

HYDE PARK WATER SYSTEM – ZONE “A”

WATER MAIN BREAK on Pinewoods Road

Tuesday, October 13, 2026

There is a Water Main Break in the Hyde Park Water System – Zone “A” that should only be affecting about ten (10) customers. Water service may be interrupted in order to make an emergency water main repair. The Health Department has been notified. Once water service is restored you may notice some discoloration in your water. We suggest running an outside spigot or inside faucet for a few minutes to clear your pipes.

***** To receive these important notices as email alerts please sign up via our website at www.DCWWA.org *****

Sign up at www.dcwwa.org in the *Alerts & Advisories* section, under your specific Water System and by clicking on the *Dutchess Delivery* icon. Once you click the *Dutchess Delivery* icon it will prompt you to navigate away from the page, hit OK, enter your email address and complete email notification sign up. You may also call our office to let us know of your email address for our staff to add you to *Dutchess Delivery* if need be.
