TOTAL TAX ---

**Note:** The above text represents a table extracted from a New York Township Tax Roll document. It lists parcel details including owners, addresses, property classes, and tax amounts. Each entry includes information such as the parcel number, current owners, address, parcel size, market value, and tax amount. The document is formatted for readability, with each parcel's details neatly organized into columns for easy reference.

**Note:** This table includes information such as the property location, assessment, exemption codes, and tax amounts for various parcels in the town of Beekman, Dutchess County, New York. The data is presented in a tabular format with columns for parcel number, location, assessment, exemption codes, and tax amounts. Each entry provides a detailed record of property tax information, including the property's value, tax rate, and total tax amount. The data is organized to facilitate easy reading and analysis of property tax records.

**Note:** The total tax amounts include all special district taxes. The full market value is calculated as the sum of the assessed value and any applicable exemptions or additions. The taxable value is the assessed value multiplied by the uniform percent of value. The table entries list the owner, the address, the tax description, the tax value, and the total tax due for each property.

**Note:** The tax amounts are calculated by applying the uniform percent of value (0.8960) to the assessed value for each parcel, then adding any special tax amounts for each district. The total tax amount for each parcel is the sum of the county, town, and special district taxes, plus any other applicable taxes such as the full market value tax. The due date for the tax bill is 02/28/22, and the due amount is as indicated in the table.

**Notes:**
- The above table includes information about property owners, addresses, tax assessments, and tax amounts for various parcels in the Beekman section of the town tax roll. Each entry lists the parcel number, owners' names, land description, assessment values, and tax details such as the total tax amount and the date and amount due.
- The tax roll indicates that the valuation date is July 01, 2020, and the taxable status date is March 01, 2021.
- The parcels are categorized as homestead or non-homestead, with details such as the school district, acres, and special district taxes included.
- The table also shows the date and amount due for the current tax payment, with a total amount of $1,727.26 for the first entry.

**Rough Calculation:**
- The total tax paid is calculated by summing the county tax, town tax, and special district taxes for each parcel.
- The table highlights the importance of understanding property tax assessments and exemptions for effective financial planning.

---

**Additional Notes:**
- The table includes detailed information on property parcels, including the parcel number, owner name, description, and tax implications.
- Understanding these details is crucial for property owners to manage their financial obligations effectively.
- The tax roll serves as a critical tool for property management and taxation compliance.

---

**Conclusion:**
- The table provides a comprehensive view of property tax assessments and liabilities for the Beekman section of the town.
- It underscores the necessity for regular review and management of property tax details to ensure timely and accurate payments.
- By keeping track of these details, property owners can avoid penalties and maintain good standing with local tax authorities.

**TABLE**: Tax Roll for the Town of Beekman, Dutchess County, New York for the valuation date of July 01, 2020. Each record includes the tax parcel number, owner's name, address, property class, market value, tax value, and tax amount due. Dates for the tax payment are also provided. The table is sorted by tax parcel number and includes a brief description of each property's characteristics. The tax roll is an essential document for property owners as it lists their individual property tax assessments, which are calculated based on the full market value of the property, the percentage of the full market value determined by the town or county, and any applicable exemptions or deductions. These assessments are used to calculate the total tax amount due, which is paid to support local government services including schools, libraries, and fire protection. The data is organized in a tabular format to facilitate easy reading and comparison. The table includes multiple properties, each with its unique set of details, providing a comprehensive view of the tax roll for the town. This detailed information is crucial for tax planning and ensures that property owners understand their financial obligations accurately.
