

2025 Community Development Block Grant (CDBG) - Municipal Application Instructions & Guidance

Program Overview

Funded by the United States Department of Housing and Urban Development (HUD), the Community Development Block Grant (CDBG) program’s intent is to develop viable, more resilient communities by providing decent housing and a suitable living environment and by expanding economic opportunities, principally for low- and moderate-income people and communities. Activities may address needs such as infrastructure, economic development, public facilities, housing rehabilitation, and public services.

To apply, you must be a municipality that is a member of the Dutchess County Urban Consortium. Below is a complete list of all municipalities that are members of the consortium. Municipalities may sponsor a non-profit’s infrastructure grant request in lieu of applying for a municipal project in their community.

Funding

We anticipate a CDBG funding allocation of approximately between \$1,000,000 and \$1,500,000; however, actual funding is contingent on the federal budget, which is historically delayed. The below chart reflects applicant funding limits. There is no guarantee an applicant will be awarded their maximum grant request.

³ Grantees awarded funds equal to or greater than \$200,000 MUST comply with Section 3 requirements , and to the greatest extent possible, provide training, employment, and other economic opportunities to low and very low-income persons. Unless you plan to follow Section 3 requirements you should not apply for funding ≥ \$200,000.		

Build America, Buy America Act (BABA)

The Build America, Buy America Act (BABA) requires that all iron, steel, manufactured products, and construction materials used for federally funded infrastructure projects are produced in the United States, unless otherwise exempt or subject to an approved waiver. This requirement is known as the “Buy America Preference (BAP),” and the specific requirements are codified in 2 CFR § 184.

Application Process

The County uses a three-step application process:

- **Step 1** – A public hearing is REQUIRED prior to submitting the full application.
- **Step 2** - Submit eligibility information via the LOI feature in the [Dutchess County Grant Portal](#). After signing into the portal, click the blue APPLY button in the upper right to start the process. Applicants must complete this process by **Monday, February 3, 2025**, so the County has time to review and approve eligibility. Applicants will only be able to proceed to the application once the LOI has been approved by the County.
- **Step 3** – You will be able to complete the application via the EDIT APPLICATION link which will appear once the LOI is approved by the County. The application and attachments must be submitted via the grant portal by **4:00 p.m. on Monday, March 3, 2025**

Required Public Participation | Public Hearing

- **Municipalities must hold a public hearing to solicit project ideas PRIOR to submitting the application.** The purpose of the hearing is to provide residents, particularly low- and moderate-income residents, an opportunity to suggest projects for CDBG funds. To ensure this requirement is met, municipalities should schedule a public hearing early in the application process. After the public hearing (at the same or subsequent meeting) the municipality must consider potential projects, select a project, and pass a resolution approving the application **prior** to submission. **Applications submitted without a public hearing are ineligible and will be rejected.**
- For joint applications, each municipality must hold a public hearing and pass a resolution.
- Municipalities are required to invite representatives from any proposed projects to the hearing.
- A copy of the public notice and authorizing resolution must be submitted with the application. The County

has drafted a [sample resolution](#) for your convenience. However, the use of this resolution is not required.

CDBG MUNICIPAL POLICIES AND PROCEDURES

The CDBG program has detailed Policies and Procedures. Below is a summary of several important items:

1. **Implementation and Architectural/Engineering Costs** - Activity implementation and engineering costs for consultants will be limited to 20% of the activity's final approved allocation. Municipal personnel are not eligible to be reimbursed for activity implementation.
2. **Start Date** – Activities may not begin or incur costs prior to August 1, 2025 (beginning of the program year).
3. **Completion/Expenditure Deadline**– Activities allocated funds under this application must be completed and all funds expended within 20 months from the start date or by March 31, 2027.
4. **Environmental Reviews** – The County must conduct an environmental review under the National Environmental Policy Act (NEPA) and the municipality must ensure compliance with the NYS Environmental Quality Review Act (SEQRA). Activities may not begin construction until the environmental review is complete.
5. **City of Beacon Annual Allocation** - The City of Beacon receives 15% of the annual CDBG allocation after the deduction of the County's administrative expenses. All program guidelines apply to the City's activities except for maximum grant award and number of applications submitted.
6. **Public Service Activities**– Up to 15% of the annual allocation, after the deduction of the County's administrative expenses, may be set aside for public service activities. If a public service agency is applying for a construction activity, that is considered a municipal activity and must be sponsored by the municipality where the activity is located. Parties interested in non-construction public service activities should apply directly to the CDBG Public Service or Agency Partner Program using the APG/CDBG Public Service Application.

APPLICATION REVIEW

Applications are reviewed for completeness. Applicants whose applications are missing information or those that contain technical errors will be notified by email and given seven (7) calendar days to correct the omission/error. Failure to submit the missing items by the deadline will result in ineligibility. **However, please note, Public Hearing documentation, including the resolution authorizing the submission of the application must be submitted with the application, prior to the due date, per HUD regulations.**

The application process is competitive and based on the below considerations. A site visit and staff evaluations are conducted. Preliminary staff recommendations are presented to the [Community Development Advisory Committee \(CDAC\)](#). The CDAC reviews the recommendations and requests additional information if necessary. CDAC funding recommendations are sent to the County Executive for final approval.

REVIEW CONSIDERATIONS

Staff will begin the evaluation of each activity by asking:

1. Is the proposed activity eligible under HUD CDBG guidelines?
2. Does the activity address a HUD National Objective (Low/Mod Benefit)?

ACTIVITIES THAT DO NOT MEET THE ABOVE TWO CRITERIA ARE INELIGIBLE.

Questions 3 through 14 aids in further evaluation and development of funding recommendations.

3. Does the proposed activity meet a priority of the [Consolidated Plan](#)?
4. Does the activity benefit a substantial number of low to moderate income persons?
5. Is the estimated completion time for the activity realistic and allow for completion by the deadline?
6. Does the proposed activity build on previous investments or is it part of a larger development plan?

7. Does the municipality have outstanding CDBG funds?
8. Does the activity represent an innovative approach to a problem?
9. Is the activity consistent with the County's [Consolidated Plan](#), [Analysis of Impediments to Fair Housing](#) and other County Plans such as [Greenway Connections and Centers and Greenspaces](#), and the DCTC Metropolitan Transportation Plan [Moving Dutchess Forward](#)?
10. Is the activity a cooperative effort from two or more municipalities?
11. Has the municipality leveraged other sources of funds? Are they secure?
12. How is the municipality's organizational capacity; was the administration of previously activities positive?
13. Is the activity cost effective? Are costs in line with comparable activities?
14. Has the municipality acted to affirmatively further fair housing?

Housing projects will have the following additional questions:

1. Are the development and construction costs in line with similar projects?
2. If the applicant has received HOME or CDBG funds in the past, were those projects completed in a timely fashion and with quality workmanship? Has the applicant maintained the projects in an appropriate manner and complied with all rental/sale price and income regulations?
3. Is the municipality where the project is located supportive of the project? Specifically, is it likely to receive the necessary planning and zoning approvals?
4. Does the municipality have a plan or incentives to create moderately priced housing?
5. Does the project benefit any underserved populations?
6. Are HOME funds proposed to be used in the development of this project?
7. Does the project further fair housing choice throughout Dutchess County?
8. Does the project further the goals of the Dutchess County Continuum of Care?
