— FFY 2026-2030 Transportation Improvement Program (TIP) —  
Amendments #26-02 & #26-03

The Dutchess County Transportation Council (DCTC) proposes two amendments to its [Federal Fiscal Year \(FFY\) 2026-2030 Transportation Improvement Program \(TIP\)](#), the five-year capital program that assigns federal funds to transportation projects in Dutchess County. We occasionally update the TIP to add new projects, remove existing projects, or change a project's cost, schedule, or scope. We classify significant changes as amendments, which require a 15-day public comment period prior to approval.

**Amendment #26-02**

- Adds a new NYSDOT project to resurface the Taconic State Parkway from Cold Spring Rd to the Dutchess/Columbia line in Milan (PIN 8127.52).
- Adds a new NYSDOT project to rehabilitate or replace culverts on State highways in the towns of Amenia, North East, Rhinebeck, and Washington, and villages of Millbrook, Millerton, and Rhinebeck (PIN 8LC1.61).

**Amendment #26-03**

- Adds a new County Public Transit project to purchase a new fare collection system (PIN 8TDO.51).

The changes add almost \$28 million in new highway and transit investments across the county. See the attached project listings for more information.

**Public Comments**

This 15-day comment period provides the public with an opportunity to comment on these Amendments. Comments may be submitted using the contact information below, by **5:00 pm on Thur., June 11, 2026**.

*About the DCTC: Established in 1982, the DCTC serves as the designated Metropolitan Planning Organization (MPO) for Dutchess County. Federal law requires that Urban Areas with over 50,000 people be represented by a MPO, which is responsible for ensuring that Federal transportation dollars (highway and transit) are committed through a locally driven, comprehensive planning process. The DCTC includes representatives from local municipalities, NYSDOT, and the MTA.*
