Proposal Details

What is the proposed study area/location? Please also attach a map.

Please describe the planning proposal, including its goals and why it is a priority for your community or agency:

What agencies or municipalities have jurisdiction over land use and transportation decisions in the proposed study area?

What prior coordination has been done with stakeholders on the proposed study topic? Please attach any pertinent documentation or plans that speak to this coordination.

How does this proposal align with the goals and recommendations in [Moving Dutchess Forward](#), particularly its focus on safety, reliability, access to basic needs, and transportation for all?

What are the study's anticipated outcomes and deliverables (guidelines, ordinances, recommendations, concept plans, etc.)?

How will the completed study's recommendations and deliverables be implemented? Specifically, what steps do you envision taking in the next three years to carry out the recommendations?

Support & Administration

What level of support does this planning study have from local elected officials, decision makers, and community members? Please also attach a Resolution and any supporting documentation.

What local in-kind services are available for this planning work (e.g., volunteers, meeting space, municipal staff/equipment, etc.)?

If required, could your organization provide financial support for this planning work?
