### **FLUSHING NOTICE**

#### **VALLEY DALE WATER CUSTOMERS**

The Dutchess County Water and Wastewater Authority announced today that the water distribution system in the Valley Dale Service Area in the Town of Pleasant Valley will be flushed on **Thursday, May 6, 2021**. Customers can expect flushing of water mains to take place between the hours of 9:00 a.m. and 4:00 p.m.

Flushing of the distribution system is done periodically to improve conditions within the pipes. While the pipes are being flushed, customers should expect turbidity and discoloration of their water. Customers are also advised to not run the water for 2-3 hours after flushing and to avoid washing clothes on that day.

For more information on system flushing, customers can contact the Dutchess County Water and Wastewater Authority at 845-486-3601. Sign up for email notifications at [www.dcwwa.org](http://www.dcwwa.org) on the System Alerts and Advisories page.
