

FLOCK CAMERAS VS. TRAFFIC COUNT CAMERAS

- WHAT IS THE DIFFERENCE? -

Flock Cameras:

- Read license plates
- Share data with law enforcement
- Data is deleted after 30 days; but can be downloaded during that time

Traffic Count Cameras:

- Cannot read license plates
- Do not capture any personal information
- **Collects only:** number of vehicles, vehicle speeds, and type of vehicle (e.g. car vs. truck)
- Footage is deleted after the data is processed
- Labeled with contractor contact information
