interactive polling!

Meet the Team

DUTCHESS COUNTY TRANSPORTATION COUNCIL

Better ways from here to there

CAMBRIDGE
SYSTEMATICS

We are developing a Safety Action Plan!

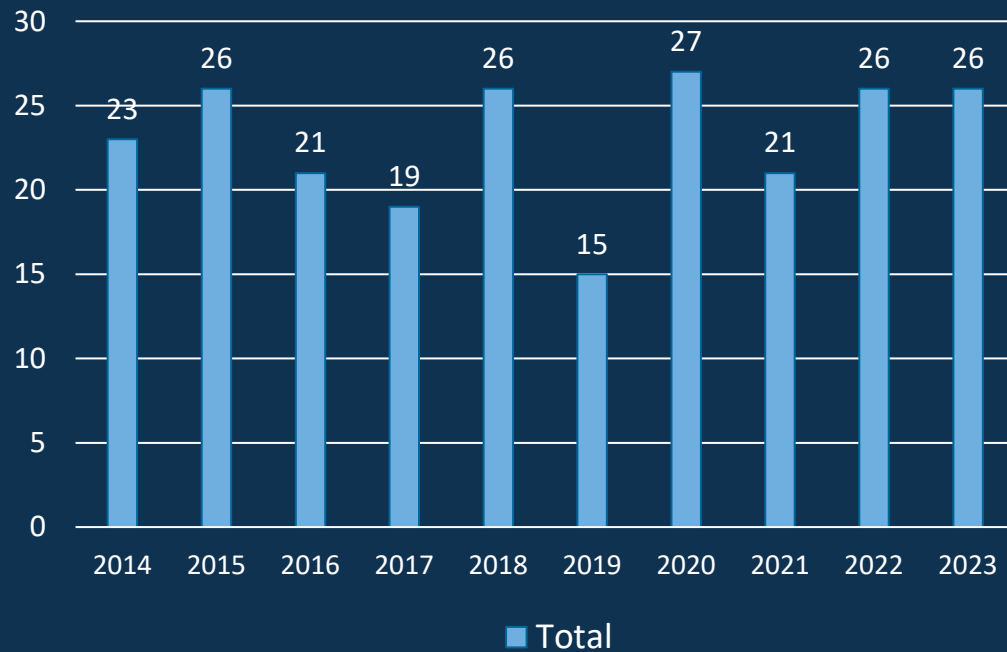

»The Safety Action Plan will:

- ✓ Identify traffic safety problems in Dutchess County and offer solutions.
- ✓ Lay the groundwork to successfully obtain federal grant funding for safety projects.

