Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Dover	620255	McCarthy Rd	Not Recommended

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District).
