

Dutchess County Complete Streets Checklist

Dutchess County Complete Streets Policy:

Dutchess County shall strive to plan, design, construct, operate, and maintain its streets, bridges, bus system, parks, trails, and buildings to promote safe, comfortable, efficient and convenient travel for people of all ages and abilities and for all types of transportation, including walking, bicycling, riding the bus, and driving, to the greatest extent possible. Over time, these facilities will be integrated into a countywide network that promotes the health, safety, environment, and economic vitality of Dutchess County and makes it a more desirable place to live, work and visit.

This checklist is intended to assist the County in achieving its vision for Complete Streets. It shall be completed for all projects involving County roads and property, as well as public and private projects over which the County Department of Public Works has permitting authority, either by the County's project manager or the project applicant.