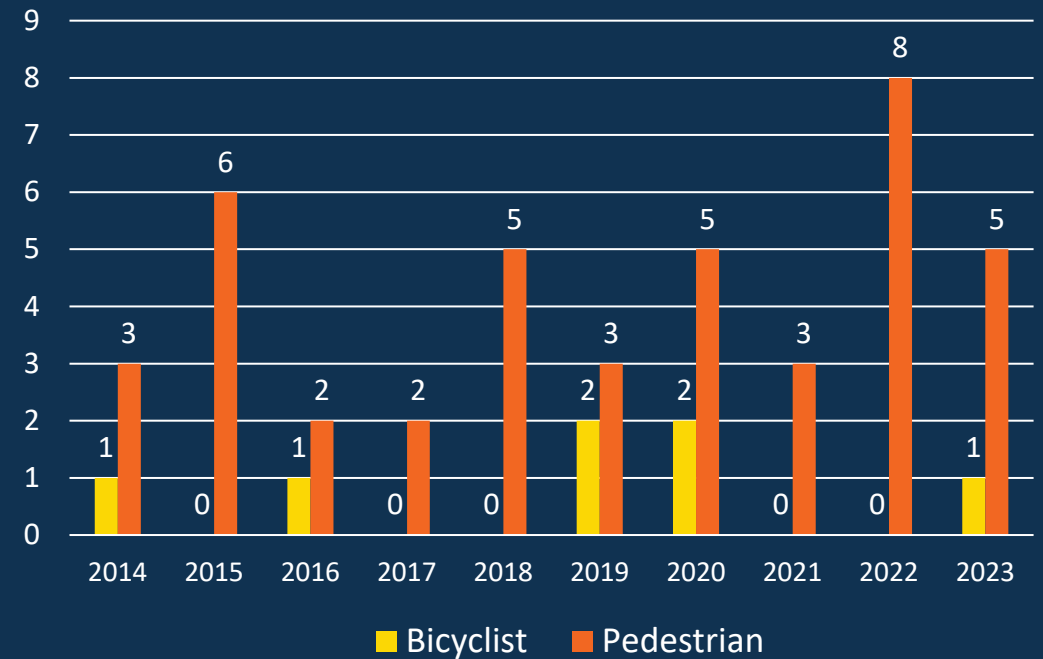

Background & Purpose

Total Fatalities
2014-2023

Bicyclist/Pedestrian Fatalities
2014-2023

Existing Safety Concerns

What are the main transportation safety concerns in your community?

Draft Emphasis Areas

Safer Roads

» Intersections

Safer Speeds

» Speeding

Safer People

- » Vulnerable Road Users (bikes, pedestrians, etc.)
- » Aging Road Users
- » Distracted Driving
- » Impaired Driving
- » Aggressive Driving

Safer Vehicles

» Large Trucks / Truck Traffic

» Emphasis Areas

- Based on data analysis & stakeholder input
- Factors that contribute to traffic safety issues in Dutchess County

Draft Emphasis Areas

Safer Roads

» Intersections

Safer Speeds

» Speeding

Safer People

- » Vulnerable Road Users (bikes, pedestrians, etc.)
- » Aging Road Users
- » Distracted Driving
- » Impaired Driving
- » Aggressive Driving

Safer Vehicles

» Large Trucks / Truck Traffic

Which emphasis
areas are most
important to
you?

Draft Emphasis Areas

Safer Roads

» Intersections

Safer Speeds

» Speeding

Safer People

- » Vulnerable Road Users (bikes, pedestrians, etc.)
- » Aging Road Users
- » Distracted Driving
- » Impaired Driving
- » Aggressive Driving

Safer Vehicles

» Large Trucks / Truck Traffic

Are there other
emphasis areas
that we should
investigate?

