GARAGE CLEANOUT

Clean your garage one last time while it's still nice out! If you find hazardous waste and electronics, the County is hosting **two** HHW drop-off events in the fall.

Find out more by clicking [here](#).

You might find scrap metal in the process.

It's not handled the same as regular recycling and shouldn't go in your bin.

This metal can become an asset - **scrap metal yards** and some **transfer stations** will pay you for the material so you don't have to spend money on disposal.

Examples: appliances, light fixtures, water heaters, metal furniture, pipes, pots and pans, lawnmowers, and more!
