Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Washington	947003	117 Chestnut Ridge Rd	Not Recommended

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Stanford	720906	262 Homan Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Red Hook	996211	Rokeby Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Amenia	378145	Leedsville Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Stanford	053179	11 Haight Hill Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Stanford	130489	Rocky Top Way	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Pawling	365554	209 Holmes Rd	Remove

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Hyde Park	937960	36 S Quaker Ln	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Union Vale	530043	244 S Smith Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Dover	304560	888 Chestnut Ridge Rd	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
Amenia	345640	4754 Route 44	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. Dear Landowner,

The Dutchess County Agriculture and Farmland Protection Board (AFPB) has completed its review of existing parcels and those requesting to be included within an Agricultural District in Dutchess County pursuant to NYS AGM Article 25AA, sections 303-a and 303-c. Our records indicate that you have land currently in, or are potentially eligible to be in, an Agricultural District. The AFPB has made the below recommendations to the County Legislature regarding your parcel:

Municipality	Lot	Parcel Address	Recommendation
North East	495388	Route 22	Retain

An interactive map viewer of the existing and proposed agricultural districts can be viewed on the County website at: https://gis.dutchessny.gov/ag-districts/

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For more information visit the New York State Department of Agriculture & Markets website: https://agriculture.nv.gov/land-and-water/agriculturaldistricts.

For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District). For questions about the review process, please leave a message at (845) 605-2075 or email agdistrict23@cornell.edu. The County Legislature shall conduct a public hearing on Tuesday, October 10th at 7:00 P.M., in the Legislative Chambers, County Office Building, 22 Market Street, Poughkeepsie, New York to review and solicit comments from the public with respect to the proposed recommendations from AFPB. However, to make it easier for you to respond and with thousands of parcels involved, it would be very helpful to receive public comments in writing, or by emailing CountyLegislature@DutchessNY.gov no later than October 20, 2023, which is the end of the public comment period.

It is important to note that the County Agricultural Districts are not zoning districts. Changes to the County's Agricultural districts will not change your town or village zoning. There is also no impact on property tax valuations or assessments. (If you are a farmer, an agricultural value assessment may be applied for annually and is available whether a property is in or out of a County Agricultural District).