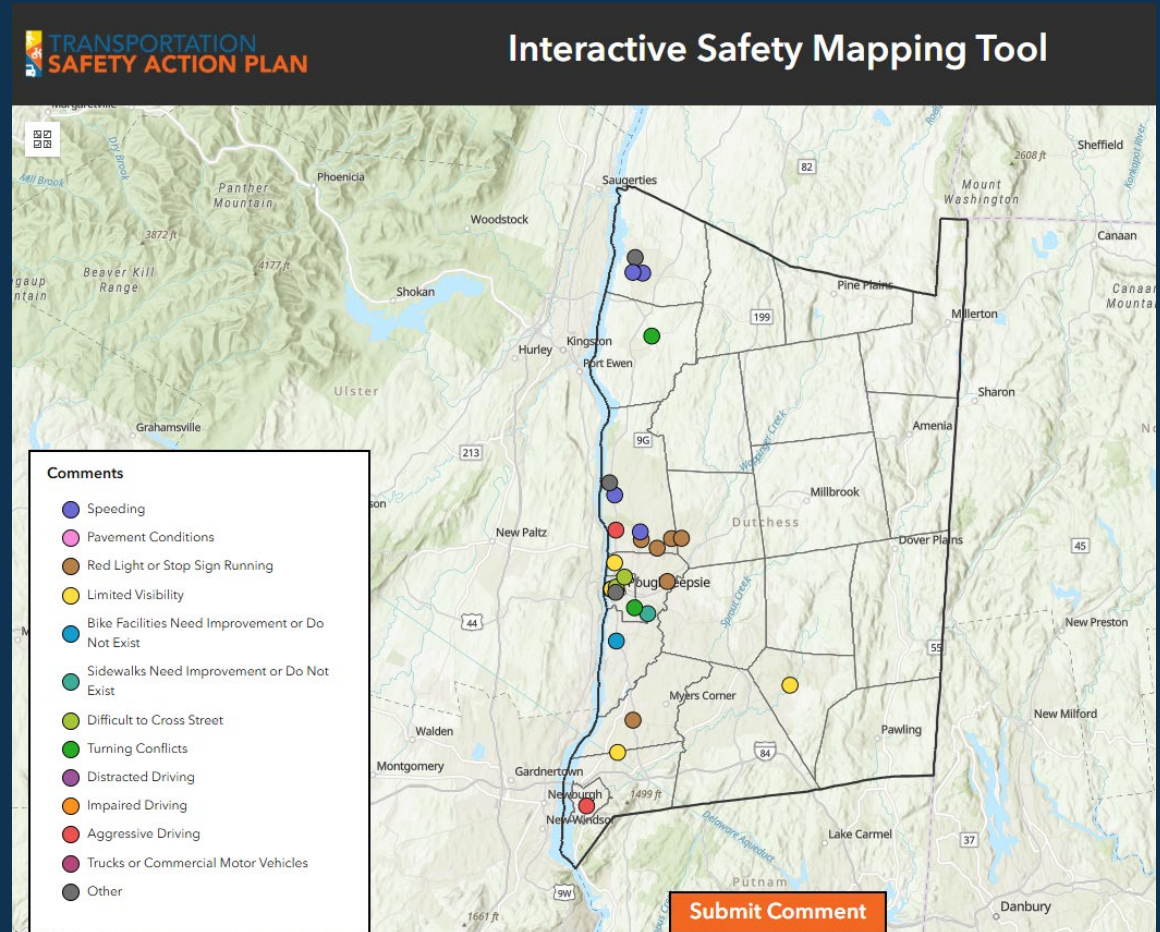

Priority Locations

- » Locations within the county that pose traffic safety risks.
 - Can be a specific location / intersection
 - Can be a stretch of roadway / corridor
- » Visit the SAP webpage to use our Interactive Mapping Tool

Where do you
experience traffic
safety issues?

www.Dutchessny.gov/SafetyActionPlan

Safety Countermeasures - examples

Engineering

- Physical Roadway Improvements

Education

- Public Campaigns to:
 - Encourage roadway users to practice safe behaviors
 - Bring awareness to traffic safety hazards

Enforcement

- Increased Patrolling
- Automated Enforcement
 - Speeding / Red Light Cameras

Safety Countermeasures

Engineering

- Physical Roadway Improvements

Education

- Public Campaigns to:
 - Encourage roadway users to practice safe behaviors
 - Bring awareness to traffic safety hazards

Enforcement

- Increased Patrolling
- Automated Enforcement

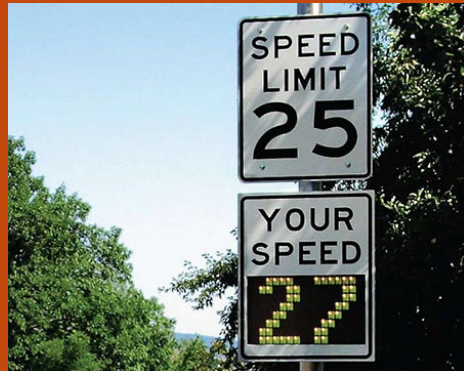

What type of
countermeasures
would work best
in your
community?

Safety Countermeasures

What measures
have you seen that
increase roadway
safety?

Safety Countermeasures

Are there
countermeasures
that you're unsure
about?

DUTCHESS COUNTY TRANSPORTATION SAFETY ACTION PLAN

Public Input Survey

Thank you for joining the conversation about transportation safety in Dutchess County!

This survey will be used to gather feedback from community members to help inform our countywide Transportation Safety Action Plan.

All survey responses will be kept anonymous. Survey results will be depersonalized and aggregated for the purpose of public reporting only.

For more information about the Transportation Safety Action Plan and opportunities to get involved, please visit our [Safety Action Plan](#) webpage.
