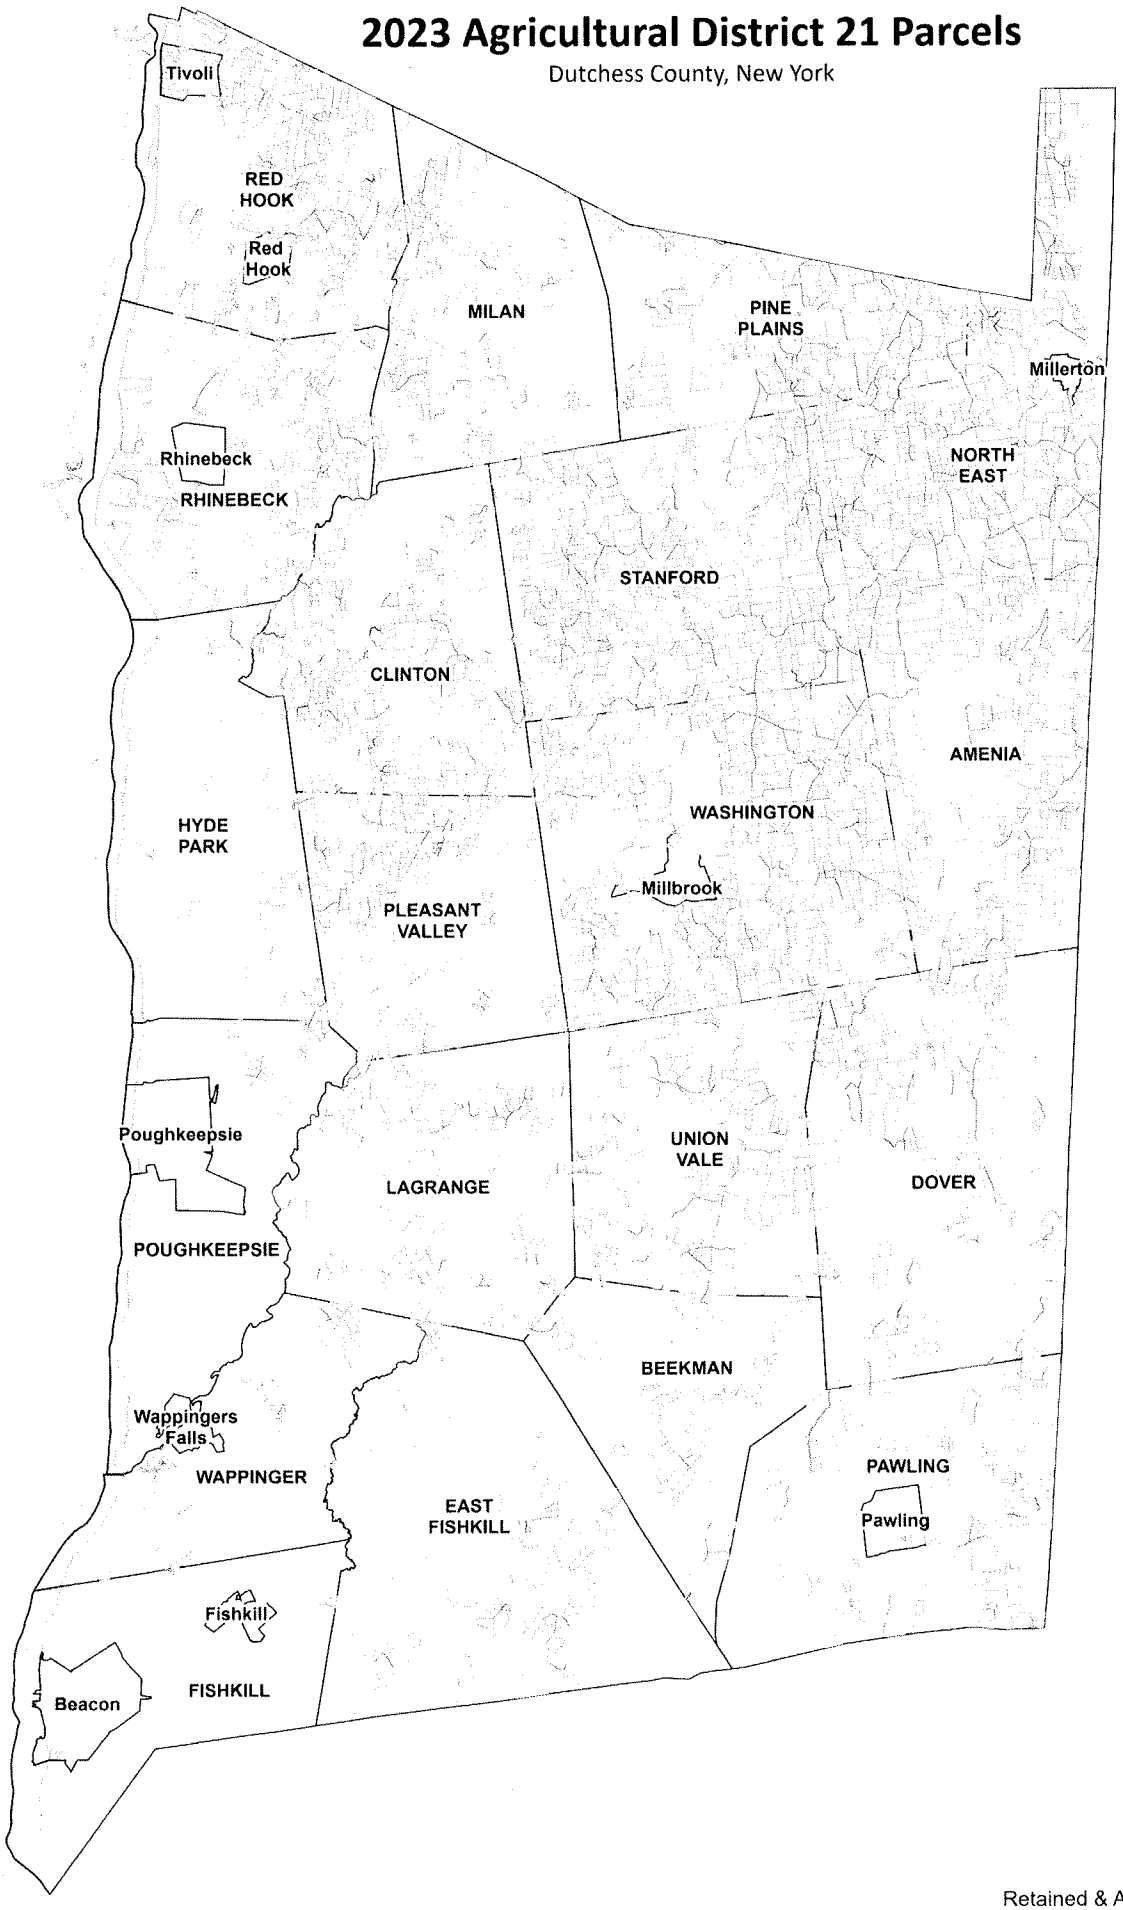
STATE ENVIRONMENTAL QUALITY REVIEW SHORT ENVIRONMENTAL ASSESSMENT FORM FOR AGRICULTURAL DISTRICTS

Question 4 Narrative:

The Dutchess County Legislature intends to make modifications to and consolidate districts 20, 22, and 23 into Agricultural District No. 21

The modifications include:

- 3,945 parcels will be retained
- 177 parcels will be added
- 547 parcels will be removed



The total acreage in the agricultural District will be 194,877 which is a loss of 1,910 acres compared to the last 8-year review in 2015 and 2,604 compared to 2022. Most of the parcels recommended for removal by the AFPB are lands that have been converted from agriculture to residential or commercial uses.

Overall, the percentage of county acres in the agricultural districts is 39% compared to 61% not.

There are no significant adverse environmental impacts on environmental resources due to the proposed modifications and consolidation into agricultural district 21.

AGRICULTURAL DATA ANALYSIS

A. Since last review, number of acres in District Added: 0 Deleted: 1,910
B. Since last review, number of acres in farms Added: 0 Decreased: 0

The last review was the 2015/16 8-year review.

Please note we did not receive enough responses to our survey to yield statistically valid results, therefore our numbers for the number of farms and acreage in farms are based on the 2012 and 2017 USDA Census of Agriculture County Profile.

[1] Number of acres in farms represents the sum of acres owned by farmers and rented by farmers.
